NUMBER 42.

RALEIGH.

Option On State Swamp Lands Renewed For One Year.

Negro Convention For Political Purposes. Smallpox at Winston Cotton Mills at Hickory. New Gold Mine. Teachers Institute.

RALEIGH, Aug. 17.—Laurinburg is the first place to start a campaign club. One will be organized there this week to be known as "The White Man's Constitutional Amendment Club."

The board of trustees of the State Library have reduced the price per volume of the Colonial and State Records from \$5 to \$3.

Raleigh for some time has had no baseball or athletic park, but now, out at the Agricultural and Mechanical College park, a squad of penitentiary convicts are grading and soon there will be here one of the most thoroughly up-to-date parks in the State.

Dr. Richard H. Lewis, secretary of the State board of health, has advised the Mayor of Winston to order compulsory vaccination, so as to prevent the spread of smallpox, which has appeared in that place. A case was reported here yesterday, but it was quickly contradicted.

It is said that part of the plans of the negro convention, to meet here in September 27-28, will be to see how best to prevent the carrying of the polls of the constitutional amendment, and in case it is carried to look to the emigration from the State of the negro.

The Seaboard branches are to be consolidated, says rumor, and rumor also says that some stockholders are not in favor of the plan, and may sue for an injunction to prevent a meeting of the stockholders, which is called for September 6th.

The ground upon which Oliver H. Dockery bases his claims for a seat in Congress against John D. Bellamy, is that he has spent a long life fighting the battles of his party with but little reward.

Capt. K. S. Finch, of Charlotte, renewed his option on all the swamp lands belonging to the State which was once granted to Finch and Falling. The option is for a year dating from February, 1900, and embraces 600,000 acres in eastern North Carolina, including all the swamp lands owned by the State board of education. The price is 50 cents per acre. The contract provides against the sale of less than 1,000 acres at one time. It is understood that purchasers are negotiating with a Northern syndicate for the sale of the entire lot.

Judge Adams appeared at Burlington for J. W. Massey, who alleges, in his suit against the town, that during the smallpox epidemic the authorities took his residence for a pest house, and now he can't sell or rent it.

At Asheboro more than 3,000 people attended the Confederate reunion at that place last Saturday. The principal address was delivered by Mr. F. C. Robbins of Lexington.

The Globe Furniture Company, of High Point, has put in new machinery and will enlarge its plant.

Mr. H. A. Moffit, of Asheboro is warning the public generally not to have anything to do with a check for \$1,400, which was sent to him some days ago but has not yet reached its destination.

The option held by Jordan, Sinclair and McDonald on the Benbow House property at Greensboro, expires in a week's time. It is supposed that they will pay the necessary \$35,000 for the property, but if they decide not to purchase, it is understood that there will be no difficulty in a sale at the figures mentioned. The Benbow paid from 30 to 50 per cent. on the investment, and travel here is increasing tremendously.

The big addition to the Cannon factory at Concord, is nearly completed. The walls are up and the woodwork is being pushed, the builders are rushing the work on the cotton seed oil mill and will have everything in readiness for the coming season.

Two cotton mills are to be built at Hickory, papers having been signed and stock all subscribed by outside capitalists, and a few of the leading business men, including A. A. Shuford, president First National Bank of Hickory; C. G. Galtner, president Burke County Bank. This mill is to be capitalized with \$50,000. One of the parties interested says that ground will be broken as soon as a location can be agreed upon.

The second mill is being organized by Mr. E. L. Shuford, who will either locate in town or near South Fork river, two or three miles south of the city.

A valuable gold and copper mine has been discovered, and is now being developed on the lands of Solomon Morgan, in Morgan's township, Rowan county. The ore is very rich.

The interest in the teachers' institute at Salisbury is growing daily and the attendance is keeping pace with the interest. About 55 teachers have already been enrolled and many others will have their names added to the list. Yesterday was one of the most interesting days of the week.

HUMORS, boils, pimples and all eruptions are due to impure blood, and by purifying the blood with Hood's Sarsaparilla they are CURED.

THE STATE CAPITAL.

Dean for Law School. Locked up Dispensary. Cattle Quarantine.

RALEIGH, August 16.—It was noted a few days ago that an officer of the Third Regiment had been arrested in Mt. Airy. A letter from there states that not only the captain of the company, but several of the men, are under arrest, and Acting Mayor Patterson telegraphed that he holds the company's equipments and wants to know what to do with them. The Adjutant General has telegraphed to find out what the trouble is.

The board of trustees of the State University is called to meet here on the 19th to elect a dean of the law school to succeed Judge Shepherd, who has resigned. Judge James C. Macrae, of Raleigh, is prominently mentioned in connection with the place.

Both the State Library and the library of the Agricultural and Mechanical College will be catalogued by the card system, so that it will be easier for visitors to get at the books.

A special from Greensboro says the clerk and negro waiter resigned their positions and locked the doors of the dispensary. They do not like the new manager, Mr. J. C. Bennett, who represented Guilford in the last General Assembly.

Dr. Cooper Cartier, the State veterinarian, after studying cattle fever, will recommend to the Federal and State authorities for better control and suppression of the fever, a strict quarantine and better defined quarantine lines and the prohibiting of driving of cattle from infected free range counties to uninfected stock law counties.

The trustees of the State Library have sold recently \$99 worth of Colonial Records.

Raleigh's new gas company will issue \$50,000 in bonds and use the proceeds in equipping the big new plant.

Governor Russell has decided to accept the fact that the corporation commission had employed good counsel in the railroad injunction cases, so he ratifies the appointments of Judge Connor, of Wilson, and Messrs. Simmons, Fox and Ward, and adds to the list Messrs. J. C. L. Harris and Chas. A. Cook. The State pays lawyers' fees.

ALL AGAINST GOEBEL.

Kentucky's Bolting Democrats Will Meet To Name Fall State Ticket.

LEXINGTON, Ky., Aug. 15.—Everything is in readiness for the anti-Goebel Democratic State Convention, which is to be called to order tomorrow afternoon in the Chautauque Auditorium for the purpose of nominating a full Democratic State ticket in opposition to the Democratic State ticket nominated at Louisville in June.

A telegram from Major P. P. Johnson who was until June chairman of the Democratic State Central Committee, says he will be present to call the convention to order if his health permits.

Delegates began arriving today, and this afternoon Captain James B. Clay, who has charge of the work of organizing the new movement, called about 40 of them together in conference. After a two hours exchange of views in private they adjourned, and the statement was given out by Captain Clay that the conference had agreed on placing a full ticket in the field.

It has been suggested by many anti-Goebel Democrats that only candidates for Governor and Lieutenant-Governor, be named, as Goebel and his candidates for Lieutenant-Governor, W. H. Beckham were the only ones whom the opposition cared to defeat. But in the conference this afternoon it was agreed that "the entire Goebel ticket is permeated with Goebellism" and that the men composing it should go down in defeat.

Colonel Turner, of Montgomery county, offered a suggestion that may be adopted. He said in the conference that after the convention nominated its ticket the intended to make a motion to withdraw the entire ticket if Goebel and his fellow candidates would withdraw, and then hold a third State convention to nominate a new ticket, so that all Democrats might join in supporting it, and the Republican ticket be defeated. He admits he does not believe Goebel or any of his candidates will accept the challenge.

Although the conference lasted long there was no mention of a possible state and the convention will enter upon its work with less log-rolling than any previous convention held in this State. No man seems to want a nomination, the only desire seeming to be to defeat Goebel.

It was expected that ex-Governor John Young Brown, who is to be the nominee of tomorrow's convention for Governor, would be here and take part in the conference this afternoon, but he sent this telegram to Captain Clay: "Impossible for me to attend conference this afternoon. There must be a full ticket."

It was stated here tonight that the fainting of Goebel at Mayfield Saturday is part of a plan whereby Goebel is making ready to withdraw from the race on the plea that he is not physically able to make the brushing campaign necessary to win. This statement is questioned, however.

GOOD PRICE FOR BONDS.

To Be Issued by State For Purchase Penitentiary Farms.

RALEIGH, Aug. 16.—Treasurer Worth opened the bids today, for the \$50,000. North Carolina ten year 4 per cent. coupon bonds, to be used for the purchase of penitentiary farms.

The Wachovia, Loan and Trust Company, of Winston, N. C., was the highest bidder, at \$1,087.50, which would make the bonds realize \$65,250.

This same company was the purchaser of the \$110,000, issue of penitentiary bonds.

Two Thousand Dead.
WASHINGTON, August 16.—The appalling conditions existing in Porto Rico were made more fully known to the War Department today by General Davis in a dispatch which says the death outright in the island will reach 2,000, while many are dying daily from injuries and privations.

DEATH AT SEA.

A Schooner Goes Ashore Near Hatteras And Five Men Are Drowned.

NORFOLK, Va., 16.—The schooner Aaron Reppard went ashore today near Gull Shoals Life Saving Station and is a total wreck. Of the crew of eight men but three were saved.

An awful gale has been blowing off this coast for the past thirty-six hours and fears have been entertained for the safety of vessels at sea, especially in the vicinity of dangerous Cape Hatteras. At 2 o'clock today not unexpected news of a calamity reached Norfolk and the Weather Bureau reported that an unknown three-masted schooner was in distress south of Gull Shoal Station, which is about twenty miles north of Cape Hatteras.

The wind has blown a gale all the afternoon and communication with coast points has been uncertain, the telegraph lines to the coast and the telephone lines along the shore which connect the life saving stations working indifferently at times and at other times not at all. Tonight, however, a message confirmed the news received earlier in the day and conveyed the further information that the schooner was the Aaron Reppard, that she had gone to pieces and that only three of her crew of eight men were saved, the other five having in spite of heroic efforts upon the part of the life savers gone to their graves beneath the sea.

The Reppard, a schooner of 404 tons net registered, is reported to be found from Philadelphia, her home port, for Savannah. She was 149 feet long and 31 feet beam.

Change in Hardware Firm.

George Slover has sold out his hardware business, and Gaskill & Mitchell are the purchasers of stock, fixtures and good will.

Dr. Slover is well known in this city and section and has been in the hardware business for a number of years. Gaskill and Mitchell are the Broad street grocerymen, who have recently started in business. They will continue their Broad street grocery house, also run the hardware business which they have purchased at its present stand on Middle street. A ship chandlery stock will be added to the hardware stock.

Will Nominate Bryan.

In an interview, published in the Jacksonville, N. C. New River Herald, Cyrus Thompson, Secretary of State and chairman of the Populist State Executive committee, the following conversation occurred:

"Will your party nominate Bryan if he is renominated by the Democrats?"
"Yes, the Populists will nominate him whether the Democrats do or not."
"Is there any truth in the report that you and Senator Butler intend to reorganize the Populist party after the vote on the Constitutional Amendment?"
"Oh, we are going to do business next year. In fact we are not out of business yet. Yes, we will do some business next year."

AGAINST THE WAREHOUSE TRUST.

Let Every Warehouse Belonging To The Trust Be Handled As A Trust Warehouse.

The following letter published in the Southern Tobacco Journal, explains the situation here and the feeling on the matter of the Danville Warehouse Trust.
NEW BERN, N. C., Aug. 1, 1899.
Editor Southern Tobacco Journal:

The stand taken by the Southern Tobacco Journal on the Warehouse Trust question is timely and commendable in the extreme. It calls for the hearty approval and gratitude of all, both planters and warehousemen, whose interests were so seriously hazarded by the recent attempt to combine all the tobacco warehouses in the State under the management. Were this done the farmer would be completely at the mercy of the Trust in what he has to sell as he is in what he has to buy.

A great many of the leading warehouses, we are sorry to learn, were ready and apparently eager to enter the combine. Eager we say, for with no money in sight they readily gave the trust an option for thirty days. Should the trust fall in its attempt to gobble up the entire warehouse business and control of prices, will not be the fault of these warehouses for they have testified a willingness to join issues with this disloyal, perverted and prosopitry which is appalling. There are some warehouses which refused to listen to the siren voice, and preferred to battle on in the interest of the farmer even though the bait thrown out by this particular trust was tempting. All honor to these men! They should be pointed out and known to the farmer, and if he is opposed to trusts, as he pretends to be the effort to swallow up his interest in such manner will be thwarted.

This is the only thing left for him to do. Should he patronize the trust warehouses, or show no difference in his choice of where he sells, he will simply strengthen the hold of that organization, and by aiding it, cause those warehouses which are independent, either to enter the combine or close doors. This is undoubtedly the object this trust has in view, viz. to drive all independent houses to join with it, or freeze them out. Which will the farmer choose? He has it in his power to check the Trust's progress. Let independent warehouses be known by the farmer and he will do the rest.

Not least among the disreputable acts of these trust warehouses is the effort to make the farmer believe that all other warehouses in their territory are "in the trust," to offset, of course, the tide of indignation and ostracism which is sure to follow against them. The Planter's Tobacco Warehouse of New Bern, has been made the object of such misrepresentation. Your Journal can do good service for us along this line by publishing the names of all independent warehouses. The fight you are making should enlist the services of all who are opposed to trusts, and by concerted action at this time there is no doubt of victory.

Success to your effort. We are proud proud of the patriotism displayed so boldly and fearlessly. We feel that in the Southern Tobacco Journal we have a champion worthy of all confidence, and pray you to continue the fight so nobly begun. N. H. STREET, Owner and Prop. Planter's Tobacco Warehouse.

Notice, FORECLOSURE SALE.

In accordance with the terms, duties and powers of a certain deed of trust, made by M. H. Sultan, M. E. Sultan, H. Danneberg, and E. Danneberg to the undersigned and the Imperial Gunpowder Company, recorded in the office of the Register of Deeds of Pamlico county in book 21, pages 446, etc. The debts therein referred to not having been paid and being in default.

I will sell to the highest bidder for cash at the court house door in New Bern, at public auction, at 12 o'clock m., Monday, August 28th, 1899, the lands conveyed in said deed. Lying in Pamlico county, on the north side of Neuse river and east side of Mill creek, it being the eastern part of the lands purchased by Ella Askins and Wm. Salter from John O. Gardner and wife by deed bearing date Dec. 10, 1875, and recorded in book No 2, folios 371, 372, 373 and 374 of Pamlico county, known as the Lemna's land formerly called the Roseville Farm and now known as the Arlington Farm, containing 200 acres more or less.

Subject to a certain mortgage deed executed to James Redmond dated October 23d, 1892, for \$1,000 and interest thereon as may be due. W. D. McIVER, Trustee.
