THE UNFORTUNATE.

Better Provision For the Insane Badly Needed.

Nearly all Insurance Companies jured, especially cotton. Back. Fair Premium List Ready. After a Fire Bug. Hig Grass Crop.

RALEIGH, July 27.-Secretary C. B. continues to get worse. for the insane. He showed that by the and it was not a good day either. has secured show there are 766 insane Elizabeth City. county homes and others in private week and attending the meetings. tention and that 300 of these are in the therefrom. western district. There were no arrangements made by the last legislature Creek were visitors at our place Sunto increase the room at the asylum here. day. It is now declared to be full. There are on file 33 approved applications for admission. These will be admitted according to seniority of application. This asylum was inspected by the board of public charities last Saturday. The board was informed that the question of the right of sending away certain lamates who are congenital idlots has been submitted to the attorney general.

Insurance commissioner Young says that of the many life and fire insurance companies which in 1899, after the enactment of the Craig "domestication" law, withdrew from this State all save four have returned, the four being the Conneticut Mutual and the Mutual Re-

In this State.

Governor Aycock will leave here Monday morning for Wrighesville.

The Insurance Commissioner returned had bought the pot and the oil the day of the fire. At a former Investigation he appeared with a pot which he said was the one he bought, but the seller denied this and identified the floating one. with an entirely different pot, but the Duffy & Co. seller swore that this had been bought since the date of the fire. In the face of these facts the Commissioner was simply astonished at the discharge of the anspect. He remarked, however, "we will get him yet."

Governor Aycock was yesterday talking about the abundance of the grass crop in this State and expressed the hope that farmers are sufficiently farsighted to be saving it all, as in view of the grass famine in the West, hay will be an extremely valuable and high comto grass that in such a way they may save the heavy loss from floods and get a product worth twice as much as cot-
