VOLUME XXIII.

NEW BERN, CRAVEN COUNTY, N. C. FRIDAY, FEBRUARY 15, 1901.—SECOND SECTION.

NUMBER 57

WIDE SPREAD.

One Case of Small pox in Baptist Female University.

Disease Closely Guarded. Pupils all Vaccinated. Jarvis Strongly Against Impeachment. The Arsenal Removal. Furche's Counsel.

RALEIGH, February 14.—Two years ago small pox was discovered here, brought from Norfolk by negroes, who kept on fact concealed. Negroes from Durham have brought the disease again. Three of them are sick with it, in the extreme eastern part of the city. Vaccination here is quite thorough. The one case at the Baptist Female University is not in the main building. There was a quarantine guard of six last night and two today. No one save the physician is allowed to enter or leave the premises. All the students are vaccinated. The legislature was to have attended a concert at the University Monday but a epidemic rendered postponement necessary. The cause of the disease there was brought by one of the negroes admitted to as sick. She was employed in the school.

The State Board of Health is advised of a kind outbreak of small pox in Greene county. It is now in over a dozen counties.

Ex-Gov. Jarvis takes strong ground against the impeachment of the judges. He takes the view, held by not a few other leaders, that Chief Justice Furche's office now is a different one from that held when he issued the mandamus. Then he was associate justice.

The selection of the State printer is now placed in the hands of the State officers, no longer by the legislature.

Governor Aycock decides to recommend the removal of the arsenal from the capitol square and building of a new one and a hall of records nearby on the lot bought two years ago by the State.

It is rumored that if there is impeachment Justice Furche's Counsel will be Frank I. Osborne, Spier Whitaker and F. H. Busbee, certainly three men of very marked ability.

AN AMNESTY BILL.

Passed the House. Bill Introduced Providing For Compulsory Education.

RALEIGH, Feb. 13.—The bill granting amnesty to Republicans and Populists indicated for violating the election law was passed in the House today. A bill was introduced in the House today providing for compulsory education in any county, city or town, upon an affirmative vote of the majority of the qualified voters of said place.

Committee On Congressional Districts.

RALEIGH, Feb. 13.—This afternoon the joint committee on Congressional districts met to arrange the plan for dividing the State into 10 districts. There are 3 or 4 bills before the committee. It is claimed that two of them make all the districts surely Democratic though this is denied by some.

American Soldiers Come High.

WASHINGTON, Feb. 12.—The House today passed the army appropriation bill and entered upon the consideration of the sundry civil bill, the last but one of the log money bills. The debate on the army bill was confined largely to a discussion of the question of passing bills to remove the charge of desertion against soldiers and was made notable by a statement of Mr. McClellan, of New York, comparing the cost of the soldier in European armies with the cost in the United States. According to his figures, including the cost of pensions etc., each United States soldier involved an expense of \$1,928, while a German soldier costs \$227 and a French soldier \$22.

Millions of people are familiar with DeWitt's Little Early Risers and those who have tried them find them to be famous little early pills. Never gripe. F. S. Duffly & Co.

APPALACHIAN PARK.

Senate Committee Reports Bill for Its Establishment. Washington, D. C., Feb. 13.—Senator Beveridge, from the Senate Committee on Forest Reservations reported favorably the bill authorizing the establishment of a national reserve in the Appalachian Mountains within the States of Virginia, North Carolina, South Carolina, Georgia and Alabama.

DULL IN THE SENATE.

But Some Fire Resulted Over the Bill to Employ Counsel.

RALEIGH, Feb. 14.—The proceedings in the Senate were uninteresting today, save for a heated and purely political discussion of the House bill allowing the Governor to employ counsel to aid the Attorney General in defending the Democratic election officers of last year indicted in the Federal Courts. The bill passed the Senate, the Republicans and Populists voting no.

Genuine Coca Cola, hot or cold, served at McMorley's.

ONLY FUN.

There is no Reason For the Lynch- ing Near But Asheville.

Result of Compulsory Vaccination. Seaboard Officers May Move. Dispersary For Tobacco. Tax on Insurance Receipts.

RALEIGH, February 14.—Sensational center of business speaking yesterday about the thinking of a lynching of four men at Asheville, N. C. There is no lynching thought in serious circles. A lot of boys attempted to do so the other day.

Secretary Richard H. Lewis of the State Board of Health says compulsory vaccination in Caswell county has practically stamped out the small pox epidemic there, and that compulsory vaccination has been ordered in the section of Greene county in which there is an outbreak.

It was expected that this month the officers here of the Seaboard Air-Line would remove to Hamlet, but advisers are that the movement is postponed.

The new arrangement for awarding the public printing, that is by a special board, appear to give general satisfaction. The legislature was anxious to be rid of the institution.

The committee reports favorably a bill giving tobacco a dispensary. There is a great movement for a dispensary at Charlotte.

Representative Willard has introduced a bill making the tax on gross receipts of insurance companies 4 instead of 2 per cent.

Thus far 399 acts and resolutions of the legislature have been ratified. Three-fourths of the business which the legislators take up could readily be done by county clerks and the secretary of state, but the legislature goes on in the same old way, learning nothing by experience.

There are forty-two committees in the house. The committee work is much harder than that at the regular sittings of the legislature.

A RALEIGH FIRE.

De struction Of Hosiery Mill. Deficient Water Supply.

RALEIGH, Feb. 14.—At 12:30 o'clock this morning the Willardville hosiery mill here was burned, together with a lot of lumber and a car belonging to the Seaboard Air-Line. The value of the mill plant and stock therein was about \$25,000, on which there is about \$18,000 insurance. In ten days the plant would have been installed in a new building. Over 100 persons are thrown out of employment. The fire alarm failed to work and the water supply was unsatisfactory. The latter was the case almost a year ago, at the tobacco warehouse fire and another inquiry may result.

Like bad dollars, all counterfeiters of DeWitt's Witch Hazel Salve are worthless. The original quickly cures piles, sores and all skin diseases. F. S. Duffly & Co.

BAD IN KANSAS.

Wild Scenes at Wrecking of a Saloon in Winfield. One Woman Crusader. Shot Preacher Hits Property With an Axe.

WINFIELD, Kansas, Feb. 13.—A mob of 200 men and women, armed with axes, revolvers and shot guns, today totally demolished Schmidt's saloon, the finest in the city. Some one fired a dozen shots from a shot-gun through the front door that started a general onslaught with rocks and guns on the windows and doors. Emma Denny received a pistol ball in her face and was slightly hurt.

After driving the proprietors from the building through the rear door the mob rested having right and left. Cigar boxes, mirrors and pictures were smashed and those that could not be reached with axes were shot full of holes.

Rev. Charles Lowther prevented Charles Schmidt from entering the building with an axe, in fleeing a scalp wound. As he fell to the ground Henry Schmidt made a gun play in defence of his brother that nearly cost him his life. One of the crusaders, following up on the preacher's lack had taken an axe to strike Henry Schmidt when a companion wrested the weapon from his hands. For a time serious trouble seemed likely. The mayor called a special meeting of the council to plan means of quelling the disturbance.

Necley Trial in Havana.

HAVANA, Feb. 13.—The testimony already submitted on behalf of the government in the case against C. F. W. Necley, the alleged postoffice embezzler, covers more than 2,000 typewritten pages. This represents, however, only a portion of the whole evidence to be presented and witnesses are being examined daily.

There is always danger in using counterfeits of DeWitt's Witch Hazel Salve. The original is a safe and certain cure for piles. It is a soothing and healing salve for sores and all skin diseases. F. S. Duffly & Co.

REPUBLICANS TO REORGANIZE.

President McKinley's Plan to Change Federal Office Holders the Basis.

The A. L. C. second term of office. McKinley there would have a more complete Republican political organization. A. L. C. there is the basis.

The thinking of a change at Washington is the result of the fact that a year ago it was not clear that the office holders under the first McKinley administration were to be re-elected. It was not clear that the office holders were to be re-elected.

This is especially true of the Federal office holders in Eastern Carolina, who feel the wave of change, without being able to tell or give a reason for the least that possesses them.

Prominent Republicans in Eastern Carolina, men who often vote for Democrats locally and on the State ticket, but who are pronounced on National issues, and always vote for the Republican ticket, now declare that past Republican methods are to be abolished, and every encouragement and inducement is to be held out to the white voters to become Republicans.

In the change of Federal office holders the move to be made, say these Republicans, and President McKinley is to be shown a number of men, high socially and with marked ability, who should be given Federal offices.

As noted these men are not candidates for office, under the accepted term of office seekers.

They have voted the National Republican ticket in 1896 and 1900, but did so because they were opposed to Bryanism and the Democracy he represented.

Their candidacy will not be their own seeking, but their names are to be presented to the President and the Republican leaders in Washington, with the claim that the Republican party's interests will be largely advanced by giving them Federal positions, as with these men in office, it will make a new leadership, and secure a white following, which never can be done under the old leadership, which no respectable or leading white men would associate with in any political way.

Leading white Republicans in this section recognize and freely admit the weakness of their party in white men of ability, and the necessity of securing men who have character as business men and are men of ability in their profession.

The negro is not even considered as a voter. As an office holder, under the second McKinley administration, prominent Republicans say he will be left entirely out, nor is there a negro of prominence who believes his race will get a single office.

The Journal has been shown the names of prominent men of this section who will be presented to President McKinley for Federal appointments, and if the policy as outlined above is carried out there will be a great change in political lines in Eastern Carolina among the white voters.

The political slogan will be Protection and Expansion, and under such a cry there is expected to be gained a large and respectable following of the businessmen of Eastern Carolina.

New Bernians at Washington.

Raleigh Post. WASHINGTON, Feb. 12.—A delegation from New Bern is here composed of Mayer Hahn, George Green, C. D. Bradham and J. S. Bessight. They were about the capitol under the escort of Congressman Thomas. The delegation came here in the interest of the bill to reimburse St. John's Masonic Lodge of New Bern \$5,000 for use during the war. The bill has passed the House and the delegation was pleased to learn that while on their way here a favorable report had been made on it by the Senate Committee on claims. It will surely pass the Senate in a few days and become a law by March 1st at the latest. Mr. Thomas, who has done much hard work on this bill, is justly proud of his success. The delegation will return home tomorrow.

Volunteers Given Preference.

Washington, D. C., Feb. 14.—Senator Kyle has had an important conference with the President in reference to the policy of the Administration in making appointments under the Reorganization bill recently passed by Congress. The President's programme in regard to army appointments is that no appointment will be observed with regard to States, sections or population. The President said that preference would be given in making these appointments to volunteers who are now serving in the Philippines, who want commissions, and who are qualified otherwise for the duties of lieutenant.

Troops At The Inauguration.

Washington, D. C., Feb. 14.—Lieutenant General Miles has completed arrangements for the participation of United States troops in the Inaugural parade, and the necessary orders were issued today. All the available regulars in this vicinity, number 1000, will be in line. It is also proposed to have one battalion of Porto Rican native troops in the parade, provided it can be done without great expense. The cadets at West Point and Annapolis also will be here.

Cuticura

REMEDIES THE SET 1.25

Consisting of CUTICURA SOAP, to cleanse the skin, CUTICURA OINTMENT, to heal the skin, and CUTICURA RESOLVENT, to cool the blood, is often sufficient to cure the most torturing, disfiguring skin, scalp, and blood humors, rashes, itchings, and irritations, with loss of hair, when the best physicians, and all other remedies fail.

Millions of Women Use Cuticura Soap

Assisted by CUTICURA OINTMENT, for preserving, purifying and beautifying the skin, for cleansing the scalp of crusts, scales and dandruff and the stopping of falling hair, for softening, whitening and soothing red, rough and sore hands, in the form of baths for annoying irritations, inflammations and chaffings, or too free or offensive perspiration, in the form of washes for ulcerative weaknesses, and for nearly sensitive antiseptic purposes which readily suggest themselves to women, and especially mothers, and for all the purposes of the toilet, bath and nursery. No amount of persuasion can induce those who have once used it to use any other, especially for preserving and purifying the skin, scalp, and hair of infants and children. CUTICURA SOAP combines delicate emollient properties derived from CURTIVA, the great skin cure, with the purest of cleansing ingredients and the most refreshing of flower odors. No other medicated soap ever compounded is to be compared with it for preserving, purifying and beautifying the skin, scalp, hair, and hands. No other foreign or domestic toilet soap, however expensive, is to be compared with it for all the purposes of the toilet, bath and nursery. Thus it combines in ONE SOAP, at ONE PRICE, twenty-five cents, the BEST skin and complexion soap and the BEST toilet and baby soap in the world. Sold throughout the world.

EXCITING SCENES.

The Impeachment Resolution Introduced in the House.

Connor Introduces His Substitute. Allen Supports Impeachment. Stubbs Opposes and is Loudly Applauded. Interest is Very Great.

Special to Journal.

RALEIGH, Feb. 14.—All the interest at the capitol today centered in the proceedings of the House. A resolution was introduced directing the Attorney General to proceed against W. H. Worth, Ex-State Treasurer, for \$800, which he paid Shell Fish Commissioner White upon a mandamus by the Supreme Court after an act had been passed designed expressly to head off the Supreme Court in this matter.

It is this case which brought about the movement for the impeachment of Judges Furches and Douglas.

Evils, Republican, one of the members of the Judiciary Committee, sent forward the minority report.

He said that there was nothing in the evidence or in the law relating thereto which justified any resolution either of impeachment or censure and recommending that no action be taken in the whole matter.

Connor, Democrat, one of the sub-committee of five of the Judiciary Committee, offered a substitute for the resolution of the committee. The substitute simply said that the Supreme Court assumed authority or power not conferred by the constitution and laws of North Carolina but which were in derogation thereof.

Allen of Wayne, Chairman of the Judiciary Committee, offered the following for the majority:

"That said Judges David M. Furches, formerly Assistant Justice, and Robert M. Douglas, Associate Justice, of the Supreme Court of North Carolina, be impeached for high crimes and misdemeanors of office."

Several hours of speaking followed the introduction of the resolution. Allen led in the support of his resolution. Stubbs of Martin, Democrat, spoke for an hour against impeaching and was loudly applauded by the people who crowded the lobby and the galleries. Grisham of Granville, Democrat spoke in favor of impeachment.

Persons who can not take ordinary pills find it a pleasure to take DeWitt's Little Early Risers. They are the best little pills ever made. F. S. Duffly & Co.

TIMBER TRESPASS.

Bill Amended in the Senate. Practical Farmer Bill Passed.

Special to Journal.

RALEIGH, Feb. 13.—A long discussion ensued in the Senate today upon the bill amending the law in regard to trespassing on timber lands. The Committee offered a substitute on Senator Ward's bill and the substitute was adopted by the Senate.

The bill requiring only practical farmers to be eligible to election in the Board of Agriculture was passed.

Three Prisoners Recaptured.

Special to Journal.

RALEIGH, Feb. 13.—Three of the prisoners who cut their way out of Durham jail have been recaptured.

MANY PENSION BILLS.

One Thousand Before The Legislature. Boards of Applications.

Special to Journal.

RALEIGH, Feb. 13.—There are about 1000 special pension bills before the legislature today. A number of them are for increase of pension save one to give soldiers pensions who under the general law are not entitled to them and some one without merit at all. Such is the comment made by officials. There is a county pension board, of veterans, in each county, which passes on applications, and sends them up to the State Board. There is a disposition evidently on the part of some legislators to ignore these county boards. This has been the case for several years, and officials say it is unfortunate.

Seaboard Will Pay Overcharges.

Special to Journal.

RALEIGH, February 14.—The corporation commission having won both suits, in the State and Federal Courts, involving fertilizer freight rates on the Seaboard Air-Line, the latter company will in a few days pay into the State Treasury about \$4,000 overcharges and this commission will refund to shippers. This ends a long fight and a notable case.

One Hundred Years Hence.

WASHINGTON, D. C. Feb. 12.—An illustrated official programme will be a unique feature of the coming inauguration. Among a number of interesting articles which will be included will be an account of the inauguration of the year 2001, at which time the author assumes the United States will have acquired the whole of the Western Hemisphere.

It is assumed that the President, a Montreal man, will have 40 Cabinet members to appoint, that the Senate will consist of 890 members and the House 810, and that Washington on that day will entertain 3,000,000 visitors, most of whom will view the inaugural parade from air-ships.
