NUMBER 18

RALEIGH.

Gold Brick Swindlers at Greensboro Get Sentences.

Cameron Cotton Mill and Vade Mecum Springs Co. Chartered. Savings Bank For Charlotte. S. A. L. Strikers. Base Ball.

RALEIGH, June 12.—Six of the strike ing S. A. L. machinists have gone to get work elsewhere, two to Wilmington and four to the Cumcock coal mine. An agent of this mine came here, saying men were needed at the engines which pump the water from the mine.

F. J. Haywood, Jr., of Raleigh, who has been in a Wilmington bank goes to Charlotte to establish a savings bank. Charlotte has no bank of that kind and is yet regarded as the best point for one in the State.

There may be three changes in the Raleigh base ball team in a few days. Stronger batters are needed. It is strange but true that Wilmington beats Raleigh while the latter easily defeats Newport News which is a terror to Wilmington.

The State chartered the Vade Mecum Springs Co., capital \$120,000, with leave to begin work when \$30,000 is paid up. This amount is paid up by J. C. Tice and others of Winston-Salem and John H. Sparks of Norfolk each of whom takes 10 shares. The company will develop the Vade Mecum Spring in Stokes county.

T. K. Bruner, Secretary to the board of agriculture, went to Tarboro today to take large special photographs of growing crops on the soil test farm near there.

Among the callers at the office of the State Superintendent of public instruction was Mrs. Wiley of Salisbury, the widow of Calvin H. Wiley, the first Superintendent the State ever had.

The corporation commission today issued a pamphlet giving all the railway stations in the State, with the distances between them.

The directors of the Institution for the blind here have completed the selection of the faculty, by electing J. A. Allen of Boston, board instructor, and Miss Annie Newton of Greenfield, Mass., instructor in "Shorthand."

A special effort is being made to obtain the old rate of a cent a mile for the encumbrance of the State Guard next month. Formerly there was no trouble in getting the rate.

Two of the three gold brick swindlers convicted of conspiracy to swindle Paul Garrett of Greensboro get 10 years each, and the third gets 7 years. They all appeal to the Supreme Court. The feeling against these men has always been strong. There was the first gold brick swindle ever attempted in this State, so far as known. The capture was a great piece of work and the sentences which are the limit, give general satisfaction. There are warrants from two other States for these swindlers.

The State chartered the Cameron Cotton Mill, at Cameron, capital \$500,000, John W. Scott and two others being the stock holders.

The commissioner of agriculture is at Patterson, Caldwell county looking after affairs on his farm, which suffered severely from the great floods.

THE MODERN BEAUTY

Thrives on good food and sunshine, with plenty of exercise in the open air. Her form glows with health and her face blooms with its beauty. If her system needs the cleansing action of a laxative remedy, she uses the gentle and pleasant Syrup of Figs, made by the California Fig Syrup Co. only.

McKinley Against Third Term.

WASHINGTON, June 11.—President McKinley today announced that he would not accept nomination for a third term in the following statement:

"I regret that the suggestion of a third term has been made. I doubt whether I am called upon to give it notice. But there are now questions of the gravest importance before the administration and the country and their just consideration should not be prejudiced in the public mind by even the suspicion of the thought of a third term.

"In view, therefore, of the reiteration of the suggestion of it I will say now, once for all, expressing a long settled conviction, that I not only am not and will not be a candidate for a third term, but would not accept a nomination for it if it were tendered me.

"My only ambition is to serve through my second term to the acceptance of my countrymen, whose generous confidence I so deeply appreciate, and then with them do my duty in the ranks of private citizenship.

"WILLIAM MCKINLEY

"Executive Mansion, Washington, D. C., June 10, 1901."

President McKinley's official announcement this morning disposing of the third term idea suggested by some of his admirers, created no great surprise among his friends who have known of his deep convictions on the subject.

WITH NEW QUESTIONS.

First Part of Alabama's New Constitution Adopted.

MONTGOMERY, Ala., June 11.—The first part of the new constitution was adopted today by the constitutional convention. The office of lieutenant governor was created and the Governor's salary raised from \$8,000 to \$5,000. The terms of the executive officers were lengthened from two to four years, but they are ineligible for reelection. The Governor cannot become a candidate for United States Senator within one year of the expiration of his term.

The most sweeping suffrage scheme yet brought forward was introduced today by Mr. Burns, of Burnsville. It provides that the following classes shall not vote:

Those who are bastards or loafers, or who may be infected with any loathsome disease.

"Those who have been convicted of treason, bribery, forgery, larceny, robbery, bigamy, seduction, incest, murder, rape, or attempt to rape, arson or burglary.

"Those who are descendants of two or more different races, those who shall have married any woman having a living husband, from whom she has not been legally divorced; those who have committed any assault and battery on his wife or step-daughter."

This law destroys 90 per cent. of the negro vote, and the ex-slaves who are not debarrd will be less than 5 per cent.

Shell Fish Commissioner's Claims

Special to Journal.

RALEIGH, June 12.—State Senator H. L. Ward, of Plymouth, and Representatives Thomas W. Blount of Roper, and B. B. Nicholson of Washington, are here to pass upon claims filed by ex-Shell Fish Commissioner Theophilus White, on account of oyster patrol, aggregating nearly six thousand dollars which were held up by the State Auditor.

Woodmen in Session.

ST. PAUL, Minn., June 11.—The twelfth biennial camp of the Modern Woodmen of America met here today. Reports of local officers show a net gain of 211,380 in members since the meeting of two years ago, carrying total insurance of \$348,500,000. Receipts of the society from all sources during the two years aggregated \$8,635,930.68.

A Sultan Assassinated.

TRIPOLI, June 11.—Sultan Ibrahim, of the Province Wadli in the Soudan has been assassinated.

Spring Wheat Report.

WASHINGTON, June 12.—Preliminary reports of the spring wheat average indicate a reduction of about 1,200,000 acres or about 6.4 per cent. The average condition of spring wheat on June 1 was 92.9 as compared with 87.3 at the corresponding date last year.

The average condition of winter wheat declined during May 6.3 points, the condition on June 1 being 87.8 as against 91.1 on May 1. The principal averages by States are as follows:

Maryland, 100; Virginia, 98; Pennsylvania, 96; California, 92; Ohio, and Indiana, 90; Tennessee, 88; Kansas, 87; Missouri, Illinois and Oklahoma, 85; Michigan, 84 and Texas, 83. The low condition in Texas is due to drought and the ravages of the wheat plant hoppers.

Notorious Desperado Captured.

MIDDLETOWN, Ky., June 9.—Louis Myers, alias Williams, a notorious moon shiner and desperado, has been captured here. He is charged with the murder of two women in Virginia, three men in North Carolina, including a United States marshal, one in South Carolina and the sheriff of United county, Tenn.

Raiders from the Northern Wood

are in Frye-Bainan, the certain cure for coughs

Strike Situation Critical.

NEWSPAPER NEWS, Va., June 12.—The situation in Newport News has reached a critical stage. In addition to the striking machinists about 500 in number, 200 skilled men from the electrical plumbing and pipefitting departments were laid off yesterday. Today 150 more chiefly laborers were laid off. In each case action was due to the interference in the progress of the work of the departments by the strikers. It is stated that men in other departments will be laid off as rapidly as they finish their work ahead of the machinists and can do no more without aid of the machine shops. At the present rate the yard will close down in a week or ten days, unless there is a change.

Americans Beat British Marksman.

LONDON, June 12.—The international clay bird trap shooting match which began yesterday on the grounds of the Middlesex Gun Club, Hendon, was resumed under entirely different weather conditions today. Rain with varying winds, fell during the early afternoon, making shooting extremely difficult. The match closed for the day in a driving rain with the following totals. Americans 207; British 794.

JACOB'S Raleigh Eye Whiskey is the best. Middle street.

AFTER NOVA SCOTIA.

New York Capitalists Would Control Commercial and Other Interests

New York, June 12.—The Mail and Express says:

"Capitalists of this city are reaching out to control the commercial and industrial interests of Nova Scotia. The Vanderbilt millions are behind a gigantic financial scheme which has been incorporated under the name of the Dominion Securities Company, with a capital of \$1,500,000.

Dr. W. Seward Webb has been made president of the company, and the directors are John Jacob Astor, S. H. Calhoun, Edgar Van Etten and Percy Clemonson.

Representatives of the company are already on the scene of the proposed operations and the first stretch of tracks of the Cape Breton Railroad Extension Company is being laid.

Within four years 600 miles of track will connect Cape Breton with the best mining sections of the country.

VISITING PHILADELPHIA.

A Royal Welcome Extended to the Southern Visitors.

PHILADELPHIA, Pa., June 11.—The Southern Industrial convention opened on schedule time today. Striking addresses of welcome were delivered by Governor Stone and Mayor Asbridge, and responses made by President Hargrove and Governor Landon, of Mississippi. The speeches abounded with fraternal sentiment and evoked much applause.

The afternoon excursion on the bay was full of interest. All the boats and ships in the harbor were profusely decorated. The din of salutes reminded one of the chorus sent up by the boats in Norfolk harbor on New Year's eve. The batteries along the shore spoke a welcome and the cordial reception calls for the warmest praise from the delegates.

Mrs. L. L. Polk, Dead.

Special to Journal.

RALEIGH, June 12.—Mrs. L. L. Polk, widow of the late L. L. Polk, first President of the National Farmers Alliance, died at her home here, this afternoon, of paralysis.

The stomach of man is subject to a dozen such common but painful affections as cramps, cholera morbus, and dysentery, that, by neglect, may become chronic and dangerous. The best, handiest, and quickest remedy is PAIN-KILLER, a medicine which has been tried for more than half a century and never failed to give relief. Avoid substitutes, there is but one Pain-Killer. Price 25c, and 50c.

To Be Settled Saturday.

Special to Journal.

WASHINGTON, June 13.—It seems now certain that the Chinese indemnity question will be settled next Saturday.

The powers decide to continue to keep troops in China.

Strikes Delay Warships.

WASHINGTON, June 12.—Practically every private shipyard having Government contracts for the construction of warships is feeling the strike of machinists, and at several of the leading concerns all work has ceased in the mechanical departments on both private and public contracts.

No penalties can be imposed for failure to complete vessels within contract time, owing to a provision in all agreements relieving firms from such imposition when strikes interfere with work. The effect, however, will be to cause some question as to the advisability of making further appropriations for an increase of the navy until the large program now in course of construction has been completed or well toward completion.

A surgical operation is not necessary to cure piles. DeWitt's Witch Hazel Salve cures all that expense and never fails. Beware of counterfeits. F. S. Duffy & Co.

Virginians Opened Eyes at Buffalo.

BUFFALO, N. Y., June 12.—The data from the Virginia Polytechnic Institute left for home tonight. The drifts of the Virginians have attracted much attention during their stay, and their exhibition of the manual has called for the expressions of astonishment from the old military men on the grounds.

Besieged By Needy Britons.

LONDON, June 12.—Prior to his departure from London for Liverpool today, where he embarked on the White Star steamer Oceanic, bound for New York, Morris K. Jeap, president of the Chamber of Commerce, was interviewed by the Westminster Gazette.

Mr. Jeap expressed delight at the reception of the delegation from the New York Chamber of Commerce and said the only thing which caused any inconvenience arose from describing them as "millionaires." With the exception of Messrs. Carnegie and Morgan, he declared it was doubtful if there was a single millionaire in the delegation. As a result of this misrepresentation, Mr. Jeap said, the representatives of the New York Chamber of Commerce were snubbed under by begging letters and callers desirous of filling British pockets with American dollars.

RALEIGH.

Removal of Old Arsenal From Capital Square.

General Cox Honored. Church Dedication to Hospital. State Charter. Base Ball. Impachment Trial. Report.

RALEIGH, June 13.—Col. W. B. Rodman of Washington, commanding the 2nd regiment, State Guard, is here. He says he will take a fine regiment to camp. He says northeastern North Carolina is yet suffering greatly from excessive rains, which prevailed last week and this week.

Gen. W. R. Cox, president of the State Fair, is here on business concerning that. He had a letter today from the Association which has in charge Fort Stevens national military park, in the environs of Washington, D. C., and is made a member of the association, which is to mark the further advance of the Confederates upon Washington. Gen. Cox said this was because his brigade went nearer than any other troops in the assault upon Fort Stevens.

The manager of the Wilmington base ball team says he feels sure that team has the pennant. Ten straight games were played here, ending yesterday, Raleigh won four of them yet playing great ball all the while.

Edenton Street M. E. Church here gives \$100 purse to the Methodist hospital here. It had already given four or five times that amount.

The State chartered the W. T. Mason Lumber Company, of Whitler, Jackson county, capital \$50,000, W. T. Mason of Asheville and E. H. Hale of Indianapolis being the principal stockholders.

The legislative committee which is here to pass upon the claims filed by the late Fusion oyster inspector, Theophilus White, which claims were turned down by the new Democratic administration, got at work today. The committee said the claims approximated about \$5,000, but the State Auditor says those filed in his office amount to only \$1,300.

It is said at the office of the Secretary of State that the impeachment trial in the case of Judges Furches and Douglas will probably be in print August 1. There are many enquiries for the report.

Governor Aycock and the Council of State are yet at work on the matter of removing the arsenal from the Capital Square. A proposition is made to remove it for the material, but the man who makes the proposal does not wish to put down curbing and turf on the site.

Nine young ladies wrote up yesterday's base ball game for a local paper, each describing an inning. The work was very cleverly done and is a new feature in this line of reporting.

Eczema, salt-rheum, tetter, chafing, itchy poisoning and all skin troubles are quickly cured by DeWitt's Witch Hazel Salve. The certain pile cure. F. S. Duffy & Co.

Pictures of Growing Crops.

RALEIGH, June 13.—Secretary Brown of the agricultural department, returned from Tarboro today, where he secured excellent photographs of growing crops on the State soil test farm. In the farm proper there are 20 acres, but 40 more have been rented and put in oats, corn and wheat. Nowhere, says Mr. Bruner, did he see such crops as on this farm. The oats will yield 25 bushels to the acre.

Mr. James Brown of Portsmouth, Va., over 60 years of age suffered for years with a bad sore on his face. Physicians could not help him. DeWitt's Witch Hazel Salve cured him permanently. F. S. Duffy & Co.

Bought a Gold Mine.

RALEIGH, June 13.—A letter today from F. A. Silver, late of Minnesota, says he has bought a gold mine in Randolph county, and that he was induced to come to the State by John W. Thompson, who lately resigned as immigration agent.

Danger, disease and death follow neglect of the bowels. Use DeWitt's Little Early Risers to regulate them and you will add years to your life and life to your years. Easy to take, never gripe. F. S. Duffy & Co.

The New Sea Fighters.

BOSTON, Mass., June 12.—With the proud distinction of being the fastest battleship in America and the speediest of her class in the world the new sea fighter Illinois lies at anchor in President's Roads tonight after a most successful trial. Over the government course from Cape Ann to Cape Porpoise and return, a distance of 66 nautical miles, she raced today under the watchful eyes of United States naval representatives and established a new record by maintaining an average speed of 17.51 knots for four consecutive hours.

All Busy—at the Ball Game.

Spent the hour trying to get a home run. With prominent last one up. Each one disappointed. Before I could even start. I walked. My. Line of. Talk. Gave up. Decided. I will time. Until time. For my training taking in the ball game. I arrived. Rich man. Your man. Beggar man. Thief. Broker. Banker. Merchant. Chief.

Yes, They were all there. Every. Blasted. One of them. Every busy minute. Who. Didn't. Time. To talk. Business. Shouting. "Look 'em." "Kill the umpire." "Robber." "Slide!" Each one yelling like a lion. Busy men that afternoon.

Awarded Heavy Damages.

MEYERSBURG, Pa., June 12.—The jury in the damage suit of James C. Beegley against the Pennsylvania Railroad Company gave Mr. Beegley \$22,711. The suit is the result of the killing of Mr. Beegley's little son, the cutting off of his right leg and his subsequent death and the serious injury to himself and July, when a freight train plowed into a row of excursionists waiting to take a train.

GRIFTON.

June 13.—Mr. Paul Brooks spent Sunday in Vanceboro.

Mr. J. C. Griffin went to Ridge Springs Sunday.

Mr. L. A. Cobb left Monday for Norfolk on business.

Mr. J. C. Quinley of Kinston, was in town Monday.

Mr. R. G. McGotter and Misses Julia McGotter and Bessie Spier left Monday for Vandemere.

Mr. Frank Quinley of Kinston, was in town Monday.

Mr. G. W. Summerell of Kinston, was in town Tuesday, looking after his trade.

Mr. J. L. Patrick of Quinley was in town Tuesday.

Mr. W. J. Woodard of Norfolk, is in town on business.

Mr. F. G. James of Greenville, came in Wednesday night to look after the business of J. Patrick & Co. of this place.

Mr. V. A. Rountree of Kinston, was here Wednesday on business.

A colored man by the name of Elphah Whitfield was beating his way on the train last Saturday night and by some means he fell from the train and lost one of his legs and arms, near here. They stopped the train and found him in that fix and put him on the train to carry him to Kinston, but he died before he reached there.

Mr. George Dunn went to Kinston Tuesday night.

IMMENSE MOB ASSEMBLES.

To Avenge Murder of John Gray Foster By Negro Laborer.

SPECIAL TO JOURNAL.

SHREVEPORT, La., June 13.—An immense mob has assembled here for the purpose of burning at the stake the seventeen men and women suspected of instigating the murder of John Gray Foster, brother-in-law of Governor McMillan of Tennessee, who was shot and killed on his plantation.

The authorities seem unwilling or unable to act on the defensive, and the burning of the suspects will begin as soon as the negro mob shot Foster is caught.
