## RALEIGH.

### Not One Half Blind Children Of State at School.

### Soil Survey Work. Arithmetics Adopted. Strikers in Want. Waddell Case to be Heard. Large State Delegation to Epworth League Meeting.

RALEIGH, June 19.—There are 225 blind in the State institution here. The principal had a list with the names of 100 others not pupils. Today he received from the census bureau a list of 189 whose names were not on his list. Unfortunately there is no law to compel the attendance of these blind at the institution. The legislators lack the moral courage to enact a law to enforce attendance, just as they lack it to enforce a dog tax law. So there are not half the blind children in the State at school.

The soil survey work by the government and the State jointly was begun at Burlington today and it is to cover all of Alamance county.

The Milnes' arithmetics which were yesterday adopted for the entire State, in the public schools, by the text book commission, have for some time been in use in nearly all the city public schools. Yesterday three of the men brought here to take the places of Seaboard Air Line strikers called on Gov. Aycock. A striker was with them. The men told the Governor they had quit work and had no money and that for 24 hours they had had no food. The Governor raised three dollars for them and gave it to the striker telling him to buy food for them.

The return of sunshine is hailed with joy by the wheat growers. Cutting began to day. There is considerable damage by the rains, and there is also a good deal of rust.

The State will be represented by a large delegation at the Epworth League convention at San Francisco. Over twenty well-known Methodist ministers will go.

Governor Aycock's address at Wilkesboro this evening was on educational lines.

The report of the status of the penitentiary's finances will appear in thirty days or less. Governor Aycock has called for it. The report will show the status December 31st, 1900, and March 15th, 1901.

Friday, there will be a hearing here of the case of A. M. Waddell, who was brought here from Fayetteville, charged with aiding T. B. Tyson, formerly of Fayetteville, now in jail here, in the scheme by which a Virginia life insurance company was defrauded out of the insurance on Mrs. Tyson's life. Waddell says others are concerned in the fraud.

Mrs. Tyson is his sister. She is at Fayetteville. The abandoned woman whom Tyson was with is at Henderson. It is a very outrageous case.

Mr. Thomas Bragg Heart of Raleigh, will marry Miss Lillian Cowson of Reidsville, June 27th.

### Prey to Fire and Thieves.

GREENVILLE, S. C., June 18.—Early this morning a fire which started in a bakery destroyed almost an entire business block in this place, and for a time threatened the whole business section. It caused a loss estimated at \$50,000.

A great deal of goods was removed from the burned buildings and those adjacent, and to put a stop to extensive pilfering the local military company and the full police force was on duty, but even those were unable to stop the depredations. The losses are as follows:

Beattie Building, valued at \$20,000, insurance \$15,000, and \$15,000 to stock of several firms.

James McPherson owned three adjoining buildings which were consumed with a loss of \$8,000 on contents.

### Kodol Dyspepsia Cure Digests what you eat.

### Mrs. McKinley Out Of Danger.

WASHINGTON, June 18.—Doctors Johnston and Hiley held a consultation at the White House today, at the conclusion of which Dr. Johnston pronounced Mrs. McKinley out of danger and convalescing. Dr. Hiley, on leaving the White House at 10:30 o'clock tonight said: "Mrs. McKinley is getting along very nicely. She continues to improve. She sat up today about two hours and saw several friends."

### Counterfeit Silver Dollars.

MEXICO CITY, June 19.—It is estimated that Jose Frias, the alleged counterfeiter of American silver dollars, now in custody, and his associates have counterfeited \$10,000 and sold them at heavy advances over their intrinsic value. It is also reported that millions of American dollars have been coined in a secret mint in Chihuahua and circulated in the United States.

## FOUND \$30,000 IN GOLD.

### But It Took a Clairvoyant and a Hypnotist to Locate It.

SAVANNAH, Ga., June 18.—A special from Statesboro, Ga., to the Morning News says: "W. W. Brannen, of this place, is \$30,000 better off today than he was two days ago. He is a farmer. Some months ago he was in Savannah, and out of curiosity visited a clairvoyant and had his fortune told. The fortune-teller informed him with much impressiveness that he would shortly discover gold on his farm. He laughed at the idea. "Later he dreamed about the gold for several nights, and after a time consented to allow a hypnotist to put one of his small children, a girl of ten years, under his spell. The child described a pot of gold at the end of an old mill dam. Mr. Brannen then began to dig and at the end of three weeks had an excavation big enough for the foundation of a modern hotel. Yesterday morning he struck an old iron pot. On uncovering it he found in contained about \$30,000 in gold coins of dates anterior to the Civil War. There is no indication of the person who buried it."

### Death of Governor Pingree.

LONDON, June 18.—Former Governor Hazen S. Pingree, of Michigan, died at 11:35 o'clock tonight. His son was the only person present. The body will be taken home. The fatal disease was a cancerous affection of the intestines.

### Fortifying Kingston.

KINGSTON, Jamaica, June 18.—The War Office authorities have decided to construct an additional fortification in Kingston harbor, with a battery of modern quick-firing guns.

A naval director of works is now here preparing plans and estimates for the construction of a floating dock and for the improvement of the dockyard.

### ALABAMA'S CONVENTION.

Establishment of Whipping Post Among The Suggestions.

MONTGOMERY, Ala., June 18.—Among the ordinances introduced in the Constitutional Convention to day was one by Delegate Williams, of Marengo, to establish a whipping post, by Delegate Pettus, of Limestone, to prevent miscegenation; by Delegate Cofer, of Calhoun, to elect solicitors by vote of the people and fixing the salary at \$2,000 instead of \$3,500 as now, and by Delegate Greer, of Calhoun, fixing all municipal elections on the same day as State elections.

Consideration of the report of the committee of the executive department was resumed and consumed the entire morning session.

### Five Hundred Slain.

YOKOHAMA, June 18.—The Japanese Consul at Mok Pho, Korea, reports that the recent misadventure at the Island of Quelpaert were caused by native converts.

These persons so exasperated the other natives that the latter surrounded them and killed 500 of them. The foreign cruisers are still at Quelpaert.

### May Return to Work.

NEWPORT NEWS, Va., June 19.—No far as can be ascertained there are no developments in the strike situation, though there is a belief prevalent that the men will go back to work. This is founded on a statement that the men have discussed in their meetings the advisability of returning to work on a basis of either nine hours' work for nine hours' pay or the old basis, and that a proposition to vote by secret ballot on the question was being considered.

It is believed by many that if a secret ballot is taken it will result in ending the strike. The machinists deny however, that the situation has changed in the slightest degree.

No more men were laid off to day and several machinists returned to work. Superintendent Post announces that the policy of the yard is unchanged; that he will lay off men only when necessary, and will begin increasing the forces in the departments as soon as the machine shops are running at normal capacity.

### Danger, Disease and Death Follow Neglect of the Bowels. Use DeWitt's Little Early Bitters to regulate them and you will add years to your life and life to your years. Easy to take, never gripes. F. B. Duffy & Co.

### No Work When They Returned.

WIKENBARGER, Ia., June 19.—The striking miners at the Forty Fort and the Maitly Collieries of the Temple Coal and Iron Company who went on strike Monday learned today that the non-union carpenter who was the cause of the strike has resigned. When they wanted to return to work, however, the company announced that work was suspended indefinitely.

### A Surgical Operation is Not Necessary to Cure Epilepsy. DeWitt's Witch Hazel Balm serves all that expense and never fails. Beware of counterfeits. F. B. Duffy & Co.

## NEW THIRD PARTY.

### Populist and Silver Republicans All Voters Favoring Reform Asked to Join.

KANSAS CITY, Mo., June 18.—Definite steps toward the organization of a new "third party," which is proposed to embrace Missouri and to form the nucleus for a national growth were taken today for a national conference of members of the Populist State committee and a few Silver Republicans. The movement is said to have the expressed sympathy for it of the avowed support of, Wm. J. Bryan, who, it is further hinted, is to be the new party's candidate for President in 1904.

Lee Meriwether, of St. Louis, and 22 other leaders in the public ownership party of St. Louis, arrived in Kansas City during the morning, after having spent the whole of yesterday in consultation with Mr. Bryan at Lincoln. They are guarded in statements concerning Mr. Bryan, but say if the latter does not support the present movement he is, at any rate, in sympathy with its purpose. The conference was secret. It will be continued tomorrow and end with a public meeting when the result of the gathering will be embodied in an address.

The meeting was first suggested by Mr. Cook, in a circular letter asking a conference with the Silver Republicans and the Public Ownership party leaders. In response to this, Lee Meriwether issued a call for the meeting to-day to the men of his party and J. W. Foster, of St. Joseph, issued a similar call to the Silver Republicans. The conference was to include middle-of-the-road Populists and all Democrats and Republicans who might sympathize with the reform movement.

### Running Fight With Mexicans.

LERDO, Texas, June 18.—News by wire has just reached here that Captain Brooke's company of State rangers had a fight with the Mexicans, who are supposed to be guilty of the assassination of Sheriff Morris, of Karnes county, and Sheriff Glover and Constable Schnabel, of Gonzales county. The commander of the company was wired that four horses were stolen Sunday night at Campbellton, in Atascosa county, and that the riders were headed for the Rio Grande.

Brooke's company were at once put on the lookout, and the information tonight is to the effect that the detachment overtook four Mexicans riding horses that suited the description of those stolen at Campbellton from the Borden Ranch, which is about eighty miles from here. A running fight ensued, in which one Mexican was killed, one captured and two escaped. Captain Rodger and party are in pursuit.

### Rains Hurt Cotton in the Carolinas.

WASHINGTON, June 18.—The Weather Bureau's weekly summary of crop conditions says: In the central and western portions of the cotton belt cotton is generally improved and well cultivated, although in need of rain in some sections. In the Carolinas, Georgia and Florida heavy rains have caused much damage and the crop is greatly in need of cultivation.

Transplanting tobacco is practically finished in Kentucky, Virginia and Maryland, and is well advanced in Pennsylvania, Ohio and Indiana, the general outlook being encouraging, although worms are proving destructive in the Carolinas. In the States of the Missouri valleys the falling of apples continues to be extensively reported. The general outlook for other fruits is encouraging, although the rains in Georgia have caused rotting to more or less extent.

### "Lucky" Baldwin Critically Ill.

SAN FRANCISCO, June 19.—E. H. Baldwin, widely known as "Lucky" Baldwin, winner of three American Derbys, is in a private hospital a very sick man. He was taken ill in Seattle as he was about to embark for Nome and was compelled to return to San Francisco. Instead of improving he has grown worse.

Eczema, salt rheum, tetter, chafing, itchy poisoning and all skin troubles are quickly cured by DeWitt's Witch Hazel Balm. The certain cure. F. B. Duffy & Co.

### Miners Can Soon Work.

SHAMOKIN, Pa., June 19.—Officials descended to the bottom of Luke Miller shaft today and paddled a raft along the submerged tunnel to No. 4 slope, which was accidentally set on fire some time ago. The slope was found full of water to the second level and the fire extinguished.

The water hoist was set to work to empty the shaft so that work for 600 of the 1,600 employed will begin Friday. When the slope is emptied the rest of the employees will resume work. The shaft is owned by Mineral Railroad and Mining Company.

## RALEIGH.

### Last Week's Freshet of Yadkin River Disastrous

Quarrel Over Bridge Base. Railroad Rates. For Attorney License. Governor Aycock Goes to Charlotte. Tax Lister Inquiries.

RALEIGH, June 20.—A letter received today from S. L. Patterson, commissioner of agriculture, who is at his home on the Yadkin river, in Caldwell county, says last week's freshet was even more disastrous than the great one in May that it has done more injury to bottom lands. He says "the prospect for valley farmers is very gloomy indeed."

There was quite a lively row imminent regarding an attempt by a man named Rochelle and another named Ray to keep possession of one of the county bridges here, the bridge having been swept away by a flood, and landed, intact, upon Rochelle's land. Ray urged Rochelle to keep the bridge, and they fastened it with locks and chains to trees and stakes. Officers went there yesterday and the bridge was surrendered. Today men were put at work to take it to pieces. It will be taken to the old site and put up again.

There was much inquiry here today as to the true status of the Portsmouth base ball team. One paper says that Tarboro has bought it, another that Charlotte is the buyer.

A telegram received today says that at a conference of railway officials at Montgomery yesterday it was decided to advance the round trip summer rate to Old Point and other eastern points. For example the rate from Raleigh to Old Point and return is advanced from \$2.00 to \$2.50.

The next examination of applicants for attorney's licenses will be held by the Supreme Court September 30. This date is for this year alone. Afterwards the date will be the 4th Monday in August, as the new law requires. The Court to convene on the latter date. The Spring Term examination will be on the 4th Monday in February.

Governor Aycock and a party will leave here to-morrow afternoon for Charlotte as the guests of the Southern Manufacturers' Club. They will make the trip over the Seaboard Air Line in the private car of President John Spakton Williams, and will return here Sunday morning. In the party will be State Treasurer and Mrs. B. R. Lacy, Mr. and Charles M. Busbee, Mr. and Mrs. F. A. Olds, Misses Julia Howell, Mary Lacy, Alice Aycock, Mary Turner, Mattie Pace, Mary Johnson, Kate Badger and Rosa Battle.

The State Superintendent of Public Instruction to day directed that teachers institute be held in Macon county in August by Prof. P. P. Claxton.

The State Auditor has received a letter from the tax lister, saying that a man has listed for taxation one dog, that he has three others but refuses to list them. The tax lister wants to know how he can force him to list all. The latter is referred to the Corporation Commission.

### The Machinists Strike.

ROSELAND, TENN., June 19.—General Superintendent W. A. Dodson, of the Southern Railway district, made this statement relative to the machinists' strike:

"None of the machinists who went out on a strike three weeks ago have been or will be taken back into the shops of the Southern Railway Company. The proportion of men we have to put on work in their places varies at different shops. At some places more than half the positions have been filled."

Mr. James Brown of Portsmouth, Va., over 90 years of age suffered for years with a bad sore on his face. Physicians could not help him. DeWitt's Witch Hazel Balm cured him permanently. F. B. Duffy & Co.

### All are Discharged.

HAZLETON, Pa., June 19.—Coke Bros. & Co., upon paying off the 300 striking machinists at Drifton today, notified all hands that they were dismissed from the company's service. The company will shortly submit terms of settlement and the men willing to return to work must then accept of employment.

### Peace of Europe Guaranteed.

CUXHAVEN, June 19.—At the conclusion of the regatta held yesterday on the lower Elbe, a dinner was given on board the Hamburg American yacht, Victoria Louise, at which Emperor William made a speech. His majesty told his hearers that he deduced from recent events in China the guarantee that the peace of Europe was assured for long years to come because of the mutual esteem and spirit of comradeship created by the united action of the allied contingents.

## REELSBOBO.

### June 20. The week-end continues rainy.

Mr. N. G. Hinton was in the city last Sunday.

Mr. C. H. and J. B. Hinton of the Seaboard Mail and Tourist Agency, in our town last Sunday visiting relatives.

Miss Carrie Brinson, who has been visiting relatives at New Bern last week returned home Sunday afternoon.

This seems to be a good season for plums as there are a great many of them here.

Mr. J. R. Brinson of Reelsboro was the guest of Mr. and Mrs. N. G. Hinton last Sunday.

Mr. M. C. Brinson made a flying trip to New Bern last Thursday.

Mr. W. H. Dixon leaves this week for a trip to Baltimore and will be away perhaps two months.

Several young people from here attended the Children's Day at Broad creek last Sunday.

Mr. H. H. Barrow went to Ashtons last week on business.

Mr. Wm. Brinson of Reelsboro went to Newport last Friday and returned Monday.

## OLYMPIA.

### June 20. Much rain this week. The farmers are very busy now.

There is a great demand for labor in this section. Gen. Green bids fair to raise the siege on the crops and leave the farmers "out of it."

Rev. R. C. Holton returned from a business trip to Belhaven and Pantego Saturday.

Rev. L. T. Richters filled his regular appointment at the Christian church of this place Saturday night and Sunday.

This scholarly gentleman pleases the people and is always greeted by large audiences.

Mr. and Mrs. Jas. B. Bennett, Mr. and Mrs. N. E. Bennett, Mr. and Mrs. W. R. Red, and Mr. Lou Johnson and Miss Carrie Red, all of Arapahoe attended services here Sunday.

Miss Louisa Dickenson of New Bern spent Sunday here visiting her friends.

Mr. Fred Mitchell and daughter of New Bern attended the services here Sunday.

The Children's Day exercises for Foreign Missions were given Sunday at 3 p. m. The children had been nicely drilled by Miss Gladie Holton and the Superintendent, Mr. H. B. Holton. The children recited credit on themselves and their trainers, but a heavy rain prevented many from hearing all that was said. The collection amounted to \$11.00.

Rev. A. J. Holton appealed to the congregation Sunday for help for the sufferers in Jacksonville, Fla., and to rebuild a church. This was headed by a contribution of \$100.

Miss Louisa Holton and her brother H. C. Holton will entertain a few of their friends this evening with music and an ice cream supper.

Mr. Anson Sautter a truck hand for E. W. Hawley was unfortunate in having two fingers cut off one hand by the edge of a truck frame last Saturday. He was taken to New Bern at once for treatment but has suffered a very keenly since.

It is reported that Mr. J. C. Barrington the hat maker of Pamlico bought a fairly good horse for \$5.00 from a man yesterday listing his property. Some interrogations as to values led the gentleman to say that he would take that for his horse and the bargain was closed out by the party of the first part.
