Section One, Tuesday, July 2, 1901

HOME MARKET FOR HOME IN-VESTORS.

"At the opening of sealed bids for the issue of \$10,000 city bonds, bearing 5 per cent interest and maturing in 12 years. the entire issue was awarded to the Bank of Wayne, at \$10,050, this being \$50 better than any other bid submitted

The above local item from the coumns of the Goldsboro Argus, tells the story a home transaction, one which the municipal authorities of every place might do well to think over.

The recent selling of a \$10,000 bond of the City of New Bern's to outside par ties, should instead have been placed in the home market, and given to local in

The fact that a fair or good premium was realized by the sale to outside But "Thank the Lord," says Johnson parties, when perhaps by selling to in vestors in New Bern, a less premium might have been secured, is not an argument in favor of the outside market for local securities

A sale to outsiders may bring new money into this place, but to offset this, the interest paid on the bond goes away from home, the city, county and State loses the tax on the bond, and the money which could and would have gone into this bond, is kept idle in bank, goes into three per cent certificates, or is sent out to some other place to build up its in dustries.

carried at a low rate of interest in bank pass unheeded local Londs which may be taxued.

home market to its local investors, will "the sky is cracked white open by the reap the benefits by so doing, besides heat greatly strengthening the credit of the place, at home and abroad-

Oil Fire Still Spreads.

DECATUR, ILL., June 27 .- The fire which started at Preble Tuesday night by lightning striking a tank of the Standard Oll Company, containing 50, 000 barrels of oil, is still burning. Three hundred men are tighting the flames and making efforts to save five other tanks that contain over 300,000 barrels of oil. Joseph Kintz and V. D. Lewton, of Lims, Ohlo, were loading a cannon to shoot the burning tank when It exploded and they were fatally burned. Many of the inhabitants have been badly

FIRE ON A TRANSPORT.

Officers Hang By Cables to Fight The Flames.

NEW ORLEANS, June 27 .- The British mule transport Monterey, from Cape experience with fire at sea.

Twelve days out from St. Vincent lames were discovered in the afterhold and gained such headway that the heat prevented the usual means of extinguish ing tire on shipboard. Flames and clouds of smoke poured out from the hold, and to abandon the ship First Officer Reid and Fourth Officer Harrison volunteered a daring plan. They proposed to the wire cables around their bodies and have their companions lower them down the side of the ship until they were abreast the port opening into the burning section. It was a desperate expedient but after a short consultation was

adopted. As the fire was near the water line, Reid and Harrison were lowered until they were submerged in the sea nearly up to their waists. Hanging thus, half buried in the waves, with the ship under headway, the men battered in the portholes A hose was then lowered to them, and for several hours they hung swinging outward and inward, pouring a stream into the blazing hold. In this way they finally checked the flames The
