Naval Reserve Uniforms.

On account of the Naval Reserve uniforms, H. E. Russell was elected.

The Last Royal Governor.

Our contemporary, the Boston Herald, publishes a pleasant notice of New Bern, and of our annual Fair, for which we are grateful, and we hope he will also give us the acceptance of the invitation to attend the Fair in April next. Our last statements, however, will allow us, in the interest of history to correct. It is mentioned that from 1783 to the last of the colonial period, this is an error. Tryon was transferred to the Province of New York in 1771, shortly after the Battle of Alamogordo, and was succeeded in North Carolina by Josiah Martin, who remained in the Province until the spring of 1775, when he was driven by the patriots of the day to the safety of the British ships on the coast of Cape Fear River.

Meeting harmonious.

Spring Millinery at Duffy's.

We wish to state to all who are interested in millinery that while we are making an effort to close out our dry goods, which we are doing slowly but surely, we have no such intention in regard to our millinery department. We are here to stay and for business. Our stock which is large and complete is daily arriving and will be ready for the trade in a few days. The date of our opening will be announced later.

ALL AT SEA.

Republicans Have No Candidates. Populists Will Not Be Led Against Amendment.

Raleigh, N. C., March 20.—A Republican of prominence from the Eastern part of the State said today, that he violently opposed his party's having any organization in the East for the August election and assigned as a reason that to organize would only make the whites more determined to carry the election. This was a delicate way of expressing his belief that the Democrats would certainly win.

The fact is that the Republicans so far have no plans and no candidates. It is their custom to select their men before hand, make up a slate in fact, but this year they are at sea and officers appear to go begging. They know Democratic nominations are equivalent to elections. Not a Republican can be found who has any idea who will be his party's candidate for Governor. Out of dozens asked, not one has answered with any degree of positiveness. Some say in a vague way, Richmond Pearson, while others say that he doesn't want the nomination, but does want to go to congress from the 9th district.

Complete as was Chairman Holton's downfall and collapse two years ago, the populists are saying he will be re-elected Chairman.

Bookings are in progress in many counties and widely scattered. The amendment is the sole topic. The plan to make all else subordinate to it is being carried out by the Democrats. The Republicans are putting some speakers in the field, but they do most of their work by bush-whacking, taking single voters or very small groups. It will be a costly campaign for them, but of course their national committee will help them as it did in 1896, when it gave \$500,000 North Carolina. In a few cases populists are speaking, but a very few. Senator Butler is practically the only Republican to make any sign, tarring the Republican members of the State committee who met here in January and fulminated against the amendment.

A populist who in 1896 was of State prominence says Senator Butler is doing well with the Republicans as if he could command or control 600,000 populists. He says he does not control 10,000, and that the populists will vote against the amendment would do so anyway, Butler or no Butler.

Some of the populists who in 1896 and 1897 were prominent in politics, will this year see State Auditor Ayer, ex-Governor, and the populists who are trying to force their people against the amendment have discovered that they cannot carry out their plans. Enough hints have been dropped to show them what the convention will do, that is, to reject the amendment to the individual view of the populists.

AN ADVENTURE.

Three smart young men and three nice girls— All lovers true as steel— Decided, in a friendly way, To spend the day a-heel. They started in the early morn, And nothing seemed amiss; And when they reached the leafy lanes They were in like a race. They wandered by the verdant dale, Beside the rippling rill; The sun shone brightly all the while; They heard the song bird's trill. They sped through many a woodland glade, The world was full of bliss— And when they rested in the shade They sat in woe like this! The sun went down and evening came, A lot too soon, they said; Too long they tarried on the way, The clouds grew black o'erhead. Down dashed the rain! They homeward flew. Till one unlucky miss Slipped sideways—Crash! Great Scot! The lot Were realigned aplike this! California Curio.

TWO SENATORS' TESTIMONY.

Tell What They Know of Catarrh and Pe-ru-na.

Hon. Porter Johnson, who has served four years as State Senator from the Fourth District in the city of Chicago, Ill., and who also is the first Democratic Senator ever elected from that district, writes: "I can heartily recommend Pe-ru-na as a catarrh cure. It cures when all other remedies fail. I applied to several doctors, but they were not able to cure me. I tried many remedies without avail."

"My catarrh was located chiefly in the head. I was afflicted with catarrh for seven years."

"Pe-ru-na cures catarrh wherever located. Who is it that says Pe-ru-na will cure catarrh wherever located? Doctors say it, lawyers say it, preachers say it, a vast army of men and women say it, who have tried it. The old and the young say it. They say it in the east, in the west, they say it in the north and the south."

Hon. EDWARD DWYER, [Senator 17th District, Chicago, Ill.]

Hon. Edward Dwyer, State Senator, Seventeenth Senatorial District, Chicago, Ill., writes: "Pe-ru-na cures when all other remedies fail. I can heartily recommend Pe-ru-na as a catarrh remedy. It has been two years since I was cured, and I consider my cure permanent. I took the remedy for two months and am now entirely cured. I applied to several doctors, but they were not able to cure me. I tried many remedies without avail."
