FOR BABY'S SKIN

Something for Mothers to Think About

EVERY CHILD born into the world with an inherited or early developed tendency to distressing, disfiguring humors of the skin, scalp, and blood, becomes an object of the most tender solicitude, not only because of its suffering but because of the dreadful fear that the disfiguration is to be lifelong and mar its future happiness and prosperity. Hence it becomes the duty of mothers of such afflicted children to acquaint themselves with the best, the purest, and most effective treatment available.

That warm baths with CUTICURA SOAP to cleanse the skin and scalp of crusts and scales and gentle applications of CUTICURA OINTMENT to instantly allay itching, irritation and inflammation and soothe and heal, to be followed in the severest cases by mild doses of CUTICURA RESOLVENT are all that can be desired for the alleviation of the suffering of skin-tortured infants and children and the comfort of worn-out worried mothers has been demonstrated in countless homes in every land. Their absolute safety, purity and sweetness, instantaneous and grateful brelief, speedy cure and great economy leave nething more to be desired by anxious parents.
