Special Building for School of Observation at State Normal.

Wake Forest College Interest. Parmers Clearing Crops. Base Ball Cranks Enthused. Friction in Pire Department.

RALEIGH. June 8 .- The board of trustees of the State Normal and Industrial cost not to exceed \$15,000. The building pointed to prepare a programme for that now used for this purpose will be converted into a dormitory and this will ive room for about 75 more students, ringing the number up to nearly 500. If room were provided the number could saily be brought up to 1000.

The executive committee of the board of trustees of Wake Forest College, in with a bad sore on his face. Physicians structor in the gymnasium, making his Hazel Salve cured him permanently. F. also went. salary \$1000. He is also an instructor s. Duffy & Co. in pedagogy. A committee composed of William Bailey, Cary Hunter and Wesley N. Jones was created, to make recommendations for the immediate establishment of a medical school. It is the plan to have this in operation this year. H. C. Dockery, George Norwood and J. C. Caddell were appointed a committee to arrange for the complete electric lighting of the buildings and grounds, so the plant will be ready by the beginning of the next term.

This week an immense amount of work has been done by farmers in the cleaning of crops. Where there was hard work and a supply of labor the result is almost wonderful but in not a the mastery.

The State board of education may meet next week to elect the 3 public examiners. Some persons have an idea that the Governor appoints these. This is an error.

Gen. Toon, State superintendent of instruction went to Winston yesterday to see some special work being done at the State Normal school, colored. teacher from New York is there, instructing 40 teachers in normal work and also in industrial work. Using the sorts of salable articles afe made.

Gen. Toon today received a report on the work of the negro State Normal school at Elizabeth City which greatly gratified him. He says it shows faithful and useful work

elasm was never so great as yesterday. There were 1.500 people on the grounds. Arrivals-A. B. Mason, O. H. Page,
