Dr. Richard II Lewis, secretary of the | particularly healthy condition. state board of health, says there are now cases of smallpox in Halifax, Person, Kowan and Chatham. At Scotland Neck there are four. He expects an outbreak of the disease this fall much more severe than the one last spring. He is informed that there are a thousand infected points in southside and southeasters Virginia and northeastern North Caro lina. The fact is that Virginia took nprecautions against the disease and some of the counties in northeastern North Carolina were equally short signted. In this State as a whole the disease habeen remarkably well managed.

Dr. Lewis spoke of the vital sprestim of pure water supply, and said some water companies show no disposition to look after the purity of the water they turnish. He added that when people tiscover such a lack of interest a movecent for municipal ownership is the inevitable and proper result.
