RALEIGH.

Capital City Has Gone Crazy On Base Ball.

Chapel Hill Section Had In Crisis Bar Meeting a Success. Preliminary Hearing in Tyson Swindle Case.

RALEIGH, June 29.—The attorney general today completed the work of preparing the contracts for furnishing school text books at the prices fixed by the text book commission.

Mr. Van A. Brown, a young gentleman who has been sitting in the jail at Washington, D. C., visited our town last Monday and remained through the night until Wednesday morning when he left for his home at Marvinsville, North Carolina.

Friday night Mr. W. H. Davis shot and killed his wife, Martha, in the town of Trent. He received the patronage of between 100 and 200 persons. In order to have a little fun it was put to a vote who was the ugliest man in the house. There were several of us on the ugly list, but Mr. Walter Taylor received the result of being the ugliest man in the house.

Messrs. Walter Bray, Edward Clark, George Waters and Joshua Cromwell visited our county last Thursday. They came down to Mr. Sullivan's farm on New-entrance on a fishing and pleasure trip.

A young man from Sampson county, called at our town Saturday on his way to Trent. His name we did not learn. He spoke very freely of the huckberry business in Sampson county. He said there were large quantities shipped from his county.

Mr. John Hardy who has been living in our town with N. E. Bennett for some time, has moved back to his old home on South River.

Prof. R. C. Dillon called at our town Friday to see some of his friends. His former students were very glad to get a glimpse of him.

Three famous little pills, DeWitt's Little Early Risers, compel your liver and bowels to do their duty, thus giving you pure blood to regenerate your body. Are easy to take. Never grip. F. S. Duffy & Co.

July 1. Several went from here to New Bern this morning looking after pension money.

Our mayor seems to be looking closely after the order of the town. Only three today had references to sidewalk.

Prof. E. A. Simpkins came down from Kingston Sunday to spend a day or two.

The Goldsboro Lumber Co. seemed about fifty cents a few days ago to work on their tram railway about twelve miles from here. We understand three have escaped and one shot in an attempt to escape since they arrived.

July 3. D. B. Rant will fill the Methodist pulpit here next Sunday.

When the quantity of food taken is too large or the quality too rich, heartburn is likely to follow and especially so if the digestion has been weakened by constipation. Eat slowly and not too freely of easily-digested food. Masturate the food thoroughly. Let six hours elapse between meals and when you feel a fullness and weight in the region of the stomach after eating, indicating that you have eaten too much, take one of Chamberlain's Stomach and Liver Tablets and the heartburn may be avoided. For sale by F. S. Duffy & Co.

Candidates for admission to the A. and M. College at Raleigh will be examined by the County Superintendent of Schools in the court house at 10 o'clock a. m., July 11, or at the College, September 2. This College is giving instruction in the most important lines of practical education and its students are in great demand, always securing profitable employment on graduation. It offers special advantages to students of Agriculture, including free tuition and helping and work on the College farm. The text the building is now being erected. A Professor of fancy weaving and dyeing has been added to the Faculty, and about \$20,000 of textile machinery secured. A satisfactory accommodation is very limited. Write to Fred Denton, Winston, Raleigh, N. C. for catalogue and booklets, see advertisement.

The prices that annoy you so will be quickly and permanently healed if you use DeWitt's Witch Hazel Salve. Beware of worthless counterfeits. F. S. Duffy & Co.

State Cotton Report.

RALEIGH, June 29.—The State crop report, to day, gives the acreage in cotton as compared with last year, at 107, and present condition as 77.

Minnesota Storm Swept.

ST. PAUL, MINN., June 28.—Heavy storms, with more or less damage, are reported all over this section this afternoon, and the loss will run well up into the thousands, while a number of people have been injured and much live stock killed.

The worst storm was that which passed through a large district south of New Richmond, Wisconsin. It was a genuine tornado and did much damage to farm property, but no lives were lost. On a smaller scale it resembled the tornado which swept over and destroyed the greater portion of New Richmond two years ago. Over a dozen farmers have already reported the loss of a part or all their buildings, windmill, live stock, machinery, etc., and the loss there will be heavy.

Our Army Finest in the World.

LONDON, June 28.—During the debate on the army re-organization bill in the House of Lords today, Lord Wolseley, the former commander-in-chief of the forces, declared that the United States army was the finest of its size in the world. He said its superiority was due to good wages. Great Britain must face the alternative of compensation or bonuses to secure recruits.

40,000 Will be Idle.

PITTSBURGH, June 29.—All the flat glass factories of the country operated under the scales of the American Flat Glass Workers' Union will close tomorrow night for periods ranging from four weeks to two months. Fully 40,000 men and boys will get the customary summer vacation.

The longest shutdown is in the prescription bottle branch, where the 2,000 skilled workers will be idle for two months. The suspension in the chimney branch is for six weeks and in the pressed-ware branch it is for four weeks. Many of the non-union plants will also close, which will greatly increase the number of idle workers next month.

PENSION APPLICANTS.

Closing Seaboard Shops Causes Deep Concern.

Takes Oath For Judge. Intermediate School Books Dropped.

1945 Smallpox Cases Last Year. State Board Elections.

RALEIGH, N. C., July 1. There was a great rush of applicants for pensions at the court house today. The applications were considered by the county officers and commissioners and board of veterans.

The year's revenue collections for district are \$3,524,061, against \$2,889,498 for the last fiscal year. The June collections were \$333,140.

Saturday night several of the striking machinists of the Seaboard Air Line attacked two of the men on the street in a savage manner, beat them and ran. The impression prevails that the various assaults made during the past month have been by the wilder spirits among the strikers. The strikers are amazed by the railway's new move in closing the shops here. They say they will rest, for awhile at least, then leave Raleigh in search of work.

Judge Francis D. Winston came here yesterday and today received his commission and took the oath. He will hold his first court at Winston, August 12.

The State board of public school examiners decided at its meeting at Chapel Hill Saturday to defer action regarding the 7 negro normal schools until after the State board of education passes upon the matter. The latter board meets July 11.

Next Friday the tents for the use of the State Guard will be taken to Wrightsville. There are 1 hospital, 50 officers and 320 enlisted men's tents.

Attorney General Gilmer decides that the State text book commission did not have the right to adopt intermediate books. This therefore causes the dropping of Hyde's second language lessons, and of Moser's speller. Milne's arithmetic will not be on the list. The publishers declined to furnish it at the price the commission named. Even if the price had been satisfactory the attorney general's opinion would have ruled the book out.

During the year ended May 30 there were 1945 cases of small pox in this State, of which 530 were of whites, and 36 deaths, of which 15 were of whites. The State board of elections appointed by Gov. Aycock, composed of Wilson G. Lamb of Williamson, R. A. Doughton of Sparta, Robert L. Claywell of Morgan, Democrats, and Clarence Call of Wilkesboro and A. B. Freeman of Henderson, Republicans, met today, as required by law, and organized by electing R. L. Doughton President and Robt. L. Claywell Secretary.

There will be a session of the corporation commission this week.

Of the 55 inmates of the soldiers' home here 16 are now sick in the new hospital.

In the next 60 days two more rural free delivery routes out of Raleigh are to be established.

The receipts of the Raleigh postoffice for fiscal year ended yesterday were \$45,530, against \$42,355 the previous year. In 1894 they were \$25,616.

Dr. D. H. Abbott of the corporation commission has returned from his trip to California.

When you want a modern, up-to-date physic try Chamberlain's Stomach and Liver Tablets. They are easy to take and pleasant in effect. Price, 25 cents. Samples free at F. S. Duffy & Co's drug store.

The Heat in Kansas.

KANSAS CITY, June 30.—Missouri and Kansas are suffering from hot winds that threaten great damage to corn. Atchison, Kansas, reports the greatest drought in Northwestern Kansas since 1890, a warm wind having blown from the south almost unceasingly for the past seven days. Abilene, Kansas, reports 105-degree weather with many fields in South Wickliffe county ruined. A Mexico, Mo., dispatch says the thermometer in that part of the State registered 101 yesterday and today and that if rain does not come soon the farmers will have to put their stock on the market immediately to save it. Sedalia, Mo., reports 108 degrees in the shade with the statement that another week of similar weather will make certain a failure of the corn crop in Central Missouri.

Nineteen Deaths in New York.

NEW YORK, June 30.—The relief from the killing heat of the last week, which was promised today in the shape of thunderstorms, did not materialize. At noon today the government thermometer registered 83 degrees, at 3 o'clock this afternoon 93 degrees and at 4 p. m., 97 degrees, 4 degrees more than the maximum temperature Saturday. After this a drop came and at 9 p. m., the mercury touched 85.

There was an increase in the fatalities reported today over yesterday, though the number of simple prostrations was not so large. Up to midnight tonight 19 deaths had been reported and 20 prostrations. The deaths yesterday numbered 11.

NEGRO SHOT AND KILLED.

Discovered Prowling About Mr. West's House Refuses to Surrender.

Special to Journal.

ROCKY MOUNT, July 1.—Quite a little excitement was created here Saturday night between ten and eleven o'clock. The cause of the affair was about as follows:

The family of Mr. T. L. West had retired except two of his girls who were sitting close by a raised window, undressed, waiting for her sister to say her prayers and in the meantime she happened to part the curtains to the window and there saw approaching within arms reach, a negro.

They, both, terribly excited ran to their father's room and gave the alarm. Mr. West immediately started to investigate and by the time he got out of the house he saw the negro running but shortly overtook him.

By this time Mr. West's son appeared on the scene. The negro seemed to think he was going to be shot as he kept saying, "Please don't shoot me," which they would not do if he would be quiet, but he snatched away from Mr. West and began fleeing. They ordered him to halt but to no effect. Then young Mr. West began shooting at him and kept it up until the negro cleared the yard but was soon overtaken by Policemen Sutton. Upon investigation it was found that one ball had struck him in the back and made a right serious wound.

Dr. Ray Pollack was summoned and probed for the ball but could not find it. The negro died today about three o'clock. He said there was another man with him. He told several stories as to why he was there.

The general opinion is that they were loitering and sneaking themselves around Mr. West's yard to commit some dastardly crime and were simply waiting for the chance.

Coroner J. W. Duffell held an inquest here tonight on the dead man.

During the summer season camps come upon us unexpectedly, you should be prepared for an emergency of this kind, as otherwise you will suffer agony for hours. Keep a bottle of Chamberlain's Handy and go by the directions on the wrapper. It will surprise you how quickly relief will come. Avoid substitutes, there is but one Pain-Killer, Perry-Davis'. Price 25c. and 50c.
