SAVE YOUR SKIN

How to Preserve Purify and Beautify the Skin and Complexion.

To preserve, purify, and beautify the skin, and prevent pimples, blotches, blackheads, redness, roughness, yellow, oily, mothy skin, chapping, and many other forms of skin blemishes, no other skin or complexion soap is for a moment to be compared with CUTICURA SOAP, because no other soap reaches the cause, viz., the clogged, irritated, or inflamed condition of the pores.

SAVE YOUR HAIR

How to Prevent Falling Hair Scalp Humors and Dandruff.

Cleanse the scalp and hair thoroughly with a warm shampoo of CUTICURA SOAP, rinse with warm water, dry carefully, and apply a light dressing of CUTICURA, purest of emollients, gently rubbed into the scalp. This simple, refreshing, and inexpensive treatment will clear the scalp and hair of crusts, scales, and dandruff, soothe irritated, itching surfaces, stimulate the hair follicles, supply the roots with energy and nourishment, and make the hair grow up a sweet, wholesome, and healthy scalp, when all else fails.

SAVE YOUR HANDS

How to Make the Hands Soft and White in a Single Night.

Bathe and soak the hands on retiring in a strong, hot lather of CUTICURA SOAP. Dry thoroughly and anoint freely with CUTICURA Ointment, the great skin cure and purifier of emollients. Wear during the night old, loose-fitting gloves with the finger ends cut off. For red, rough, chapped hands, dry, fissured, itching, feverish palms, shapeless nails, with painful finger ends, this one night treatment is simply wonderful and a blessing to all afflicted with sore, chapped, rough, or tender hands.

Cuticura Complete External and Internal Treatment for Every Humor.
Consisting of CUTICURA SOAP (20c) to cleanse the skin of crusts and scales and soften the thickened outer, CUTICURA OINTMENT (30c) to instantly relieve itching, inflammation, and irritation, and soothe and heal, and CUTICURA RESOLVER (50c) to cool and cleanse the blood. A SINGLE DRY is sufficient to cure the most torturing disfiguring, and humiliating skin, scalp, and blood humors, with loss of hair, when all else fails. Sold throughout the world. **FORREY DRUG AND CHEM. COAR., Sole Prop., Boston, Mass.** "All about the Skin, Scalp, and Hair."

GENERAL IMPRESSION.

That There Will Be No Impediment of the Two Judges.

Reprimand is likely. State Lands Trespassers Revenue Act About Ready. No Bond Issue is Probable.

February 6. The current impression is that there will be no impediment of judges Furches and Douglas. Not a few Democrats declare the party made a mistake in starting any proceedings. The belief now is there will be a resolution of rebuke or reprimand. This will probably be decided tomorrow night, when the judiciary committee will hold a joint session.

The attorney general and State superintendent are investigating the area of the state lands which are under the control of the board of education. They will give out a report. The attorney general said today: "You can say from me that I intend to prosecute any and all trespassers upon such lands."

Dr. W. H. Capelant of Avock, owner of the greatest shad fishery, is here. He says the season will be put in about March 1. Shad are not yet in these waters.

The Senate passed a bill providing that only practical farmers shall be on the board of agriculture. There is a movement to amend this in the House by adding a provision that the secretary to the board shall be a practical farmer. This amendment is in the interest of one man and is aimed at one of the two most useful of all State officials, T. K. Bruner, the veteran secretary of the board, whom it is no flattery to term invaluable both to the State at large and to the board in particular.

It appears to be well assured that the legislature will not make any issue of State bonds for any purpose. It is the plan to secure \$25,000 as a first appropriation for the public schools.

There is another election contest before the Senate argument in it was heard today. It is that of Stanley vs. Stringfield from the 33rd district. The contest hinges on 217 republican votes which were thrown out at one precinct. The republicans charge this was by design, the democrats that it was by accident.

The republicans in the house made some complaint that they did not have properly large representation on the privileges and election committee. This the speaker has remedied.

The revenue act is nearly ready for submission by the committee. It is proposed that railways shall pay a privilege tax, in like proportion as other corporations. This is yet open. It is also proposed to levy a graduated tax on whiskey distilleries, based on the amount of corn or other grain they use. The bill will get at tax on corporations in a more direct way than heretofore, by providing that the treasurer of each corporation shall pay directly to the State Treasurer a tax graduated by the value of the stock, that is the actual value. It is also proposed that banks shall be assessed on a valuation, made by the State Treasurer and auditor and not by the county commissioners as at present. In other words the act proposes to get much more closely and directly at the taxes properly due by corporations of all kinds. The two things not finally settled are the taxes on banks and railways. By Friday all will be arranged. The tax insurance companies will be practically the same as at present and the methods of collection the same.

Electric Car Line in Durham.
Durham, Feb. 5.—At a meeting of the board of city aldermen held last night a franchise was granted to the Durham Traction Company to build an electric car line from the extreme western portion of the city and from the north to the south. The company is backed by Gen. J. S. Carr and Mr. R. H. Wright, of this city; Mr. A. B. Andrews, of the Southern Railway, and Mr. Samuel Register, of Richmond, Va. Work is to begin within six months and the system be in operation one year from date. Work will actually begin some time within the next six or ninety days. Between \$300,000 and \$350,000 will be spent in putting in the system, which will be double-tracked all over the city. This morning the same company acquired a franchise from the county commissioners to use the county roads east and west and to the Orange county line. They will run to Chapel Hill. The company will put in a park four or five miles from Durham.

Carnegie About to Retire.
New York, Feb. 6.—President Schwab, of Carnegie Steel Company, came on from Pittsburgh today, and had a conference this morning. It was reported, at Mr. Carnegie's house.

On what may be considered the highest authority on this subject, says the Mail and Express, it is stated that Mr. Carnegie is anxious to retire from active business pursuits, and has arranged to do so at an early date.

NEW DIVORCE LAW.

Provisional. Since the date of the passage of the new law for Restricting Divorce, the courts have been flooded with applications for divorce. The new law is a step in the right direction, but it is not yet in force. The courts are now applying the old law, but the new law is expected to be in force by the end of the month.

ADDISON CANNICK DIED.

New York, Feb. 7.—Addison Cannick, formerly one of the most successful operators on the New York Stock Exchange, died at his home in this city today of Bright's disease. Mr. Cannick was known on the Board as the greatest bear of his time. He was a Kentucky boy by birth. He was married at the time of the Grant & Ward smash in 1854, but later in the year William D. Vanderbilt persuaded him to turn over and the C. F. Worthenoff, a fellow bear, did likewise. Both made millions by it while a fellow operator, Henry N. Smith, refused to turn, and was only left \$1,000,000.

Mr. Cannick was quiet in manner when doing business, but at times rather gruff and positive. He was a rich man, according to being worth from \$5,000,000 to \$10,000,000, and had always been known as a generous giver.

Not the Bass Viol Man's Fault.
A capital story relating to good old times is still told in the Fen district of the eastern counties. As is well known by many and even now remembered by some, a bass viol was often procured to help the choir in parish churches.

One lovely Sunday morning in the summer while the parson was dining out his drowsy discourse and had almost reached the middle a big bull managed to escape from his pasture and march majestically down the road following defiantly as he came. The parson, who was somewhat deaf, heard the bull bellow, but, mistaking the origin of the sound, gravely glanced toward the steeple's spire and said in tones of reproach:

"I would thank the musician not to tune up during service time. It annoys me very much."

As he was well imagined, the choir looked greatly surprised, but said nothing.

Very soon, however, the belligerent bull gave another bellow, and then the aggrieved parson became desperately indignant.—Cassell's Magazine

THE LEGISLATURE.

Proposed Impairment of the Constitution.

The bill for the proposed impairment of the constitution is now before the legislature. It is a bill to amend the constitution so as to give the State the power to issue bonds for the purpose of raising money to pay the interest on the State debt. The bill is opposed by many of the members of the legislature, who claim that it is a violation of the constitution.

The bill is also opposed by many of the people of the State, who claim that it is a violation of the constitution. They claim that the State has no power to issue bonds for the purpose of raising money to pay the interest on the State debt.

DISMAL SWAMP CANAL.

Reopened to Traffic After Repairs and Deepening.

NORFOLK, Feb. 5.—The Dismal Swamp canal was thrown open for business this morning February 5th. It was closed for repairs on the 7th day of September 1900. The repairs made have been thorough. Especially have the locks at Deep Creek been made a feature and their permanence has been assured in their rebuilding. Besides making the canal stronger than ever it has been dredged to a depth of ten feet.

The length of the Dismal Swamp canal from Deep Creek locks to South Mills locks is twenty-two miles. The approaches to the canal have also been dredged to a depth of nine feet and the canal is now open for vessels drawing not over eight feet of water.

The further work of deepening and widening the approaches is being pushed by the United States government, and it is expected that in the course of a few weeks from twelve to fourteen feet of water will have been secured.

The towing will be done by Messrs. Hudson & Bro., of 68 Roanoke avenue, Norfolk.

It has been arranged for towboats to leave Norfolk for Elizabeth City, and from Elizabeth City to Norfolk, as often as may be necessary to accommodate the traffic.

And so it may now be said that the canal proper is in first-class condition. Furthermore, in a very short time the work of the United States government on the approaches will be completed thus giving an "inland waterway" for vessels drawing ten feet of water.

The locks are 290 feet long and 39 feet wide.

RAILROADS, N. C., FEBRUARY 6.
A bill was introduced in the Senate today for a general stock law in North Carolina.

A bill was introduced to allow State banks to issue currency.

The House passed on the 6th, 1901, the bill for the adoption of the amendments by the State, all 40 amendments were voted down.

Thus far at this session of the Legislature, 185 bills and 18 resolutions have been ratified.

No Liquor on Reservations.

WASHINGTON, D. C., Feb. 5.—The first general order issued by the War Department in execution of the provisions of the Army Reorganization act, forbidding the discontinuance of the sale of liquor, wine and intoxicating liquors on military reservations and army posts.

Although the order makes no special reference to the military reservation at Fort Monroe, Va., and West Point, N. Y., it is stated that the War Department that under the terms of the act, it is necessary to discontinue the sale of all intoxicating liquors on these reservations and that the hotel at West Point will have to be closed at once.

Will Raise the Maine.

CHICAGO, Ill., Feb. 5.—Chamberlain & Co., Chicago contractors, have been notified that they were the successful bidders for raising the water of the battleship Maine from Havana Harbor, and also the Spanish transport, A. Bona NRI, which is located on the same wharf at the Maine. The company was one of 12 bidders.

The Chamberlain's agreement is to raise both vessels for the salvage there, there is in them. It is expected to be the United States Government 3 percent of all personal property, including creating all personal property which belongs to the vessels and the crew of the Maine.

If the contract is fulfilled an auctioneer chartered for two years by the president of the company, N. F. Chamberlain will be realized, as the company was formed expressly for the purpose. According to Mr. Chamberlain it is expected that more than \$1,000,000 will be made in the undertaking.

Queen's Fortune for England.

LONDON, Feb. 6.—The latest rumor regarding Queen Victoria's will is that it bequeaths \$500,000 each to the Duke of Connaught, Prince Christian of Schleswig Holstein, Princess Louise and Princess Beatrice, and includes liberal legacies for the Duchess of Albany and a number of the late Queen's grandchildren.

The bulk of the Queen's private fortune, however, goes to the King. Two small houses on the Osborne estate are given to Princess Beatrice.
