VOLUME XXIV.

NEW BERN, CRAVEN COUNTY, N. C., FRIDAY, APRIL 26 1902.—SECOND SECTION.

NUMBER 11

MEARES--ADDICKES.

A Fashionable Wedding at Raleigh Yesterday Evening.

Ceremony held at Christ Church, Centreville, Raleigh, with a crown in the altar. States names of Attendants.

Richmond vs Wilmington. Special to Journal. Wilmington, April 24.—The game of ball here today resulted in a victory for Richmond 2.

Rain Prevents Game. Special to Journal. Norfolk, April 24.—There was no game of base ball here today on account of rain.

To Control A. & M. College. Special to Journal. Raleigh, April 24.—Governor Aycock today appointed the following "Board of Visitors" which in conjunction with the state board of agriculture will have control and management of the Agricultural and Mechanical College.

A Stitch in His Heart. St. Louis, April 22.—Phillip Gunn, was stabbed in the heart a week ago, died at the City Hospital today. Three stitches were put in Gunn's heart. Salt water replaced the lost blood, and heart stimulants kept the man alive until today.

Corner in May Corn. Chicago, Ill., April 23.—George Phillips has begun to "squeeze" the men who sell him May corn, and who have no corn to deliver. Preliminary to this operation he arranged to accept all the contract stock of corn in Chicago—about 3,000,000 bushels.

Buffalo's Opening Postponed. Buffalo, N. Y., April 22.—Because of the flood formal exercises planned for dedication day of the Pan American Exposition have been put forward until May 29. The gates will be open in a quiet way on May 1, but the grand celebration will be absent. The rain has worked ruin at the grounds, and booths and exhibits are badly damaged.

Cotton Acreage in Texas. Houston, Tex., April 24.—The Post will tomorrow issue a report on the cotton acreage in Texas. It shows that the planting season is fully three weeks late and much replanting is to be done because of the weather. There will be an increased acreage. Much land sown to gain will be plowed up and put in cotton in the northern portion of the State. Only a small proportion of the crop is above ground and the stand is not good.

From Chicago to Europe. Chicago, April 24.—With a cargo of agricultural implements, packing house products and miscellaneous manufactures, the steamer Northwestern drew out of Chicago river today and headed for Europe.

Baseball at Raleigh. Special to Journal. Raleigh, April 25.—Baseball here today, Raleigh 10, Richmond 1.

The Game at Wilmington. Special to Journal. Wilmington, April 25.—In the game of baseball here today, Wilmington defeated Portsmouth by a score of 8 to 3.

Base Ball at Raleigh. Special to Journal. Raleigh, April 24.—The game of base ball here today resulted as follows: Portsmouth 6, Raleigh 2. The game was protested by Raleigh on account of the decisions made by umpire Davis.

CASTORIA For Infants and Children. The Kind You Have Always Bought. Bears the Signature of J. C. Watson.

FROST AT RALEIGH.

Dammit! N. Y., April 24.—The weather here this morning, and the low temperature, has caused the farmers to be nearly the worst of the season. It is a heavy frost.

Richmond vs Wilmington.

Special to Journal. Wilmington, April 24.—The game of ball here today resulted in a victory for Richmond 2.

Rain Prevents Game.

Special to Journal. Norfolk, April 24.—There was no game of base ball here today on account of rain.

To Control A. & M. College.

Special to Journal. Raleigh, April 24.—Governor Aycock today appointed the following "Board of Visitors" which in conjunction with the state board of agriculture will have control and management of the Agricultural and Mechanical College.

Charles W. Gold, Wilson, W. J. DeLoe, Raleigh, R. L. Smith, Stanly County, J. B. Stokes, Windsor, W. S. Phillips, Raleigh, D. A. Toopkins, Charlotte, Matt Moore, Kernville, W. H. Ruzon, High Point, Frank Wood, Edenton, David Clark, Charlotte, J. Evans Ryan, Macon County.

Skin troubles, cuts, burns, scalds and chafing quickly healed by the use of DeWitt's Witch Hazel Salve. It is guaranteed. Be sure you get DeWitt's. F. S. Duffy & Co.

Labor Union Talk.

Raleigh, April 25.—It is said by the cotton mill men hereabouts that there are as yet no signs of any labor trouble. Of course they do not know to what extent there is union organization here. The union work is all secret. The labor agitator who was here the other day from Danville said in the course of his speech that textile operators were appressed in this State. An explicit denial was made of this by an operative here. The labor agitator said while here that the union intended to force the 15-hour day in every mill.

Money Due the State.

Raleigh, April 25.—It is found that the estate of the late P. H. Lybrook, paymaster general of this State, is due the State \$1600. Notice of this is sent to the administrator and a check will no doubt be sent in a few days. Lybrook's bonds cannot be found in any of the departments here. It is known to the State. He was appointed by Gov. Russell. He died a few months ago.

You cannot enjoy perfect health, racy cheeks and sparkling eyes if your liver is sluggish and your bowels clogged. DeWitt's Little Early Rise cleanses the whole system. They never gripe. F. S. Duffy & Co.

Rain Prevents Game.

Special to Journal. Newbern News, Va., April 25.—There was no game with Norfolk here today on account of rain.

A Raleigh Fox Hunt.

Raleigh, April 25.—The businessmen of Raleigh had a lively fox chase this morning and by 9 o'clock returned with the fox. There were 25 horsemen. The fox gave them a twelve miles run.

High Water at Cincinnati.

Cincinnati, April 24.—At 6 o'clock tonight the stage of the Ohio here was 57.5 feet, but since 4 p. m., the rate of rising was reduced from 4 inch an hour to almost 4 inch an hour. The stage at 6 o'clock is 7.7 feet above the danger line and the rate of rising is gradually decreasing. The flood here will exceed the predicted limit of 58 feet.

The Corn King.

Chicago, April 24.—Shorts in corn experienced another exciting day as the result of George H. Phillips' efforts to advance the price of the cereal, and some of them were forced to pay as high as 44 cents a bushel for the privilege of covering their May contract. The above price is the highest at which May corn has sold so far on the crop.

The trade is now inclined to regard 50-cent corn as a certainty. Shorts are becoming nervous as the time for deliveries approaches, and there is less disposition on the part of local speculators to antagonize Mr. Phillips, whose leadership in the market is now regarded as a premise.

According to well-posted traders, Mr. Phillips is selling out his May holding to the shorts on his own terms.

WHEN TRAVELING.

Whether on pleasure bent or business, take on every trip a bottle of Brylcreem. It acts most pleasantly and effectively on the kidneys, liver, and bowels, preventing fevers, headaches, and other forms of sickness. For sale in 50-cent bottles by all leading druggists. Manufactured by the California Fig Syrup Co. only.

NOT SATISFACTORY.

Finch's Option on Swamp Lands Being Looked Into.

Towns Required to Furnish Figures. Free Libraries Wanted. Auditorium Matter. Arrangement of Farms. Plaintiffs.

Raleigh, April 24.—K. S. Finch of Charlotte holds the option on the State's swamp lands. In all cases 3 counties. His option is at the rate of 30 cents an acre and is so worded as really to make him State agent for the sale of these lands. His option was renewed a little while before Gov. Russell retired from office. It is far from satisfactory to the present administration. In fact the question arises whether it is legal. It is said the price for the lands is not enough. For a lake for example he asked \$2 an acre. The State would get only the 50 cents. The whole matter is now up for consideration, and a sale of lands made by Finch is not ratified.

The State Auditor calls on the clerks of all incorporated towns for exact information as to their financial status, debts, bonds issued, etc.

Thus far some 300 requests for State free libraries at public schools have been received by the superintendent of public instruction.

The Supreme Court will call the appeals at the end of the docket by Friday certainly.

It really appears now that property which adjoins the Academy of Music will have to be bought and also the Academy, and the latter enlarged so as to be both theatre and auditorium. It is really the best thing to be done and what is better it will pay. Raleigh needs a good theatre. The Academy is now owned jointly by the Methodist Episcopal and a Raleigh lady.

E. B. Arendell, who under the D. administration was purchasing agent for the penitentiary, is very sick at his home here.

This year only 120 acres have been planted at the penitentiary farm near Washboro, known as the Anson farm. There are 3,000 acres in the farm, of which the penitentiary cleared some 2,800. It is asserted that with good management the farm could be made to pay.

Filipinos Continue to Surrender.

Manila, April 21.—One hundred and fifteen officers and 2,172 bolomen have surrendered and sworn allegiance to the United States at Narvacan, province of South Luzon. The Americans are active throughout the archipelago, accelerating surrenders.

An Educational Exhibit.

Raleigh, April 25.—It is expected that the schools of the State will make at the next State Fair here the greatest educational exhibit North Carolina has ever seen. This will be an added evidence of the very remarkable increase of public interest in education.

TRENTON.

Personals From Jones County. Fire at Lumber Camp. Surveyors at Work. A Pleasant Concert. Town Election.

Trenton, N. C., April 23.—Rev. Mr. Johnston of Kinston held a protracted meeting at the Disciple church last week.

Mr. W. M. Coble is very sick. A young visitor came into the home of Mr. C. P. Perry last week, "a fine baby boy."

Messrs. J. P. Brogden, F. P. Koomer, C. C. Henderson, L. Taylor, W. H. Cox, C. A. Rhodes, made a trip to New Bern, Sunday April 14th, and returned Monday.

The farmers are hauling a good deal of fertilizer for cotton and tobacco. Mrs. S. E. Brown and Miss Ora Crelle went to New Bern last Thursday.

Mr. B. Smith had a destructive fire at the Lumber Co. camp last week, all of the staves, and some of the camps were burned, and came very near getting the commissary.

Mr. F. Brock made a flying trip to New Bern last Friday. Miss Stella Cox, and Beva McDanel who have been visiting in New Bern returned Monday.

Miss Beale Whitaker went to Kinston Thursday representing Trenton Bright Jewel Society.

Mr. R. L. McDaniel who was married a few days ago, went to New Bern last Tuesday to prepare for house keeping.

The Government surveyors are camping on the Court house square taking in Jones county. Miss Ida Harget of Pollockville is visiting Mrs. J. C. McDanel.

Miss Sarah Brimmer the music teacher of Trenton high school, gave a musical concert Monday night, 15th April. It was highly appreciated by the people of Trenton.

Miss Nettie Hardy, the belle of Institute is visiting Miss Rena Haywood. The town meeting of election was held here last Monday night. A new set of officers were nominated, which we think are fully competent, and if elected will discharge the duties of their respective offices in an honorable way. Mr. Higgins Pollock's baby died Monday 15th April.

VANCEBORO.

Death of Mrs. Butler. Lost in the Swamp. Pass on to First Town.

Vanceboro, April 24.—M. J. Taylor, of Vanceboro, has been elected to the office of Justice of the Peace for the year 1902.

Mr. J. M. Tucker of Jacksonville was postmaster of this place for several years, and his son Mr. John M. Tucker passed through our town Thursday last.

We learn that some one, while crossing Clayroot swamp near here, on the night of April 19th, lost their way, and while scrambling around, lost their life also. It was bad, and the water we know was cold, but such incidents, and how they work a new lot.

Mrs. Susie Butler, one of our oldest and best Christian ladies, died at her home near here Monday morning, April 22nd. We extend sympathy to the bereaved family.

DOVER.

Making Ready at the High School. Location for a Physician. Mr. Harper Some Better. At Beech Grove.

Dover, April 23.—Mr. L. G. Ferrell spent yesterday in Cross section looking after his farming interest.

Miss Annie Waters is spending a few days in town visiting friends and relatives.

Mr. Levester Davis, a pupil in the Dover High School, spent Sunday at his home.

The pupils in the Dover High School are kept very busy nowadays keeping up with their recitations and preparing for commencement. This has been the most successful year of the school's existence.

It seems to us this would be a good place for a physician to locate. While we have but little sickness in this immediate section still there is a large territory through this section one could work and build up a nice practice.

We hear that Mr. Ludy Harper is slightly improved though his condition is very serious yet. He has the pneumonia and hemorrhagic fever. Dr. Egan has been attending him.

An investigation by four of our magistrates in the reported rape case resulted in the acquittal of the accused.

The writer had the pleasure of visiting Beech Grove section Saturday. It being a quarterly meeting occasion. Dr. Swindell preached a splendid sermon as he usually does. We enjoyed our short stay among those people very much and only wish it could have been longer.

T. H. Harshorn says Beech Grove section is the garden spot of Craven county and if he will except Dover we would have to agree with him.

REELSBORO.

Frost Has Hurt the Fruit. Base Ball and a May Sail. Meeting at Olympia.

Reelsboro, April 25.—The farmers are somewhat behind in their work on account of the many heavy rains. We fear the fruit crop will be a failure on account of the frequent visits of Jack Frost.

Mrs. J. F. Brinson of Morehead City has been in town this week visiting relatives and friends.

Miss Minnie Barrington and Mrs. Ed Waters made a flying trip to New Bern Wednesday.

Miss Sallie Spring of Beaufort is in town visiting friends and is the guest of Miss Lena Dickinson.

We think, from all appearance, that the wedding bells will ring soon, for Mr. Joe Reel is having his house completed. Success to Joseph.

The New Hope Sunday School is going to give a May sail. We hope all will have a good time.

The Reelsboro base ball team will organize soon and will be ready to give and accept challenges. We wish them the same success as last year. Push boys.

A good many of our young people are attending the protracted meeting at Olympia this week, conducted by Rev. Jenkins of the M. E. Church. We hope to have him with us next week.

ZORAH.

Some Farmers Replanting Cotton Crop. Church Appointment.

Zorah, April 24.—The weather continues cold and disagreeable. We had a frost last night with temperature this morning 34.

Some farmers have plowed up corn and planted again. Others, we fear, will have to do the same. Cotton planting and preparation for same are in progress this week. Some, however, planted last week. Mrs. V. A. Thomas, who was stricken with paralysis some months ago, was relieved of her suffering on the 16 inst. Her remains were interred in the family burying ground near here. Funeral services at the grave by Elder Jesse Bennett.

Miss Mary Whitford has returned from Ghed, where she has been spending a few weeks. Rev. Mr. G. T. Tyson preached at Friendship Sunday night. He left another appointment for next third Sunday at 4 o'clock p. m.

SHIPPING LOGS.

The "Snook" Brought on Board the Legislative "Blue Bird."

Law Mail. The "Blue Bird" State. Great Wall of New Bern. At Dover. For...
