## The Saving of Money

by the use of Royal Baking Powder is considerable. Royal is economical, because it possesses more leavening power and goes further.

Royal saves also because it always makes fine, light, sweet food; never wastes good flour; butter and eggs.

More important still is the saving in health. Royal Baking Powder adds anti-dyspeptic qualities to the food.

**There is no baking powder so economical in practical use, no matter how little others may cost, as the Royal.**

Imitation baking powders almost invariably contain alum. Alum makes the food unwholesome.

### Money in Yacht Races.

New York, Nov. 8.—The Town's Owners' Association is hotly opposed to changing the course for the cup races next August from Sandy Hook to Newport.

"There is just as much wind off Sandy Hook as there is off Newport," said Secretary Edward M. Timmins, of the Mutual Company, today. "The changing of the course just for the benefit of a few yacht owners would mean the loss of millions to this port. Two millions will not cover the amount spent during an international yacht race for hotel accommodations, coal, commissions, steamboats, tugboats, water, provisions, dry docks, sails, supplies and gear. Sir Thomas Lipton spent \$770,000 in the first four weeks he was here in 1890."

### Great Storm Damage.

New York, November 10.—Great damage was caused by the big storm that swept New York and the New England coast. Many ships are now reported ashore and many schooners sunk. Three water spouts were recorded. One was three hundred feet high and rushed up Narragansett bay. The wind blew 72 miles an hour. In the southern part of Connecticut a rain and thunder storm prevailed in the early morning hours, changing to bitter cold by afternoon. In the northwestern part of the State 11 inches of snow has covered the ground.

### Peace in Alamance.

Raleigh, November 10.—The striking employes have moved out of the tenements belonging to the cotton mill owners in Alamance County without disturbance. New operatives are moving in.

### Telegraphic News.

A typhoon has swept the harbor of Hong Kong. The British gunboat "Sandpiper" was sunk.

The present Comptroller of the Currency will succeed Lyman J. Gage in the Cabinet as Secretary of the Treasury.

Henry Jordan, the mill employe who was found very low from neglect at Burlington, N. C. died yesterday.

A lawyer, female detective, and a professional witness and woman accomplice were arrested in New York yesterday, charged with conspiracy. They obtained forty fraudulent divorces, being paid for their false work.

An American official, spending his honeymoon in London, has lost his young bride who mysteriously disappeared. A body found by the police in the mire is believed to be her. The husband believes that she has eloped with a young man.

### Report of Gen. McArthur.

Washington, November 10.—The annual report of General McArthur, commanding general in the Philippine Islands, has been made public. The report is up to September 1st.

The report says that last November Aguinaldo and his followers voted to discontinue the war but that it was resumed and still continues. The Philippines have the ability to hide their arms and ammunition when necessary and pretend to be peaceful citizens, but that they have only kept in the field at a tremendous loss. One year ago the American forces occupied 53 stations. Now they occupy 418 stations. The Americans have lost in killed, wounded and captured one thousand men, the Philippines almost 4,000.

At a meeting of the Cabinet attention was directed to the Philippine situation. It was the opinion of those present that a crushing blow must be administered to the natives and it was held that the result of the operations would probably have a discouraging effect upon the Philippines.

### Paris Exposition Closed.

Paris, Nov. 12.—The Exposition ended today. The demolition of the buildings has already begun. Admission tickets to the Exposition grounds today sold for one cent.

## RALEIGH.

Project Between a Syndicate and Immigration Department.

State Cotton Crop is Large. Apple Awarded Silver Medal. Fo He district the State. The Flower Show.

Special to Journal. RALEIGH, November 10.—Secretary T. K. Bruener of the agricultural department states that the immigration department is in correspondence with a New York syndicate looking to the reclamation and development on a large scale of the flat lands between Goldsboro and Wilmington.

The house for the immense new filtering plant of the water works here is completed. It has been expected that the new filters would be in operation January 1st, but this is doubtful.

The cotton crop on the State farms on the Roanoke river is much larger than expected. Not quite all is picked. Next week the penitentiary authorities will be able to transfer convicts from the farm to the railway work in Edgecombe, Moore and Robeson counties.

It is expected that in the early spring the work of extending the Raleigh and a few railway lines to Harnett county will begin.

It is rumored that Bryan's majority in his county was only 514.

Revenue Collector Duncan makes his assertion that moonshiners are rapidly giving up that business as owing to a general prosperity they get other work. As he said this a deputy came in and reported the capture of two moonshiners still in Johnston county last night. Moonshiners don't want to work and won't work.

The cases against 51 prominent Democrats in Johnston county were not argued yesterday afternoon, by Assistant United States district attorney, Oscar Spears. This ends the matter. The charge was intimidation and assault. The government made out no case.

The agricultural department had advances from the Paris exposition that the apples collected and shipped from Yancey county last September won two silver medals. It is further stated that the large apples, the "Gloria Mundi," been packed in excelsior they would have won the gold medal. The highest mark of merit was 16, and these apples got 15.

Rev. I. G. Partridge, D. D., Protestant Episcopal bishop of Kioto, Japan will be here next week and will preach at the Church of the Good Shepherd. His sermons and lectures have aroused deep interest in the far east wherever he goes.

State Treasurer Worth says he will, if he can find anything to do here, make his home in Raleigh; otherwise he will probably live at Greensboro. His term of office expires about the middle of January.

Republicans here laugh at the rumor that Senator Butler may be made U. S. District Attorney.

There will be held here Tuesday, the annual chrysanthemum show. Owing to the long drought these flowers are not up to the usual mark. No year has been so trying on them as this one.

Two more divorces have been granted here this week, making 7 in all.

The new legislature will no doubt be called on to redistrict the State, as it will by the new census gain a congressman.

It now seems that about 600 Democrats in this county did not vote for Bryan. The football team of the State Agricultural and Mechanical College here today played at the University of North Carolina at Columbia and Monday will play Davidson College. Thus far the team has won all three games and lost all.

The Supreme Court will devote next week to the appeal docket from the 8th district.

The last estimate of F. M. Simmons' numerous majority in the senatorial primary is 55,160. Bryan's majority is said to approximate 30,000, with 13 counties yet to be heard from.

No new cases of typhoid fever have developed at the State Normal and Industrial college for women at Greensboro, and all alarm as to a possible epidemic has subsided.

### Cuba May be Free.

HAVANA, Cuba, November 10.—Cuban politicians believe that the expected visit of Secretary Root to Cuba next week is full of significance to the future of the island. Some contend that it means the granting of absolute independence immediately.

### Cast up by the Sea.

New York, Nov. 12.—Twenty six of the dead from the steamer Monticello have washed ashore near Halifax, N. S. The victims were beaten to pieces against the rocks.

This list of those who perished with the ill-fated sidewheeler now reaches 33. Four persons were saved. The finding of a missing boat that was launched just before the ship went down out of the vestige of hope that others had escaped. Captain Smith, of the Phoenix's Stewardess Smith, Third Officer Fleming and Acting Quartermaster Wilson O. G. are all who are left alive.

## RALEIGH.

Whitehead-Burwell Wedding. Baylus Cade For an Office. Blackburn Resigns. Synod Meets Today.

Special to Journal. RALEIGH, Nov. 12.—At the home of State Labor Commissioner B. R. Lacy, here this morning, his sister-in-law, Miss Irene Burwell, daughter of president John B. Burwell, of Statesville Female College, was united in marriage to Mr. H. G. Whitehead of Norfolk. Miss Antoinette Burwell of Goldsboro was maid of honor and Mr. J. B. Whitehead Jr. best man. Among those present were Mr. H. C. Whitehead of Norfolk, the father of the groom, Mrs. Robert S. Copeland, his sister, Mrs. Charles D. Miller of Goldsboro, Mr. and Mrs. C. C. McAllister of Asheboro and Mr. Robert T. Burwell of Texas. The bride was given away by her father.

Gov. Russell and other officials in the capital have been working hard and earnestly to induce the Supreme court, or rather the three republican justices who control affairs, to appoint Rev. Baylus Cade, the Governor's secretary, Supreme Court reporter. The salary is not to exceed \$250 a year, though only \$1000 has been paid. Attorney General Valser is ready to accept the place, if it is offered him.

The relations between some of the justices of the Supreme court are said to be more than strained. In fact a State official remarked today that one justice wanted to have some others impeached.

Congressman-elect Spencer Blackburn telegraphed his resignation as assistant attorney of the Western U. S. States district, and Senator Platcharidge James E. Boyd and district attorney Holt in room number Augustus II. of the State capitol building.

The Supreme court will, it is believed, argue in an important case, involving an entirely new point in this State, namely the right to transfer a case from a Mayor to a Justice of the Peace.

State Chemist Kigore left today for New Haven to attend the annual meeting of the agricultural college and experiment station chemists. On his way some he will attend the National Association of official agricultural chemists of which he is president.

Rev. George H. Stuart, evangelist, last evening began his meeting here.

A great many delegates to the North Carolina Presbyterian Synod arrived here today. It meets tomorrow.

Engineer McGowan of the Coast Lined yesterday of injuries received in the wreck near Fayetteville Saturday.

### U. S. Treasury Report.

WASHINGTON, Nov. 12.—United States Treasurer Roberts, in his annual report issued today, says that the net ordinary revenue of the government for the year was \$87,340,863. This is the largest revenue in the country's history.

The entire receipts were \$1,287,299,626 and the disbursements \$1,199,948,472. Money of all kinds in circulation, \$2,113,294,983.

The Secretary of the Navy asks for eighty seven millions of the Navy for 1902, an increase of thirty one millions over 1901.

### Hoist With Own Petard.

New York, Nov. 12.—Dr. Glen on at Elmira, N. Y., dynamited the house of his son-in-law Frank Trapp but in the explosion was himself killed. His body was found 300 feet away. No one in the house was seriously injured although the interior was destroyed and near by build ings damaged.

Many people worry because they believe they have heart disease. The chances are that their hearts are all right but their stomachs are unable to digest food. Kodol Dyspepsia Cure digests what you eat and prevents the formation of gas which makes the stomach press against the heart. It will cure every form of indigestion. F. S. Duffy.

### Henry Villard Dead.

New York, Nov. 12.—Henry Villard, the great railway magnate died at midnight last night at his summer home on the Hudson river. He had been sick only a few days.

Mr. Villard was a native of Germany and began life in the United States as a newspaper correspondent, particularly on the New York Herald during the Civil War. In 1879 he started business in Wall street and made three and a half millions in a few years. He organized a syndicate to purchase Northern Pacific Railroad stock and virtually held control of the road for years until the road passed into the hands of a receiver. His friends in Germany held much of the stock.

## Marcus Daly Dead.

Special to Journal.

New York, Nov. 12.—Marcus Daly died of Bright's disease in this city today. Mr. Daly was the famous copper king of Montana and made an enormous fortune in copper mining in that State, his property becoming so great that it has been described as being nearly half the State. He was one of the wealthiest one owners in the world. His right about clerk for the United States Senate was the great sensation of last year.

The place where the Monticello struck at the mouth of the Bay of Fundy, after the waters of the bay join those of the Atlantic. There are many reefs and shoals at this spot and the currents are very and changeable, it being one of the most dangerous places on the coast.

### Not an Official Visit.

Special to Journal. WASHINGTON, Nov. 12.—It is officially denied that Secretary Root's visit to Cuba has anything to do with the Cuban Constitutional Convention, now sitting in Havana, although it is official and will be utilized in visiting sections of the island not reached by him when he was over there some months ago. Many believe that Secretary Root has gone to Cuba as the personal representative of the President, and that his report of visiting conditions will be an important factor in the future attitude of this government toward the island. It is also the wish of the Cuban Constitutional Convention that the completed report be so used as a basis of its deliberations, to be made through the President's usual message to Congress, all containing any important Cuban recommendations.

You have ever seen a child in the agony of a group you can realize how grateful mothers are for One Minute Cure which gives relief as soon as it is used. It quickly overcomes colic and all throat and lung troubles. F. S. Duffy.

### Not Much Tax Reduction.

WASHINGTON, November 12.—Representative Payne, of New York, Chairman of the House Ways and Means Committee, which will meet on the 20th inst. to consider the question of a reduction of internal revenue taxes, does not say what the committee will do, but it is very evident from his guarded talk that he does not expect a bill that will make sweeping reductions. There is good ground for the belief that the bill which will be reported to the House will not make reductions of more than \$20,000,000 a year, and even that much would be doubtful if the President had not so strongly committed himself in favor of reducing these taxes. The prevailing idea in official and Congressional circles seems to be that uncertainty as to the immediate future in China and in the Philippines, make it advisable for this government to have a stiff surplus of cash on hand to meet any possible emergency.

You can't afford to risk your life by allowing a cough or a cold to develop into pneumonia or consumption. One Minute Cough Cure will cure throat and lung troubles quicker than any other preparation known. Many doctors use it as a specific for grippe. It is an infallible remedy for croup. Children like it and mothers endorse it. F. S. Duffy.
