## DEMOCRATIC OR REPUBLICAN EXPANSION. WHICH?

In discussing the issue of imperialism in the present National campaign, it is well for every Democrat to distinguish between imperialism and expansion, and not to be led into denouncing expansion as un-democratic, when imperialism is meant.

The record of the Democratic party, nationally, is that of a party favoring expansion.

Under the influence of Democratic agencies this expansion began in 1803, when the territory west of the Mississippi river was acquired. Then territory in the far Northwest, followed by Florida in 1814-1819, Texas in 1836-1845, and California in 1848.

And no doubt today a very considerable part of the Democratic party favors expansion, as did the party in the early history of this country, when expansion was necessary in order that the material interests of the people of this country should not be injured, or if by expanding American commerce and civilization could be promoted and advanced.

The contention is made in the present campaign by the Democratic party, that Republican party expansion, so called, is not true expansion, but is leading to a form of imperialistic government in this country.

The protection of American interest is not necessarily the exclusive privilege of any one political party, hence if American lives and property shall at any time be endangered, even though they be outside of this country, their safety and preservation demands the support of every American citizen.

With the present trend of this country towards the East, where trade invites our manufactures, the American idea of government ought to take form in the territory under the American flag.

But at this point comes the Democratic contention against expansion, as professed by the Republican party, that principles do not go along with the territorial acquisition.

And it is through Republican association with these new countries that most archaic principles are imbibed, which are brought to this land, and in America are sown the first seeds of monarchy, which shall lead to the overthrow of the Republic and all the principles of Democracy, with a gradual change in our form of government, as one away from the people, into the hands of a few.

This is the question for the people to decide which they shall have, the Democratic or Republican kind of expansion.

## INDIVIDUAL SENATORIAL PREFERENCES.

It may seem absurd, yet it is true, that the idea of an individual Senatorial preference, to many persons, provokes unwarranted heat and discussion.

The fact that the present contest is among friends, among men of one political party, is being lost sight of by some Democrats.

The candidates in the race are Democrats who have individually and collectively worked for, and accomplished success for the Democratic party in this State.

To cast any adverse reflection upon the political character of any one of the four gentlemen who are Senatorial candidates, shows ignorance and bad party

## FAITH ON THE PART OF THE SO-CALLED DEMOCRAT WHO DOES IT.

In what political campaign ever fought in North Carolina can it be said that a single one of these candidates shirked his duty. In truth it can be said that all four are pre-eminent in their leadership, each in his own way.

That it is in this Senatorial primary that each candidate has his individual followers and personal friends.

That these followers or friends should in any city, county or section profess their preference for one of the four candidates, why should any one having a good preference feel it necessary to go and make a speech, why this preference should be expressed, and how the person professing an individual preference should

express it.

## CARR IN THE EAST.

Greensboro Record Has Some Talk on the Matter.

Col. John N. Staples has returned from Wilmington where he has been attending court.

A reporter of the Record met him today and asked him what was the news from the senatorial fight. The Colonel remarked: "I am in a hurry but I will stop long enough to say that if Mr. Simmons' friends suppose that he has the east in a sling they are greatly mistaken."

I conversed with a number of gentlemen in Wilmington on the outlook, and in every instance where preference was expressed for Colonel Waddell, the home candidate, General Carr was second choice in the event of an election in the first primary, whilst a number of gentlemen in Wilmington stated they were first and all the time for Carr. Mr. Simmons likewise has friends in Wilmington who will support him, but of course Colonel Waddell is the favorite. My train was delayed in Fayetteville forty minutes, and I took occasion to go up town and look around. The first gentleman I met was Col. Starr, who commanded the 13th Battalion of Artillery to which I belonged. The next was my friend Col. Whitson Green, for whom I made several speeches in his district where he was a candidate for congress. The Colonel told me he had just mailed a letter to a leading paper in the State, advocating the election of General Carr to the Senate. I was informed by a number of gentlemen that General Carr had a strong following in Cumberland. A very strong friend of Mr. Simmons suggested that it would be of great advantage to the State to have a lawyer of his ability in the Senate to defend the suffrage constitutional amendment. It was not seen, however, how he could effectively do this, since the Supreme Court of the United States would have jurisdiction of this question instead of the Senate.

The Senatorial question is the all-absorbing one on the trains you hear very little of Bryan and McKinley—every body is talking Senator. From the general trend of what I heard my opinion is that General Carr will run strong in the east, notwithstanding the other three candidates are eastern men.

A Prominent Merchant Writes.

Dr. H. Mozley, Atlanta—Having been a great sufferer for three years from indigestion, and been treated by many physicians, who failed to give me any relief. Continuing to grow worse my brother advised me to try Dr. Mozley's Lemon Elixir, which remedy he had used for several years. I commenced its use, and must say that your Lemon Elixir is the greatest medicine on earth. I have never suffered a day since I commenced using Lemon Elixir.

This is to certify that I used Dr. Mozley's Lemon Elixir for neuralgia of the head and eyes, with the most marked benefit to my general health. I would gladly have paid \$500 for the relief it has given me at a cost of two or three dollars.

Quick Collection.

My! What a splendid library your husband has, Mrs. Washington. It must have taken him years and years to get all those books together.

Oh, no. We moved into a house two years ago that had book shelves built all around one room, and he does it in about three weeks.

QUESTION ANSWERED.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers' and grandmothers' never thought of using anything else for indigestion or biliousness. Doctors were scarce, and they seldom heard of Appendicitis. Nervous Prostration or Heart Failure, etc. They used August Flower to clean out the system and stop fermentation of digested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing so serious the matter with you. For sale by F. S. Duff.

## MILL STRIKE.

Contest in Alamance County As To Control Of Mills.

Holt Mills Noted For Good Treatment. (By Thompson On Election. Question Of Shipping Sweet Potatoes, Mebane Injured.

Special to Journal.

RALEIGH, Oct. 5.—There is a square fight between the cotton mill owners and the labor unions in Alamance county. The operatives in the three Holt mills at Haw River struck. Those in one mill asked for the discharge of the superintendent, and struck because the demand was not complied with. Those in the two other mills struck for sympathy.

The Holts are the pioneer family in cotton milling in North Carolina, and have always been models of kindness to employees. Last year the New England labor unions, wishing to organize labor in the Southern cotton mills, sent agitators here to organize unions, and this is what causes the trouble. The mill men are determined. They know the whole story. All the mills in Alamance, and there are 25 of them, save four, post notices that they will not employ any person who is a member of a labor union. This makes a square test. A mill owner says the mills have made no money since August 1st, and ought to have shut down then, but they were kept in operation in order to give work to the employees, of which, in Alamance alone, there are 7,000. The labor agitators have made the claim that they have organized unions in practically all the mills in the State. Last summer one of the Holts at Burlington had trouble with the Union and came out a winner, then there was trouble at Greensboro and at Durham. At the latter place the mill owner out of pure kindness of heart fed the strikers' families.

A monument is being placed over the grave of Secretary of State Octavius Coke, in Oakwood cemetery here. It is of blue pearl granite from Davie county, and bears this simple inscription: "Octavius Coke, born in Williamsburg, Va., Oct. 14, 1840. Died August 30, 1895, in Raleigh."

Carr buttons have made their appearance. They are white and red, with these words in blue letters: "For Senator, Julian S. Carr."

John Sprunt Hill, a native of Duplin county, this State, is the nominee for Congress from the 12th New York district.

Since the bankruptcy law went into effect only 67 cases have been filed here. This is not one-fourth of the number expected.

Cyrus Thompson, Secretary of State and the head of the Middle of the Road Populists in North Carolina, said today in speaking of the campaign in this State: "Politics is blander than I ever saw it, so that I am afraid the Middle of the Roaders cannot carry the State." The fact is that the Middle of the Road outfit is like Palstaff's army. Most of the Populists will vote for McKinley. Even the secretary of the State committee, R. B. Davis, is an avowed McKinley man.

A letter received today from State Superintendent of Public Instruction, Mebane at Newton, says he was thrown out of a wagon there and fell backwards upon his shoulders. He is painfully hurt and is confined to his bed.

An expert from the U. S. Agricultural department is here, looking into the matter of sweet potato shipments abroad, mainly to London, for the present. He says most of the American colony there prefer the dry and mealy sweet potato, such as is raised in New Jersey, a potato which a North Carolinian would not eat, but he hopes to develop a taste for the potato grown here, which is the real thing. The officials of the State Agricultural department say the freight is high, \$2 a barrel to London while the potatoes sell there at 8 to 10 cents a pound, there is no telling how long such a price would hold out. The expert who is here says one of the problems is the preservation of the potatoes. He thinks kiln-drying a solution of the difficulty.

Weather Conditions.

WASHINGTON, October 5. For North Carolina: Occasional rains Saturday. Light to fresh east to northwest winds.

Weather Conditions. The moderate depression of the barometer in the Gulf yesterday continues central south of the coast line and as yet has developed no energy. It has caused generally cloudy weather and showers in the East Gulf and South Atlantic States.

A low barometer area covers the northwest moving eastward.

Maximum temperatures of from 96 to 90 and 92 occurred yesterday over the Interior valleys and Western States.

Gift to Trinity.

Duke Gives \$100,000 For Endowment. His Many Benefactions.

Special to Journal.

DURHAM, N. C. October 5.—It was announced by President Kligo, at a mass meeting this evening that Washington Duke of Durham, had given another hundred thousand dollars, to the Endowment of Trinity College at Durham.

Mr. Duke's gifts to Trinity within this decade now aggregate half a million dollars and the gifts of the Duke family during this time amount to over six hundred thousand not including the gift by S. B. Duke, of New York, for a library building to be erected this present year.

Washington Duke has made larger gifts to southern education than any other native southerner in the southern States.

Dr. W. H. Lewis, Lawrenceville, Va., writes: "I am using Kodol Dyspepsia Cure in my practice among severe cases of indigestion and find it an admirable remedy." Many hundreds of physicians depend upon the use of Kodol Dyspepsia Cure in stomach troubles. It digests what you eat, and allows you to eat all the good food you need, providing you do not overload your stomach. Gives instant relief and a permanent cure. F. S. Duff.

## BRYAN '32.

Estimate by Vice-Chairman Johnson. McKinley Certain Of Only 88.

CHICAGO, Oct. 3.—For the first time this campaign the Democrats have broken the rule they had established and have given out an estimate upon the election by States. Vice Chairman G. Johnson of the Democratic National Executive Committee reached Chicago this morning, and gave out table showing how Bryan will get 826 electoral votes, McKinley only 88, and the doubtful list will number 33. This estimate was provoked by the list given out by National Committee Manley of Making the head of the Republican campaign in the Eastern States, in which 290 votes were predicted for McKinley, 112 for Bryan, and 69 doubtful.

"The figures which I give you," explained Vice Chairman Johnson, "are based not only upon the most reliable information which our committee has from every State in the Union, but also upon this further remarkable fact: Every body knows that it was the 'old Democratic vote of this country which elected McKinley four years ago. It is equally well known now that at least 90 per cent. of this vote will go for Bryan this Fall."

"The German vote was almost unanimously against Bryan in 1896, with this year we have trustworthy information that leads us to believe that fully 80 per cent. of the German vote in the pivotal States will be cast for Bryan. This statement is true not alone of the Germans but of other distinctly foreign classes of voters. The great body of the organized labor vote which was induced to support McKinley four years ago will be nearly sold for the Democratic ticket next month."

Germany Makes a Proposition.

Special to Journal.

WASHINGTON, Oct. 5.—Southern China is becoming greatly excited. A great rebellion is thought to be threatened. The Chinese authorities appear unable to maintain order.

There are anti-Christian riots and several missions have been destroyed.

Germany issues a second note to the Powers proposing an investigation by the allies of the official lists of the Chinese to be punished, to see if it is correct and complete and if the punishment awarded fits the crime, also the means by which the allies can treat the imposition of penalties. Secretary Hay replies favorably to this proposition.

Notice As To Elections.

Rules Applying to Registers in the November Election.

Special to Journal.

REXINGTON, October 5.—Secretary Pennington of the Democratic State Committee announced tonight for the benefit of election officers throughout the State that registration for the November election will commence in the morning of October 22, and close at sunset, October 27th.

On the closing day the register must attend at the polling place with his registration books so that persons may register there if they desire to do so. On other days he may register personally. The same poll holders and registrars who held the
