

se that a person entirely free from disjusting complaint is seldom met this disgusting complaint is seldom met with. It is customary to speak of Catarrh as nothing more serious than a had cold, a simple inflamination of the nose and throat. It is, in fact, a complicated and very dangerous disease; if not at first, it very soon becomes so. The blood is quickly contaminated by the foul secretions, and the poison through the general circulation is carried to all parts of the system. Salves, washes and sprays are unseting
