Royal BAKING POWDER

-Absolutely Pure-

For the third of a century the standard for strength and purity. It makes the hot bread, hot biscuit, cake and other pastry light, sweet and excellent in every quality. No other baking powder is "just as good as Royal," either in strength, purity or wholesomeness.

Many low priced imitation baking powders are upon the market. These are made with alum and tartar and should be taken with caution. A person should be taken in the back.

RUSSIA WITHDRAWS.

The General Commanding Her Forces Ordered to Leave Peking.

France Wants To Be In Accord With This Country. Li's Credentials Germany Is Uncertain Regarding Russia.

WASHINGTON, September 3.—Russia announces to the other Powers that as the principal task of the Chinese expedition has been attained, the General Commanding the Russian forces has been ordered to escort the Russian legation from Peking to Tien Tsin.

Russia is opposed to war, owing to her comparative unpreparedness and the low ebb her finances have reached. Her great trans-Siberian road is not completed and renders it impracticable to transport an army sufficient to deal with emergencies which might arise, especially if both Great Britain and Japan should fight. While Russia unquestionably has designs on Chinese territory her present assurances of having no intention of land acquisition are accepted in good faith and so treated by the United States.

The French press says that it is of the utmost importance that the United States and France should pursue an identical course of Chinese policy. Italy favors the withdrawal of the Powers from China.

The text of the French Government's answer to Li Hung Chang's peace proposals proves to be almost identical in language with the reply of the American Government which laid down as a preliminary to peace overtures that security in the Chinese capital and responsible Government authority be established.

Li Hung Chang's credentials were issued by the Empress Dowager and not by the Emperor Kwang Tau. This may have an important bearing on the subject. It involves the issues between the Empress Dowager, who is anti-foreign, and the Emperor, who is pro-foreign. The Russian sympathies entertained by the Empress Dowager is against the British sympathies held by the Emperor.

Berlin, August 31.—The German Government has received a note from Russia proposing the evacuation of Peking.

It is stated here that this note is based on the untenable nature of the military situation and that it is only a temporary evacuation of Peking which is proposed, based entirely on military grounds.

Germany has not yet answered this note, nor, as far as is here known, has any other power. Doubts are felt that Japan will withdraw her troops from Peking if the Japanese remained in this city. This would cause the collapse of the whole plan.

The Emperor and Empress Dowager of China are at T'ai Horeg in the province of Shantung.

Business Men Refuse.
New York, September 2.—Despite the urgent appeals made by Senator Hanna to the business interests of the large cities of the East for money with which to meet the expenses of the Republican national campaign, the total of the contributions up to yesterday amounted to only 83 per cent of the total that had been received on September 1 four years ago.

A complete line of gold and gold filled watches sold at J. O. Baxter's for cash and on instalments to responsible parties.

RALEIGH.

Negroes Said to Be Indifferent. Delegates Go to Hillsboro, Oxford Orphan Asylum.

RALEIGH, September 3.—The secretary of the Populist State Executive Committee says he is confident that there will be a great exodus of negro voters from this State. He says further that the negroes appear to care little or nothing about voting here; that they appear to have soured upon the Republicans in this State, but that they would like to vote for McKinley. He says he thinks if the full vote were polled and counted McKinley would carry the State.

The State charter the Realty Loan and Guaranty Co., of Charlotte, with an authorized capital of \$100,000.

This morning the delegates to the convention of the State's Commissioners of Agriculture were taken out to the Agricultural and Mechanical College and its farm and other points of interest. This afternoon ten of the delegates left for Asheville, in order to spend Monday at Billmore farm. Those who went are Stevens and Daniel of Georgia, Redhead and Robinson of Mississippi, Lee, of Louisiana, Magwood, of Virginia, Cary and Drigger, of Alabama, Hill, of Arkansas, Patterson, Capehart and McCollum of North Carolina.

The members of the State Press Association returning from the annual meeting at Asheville, say it was a pleasant one, though the attendance is small. It is said that three-fourths of the editors in the State are members of the Association.

The term of the Oxford Orphan Asylum began today. Superintendent W. J. Hicks says 220 pupils are present, all who can be conveniently accommodated.

Many Prisoners Released.

Special to Journal.
LONDON, Sept. 3.—General French has liberated two thousand British prisoners in the Transvaal. They were the prisoners removed from Pretoria when the Boers left the capital. They were poorly clothed and many in a half-starved condition.

Many Want to Enlist.

WASHINGTON, Sept. 2.—There is an unprecedented number of enlistments for the army at the recruiting stations, which is due to the desire for service in China and the Philippines, most of the recruits specifying service abroad when they enlist.

The character of the recruits is high. The general recruiting secured during July was 2,700 men for the army. Of these 2,150 enlistments were made in the cities and 550 at military posts and the field. The total number of applicants rejected, 9,025, added to the total number of enlistments, 2,700, shows that 11,725 persons sought service with the regular army July.

Sentence of Ninety-Nine Years.

Chicago, Sept. 3.—A special from San Francisco says "Mastian Henry Vance, formerly of Company E, Thirty-seventh Regiment, United States Volunteers, was brought from the Philippines on the transport Thomas, under sentence of ninety-nine years' imprisonment at Alcatraz.

This man, it was proved, not only deserted the ranks of the American army, but took up arms against his comrades, and while serving as Major with the Philippines attacked wagon trains and escort parties.

Vance was captured, court-martialed, and sentenced to be shot, but owing to the clemency of President McKinley, his punishment was commuted to ninety-nine years' imprisonment.

RALEIGH, September 3.—The method of forming clubs in the counties of North Carolina was issued.

"On account of the election recently held in this State, as well as the shortness of the time, the undersigned do not deem it advisable to undertake the organization of clubs in the State before the middle of September, and, after conference, recommend Friday, 14th day of September next night as the time for the organization of clubs in the towns and cities, and Saturday, the 16th day of September, as the day for their organization in the country precincts, and request that on those dates meetings be held in the several precincts of the State for the purpose of organizing clubs in accordance with the suggestion contained in the call above set out.

It is recommended that wherever these clubs now exist, that they meet on the one or the other of the days above mentioned, and that they be organized for the present National campaign into Bryan and Stevenson clubs, under the same general plan of organization under which they have heretofore operated. In addition to the precinct clubs heretofore mentioned, it is recommended that there be organized in every county a county club to be composed exclusively of the chairman of the several precinct clubs, and that the chairman of the County Executive Committee shall be ex-officio chairman of the county club.

For the purpose of appointing delegates at large to the convention of the National Association of clubs to be held at Indianapolis, Ind., on October 30th, for the purpose of holding a great mass meeting in the State's capital, to ratify the nomination of Bryan and Stevenson, and for the transaction of other business connected with club work in the State, a State convention of the Democratic clubs is hereby called to convene in the city of Raleigh, on Wednesday, the 25th of September, and each precinct club is hereby requested, at its first meeting, to select delegates to this convention and elect one delegate for every ten members to the National Convention. Dreadful Railroad Wreck.
PHILADELPHIA, Sept. 2.—Thirty persons were killed and 50 injured on the Philadelphia and Reading Railroad this morning in a rear end collision between a southbound Atlantic City excursion train and a milk train.

The disaster occurred a few minutes before 7 o'clock at Hatfield, Pa., a small station in Montgomery county, on the Reading Railroad, 27 miles north-west of this city. A dense fog prevailed at the time, the milk train was late and this system of the Reading is operated without block signals. The accident is attributed to these facts.

The Atlantic City excursion train, composed of four milk cars and a passenger coach, standing in front of the little station at Hatfield.

The momentum of the excursion train was so great that the train ahead of it was driven almost 200 feet. The locomotive of the excursion train was thrown across the north and south bound tracks, about 200 feet from the railroad station, where it fell on its side. The first three cars it was drawing were torn from their trucks and the ends crushed like eggshells, carrying death and suffering to the passengers. The fourth and fifth coaches were partly derailed and the remaining five remained intact.
