

SYRUP OF FIGS
NEVER IMITATED QUALITY

An Excellent Combination.
The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinal laxatives and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the CALIFORNIA FIG SYRUP CO. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the company printed on the front of every package.

Maysville.

July 11.—For a number of years the good people of Jones county have been earnestly at work endeavoring to have strong drink and saloons removed from their midst, and now, after much perseverance, and by degrees, the object of their work has at last been accomplished. We say "by degrees" because that is the way it has been done, and we dare say that, that was the best, and undoubtedly, the only way that it could have successfully been done.

When this proposition was first introduced and put before the people the majority of them were against it being removed. A large percent of them were unconcerned, i. e., they cared not whether it was taken away or remained. Now these were men who did not indulge in it, and were rarely ever brought in contact with it, or its influences. Therefore they were not fully aware of its evils. Perhaps they did not stop to think that because its influences never crossed their thresholds, or lotted about their besides that it didn't any where else.

It is very natural to suppose that they didn't, for surely "if we wish to know what trouble is, we must first have some ourselves," then we know how to sympathize with others.

But however, they did stop to think after a while, and then they realized the situation and at once began to do something toward getting it out of the county. These same men stand ready to help put it out of the State never to be returned. Now as Jones has "gone dry" we are sure that many good results will be seen.

Of course, it is not yet far from our doors, but far enough away to give the drinker so much trouble to get it that in no cases out of ten, he will let it alone and spend his money to the benefit of his family, and to his own honor.

The best thing about it is that, it is away from the boys and young men of the county who have not yet adopted the habit. It will save many of them, while if it were right here in their very midst, it would be a temptation that they would not try to resist until it was too late.

Some are very unsatisfied now of its being removed, but when they think over the matter as they should, we think that the most of them will favor its removal. **A. F. M.**

Married.

In this city, July 10th, 1901, Miss Carrie Arnold to Mr. H. G. Rowe, Rev. A. H. Hartley, pastor of the Tabernacle Baptist church, performing the ceremony.

Death of S. S. Duffy.

Mr. Samuel S. Duffy died at his home in this city, last Wednesday night, after some months gradual decline in strength, death resulting largely from old age.

Mr. Duffy was born in the year 1825, in Ireland, coming to this country in 1835, settling first in Onslow county. During the Civil War he entered the army, in the 36th Infantry North Carolina Volunteers, and at the close of the war came to this city, where he has since resided. His wife was Miss Elizabeth Jones, of Carteret county. He leaves three daughters and three sons. Mrs. David Hill, of Washington, N. C. Misses Mary and Allie Duffy, and James B. Francis and Robert L. Duffy.

The funeral service will be held this evening at five o'clock, at Christ Church.

Food Value of Vegetables.

Tomatoes rouse torpid liver and do the work ordinarily of a doctor's prescription. Lettuce has a soothing, quieting effect upon the nerves, and is an insomnia remedy. Celery is an acknowledged nerve tonic, and is more and more used in medical prescriptions. Onions are also a tonic for the nerves. Dandelions purify the blood and generally are declared to tone up the system. Watercress, which is now at its best, is a "good, all round" brace up for the system. Potatoes should be eschewed by those who "have a horror of getting fat," as that is one penalty of eating them. Spinach has medicinal properties and qualifies equal to the most indigo of all blue pills ever made. Parsnips, it is now contended by scientists, possess almost the same virtues that are claimed for sarsaparilla. Beets are fattening, and even a moderately learned man will expand because of the sugar they contain. Asparagus is efficacious in kidney ailments to an extent that is not yet perhaps thoroughly appreciated. Cucumbers, aside from sunbeam-emitting properties known to readers of facetious paragraphs, contain an acid that is helpful in some cases of dyspepsia. Cabbage in Holland is regarded as something of a blood purifier, but the authority is vague. In Germany its efficacy is purely ascertained. Parsley will assist good digestion, like cheese and nuts, but a quantity in excess of ordinary capacity has to be consumed. Therein lies the joker. Pumpkins are an ingredient in a patent medicine that is guaranteed to cure quite a variety of ailments. Such is the case, but the world is increasing in inhabitants who do not believe all they hear.—What to Eat.

CHORAL SOCIETY.

All Singers Requested to Meet at Armory Tomorrow Night for Organizational Session.

All singers, ladies and gentlemen, members of all the church choirs in this city, and those who may not belong to choirs, are requested to meet at the Naval Reserve Armory, tomorrow, Friday night, at 8:30 o'clock, for the purpose of organizing a Choral Society.

Already about eighty five have signified their intention of joining the proposed organization, and there should be fully one hundred present tomorrow night, when the purposes of the organization will be stated, and its future plans outlined.

A Knahe Grand piano, costing \$800 has arrived, which will be at the service of the new musical organization.

Let there be a full attendance, of all singers, and let the organization be perfected at once, and its future plans be arranged so that the citizens of New Bern may not have long to wait, before some good musical performances can be given.

Good News to Their Friends.

Word has been received that Judge Henry R. Bryan, who is at Bedford Springs, Pa., for his health, has greatly improved in health within the past few days.

Mr. J. E. Latham, who recently went to Baltimore, Johns Hopkins Hospital, is reported much improved in health.

The many friends of these New Bernians will rejoice at their improved conditions.

Mr. Olive, Tomorrow.

Tomorrow, at 3:30 o'clock at the Fair grounds, there will be a game of baseball between the Mt. Olive club and the New Bern club.

The earlier hour set for the game is necessary on account of the change in the A. & N. C. schedule, and those who wish to see all the game should be on hand promptly at the above hour.

The Mt. Olive club has played at La Grange and Goldsboro, and the club is reported to put up a good game.

All the local ball players are requested to be at the Fair grounds this evening at 6 o'clock for practice, and some good practice work should be done, preparatory to the game tomorrow.

GRIFTON.

July 11.—Mr. J. C. Gaskins went to Kingston Monday on business.

Mr. J. S. Keen Jr. returned Monday from Morehead City.

Messrs. J. C. Griffin and W. H. Patrick went to Kingston Monday on business.

Heber Gaskins is making all kinds of cool drinks, he is well fixed for the business and has a very handsome fountain, when you visit Griffin don't fail to call on him he will do his best to please you.

Dan Brooks and J. A. Moore went to Dover Sunday.

Mr. Tom Linsley of your city was in town Tuesday.

Mr. J. S. Keen Jr. returned from Morehead City where she has been for several days enjoying the sea breeze, accompanied by her sister, Miss Emma Keen.

We had a very nice rain Tuesday, the farmers and crops were very glad to see it for they were in need of some.

We are having lots of drummers in town every day now looking after their trade.

Mr. J. C. Griffin's whiskey still burned Monday night, can't tell whether the still caught fire or what caused it.

Mr. G. W. Summerell of Kingston was in town Tuesday.

The 4th of July in Swansboro.

According to program, this day was celebrated here by a large crowd of people from several counties.

The large crowd "Onslow" left Stella in the morning towed down by the little steamer Fawn, stopping at Swansboro and all along the line to take in passengers, arriving at Rogue banks about noon, when a sumptuous dinner was served including all the good things pertaining to such occasions.

Also a big display on the sands with coffee to make music, vocal and instrumental, the sky was pretty, but rather warm. We judged there were some 300 people all told, from three or four different counties, some of them were:

E. H. Barnum and two sons of New Bern, Alex. H. Mallett and wife of Oriental, Pamlico county; Joseph F. Ford, of Richmond, Va.; Mrs. R. L. Williams and three children of Portsmouth, Va.; Mrs. I. A. Williams and Mrs. Ward of Wilmington, N. C.; Misses Emma Weeks, Laura Jones and Mrs. Dr. G. N. Ennett, of Carteret county; Miss Mildred Venter and Mr. Lou Nicholson, of Richland; Miss Sallie Bryan, Mr. I. H. Gillett and others of Jones county; Dr. E. L. Cox and clerk, J. W. Burton, of Jacksonville, etc.

Everything passed off very nicely, no rowdiness, or drunkenness, plenty to eat and drink, cool and nice ice cream and confections in plenty. We judged a large part of them enjoyed the fresh fish fry best, from the way they got outside of the big pig fish, croakers and pen fish, with now and then a huge mullet, interspersed with crabs and conchs.

But the most exciting thing to our fancy was the sail boat race, there were 3 contestants in the race, 4 1st class and 4 2nd class styled boats, namely, W. W. Dennis, J. E. Kirkman, M. Hatcell, and D. H. Ward, first class, and I. M. Willis, W. E. Truckner, E. F. Littleton and Glenn Matlock, second class.

The prizes were three flags, one to the winner of the first class, a beautiful silk flag, and two other nice flags to go to the first and second winners of the second class boats.

The wind southwest blowing a stiff breeze, the start was from the side of the steamer Fawn at the banks, route up the westward channel to a stake boat opposite the main wharf at Swansboro, around said stake and back same route to steamer at banks, distance 8 miles.

The 2nd class boats were all about the same size 15 feet long. The 1st class boats were not even in size nor length. The "Dennis and Kirkman" were of the same length, but the Kirkman was made narrower than the Dennis, being 17 feet in length, the Hatcell was 16 feet 4 inches in length, about the middle of the Kirkman, the Ward was only 15 feet 6 inches long, but heretofore considered a fine match for the others though much smaller, the start was in good order, one minute time given each boat to get out of the way, before another start was made. They made the run in about 1 hour and 50 minutes, the Dennis coming in ahead of Kirkman just 50 seconds, while the Hatcell and Ward fell behind about 3 minutes, the Ward sprang ahead by bursting her partner, and was hindered by having to be bailed on the home run. In the 2nd class boats, the Willis won first prize by 15 seconds, over Truckner who took 2nd prize over Littleton, by just 2 seconds while Matlock fell behind 2 minutes.

The silk flag was presented to Capt. Dennis by Mr. Lou Nicholson of Richland a recent Trinity College graduate, the next one by E. C. Henderson of the Belgrade Courier, to Mr. Isiah Willis, and the last to Mr. W. E. Truckner by Mr. E. H. Barnum of New Bern, in very appropriate speeches for the occasion, after which a rousing cheer for the winners. Then the whistle of the steamer called us to quarters, a homeward bound song sounded in all our ears and we bounded away, all pleased with our day's work, except those who lost in the boat race. By the way, we forgot to say we had ripe watermelons that day.

Enlisting on Alvarado.

Although yesterday was a rainy day, there were a good many applicants on board the Alvarado, seeking to enlist.

Hollowell & Peterson's Excursion.

Hollowell and Peterson's Grand Excursion, Goldsboro to Morehead, passes New Bern 9:30 o'clock on the morning of July 18th. Returning at 7 o'clock on the evening of July 17th. Round trip fare from New Bern only 50c. Greatly reduced rates at the Atlantic Hotel for the occasion. This is a rare opportunity for a nice trip at a small cost.

No Base Ball Game.

Owing to the continued rainy weather the Mt. Olive club was telegraphed yesterday, that the game set for today would have to be postponed.

Four days of rain has made any ball playing impossible, except there be a few days clearing weather, when the grounds will be dry.

Manager Ed Clark will be home today and if weather permits all players are asked to be out at 6 p. m. for practice.

There is a general disappointment over the postponement of today's game.

Miss Maggie Herring of Trenton is visiting relatives at Clinton. **W.**

MERRITT.

July 9.—The weather has been very warm and dry, up until today. It was raining pretty much all day, which is very much appreciated by the farmers in this section. I believe the farmers have got General Green subdued in this vicinity. Crops are looking fairly well.

Miss Etta Broadwaters, and her brother Tommy, spent last Sunday with Miss Minnie McCotter of this place.

Mr. Henry Belanga and Miss Emma Hardison of Arapahoe, spent the day with Miss Alice Cahoon.

Mr. Paul Cahoon is expecting to take a trip to your city soon. **FRANK.**

An Eight Foot 'Gater.

As the tug Uncle Sam was going up the Trent river a few days ago, after a raft of logs for the Pine Lumber Company, when at 15 mile Tree, Capt. Tom Dixon saw a large alligator fully eight feet in length, coming down the river. Taking a skiff, Capt. Dixon went after the 'gater with a pike pole, but it was difficult work in the shallow water and the 'gater escaped.

A Pot Walloper.

The parliamentary register for 1890 showed that there was then only one pot walloper in all England. One seeing the term for the first time might easily imagine that a pot walloper was a species of lethyanus or some other reptile of a past age. It will be discovered upon inquiry, however, that the term "pot walloper" is literally one who boils a pot and was applied to voters in certain boroughs of England where, before the passage of the reform bill of 1832, the qualifications for suffrage was to have boiled (walloped) his own pot in the parish for six months.

Pearls Found in Vermont.

Evergreen is talking about the "Great Mountain Pearls." Did you know that they cure liver troubles, constipation, bad digestion, nausea, dull headache, dizziness and foul breath? There never was a pill sold which acted so quickly and gently, and they don't gripe one bit. A trial is all we ask—we know what the result will be. **C. D. SHADHAM.**

SUBSTITUTE FOR A VACATION.

Mr. Charles Newman, 174 Loomis street, Chicago, Ill., writes the following in regard to Peruna.

"I took one bottle of your wonderful medicine and have so improved that I feel like a new person. I am very thankful that I got hold of your wonderful remedy. I cannot say too much in your behalf. I had doctored for two years until I felt there was no relief."

"My wife has taken one bottle of your grand medicine and it has helped her so much. I find it has improved her health so much that I will recommend it to anyone cheerfully."

Yours gratefully, **Charles Newman.**
