True Economy

The difference of cost between a good and a poor baking powder would not amount for a family's supply to one dollar a year. The poor powder would cost many times this in doctors' bills.

Royal Baking Powder may cost a little more per can, but it insures perfect, wholesome food. In fact, it is more economical in the end, because it goes further in leavening and never spoils the food.

Royal Baking Powder used always in making the biscuit and cake saves both health and money.

You cannot, if you value good health, afford to use cheap, low-grade, alum baking powders. They are apt to spoil the food; they do endanger the health. All physicians will tell you that alum in food is poisonous.

RALEIGH.

Plan To Arouse Political Interest. Married Yesterday. Colton Crop Better. State Reformatory.

Special to Journal. RALEIGH, N. C., Oct. 17.—J. B. Young, chairman of the Democratic Committee of this, the Fourth Congressional District, has arranged for a "rally week" to consist of the last three days of this month and the first three days of November. During this period, in every county in the District, he will have every speaker, both local and other, at work and will make things lively. He says this is the only way he can see to arouse interest in the campaign. There is no trouble in the District; everything is all right, but there is no interest. That is the story in every other District in the State also.

The State chatters the Tryon Hospital Company of Lynn, Polk county, capital \$30,000, L. N. Wilcox and other stockholders. This afternoon Miss Daisy Douglas, daughter of W. C. Douglas, Esq., of Raleigh, was married to Mr. William Hayes, cashier of the Bank of Charlotte, Rev. J. J. Douglas, the bride's brother, performing the ceremony.

The Commissioner of Agriculture says the sales of tax tags for commercial fertilizers are this fall considerably larger than they were last year at this time. They are in fact larger than expected. The yield of cotton in this section is in many cases proving to be larger than expected. In some cases where only half a crop was hoped for, it will be three fourths.

By new rules adopted by the national meeting of live stock sanitary boards of the United States all cattle from North Carolina may between November 1st, and December 31st, be admitted into Northern markets without restriction if shipped by rail.

George K. Pritchard, brother of the Senator, was here yesterday to see Gov. Russell and urged him to pardon Anderson the "ultra mine" murderer, who fifteen years ago after conviction of murder in the first degree escaped from Asheville jail. Ever since that time he has been in the west, part of the time as a body guard of President McKinley. It is said.

The State reformatory matter is to be put before the Legislature and pressed more strongly than ever before.

State Chairman F. M. Simmons will open the Eastern North Carolina Fair at New Bern, November 13.

It will be remembered that Shepherd of Greenville has sued Bernard, U. S. District attorney, for damages for reduction of wife. The Supreme Court decides with the court below that the husband must give the dates of such criminal intimacy and thus make the allegations specific.

Cotton Manufacturers Talk.

Special to Journal. WASHINGTON, Oct. 17.—The New England Cotton manufacturers are in session in this city. Today is the second session of the Association of their semi-annual meeting. About 150 members are present.

GREAT CROWDS.

Bryan and Roosevelt in New York and Ohio Draw Multitudes.

Special to Journal. NEW YORK, Oct. 17.—Following the great ovation and tremendous meeting in New York City last night, William J. Bryan was given an unparalleled ovation on his tour through New York State today. At all the places on the line great crowds were out and at Yonkers especially the people went wild with enthusiasm.

TOLDO, Ohio, Oct. 17.—A great reception was given Governor Roosevelt here today. There was an enormous crowd and a great daylight parade was a big feature of the day.

London and Galveston.

LONDON, Oct. 16.—The Galveston relief fund benefit performance packed the Drury Lane Theatre to the utmost this afternoon.

Sir Henry Irving, who was greeted with loud applause, recited the "Dream of Eugene Aram." Then followed acts from "The Prince of Peace," "The Debt of Honor," "English Nell," "Julius Caesar" and "Waterloo."

Many prominent persons were in the audience, including almost the whole of the American colony. United States Ambassador Choate and Mrs. Choate and Henry White, Secretary of the United States Embassy, were among those present.

The performance netted about \$6,500 and it cost less to produce than any previous charity show given up in London.

Distinguished Man Gone.

Special to Journal. WASHINGTON, Oct. 17. Wilson L. Wilson, Postmaster General under Grover Cleveland, and author of the Wilson Tariff Bill, died suddenly today at Lexington, Va. He was president of Washington and Lee University of Virginia.

Tenement Fire.

Special to Journal. NEW YORK, Oct. 17.—In a tenement fire in this city today eight persons were burned to death. One woman was cremated on the fire escape while endeavoring to reach safety while thousands of people looked on at the scene.

May End Strike.

Special to Journal. PHILADELPHIA, Pa., Oct. 17.—The conference of the representatives of the various coal-carrying roads and operators has ended. The meetings were under pledge of secrecy. It is said, however, that they have concurred all the demands of the strikers and that the strike will be declared off.

Population Increased 104 Per Cent. Special to Journal. WASHINGTON, October 18.—The census returns for the State of Arizona, shows a population of 121,312, an increase since 1890 of 104 per cent.

Operations in China.

Special to Journal. WASHINGTON, October 18.—Field Marshall Waldersee has arrived at Peking. The allied forces have not yet arrived at Peking. The French cavalry reached Chefoo, without opposition and saved the foreign railroad employees and missionaries.

The Chinese rebels have captured Nanchan. The report on the Catholics killed in China shows five bishops, 29 priests, 2 Catholic brothers and 12 nuns have been put to death.

WHITE GETS CASH.

By Order Superior Court the Shell Fish Commissioner Draws \$400.

Converting White Supremacy Clubs. Ninth Congressional District. Tickets Sent out. No Top Crop. Freight Rates Argued.

Special to Journal. WASHINGTON, October 18.—Francis D. Winston, state organizer of Democratic clubs, says that up to this date about 60 per cent of the White supremacy clubs, formed last summer, have converted themselves into Bryan and Stevenson clubs.

The Republican leaders here say they see no prospect of carrying any district save the 9th. They say that in the 8th, there is organized opposition to Black-burn, their nominee; that their margin there is but small, and that J. B. Fortune, the independent Republican nominee, who represents what are known as the "conservative" will certainly command some votes.

The last legislature abolished the office of chief shell fish inspector held by Eben White, fish-lord, and created a system of commissioners, at \$400 a year each. White sued to retain his office and also to get the entire \$2800. The Supreme Court said he could not be ousted during his term and also that he was entitled only to \$100. The auditor and treasurer declined to pay this, saying the act of the legislature named the 7 commissioners. Today the Supreme Court by a unanimous vote forced them to pay the \$100 to White.

Today the work of sending out the Democratic electoral and Congressional tickets was finished. There are 1,800,000 Congressional and 1,750,000 electoral tickets sent out.

There was sharp frost today. It settled the question of the "top crop" of cotton. The growth of cotton at the top during the past 30 days has been phenomenal and many people have declared there would be a top crop, but it is a myth.

The corporation commission met today and took up the question of freight rates, the subject being that of classification. The furniture manufacturers appeared in large numbers and asked for a lower classification of furniture, so as to give them a lower rate of freight. The Wilmington tariff association, represented by James Kyle, asked for a lower rate on cotton piece goods.

In the new annex of the State museum one of the largest halls is to be set apart as the history room, and in this object of interest in the history of the State will be arranged chronologically, for instance colonial, revolutionary, prior to the civil war, civil war, etc. There will be no Confederate room, in charge of any organization, and no historical collection in charge of any association. All will be under the direct control and management of the museum and the collections will be both by gift and loan.

It is claimed that the freight rate on cotton goods shipped by rail in this State to other points in the State is 20 per cent higher than the rate in Georgia. Hence a 20 per cent reduction is asked. The Wilmington, Fayetteville and other mills petition for this.

Mrs. Spicer Whitaker is elected regent of the North Carolina Daughters of the Revolution, Mrs. D. H. Hill, vice-regent Mrs. T. K. Bruner, Secretary.

Rev. John E. White, of this city will accept the pastorate of the Second Baptist church of Atlanta.

The Corporation Commission at the request of the railroads has postponed action on the new freight classification, until November 10th.

Dover.

October 17.

The time has been set, the arrangements are being made to have quite an interesting time in the Methodist church. We intend to be present and give the readers of the JOURNAL an elaborate account of the affair.

Rev. Alderman preached two very interesting sermons here Sunday. We have heard several speak very complimentary of them and expressed a desire for Bro. Alderman to do so again. Rev. Hopper the pastor of the Missionary church here filled Bro. Alderman's appointment over in Jones county.

Mr. Seth West returned from New Bern this morning. Dr. J. W. Duguid came up this morning and went out to Fort Barwell to see several patients who have typhoid fever.

Mr. J. J. Crosswell, Route agent for Southern Express Co., spent nearly an hour here this morning on his way to New Bern. He is a very clever gentleman and we are always glad to see him.

The Bryan and Stevenson club met last Monday night. The attendance was not as large as usual but we had a very interesting meeting. Several good talks were made and some new members enrolled. The club will have a rally on Monday night the 30th. We are expecting some good speakers and all who are interested in good government are invited to be present. Of course this invitation includes the ladies.

THE STRIKERS WIN.

Great Lakes Mines To Open Next Monday. All Demand Granted.

Special to Journal. PHILADELPHIA, Oct. 18.—The great anthracite coal strike after nine months duration, is settled, and the coal companies have posted notices for the miners to resume work next Monday.

PHILADELPHIA, Oct. 17.—The strike by the anthracite mine workers of Pennsylvania, which began September 12th, practically ended today when the Philadelphia and Reading Coal and Iron Company and the Lehigh Valley Coal Company agreed to abolish the sliding scale in their respective regions and to grant an advance in wages of ten per cent net, the advance to remain in operation until April 1st, 1901, or thereafter.

This action meets the demands of the miners' Scranton convention.

The decision was arrived at after a conference of representatives of the individual coal operators and the large coal carrying companies. The conference began yesterday. Today's action was the culmination of the recent meeting of the individual operators at Scranton, following the Mine Worker's convention in the same city. Nearly all the collieries in the coal region had previously to the miners' council, posted a notice granting an advance of ten per cent. The mine workers in considering this demanded that the sliding scale be abolished, the advance guaranteed until April 1st, and all other differences be submitted for arbitration.

The individual operators agreed to everything, and the appointment of a committee to induce the Reading and the Lehigh companies to abolish the sliding scale and make the wage permanent followed. It is conceded that the result of the day's conference is a complete victory for the men.

All the demands of their convention are acceded to, and as one of the individual operators put it, after the conference, the operators go a little further in agreement to maintain the wage advance after April 1st.

New Bern Fair Nov. 12-17 1900

GEN. CARR'S LIBERALITY.

Will Send Democratic Literature To The Ninth.

Gen. Julian S. Carr of Durham, desiring to aid in the election of W. J. Bryan for president and Hon. W. T. Crawford for Congress, has generously offered Hon. J. D. Murphy, chairman of the Democratic executive committee of the ninth district, to send a list of names and postoffices, and he will immediately send 5000 copies of the Weekly New York Journal to all points of this district.

This practical demonstration of Gen. Carr's interest in Democracy will win the gratitude of all Democrats. The offer was contained in the following letter:

"I am very anxious that the North Carolina electoral vote should be cast for W. J. Bryan for president, and that we send nine representatives to Congress in full sympathy with him.

"I am deeply desirous for the success of Hon. W. T. Crawford. He is a splendid type of the Bryan Democrat, and has proven himself to be a wise and capable Congressman. The unseating of him by the Republicans was a most outrageous act, and every Democrat naturally feels a great desire to see this wrong righted.

"It has occurred to me that it might do some good if 5000 copies of the New York Journal were sent out all over his district from now until election day. If you think this wise, send list of names and postoffices at once to the New York Journal, and I will see that the same are sent at once.

"Congratulating you on the efficient work you are doing, and expecting success to crown your labors, I am yours, very truly
J. S. CARR."
