State Chemist Kilgore, professor of biology Stevens and professor of agri culture Bevekill left today for Washington to attend the annual conference of agricultural colleges.

A number of merchants in various parts of the State are writing the State auditor for the names of pensioners in their respective counties. They want these in order to sell their goods, and take up their pension warrants, no doubt at a heavy discount. The auditor the capture of Lukhan only a question refuses to give them the lists. He says of a very short time. he intends that the pensioners shall get all that is due them.
