NEW BERN, CRAVEN COUNTY, N. C., FRIDAY, NOVEMBER 1, 1901.—SECOND SECTION.

NUMBER 53

## TRY TO AGREE.

North Carolina Congressmen to Con-  
sult as to Fuller's Successor.

Colored Fair a Glimpse. The Barns  
Portrait Presented. Cotton  
Weather. The Worth  
Sult New Ru-  
libra  
ries.

RALPH, October 30.—Senator Sim-  
mons is pretty confident that all the  
North Carolina Democratic Congress-  
men will be at Washington tomorrow  
to meet him and see if they can agree  
and make a unanimous recommendation  
of a Democrat to succeed Thomas C. Fuller  
as judge of the court of private land  
claims. As has been said there are fully  
25 North Carolina aspirants. The thing  
is to get exactly the right man. At least  
ten have already been endorsed in var-  
ious ways.

The negroes are gratified at the com-  
pliments leading while men pay their  
State Fair, now in progress here. The  
negroes have never made so good agri-  
cultural exhibits. State Auditor Dixon  
declares he saw none better made by na-  
tive farmers at the white fair last week  
here.

Many prominent people gathered at  
the Capitol this evening to see the por-  
trait of Capt. Otway Burns, who com-  
manded the privateer "Snap Dragon" in  
the war of 1812, presented to the State.  
Ex-president of the State University K.  
P. Battle made the presentation speech  
and it was full of valuable historical re-  
ferences, while State Auditor Dixon  
accepted the portrait in behalf of the  
Governor.

Governor Aycock left this morning  
for Weldon, to formally open the Fair  
there.

No rain has fallen in two weeks and  
the weather has been wonderfully fine  
for all outdoor work, including cotton  
picking, yet quite a number of farmers  
are said to be very slow in picking their  
cotton. No reason save carelessness is  
given.

Ex-Gov. Russell who is of counsel for  
ex-State treasurer W. H. Worth in the  
latter's suit against the Baltimore Surety  
Company, for the money which his  
client, W. H. Martin, stole while in the  
treasury, says the case will not come up  
until February. Worth has expected it  
to come up this month.

The following commissions to officers  
of the naval militia were issued today:  
H. W. Chaso, lieutenant; Nixon Davis,  
lieutenant junior grade and Morgan  
Skipper, ensign, of the Wilmington di-  
vision; Charles J. McSorley ensign of the  
New Bern division; H. V. Dunstan, lieu-  
tenant junior grade, of the Windsor di-  
vision.

The State today issued warrants for  
bringing rural public school libraries to  
bring the number up to 200. By the end  
of the year it is probable there will be  
300 more, so rapidly are applications  
coming in.

There was argument today in the  
Stateville contempt case, in which J. A.  
Gorham, a Southern railway attorney,  
Brown, a juror, and Ramey, who was  
mixed up in the matter, were convicted  
and sentenced in the lower court; Gor-  
ham of attempting to influence Brown,  
juror; Brown for being thus influenced  
or laying himself liable to suspicion, and  
Ramey for being what a lawyer termed  
a "go-between." They all declared their  
innocence of these charges and appealed.  
F. I. Osborne appeared today for Gorham.  
The case in which the charges were  
made was the noted one in which B. F.  
Long of Statesville sues the Southern  
railway for heavy damages for killing  
his son, a student at the State Univer-  
sity, at University Station. Mr. Long is  
here.

## Many Believe Her Dead.

AT PETERSBURG, Oct. 29.—The Rus-  
sian Foreign Office is still co-operating  
heartily with the United States officials  
in the efforts to obtain the release of  
Miss Ellen M. Stone, the American  
missionary, and her companion Ma-  
dame Taffka, who were captured by bri-  
gands.

M. Bakhmeteff, the Russian repre-  
sentative at Sofia, whose wife is an Amer-  
ican, is showing much energy in co-op-  
erating with United States Consul-General  
Dickinson, of Constantinople, in Gov-  
ernment circles at Sofia the impression  
appears to be that Miss Stone is dead.  
Messengers are being taken by Mr. Dick-  
inson and M. Bakhmeteff. Mr. Dickin-  
son is trying to learn whether she is  
alive or not.

## Fighting in Samar.

MARILA, Oct. 30.—Advices received  
here from Catabagoan, capital of the is-  
land of Samar, say General Smith has re-  
liable information regarding the where-  
abouts of the insurgent leader Lakhan,  
who is being hard pressed. Small ship-  
mishes take place daily. General Smith  
expects to clear the island of insurgents  
by Christmas.

For Infants and Children.  
The Kid You Have Always Bought

Beware the  
Signature of J. C. Watson

## OSBORNE THE MAN.

President Roosevelt Appoints him Judge  
to Succeed Fuller.

SPECIAL TO JOURNAL.  
RALPH, Oct. 30.—This afternoon the  
President appointed ex-attorney general  
Frank I. Osborne of Charlotte as Judge  
of Court of Private Land Claims, to  
succeed the late Judge Thos. C. Fuller.  
Judge Osborne is a brother of attorney  
James Osborne of New York, who has  
been prominent in a number of celebra-  
ted cases.  
Judge James E. Boyd telegraphed his  
heartily congratulations, and Osborne is  
receiving congratulations from all sides  
here.

## To Defy America.

BERLIN, Oct. 29.—During an address  
at a meeting of the Fleet Society in Han-  
over Captain Von Weltheim, of the Ger-  
man navy, said:  
"Germany's interest in the fire re-  
publics of Central America, in view of  
American competition, can only be main-  
tained when we have a fleet strong  
enough to say to the Americans, 'Hands  
off.'"

This declaration was received with a  
storm of applause.

## Plague, Not Influenza.

LONDON, Oct. 29.—The Local Govern-  
ment Board has issued a statement that  
two persons died from the plague this  
month at Liverpool, according to  
bacteriological tests made after their  
deaths.

Three suspected cases and all who  
have been in contact with the suspected  
persons have been put under observa-  
tion. The board says the plague was at  
first thought to be influenza.

## Public Money to Relieve Hard Times.

VIENNA, Oct. 29.—In the Reichsrath  
today Dr. Non Kowber, the Premier, re-  
plying to a question regarding the pre-  
valing depression, said that, under the  
reproductive works bill the industrial  
departments would place orders with  
manufacturers to a total value of 129,  
000,000 kronen (about \$25,000,000).  
In order to enable the Government to carry  
out this scheme, it was necessary that  
the estimates for 1902 be passed without  
delay.

## Mr. and Mrs. Wu.

SAN FRANCISCO, Oct. 29.—Miss Wu  
Ting-fang, wife of the Chinese minister,  
arrived here today on the steamer Ga-  
leo, from China. She is accompanied by  
her daughter, Miss Wu Su-ching.

## Good Roads Exhibit.

WASHINGTON, Oct. 29.—The special  
good roads train, carrying road experts,  
a competent crew and the paraphernalia  
for giving practical illustrations in road  
making, left Alexandria, Va., tonight,  
for its tour of the South over the South-  
ern Railway. The trip is under the aus-  
pices of the Southern Railway and the  
National Good Roads Association, and  
has several officers of that organization  
and also the director and assistant of the  
office of public road inquiry of the Agri-  
cultural Department. The itinerary takes  
in many places in the South. Some  
weeks will be spent on the trip. The ob-  
ject is to give practical illustration of  
road making and bring home to the peo-  
ple of different communities the advan-  
tages of good roads, and by agitation  
and education to forward the movement  
for such roads in the South. At each  
stop several days will be spent, a sample  
road will be made under the direction  
of the engineers of the Good Roads As-  
sociation who accompany the train, and  
a good roads convention, lasting two to  
four days, will be held.

## Morgan Now a Chief Gunner.

NEWPORT, R. I., Oct. 29.—Friends  
here of Gunner Charles Morgan, United  
States Navy, learned that President  
Roosevelt has ordered returned to the  
gunner several numbers in his grade  
which he was reduced some years ago as  
a result of the finding of a court-martial  
which tried him on a charge of being  
absent from station and duty without  
leave.

Since then Morgan's services have  
been of much value to the department,  
his work in charge of the divers at the  
wreck of the Maine in Havana harbor  
gaining for him the high commendation  
of his superior officers. In view of this  
President Roosevelt has granted Gunner  
Morgan a full pardon for his early in-  
discretion, the news coming today in a  
letter from Secretary Long to Repre-  
sentative Melville Ball.

With his numbers restored Gunner  
Morgan reaches the rank of chief gun-  
ner. He is now stationed on the Pen-  
sacola.

## The Children's Friend.

You'll have a cold this winter. Maybe  
you have one now. Your children will  
suffer too. For coughs, croup, bron-  
chitis, grip and other winter complaints,  
One Minute Cough Cure never fails.  
Acts promptly. It is very pleasant to  
the taste and perfectly harmless. C. B.  
George, Winchester, Ky., writes "Our  
little girl was attacked with croup late  
one night and was so hoarse she could  
hardly speak. We gave her a few doses  
of One Minute Cough Cure. It relieved  
her immediately and she went to sleep.  
When she awoke next morning she had  
no signs of hoarseness or croup. F. B.  
Duffy.

JACOBS' Balm for Rheumatism is the  
best. Middle street.

## CODY'S SHOW WRECKED.

Engineer Misread His Orders. 92 Horses  
Killed. Nobody Seriously Hurt.

SALISBURY, Oct. 29.—The little village  
of Linwood, 12 miles north of Salisbury,  
was the scene of an accident at 4 o'clock  
this morning, which will be heard of  
with regret by admirers of Col. W. F.  
Cody and his Wild West show.  
Engineer Lynch, of No. 75, the south-  
bound through freight, misread his or-  
ders, hence the accident. He was to pass  
the second section of the show train at  
Lexington but misread Linwood. As a  
result the two trains had a head-on col-  
lision occurring on a perfectly straight  
section of track.

Both engineers saw the danger in time  
to slow up though not to stop and the  
trains were only going about eight miles  
an hour at the time. Both engines were  
badly smashed and all the cars of both  
trains violently jolted. Five cars of the  
show train were almost completely  
smashed. Both the engine crews jumped  
and escaped injury.

The employees of the show train were  
thrown out of their berths but none  
were injured. Col. Cody was in his pri-  
vate car "Cody" at the rear of the  
train.

But it was among the horses that the  
greatest damage was done, 92 of the  
poor animals being either killed outright  
or having to be shot. Their bodies lay in  
heaps among the wreckage, frightfully  
mangled.

Of the survivors, almost equal in num-  
ber to those killed, there was hardly one  
but had a torn side, a lame foot or a  
glazed eye. The horses on this section,  
were the finest trained horses. Col.  
Cody could not restrain his tears at the  
sight of the mangled body of his pet, the  
little horse he rode in breaking glass  
balls with a rifle.

The remaining horses were loaded on  
cattle cars at Linwood station tonight  
and taken to the large railroad stock  
yards at Spencer, where they will be  
cared for by the company.

## COTTON IN THE STATE.

Its Condition Put at 70 Per Cent. Report  
on Other Crops.

SPECIAL TO JOURNAL.  
RALPH, Oct. 30.—A special crop  
report based on the returns from over  
twelve hundred correspondents was is-  
sued by the State Agricultural Depart-  
ment today. The report says that the  
condition of the cotton crop as compared  
with last year is 70 per cent and com-  
pared with an average year is 64 per  
cent. The government figure was put at  
63 per cent.

The tobacco crop report shows an av-  
erage of 70 per cent of an average yield.  
The government figure on tobacco was  
72. The quality of the tobacco is put at  
77 by the State report.

The condition of corn is 69 per cent,  
the same as the government figure. For  
peanuts the condition is 84, sweet pota-  
tokes 84, which is the same as the govern-  
ment figure.

The commissioners estimate the cotton  
crop at 351 thousand bales, against 513  
thousand bales last year. The worst  
crops are in the southeast, the best are  
in the southwest and northeast.

## Judge Frank Osborne.

CHARLOTTE, Oct. 31.—A telegram from  
Washington City yesterday announcing  
the fact that President Roosevelt had ap-  
pointed Mr. Frank I. Osborne to succeed  
the late Judge Thos. C. Fuller as Judge  
of the Court of Private Land Claims,  
was received in Charlotte with genuine  
pleasure. The comment was all one  
way—commendation of President Roose-  
velt for the good judgment which he  
displayed in selecting Mr. Osborne, and  
general rejoicing that Charlotte had  
been so signally honored.

The appointment of Mr. Osborne was  
the principal topic on the streets last  
night and was the occasion of a general  
handshaking among Charlotte people.  
It seems a pity that Mr. Osborne was  
not here to get a realization of the plea-  
sure which the announcement of his ap-  
pointment gave the people of his native  
town. It is the most popular appoint-  
ment that has been announced from  
Washington since Cleveland left the  
presidential chair. Charlotte endorses it  
by a rising vote and the sentiment of the  
people is that Judge Fuller's mantle has  
fallen upon worthy shoulders.

## Dr. Bull's Pills for Liver Ills.

One pill a dose. Box, 50 pills, 10 cents.  
Cure Constipation, Liver Troubles, Bil-  
iousness, Impure Blood, Dyspepsia, Fe-  
male Complaints, Stomach and Bowel  
Disorders. Dr. Bull's Pills never gripe.

## No Strike at Fall River.

FALL RIVER, Mass., Oct. 30.—The mill  
operatives of this city tonight decided  
not to strike, the matter being decided  
by a majority of four votes in the loom  
fixing union. Only 1,703 of the 20,000  
operatives of the city, exclusive of those  
employed in the Iron Works and Bourne  
Mills and the mills of the New England  
Yard Company, attended the general  
mass meeting of the unions, called for  
the purpose of voting on the proposition  
to strike Monday for an increase of 10  
per cent in wages. According to the  
report of the Textile Council, four of the  
five unions were required to vote in favor  
of a strike before one could be ordered.  
Tonight the weavers, slaters and card-  
ers voted in favor, but the spinners voted  
against it. The spinners were expected  
to vote "no," so the question was really  
decided by the four votes in the loom  
fixing union.

## RALEIGH.

New Military Company Authorized  
For Greensboro.

Farm Labor Scarce. Soldiers Home  
Dormitory A Small Fire.  
Dental Society Booklet.  
The Big Hay Crop.  
Congratulation to  
Osborne.

RALPH, Oct. 31.—The formation of  
a military company at Greensboro for  
admission into the State Guard is au-  
thorized. It is not yet known to what reg-  
iment it may be assigned. Adjutant  
General Royster says that while there is  
only one vacancy, that being in the First  
regiment there will probably be some  
transfers of companies, as it is his desire  
to arrange the regiments in better shape  
geographically.

Farmers in this section say farm labor  
is very scarce. This particularly ap-  
plies to negro labor. They give this as  
the reason why some farmers are so slow  
in picking out their cotton.

A letter to the agricultural department  
gives news of the death in this county of  
David Brown, a brother of J. Floyd  
Brown, a member of the Legislature and  
State fertilizer inspector.

The State charters the Hydraulic  
White Brick Co., of Wilmington, capital  
\$17,000.

The postman at the rural free delivery  
routes say the increase in the amount of  
matter handled is steady.

The contractor who is building the  
main dormitory at the Soldiers Home  
here informs the executive board that it  
will be ready to be turned over Decem-  
ber 1. The Daughters of the Confeder-  
acy will furnish it at a cost of some-  
thing like \$750.

Some rain fell today, the first in over  
two weeks. The farmers who have  
sown fall crops are glad to see it. The  
harvesting of hay has gone on very well  
and the crop is the largest ever made in  
the State.

The cotton crop in the State is a little  
over three-fifths as large as last year's  
percentage varies from 50 to 80 per  
cent. Tobacco is badly off in quality  
and so is cotton. The agricultural de-  
partment finds it excessively difficult to  
procure fine specimens of either cotton  
or tobacco.

Last night fire broke out in the engine  
room of the Midgely spoke factory here  
and did several hundred dollars damage,  
though the firemen worked quick-  
ly.

A special committee of the State  
Dental Society has prepared a booklet on  
the care of the teeth, which is to be circu-  
lated among school children. This step is  
taken by the society, as a result of dis-  
cussion at its last annual session.

A number of congratulatory telegrams  
are being received by Frank I. Osborne,  
who is here, on his appointment as As-  
sociate Justice of the court of private  
land claims. He said today he did not  
know when he would be sworn in, as  
his commission had not arrived.

## Dr. Bull's Cough Syrup Cures

A Cough or Cold at once. Conquers  
Croup, Whooping Cough and Measles  
Cough without fail. Best for Bronchitis,  
Hoarseness, Grippe, Pneumonia, Can-  
sation and Lung Affections. Quick  
sure results. Price, 25c.

## Fall Dress Goods.

All wool Bannel for waists 25c and  
47c. Also special value in 56 Inch  
Broad Cloth in all colors including  
Black 60, 98c. yd. BARFOOT'S.

## A \$100,000 Fire in South Carolina.

TIMMONSVILLE, S. C., Oct. 30.—Fire  
destroyed more than half of the business  
portion of this town today. The loss is  
estimated at \$200,000 with less than \$25,  
000 insurance. The fire was caused by  
the explosion of a lamp in a store.  
Most of the buildings destroyed were  
new.

## Married at Pollockville.

POLLOCKVILLE, October 31.—Mr.  
Emmet Tolson, Bachelor of this place  
was married last night about 7:30  
at the home of his mother near here to  
Miss Mary Taylor, daughter of our  
neighbor, Frank M. Taylor. The Hon.  
Samuel Hudson performed the ceremony  
that made them man and wife. It was  
a very quiet home affair, only the mem-  
bers of the family were invited. May  
prosperity and the best of health be  
their lot through life.

## A FRIEND.

## TO CLEANSE THE SYSTEM

Effectually yet gently when consti-  
pation, to permanently overcome hab-  
itual constipation, to awaken the kid-  
neys and liver to a healthy activity,  
without irritating or weakening them,  
to dispel headaches, colds, fevers, use  
Syrup of Figs, made by the California  
Fig Syrup Co.

It is an established fact that Cough is  
simply an effort of nature to get rid of  
some irritation, Carolina Cough Cure  
will directly effect this, by repairing the  
damage done to the tissues of the air  
passages in the lungs. You can't make  
any mistake in trying it, it is harmless  
and equally good for old and young. No  
cure, no pay. 25c. at Bradham's.

## BELLAIR.

Result of the Crop Year. Some Stockmen  
Will Have a Library. All should  
Help.

OCT. 31. Perhaps the best of crops  
had such pretty weather. The best of  
crops than has been known in many  
two weeks and it has been generally  
utilized, and the crops will be  
gathered. Many farmers say the best  
crops of corn and cotton for many  
years, one farmer said he had nearly all  
the cotton from ten acres and could not  
possibly get enough from the ten to  
make two bales. Some planted for more  
than a bale to the acre and are getting  
about half a bale.

With the late season peas, sweet pota-  
toes and Irish potatoes are doing well  
and a fair crop of these will help much  
toward bridging the shortness of the  
general crops.

If the shortness of the cotton crop is  
such as has been generally reported, it is  
strange that the prices rule below 9  
cents per pound.

There have been several frosts and  
almost a freeze, but potato vines and  
even tomato vines are generally green.  
The general health of our community  
is below the normal, less than half of  
our Sunday School was in attendance  
last Sunday and this shows disease of  
some kind.

Mr. E. M. Street who has been con-  
fined for some time is still very sick in-  
deed.

Mr. S. W. Ipock who has been sick  
for 2 or 3 weeks is better.

Mrs. D. Lane has been sick two weeks  
but is slowly improving, there are still  
several other minor cases of chills, etc.

D. Lane has been going about nearly  
a month with one hand in a sling, caused  
by a slight puncture of a pitchfork in  
the palm of the hand. What strange  
developments sometimes come from in-  
significant causes!

R. G. Wilcox has for a few weeks had  
both hands in slings and for about two  
weeks had to be fed, as he could not use  
either hand. Cause some blood or bone  
trouble, he is much better now.

Miss Zula Holmes is expected to teach  
the school at Bellair this winter and it  
is expected to begin on the first Monday  
in Nov.

Bellair has arranged for one of the  
thirty dollar public libraries and we ex-  
pect its arrival very soon. We hope our  
young people and older ones too will  
take such an interest in this move as  
will cause a general waking up to the  
importance of more and better reading.  
We ought to meet and select books at  
least twice a month and have a lively  
reading circle in every community where  
these libraries are available.

## A Physician Testifies.

"I have taken Kodol Dyspepsia Cure  
and have never used anything in my life  
that did me the good that did," says  
County Physician Geo. W. Scroggs of  
Hall County, Ga. "Being a physician I  
have prescribed it and found it to give  
the best results." If the food you eat  
remains undigested in your stomach it  
decays there and poisons the system.  
You can prevent this by dieting but that  
means starvation. Kodol Dyspepsia  
Cure digests what you eat. You need  
suffer from neither dyspepsia nor starva-  
tion. The worst cases quickly cured.  
Never fails. F. S. Duffy.

## A Good Cook

is always particular to  
get first-class groceries. We  
have a reputation for first-  
class goods and quick deliv-  
ery, built by years of careful  
attention to the wants of our  
customers, and you can de-  
pend on it, we won't injure  
it by any trilling now. Send  
in a trial order if you are not  
already a customer.  
We are still offering Royal  
Blue Coffee—every 5th pound  
FREE, and want to see your  
name with other lucky peo-  
ple.  
**J. J. TOLSON, JR.,**  
Broad St. Grocer. Phone 137.

## Cotton Storage FIREPROOF WAREHOUSE.

COTTON STORED AND INSURED at Small Cost and reasonable  
advances made on same if desired. The statistical position justifies the  
Storage of Cotton for much higher prices, which we believe will surely  
come.  
By Correspondence Solicited.

**E. K. BISHOP,**  
Next to Cotton Exchange, New Bern, N. C.

## FOR SALE!
