NUMBER 33

COOL YOUR BLOOD In All Cases of Itching Burning and Scaly Humors with CUTICURA RESOLVENT

Of all the remedies for cooling and cleansing the blood and circulating fluids of itching, burning, scaly humors, none approach in specific action, the wonderful properties of CUTICURA RESOLVENT. It neutralizes and resolves away (hence its name, Resolvent) scrofulous, inherited, and other humors, which float in the blood, and which give rise to swellings of the glands, pains in the bones, and torturing, disfiguring eruptions of the skin and scalp, with loss of hair.

CUTICURA RESOLVENT extends its cooling, purifying influence by means of the pores to the surface of the skin, allaying irritation, inflammation, itching, and burning, and soothing external humors, because of its power to neutralize HUMOROUS-GERMS which float in the blood and circulating fluids. It exerts a purifying influence upon the bowels, liver, and kidneys, thus removing a common cause of yellow, mothy, greasy skin, and more or less of pimples, blotches, and blackheads. Many forms of debility, for which no cause can be discovered, are due to the presence of humors in the blood, bones, and fluids. CUTICURA RESOLVENT possesses, in the highest degree, humor-resolving properties, and at the same time acts as a gentle aperient, diuretic, and digestive. It promotes the general health, while insuring the expulsion of humors which manifest themselves in the obscure forms of rheumatism, gout, kidney pain, and liver troubles.

Mothers are assured of the absolute purity of CUTICURA RESOLVENT and its freedom from any ingredient that is in the least objectionable in action, taste or odor. It is therefore readily taken by children of all ages and conditions, and should be freely given on the first appearance of humors, whether simple, scrofulous, or hereditary. It is also a mother's remedy, regulating and strengthening the maternal functions, while purifying the system of ulcerative weaknesses and humors.

It is economy to take it on every occasion possible, while using warm baths of CUTICURA SOAP to cleanse the skin of crusts and scales, and soften the thickened cuticle, and gentle applications of CUTICURA Ointment to allay itching, inflammation, and irritation, and soothe and heal externally, as the readiest means of insuring speedy, permanent, and economical cures, and realizing the greatest of human blessings, "a skin without blemish and a body nourished with pure blood."

Complete External and Internal Treatment for Every Humor, \$1.25. Consisting of CUTICURA SOAP (50c.), to cleanse the skin of crusts and scales and soften the thickened cuticle; CUTICURA OINTMENT (50c.), to insensitize itching and irritation and soothe and heal; and CUTICURA RESOLVENT (50c.), to cool and cleanse the blood, sold throughout the world.

TWENTY THOUSAND.

Inauguration Ceremonies Carried Out in Detail: Changes of State Officials. Aycock Makes Fine Impression as Usual.

Special to Journal.

RALEIGH, Jan. 15.—The inauguration ceremonies were carried out perfectly in every detail, and were in all respects model. Almost seven thousand people were in the capitol square, as many more on streets nearby. Gov-elect Aycock arrived at the railway station soon after eleven o'clock, and was given a demonstration. It was noon when the legislature was seated in front of the capitol. Half an hour later Mr. Aycock and Gov. Russell, followed by all other outgoing and incoming officers appeared on the platform, while the band played "Dixie." Master of ceremonies, Francis D. Winston said "Gentlemen of General Assembly, ladies, and fellow citizens, the inauguration of the 23rd elected Governor of North Carolina will be opened with prayer by Rev. Dr. A. A. Marshall." The latter prayed that the Governor might rise above party, and be governor of all his people, and that the memory of Vance, whose bronze statue was so near, might nerve and inspire him.

Winston then presented the new State officers. First the Corporation commissioners, McNeill and Rogers, to whom the oaths were administered by Associate Justice Walter Clark. After those in succession were presented and sworn in Labor Commissioner Varner, Commissioner Agriculture, Patterson, Attorney General Gilmer, Superintendent of Public Instruction, Toon, Auditor Dixon, Treasurer Lacy, Secretary State Grimes, Lieutenant Gov. Turner.

As each was sworn, the retiring official stood up. Gov. Russell stepped forward and said to the legislature and people, "I present according to the Constitution and Law, Governor-elect Aycock of this commonwealth. Great demonstration after Gov. Aycock took the oath. He looked the picture of health and made a magnificent speech. The great audience gave undivided attention. Aycock turned to Russell and said: Henceforth let hatred and strife cease among us," when he concluded Russell shook hands with him.

The current comment is that Aycock's is the strongest inauguration address ever delivered here. There was great applause at his demands that henceforth ballots should be counted as cast, and that all people shall be educated. His address made a profound impression upon Republicans and Populists, who expressed admiration.

Reviews of troops followed the inauguration.

The Holy Bostonese.
BOSTON, Jan. 16.—The directors of the American Humane Education Society and Massachusetts Society for the Prevention of Cruelty to Animals today voted to petition Congress to prevent the further shipment of American horses and mules for use by the British army in South Africa in consideration of their terrible suffering when used.

BILLS INTRODUCED.

State Bar Association Urges Increase Superior Courts.

Prohibition of Sale of Cigarettes. To Prevent Combines. For National Forest Preserve. Penitentiary to go into Fertilizer Manufacture.

Special to Journal.
RALEIGH, Jan. 16.—In the Senate today the State Bar Association presented a memorial urging the increase of the Superior Court districts from twelve to sixteen, and also the creation of a Code Commission.

Bills were introduced to prohibit the sale of cigarettes in North Carolina. To incorporate the Southport and North Western railway.

A bill was passed, allowing the United States Government to acquire a National Forest Reserve in North Carolina, and to a law harter to corporations with over a million dollars capital stock.

Senator Ward introduced a bill repealing the present anti-trust laws, and enacting a law similar to that of Texas and Nebraska.

It is especially designed to prevent the organization of any combine to control the price of pine lumber in North Carolina.

A bill was introduced in the House to authorize the penitentiary to buy or lease, or build one or more fertilizer factories, and manufacture commercial fertilizers without license or tax. The Agricultural Department to name the brands and see they are pure. Convicts to do the work under skilled instructions.

The assertion was made that this bill is most important to farmers.

Another bill is to regulate the scale of fees for corporation charters.

Governor Says No Fight.

Special to Journal.
RALEIGH, N. C., Jan. 15th.—Gov. Aycock today received this telegram from the Cincinnati Post: "Will Jeffries and Ruhlman be permitted to fight a limited number of rounds in North Carolina if prevented in Cincinnati?" The Gov. replied "Under no conditions will I permit it in North Carolina."

Just one Pardon Refused.

Special to Journal.
RALEIGH, N. C., Jan. 15th.—Gov. Russell declined to pardon W. A. Anderson, Senator Pritchard's brother in law, who is an out-law, and who under an assumed name is now sheriff in a far western state.

Ex Judge Avery made another attempt yesterday to get a pardon but failed.

QUAY WINS.

He is Elected Senator With Three Votes To Spare.

HARRISBURG, Jan. 15.—After a memorable struggle which had continued several years Matthew Stanley Quay was elected today by the Pennsylvania Legislature to fill the vacancy in the United States Senate created by the expiration of his term March 4, 1899.

His combined vote in the Senate and House was 130 or three more than the number necessary to a choice. The House and Senate will meet jointly at noon tomorrow to canvass the vote and declare an election. Mr. Quay's commission has already been prepared and signed, and he will take it to Washington Wednesday afternoon.

The Democratic vote was cast almost solidly for Col. James M. Guffey, of Pittsburg. The vote of the anti-Quay Republicans was divided among nine "favorite sons." Representative William J. Galvin, of Schuylkill, who two weeks ago voted with the Republicans on the organization of the House, was the only Democrat who voted for Quay when he cast his ballot the followers of Quay broke into cheers.

Tax on Tobacco.

WASHINGTON, January 15.—The Senate Finance Committee today had under consideration the war tax reduction bill. The Republican Senators on the committee indicated a pretty general agreement that the total reduction should be about \$40,000,000, of which \$25,000,000, while the Democrats were disposed to cut even deeper.

The bill probably will be recast. The committee evidenced a strong disposition to reduce the tax on tobacco and to leave the beer tax as fixed by the House. It seemed generally agreed that the House provision for the removal of the tax on bank checks should not be accepted.

Aycock at Raleigh.

Special to Journal.
RALEIGH, Jan. 15.—Gov. Aycock and staff of new officers and their wives, and a few from Goldsboro, stay in all, lunched at Executive Mansion.

He then went to the executive office where he remained half an hour. His only office act was to write commissions of his four aides de camp, whose names have been published. He had a number of callers while in his office.

The One Day Cold Cure.

For colds and sore throats use Ketchum's One Day Cold Cure. It is a sure and speedy cure.

THE LEGISLATURE.

Bill to Create State Text Book Commission.

Resolution to Congress to Improve Upper Cape Fear River. To Make First Monday in September Labor Day. Bills Passed.

Special to Journal.
RALEIGH, Jan. 17.—The Legislature today adopted a resolution urging Congress to improve the Upper Cape Fear River.

Senator Aycock introduced a bill creating a State Text Book Commission composed of the Governor, Superintendent of Public Instruction, and three members of the State Board of Education, with power to adopt and make contracts, the adoption to be for five years. There is now county adoption.

Books are to be examined and recommendation to the Commission will be made by committee of school teachers.

Bills passed the Senate incorporating the Security Life and Annuity Co. and the Southport and Northwestern Railway.

It was private bill day in the House. The proceedings were uninteresting. A bill was passed making the first Monday in September "Labor Day." A bill giving the United States the right to acquire territory for the Appalachian National Park was ratified.

When threatened by pneumonia or any other lung trouble, prompt relief is necessary, as it is dangerous to delay. We would suggest that One Minute Cough Cure be taken as soon as indications of having taken cold are noticed. It cures quickly and its early use prevents consumption. F. S. Duffy & Co.

NEARLY \$60,000,000.

House Passed The Rivers and Harbors Appropriation Bill.

WASHINGTON, Jan. 16.—The Rivers and Harbors Appropriation bill was passed today by the house. The bill has been under consideration for over a week and has been assailed from many quarters, but its friends have stood solidly by it and defeated every amendment to which the River and Harbor Committee would not agree.

The bill passed practically as it came from the committee. It carries slightly less than \$60,000,000, of which \$23,000,000 is in direct appropriations. The friends of the Missouri river improvement, although they were unsuccessful securing what they desired, persuaded Chairman Burton to offer an amendment to permit owners of property abutting on the Missouri to build dykes and wing dams for its protection where such structures do not interfere with the navigation of the stream.

Troops for Lord Kitchener.

LONDON, Jan. 16.—The casualty list shows that there has been a severe engagement with a loss of six killed, seven wounded, and five missing at Murraysburg, where the Dutch are said to have been joining the invaders. Murraysburg is sixteen miles west of Graaf-Reinet.

Indications are not wanting that the decision of the Government to send reinforcements has not been taken a moment too soon. Colonel Caville's mobile column has been obliged to rest at Greylingstad to erect a block house until reinforced by mounted forces.

General Brabant said the authorities were anxious to keep the war away from Cape Town, but that the only hope of doing this lay in sending 1,000 men to the front.

The Government has decided to send large reinforcements to Lord Kitchener, and has determined to enlist 5,000 Yeomanry volunteers.

Would Shoot Both.

KROONSTADT, ORANGE RIVER COLONY Monday January 14.—The success of the Burger Peace Committee in distributing among the Republicans Paul Botha's book "From Boer to Boer," has infuriated General Dewet, who it is reported swears he will shoot the author at the first opportunity.

The refugee camp is now occupied by 2,000 persons. Another is being formed at Rhenoster. Supplies of all kinds in the towns are shortening daily. The Boers are most active northward and also in the direction of Lindley. Various commands appear to be joining General Dewet to the southward.

Expiling Philippine Leaders.

MANILA, January 15.—Thirty Filipino leaders who have been sentenced to be deported to the Island of Guam were taken on board the transport Rosecrans today. She will sail tomorrow.

The sentence of deportation has been suspended in the cases of two priests who were charged with collecting money for the revolutionists, but they will be kept in confinement. The families of the prisoners had them farewell on the wharf.

Nearly 1,200 men were arrested in cockpits in towns south of Manila Sunday on suspicion of being guerrillas. Most of them were released.

Quality and not quantity makes De Witt's Little Early Bitters such valuable little liver pills. F. S. Duffy & Co.

MANY NEW CORPORATIONS.

Cotton Being Held Back. Meeting of Some Associations. Marriage at Chapel Hill.

RALEIGH, N. C., January 17.—The annual convention of the State Bar Association was held here today. The meeting was held in the capitol building. The bar association will be reorganized this year. It is expected that there will be applications for at least ten new law licenses, and no new licenses will be granted until they are granted during the past year. The State today chartered the Maxton and four companies.

The cotton growers say a great deal of cotton is being held back by growers and ginners. It is the case all through this section.

Revenue officers are at present making but few seizures in this district of all distilling enough they find that there is as much "moonshining" as ever.

At Chapel Hill last evening Miss Mary S. MacRae, daughter of ex-Judge James C. MacRae, dean of the State University law school, was united in marriage to Mr. R. L. Gray, son of R. E. Gray, Esq., of Raleigh.

Ex-Attorney General Douglas in his report covering his brief term of office, warmly recommends the establishment of a reformatory for young criminals. The pressure for this is great, but there is considerable sentiment against it in the legislature, mainly from the members from the eastern section of the State, it appears.

President F. P. Venable of the State University says that while it gets \$25,000 a year from the State it ought really to have \$50,000.

No news has as yet been given out here as to the completion of arrangements for ending the \$10,000,000 tax assessment case between the railways and the corporation commission. The attorneys on both sides are dumb.

As your correspondent predicted two weeks ago, the republicans in the legislature would vote for Richard Pearson for U. S. Senator. Never was there an emptier compliment, but it is one he coveted. The caucus decided to support him.

The tobacco growers association of the State last night elected John S. Cunningham president. He is to go to Washington and urge a reduction of the tobacco tax, for which the association asks.

The State Cotton growers protective association also met, W. A. Graham presided. It discussed the best method of holding cotton. It too urged a reduction of tobacco tax.

Alford Gets Thirteen Years.

NEW YORK, Jan. 16.—Cornelius L. Alford Jr., the defaulting note taker of the First National Bank, was today sentenced to 13 years imprisonment. The amount of his default was \$490,000. He was taken immediately to Sing Sing, where his pedigree was recorded and a striped suit given him.

Hanged For Train-Wrecking.

OCALA, Fla., Jan. 16.—Norman McKinney, colored, has been lynched for wrecking the Plant system fast train near Dunnell Sunday night, and the victim implicated two others who may share the same fate if they are caught. In less than two hours after the wreck in which the engineer was killed, the citrus county sheriff was on the trail of the wreckers, and a dozen arrests were made before noon Monday. All of the arrests were on suspicion and several of them were liberated, proving conclusively that they were not the guilty parties.

Monday afternoon McKinney was taken a deep interest in the affair and was promptly arrested by the officers, also on suspicion. That night he was questioned so closely and told so many conflicting stories that it was decided to carry him to Inverness, the county jail. On the way a mob of 50 or more overpowered the officers and took the prisoner. He was taken back to the scene of the wreck and there confessed to the crime, implicating and describing the two others, who have escaped, but are now being hunted. After the confession in which he stated that the train was wrecked for the purpose of robbery, he was hanged to a tree. The coroner's jury returned the verdict that he met death at the hands of parties unknown.

Neill Sticks to His Estimate.

NEW ORLEANS, Jan. 16.—The Times-Democrat will tomorrow publish a letter from Statistielian Neill in which he shows that his estimate at the beginning of the cotton season, that the crop would not exceed 9,730,000 bales, is substantiated by the season's receipts, the present visible and future outlook.

House Work is Hard Work without GOLD DUST.
