\$400. REWARD.

For Apprehension Every Person Taking Part in Any Lynching. Governor Aycock's Position.

AT WRIGHTSVILLE.
Governor Aycock to Review State Guard Encampment.
Rain fall Injuring Crops. Supplies for State Guard. County Superintendents of Education. Pardoned by Governor. Permitted Explanation.
RALEIGH, July 13.—Governor Aycock leaves Morehead City for Wrightsville Wednesday and that afternoon will review the 3d regiment at Camp Aycock. The next morning he will see guard mount and drill and inspect the camp and see the officers and men. He expressed pleasure at the large percentage of attendance, being informed by Adjutant General Royster that it is 90 per cent of the full strength. General Royster expresses his gratification at this. He will be with the Governor Wednesday and Thursday at camp.
A great deal of rain fell last night and today, with a strong north easter blowing. The wind has for 36 hours been from the north east. The rain is injuring crops in this section.
Auditor Dixon and treasurer Lacy today made speeches at the Wake Sunday School Convention at Mt. Moriah church. Next week they will address the Johnston county Sunday School convention.
The Adjutant has received all the invoices for the supplies shipped by the war department for the State Guard, mainly for the 1st and 2d regiments. Most will arrive next week.
The State Superintendent of Public Instruction says, "The reports as to the election of county Superintendents of education have so far come in from 50 counties. They show that some of the ablest educators in the State have been elected. They also show that there is a decided increase of enthusiasm as to the public schools and education generally. All this is indeed encouraging."
Governor Aycock pardons a man named Pender, an ex-convict of Swain county. He did what far too many people in that section do, that is, sold whiskey without license. His case has some very pitiful aspects, and the pardon was an act of mercy. He was serving a six months' sentence in jail.
In the Superior Court here, Judge Robinson stopped Attorney Herbert Norris from making an explanation in a criminal case. The attorney wanted to show the situation of a road in reference to the defendant's land. The Judge said it was unnecessary. The attorney withdrew from the case and says he will never again appear in a case on trial before this judge.

O'Connell Jarried by Collapse.
WASHINGTON, July 12.—At the headquarters here of the International Association of Machinists, President O'Connell admitted that the collapse of the strike at Cincinnati was likely to have considerable effect on the general strike, as Cincinnati had been regarded as the most important point among the cities involved in the strike. President O'Connell reiterated that there is no intention to call off the general strike and declared that the order would fight it out to the end.

Burned Smallpox Hotel.
JOLIET, Ill., July 12.—This has been a most exciting day here. By an order of the city authorities the Bissell Hotel, a large wooden structure, was burned to destroy traces of smallpox. Three other buildings took fire, but the flames were extinguished.
Among them was the German Evangelical Church. Fifty people mostly negroes, were made homeless. During the progress of the fire three barns in another part of the city were totally destroyed. The Richard Street Methodist Church, one of the finest structures in the city, had a narrow escape from destruction. Threats of damage suits against the city are made.

Denison Drought Broken.
DENISON, Tex., July 14.—The worst drought ever experienced in this section was broken this afternoon by a terrific rainfall of over two hours' duration, the volume of rain being almost equal to a cloudburst. The storm was accompanied by a wind of almost tornado force. Reports indicate that the rain is general in this vicinity. It came just in time to save the cotton crop. It will benefit the fruit crop and furnish stock water which had entirely failed causing much distress. It will also benefit livestock crops.

BACKBONE OF STRIKE BROKEN

Cincinnati Machinists Go Back Out of Money and Being Unable to Get Any.

CINCINNATI, July 12.—The machinists' strike in this city, which began May 20, and involved from 5,000 to 7,000 employees, practically has been declared off. A secret mass-meeting of strikers was held today, at which a formal report was made that it had been found impossible to procure assistance in money from the headquarters in Washington. As the strike benefit fund is exhausted the strikers were advised to return to work. Already about 600 have applied for re-employment and many more will do so tomorrow and Monday.

The strikers, failing to receive funds from Washington, sent an agent to that city to secure money. His report was presented to the meeting today, and the action which virtually ends the strike, was taken. It is said, however, that the decision to return to work was not unanimous and that some men still hold out.

Dynamite to Check Flames.
ENTO, Okla., July 14.—Four blocks of business houses on the public square here were destroyed in less than three hours by a fire that started after midnight this morning.
The water supply was inadequate and it was necessary to blow up buildings with dynamite to check the flames. Owing to the continued drought everything burned like matchwood. A light wind blowing from the southeast saved the eastern part of the town. The total loss is estimated at more than \$100,000. The insurance will be light. The postoffice and the land office were saved only after a hard fight.

It is easier to keep well than get cured. DeWitt's Little Early Risers taken now and then, will always keep your bowels in perfect order. They never gripe but promote an easy gentle action. F. S. Duffy & Co.

Great Fire in London.
LONDON, July 12.—A fire at the West India docks today destroyed a number of huge sheds and their contents. The damage is estimated at £1,200,000 to £2,500,000 (\$500,000 to \$1,250,000). Sugar and timber warehouses were involved in the conflagration.
The Custom house was damaged but the vessels in the docks were removed to safety.

Bites of insects, reptiles, dogs, and cats, also the stings of bees and wasps—should be instantly treated with PAIN KILLER, the quickest and surest remedy for pains, aches and soreness of any kind. In use for sixty years, and sold everywhere. Avoid substitutes, there is but one Pain-Killer, Perry Davis' Pain Expeller and Co.

Torrid Day in South.
MEMPHIS, July 12.—This was the warmest day of the year in the central Southern States. Many places in west Tennessee, Arkansas, north Mississippi, Louisiana, Alabama and Texas, report all heat records broken during the afternoon. In Memphis the official report was 102 degrees at 5 o'clock. This is the highest temperature ever recorded here. Selma, Ala., was the warmest place in the South, 112 degrees being recorded. Montgomery reported 105 and Mobile 102. At Little Rock, Ark., the highest temperature ever recorded was officially reported 106. Pine Bluff, Ark., reports the warmest day on record with one fatality.

Those famous little pills, DeWitt's Little Early Risers compel your liver and bowels to do their duty, thus giving you pure, rich blood to recuperate your body. Easy to take. Never gripe F. S. Duffy & Co.

ITEMS OF INTEREST.
A new insect has appeared in California in time to devour the eggs of the countless red spiders that injure the orange groves.
Ten years ago homeopathic and allopathic physicians would not mingle. Now many hospitals have representatives of both schools on their staffs.
In the United Kingdom there are 60,000 postmen, and in the course of a year nearly 3,000,000,000 letters, postal cards, parcels, circulars and newspapers are delivered.
The London county council some time ago passed a law that no one should shout to the annoyance of the public while hawking newspapers, but the law is not enforced.
Fewer brown straw hats are seen in New York than in almost any other city. Absence of soft coal smoke is one suggested explanation of the prevalence of white straw.

A picked body of men, natives of Espinosa, form the personal guard of little Alfonso XIII of Spain. They close the palace gates at night and open them at 7 o'clock every morning.
Nearly all of the fruit crops around Naples, Italy, have been destroyed this year by a caustic rain, caused by the immense volumes of poisonous smoke issuing from the center of Vesuvius.
Some of the London docks appear to be absolutely swarming with rats. At Millwall 6,470 rats were destroyed last year, but it is admitted that in proportion to the numbers present the numbers caught are very small.
Some remarkable relics of the early civilization in Egypt have recently been unearthed and deposited in the British museum. Among them is a beautiful impression of a royal seal which represents the king wrestling with a hippopotamus and spearing a crocodile.

Epworth Leaguers Robbed.
Glenwood Springs, Col., July 14.—The thoroughly organized gang of pickpockets operating at Colorado Springs is responsible for a party of about 20 Epworth Leaguers becoming stranded here.
Men and women alike have been robbed not only of every cent they had with them, but also of railroad tickets, and unless the railroads will issue tickets back home on their proof of having purchased and paid for rides to San Francisco and back they will be compelled to ask aid from the county authorities.
In at least 10 cases thieves even secured their victims' trunks on stolen baggage checks.
Among those robbed are Dr. J. H. Wilson, wife and daughter and Mrs. H. H. Harrington, of Doyne, Del., Dr. Wilson's wallet, containing tickets for the party, drafts on San Francisco banks and baggage checks, being stolen in the crush at the depot in Colorado Springs.
Major S. K. Hooper, general passenger agent of the Denver and Rio Grande Railroad, authorized the Glenwood Springs agent to furnish passes to Ogden to stranded passengers who desired to continue their journey west.

RALEIGH.

Fourth Day of Rain; Farmers Anxious.

Two Children Drowned in Creek. Veteran Returned. Aycock Not Senatorial Aspirant. Bankrupt Case Still Pending.

RALEIGH, July 15.—Today was the fourth of almost continuous rain. Streams are at flood, lowlands under water, no outdoor work can be done, and surface farmers are asking what is the future. The rains Saturday and yesterday caused a great deal of damage. Streams rose with wonderful rapidity, and reached almost the height attained in May.
Two children of Charles Emery, four miles from here were drowned yesterday afternoon in House Creek, which is usually a mere brook, but which is now a torrent. There were three children. They had crossed the stream earlier on a visit. The stream rose and was over the foot-log when they tried to return. The oldest, a girl, carried the youngest across on the log, but when attempting to take her brother across both were swept away. The cries of the survivor brought help, but it took time to find the drowned children, now submerged in a meadow, some distance away.
J. L. Henry, the veteran who ten days ago wandered away from the Soldiers' home here, returned today, saying he had been to Clinton to see a sister. His home is Snow Hill.
The cock and bull story that Gov. Aycock was an aspirant for the United States Senate is daily denied, though really denied was unnecessary. The place will go to a Democrat west of Greensboro. There are at least four aspirants now.
Judge Thomas C. Fuller of the United States court of bond claims, who for some months has been under medical treatment here has gone to Asheville.

The striking Seaboard Air Line mail children here are yet out, and say they are assured some money will be sent them this week from the strike fund. Some are needy. It appears that but little of the strike fund has come this way, but that some explanation of this is made. The men do not see any end of the matter in sight. They have called for money.

There was argument here today in the matter of B. J. Sanderlin, bankrupt, of Wilmington, before Judge Parrell McNeil and Peasall claim principally other creditors, by reason of certain mortgages. Franklin McNeil and E. K. Bryan appeared for McNeil and Peasall and Fred Mearns for the peasall claimant.

The piles that annoy you so will be quickly and permanently healed if you use DeWitt's Little Early Risers. Beware of worthless counterfeits. F. S. Duffy & Co.

June Bugs Puts Out Lights.
ZANESVILLE, O., July 11. Zanesville is almost entirely in darkness tonight as a result of the visitation of June bugs in countless numbers. Electric light globes are filled and the lights are completely submerged by the swarms of the burned bugs. The hotel-keepers are infested with such swarms that it was necessary to close the doors, not withstanding the intense heat.
In several instances church services were interrupted with. The river bridges are almost impassable to pedestrians. The atmosphere about the lights is filled with clouds of live insects and their carcasses to a depth of several inches by dead ones.

When you want a modern, up-to-date physic try Chamberlain's Stomach and Liver Tablets. They are easy to take and pleasant in effect. Price, 25 cents. Samples free at F. S. Duffy & Co's drug store.

Engineers and Firemen Quit.
EAGLE PASS, Tex., July 14.—The engineers and firemen on the International Railroad have resigned and business on that road is suspended. The trainmen demanded an advance in wages and it was refused, which is the cause of their resignation. There is no concerted strike, but all the men are out, but the men are paid in Mexican money, and this had depreciated in value, cutting down their wages.

The Ground Dry For Several Feet.
LOUISVILLE, July 14.—"The intense heat has completely dried up the country around Berlin," says the Berlin correspondent of The Times. "and all moisture has withdrawn from the soil to a depth of several feet. Fruit is falling from the trees before it is ripe and potatoes and hay crops have been severely affected by the drought."

A CHILD ENJOYS.
The pleasant flavor, gentle action, and soothing effect of Syrup of Figs, when in need of a laxative, and if the father or mother be constipated or bilious, the most gratifying results follow its use; so that it is the best family remedy known, and every family should have a bottle. Manufactured by the California Fig Syrup Co.

FIRST BOLL FOR BRYAN

Convention of Ohio Followers. The Meeting in Cleveland and Proceeding to the State of Ohio.

CLEVELAND, O., July 14.—A convention of Ohio followers of the Bryan movement was held in Cleveland today. The meeting was held in the city hall and was attended by several hundred Bryanites. The Bryanites were well represented in the Bryan movement in Ohio. The Bryanites were well represented in the Bryan movement in Ohio. The Bryanites were well represented in the Bryan movement in Ohio.

A formal statement of principles was submitted to the conference and was adopted. This will be printed and sent throughout the State to those who are known to be faithful to the Bryanite. A convention was decided upon to be held at the Great Southern Hotel on the last day of July. The Bryanite movement may come all those who sign their names to the declaration of the principles.

Miners Will Aid Steel Strikers.
PITTSBURGH, July 14. The Post to-morrow will say "Fifty thousand miners employed in the many mines of the Pittsburgh district are willing to lay down their picks, walk out of the mines and assist the Amalgamated Association of Iron and Steel Workers in their fight against the steel trust." Patrick Dolan, district president of the United Mine Workers is authority for this statement and if necessary the miners will immediately quit work.

VANCEBORO.
July 15. We had a shooting affray here last Sunday. A negro by the name of Roland Gaskins, and a negro from Pitt county, inflicted an ugly wound. Gaskins has run away.
Mr. W. K. Brown has three cases of typhoid fever in his family.
We see several towns are going dry. They must be looking for Mrs. Nation, with her hatchet. What a blessing if they all go dry.
Mr. Thos. Linsay of Beaufort, was in our town Wednesday.
We had drummers here most every day. We think the merchants will have a large quantity of goods next fall.
Our mail arrives here now at six p. m. instead of twelve m.
