Simple Dinner Gowns. The excessive simplicity of many of the dinner gowns has been much critielsed, but especially for young women the fashbar is such a dainty one that its popularity is assured for some three. A charming gown of this description is a very sheer empe made over white satin, with two flounces trimmed with face and insertion. The waist is of lace and insertion, with puffings of the crape around the top of the waist. A belt and sash of paner velvet in pale yellow is the only trim rating on the gown. A simple gown but an exceedingly expensive one, made of face and not, with bands of spring folds; on the underskirt. The waist is tucked and has a deep bertlar of twee so long that it books like a bolero juriet. With this gown is worn a black chillion belt and sash, the only touch of contrast out a most effective one.-Harper's Bazar.

But, my dear man, I protested, 4 just bought some eights with them at a sleep not low yards from your door. 'Ah, but that was on the other sale of the street, senor,' he replied. That is not our department? I willied and gave him a good United

States dotter. "To bridge over the 'change' difficulty a tunnifer of the stores get out small metal tokens about the size of baggage cheeks and stamped with the firm name and the denomination at which they are issued. They are redeemable over the counter as long as the store lasts and are really the most trustworthy currency in the country. One German storekeeper has varied the programme slightly by printing small paper notes. The uses mantla paper and strikes them off on a ramstackle hand press in a back room, so, needless to say, they are not very beautiful to look at, but each of them bears his signature, and they pass anywhere at par. It's a great country to live in. Any man with a stock of merchandise can run a private treasury department as an annex."-New Orleans Times Democrat.

Longevity In England,

"The following facts consequent upon a wager made by me a year ago may interest some of your renders. The wager was that I should find recorded in your obstrary columns for the year 1900 a daily average of five deaths of persons who had attained the words 1,560 for the year, I find 1,882 Instead of 1,500, an average rather excerebras six instead of five. The proportion of these deaths to the total number of deaths advertised is some what between a tifth and a sixth. The ensel Meath tally occurred in the early months of the year namely, January to Max. By far the most fatal month was Lampary Strange to say, the June and July totals exceed these of Describer, thus apparently adding an other and to the coffin of the new discredited adage that a green vale makes a far chiechtand." Letter in Lendon

Good Shots. The British and Boers at Picters hill were crouding behind bowlders scat tered over a wide surface. The moment a man on either side emerged from his cover he was at once the tar get of the enemy's bullets. A Boer, partly, it seemed, in brayado, made a sudden sails to John a neighbor. At Englishman, who had long watched the rock and was becoming sick with hope deferred, took aim and brought the during one down. So delighted was he with his luck that he threw himself an his back behind the shallow In the senate, some one suggested that | sheller of his backler and kicked his heels into the nir.
