don't stay on or near the surface, but goes right through the muscles and tissues to the bone and drives out all nervous and inflammation.

For a Lame Back, Sore Muscles, or, in fact, all Lameness and Soreness of your body there is nothing that will drive out the pain and inflammation so quickly as

Mexican Mustang Liniment.
If you cannot reach the spot yourself get some one to assist you, for it is essential that the liniment be rubbed in most thoroughly.

Mexican Mustang Liniment
overcomes the ailments of horses and all domestic animals. In fact, it is a flesh healer and pain killer no matter who or what the patient is.

in development on the ledge and a complete five stamp mill, with all other necessary machinery ready to run.

The Ozark is not a prospect, but a mine that has produced. We are placing 100,000 shares of development stock at 25c per share, capital stock 1,000,000 shares (par value \$1.00 each), fully paid and non-assessable, to further develop and put the property on a paying basis.

A property lying near the Ozark, with nowhere as good a showing and very little development, sold last week to a New York syndicate for \$200,000. The stake will pay dividends and be worth par inside of six months. This is the best investment for the money that has ever been offered to the investing public.

Do not lose this opportunity. It will never appear again.

PEOPLE OF THE DAY
Ambassadors Disagree.
Quite a little muss has been stirred up in diplomatic circles over the stories current as to the efforts which, it is alleged, were made to secure a concert favorable to Spain prior to the commencement of hostilities in the Spanish-American war in 1898. The alleged fall of charges and countercharges between Germany and Great Britain. British authorities deny the assertion.

DR. VON HOLLEBEN.
that Germany makes to the effect that Lord Pannecofte, British ambassador to the United States, made a move to secure a coalition against the United States. High German officials contradict the denial of Great Britain and assert that it was necessary on two occasions in 1898 to instruct Dr. von Holleben, the German ambassador at Washington, to reject the proposals made by Lord Pannecofte, who favored a collective note declaring that armed intervention in Cuba would be unjustifiable.

The Mercantile Sphinx.
Marshall Field is the sphinx of the mercantile world - colossal, awesome and silent.
We are as familiar with the characteristics of the giants of business as we are with their names. We speak of J. Pierpont Morgan and the trusts in the same breath; the very name of Rockefeller has become oleaginous; Carnegie opening a fresh barrel of steel and with Aladdin-like magic erecting palaces of learning, reminds us afresh that this bonny philanthropist was once the master of Homestead, with a nature as hard as the product of his mills. We know the story of Gould and his mousetrap and forgive him much for the sake of his daughter-heroin. We remember with pride the achievements of the first Astor and blush for the self expatriated descendant. The virtues of the house of Vanderbilt make us forget its faults. The names of Girard, Peabody, Cooper and Childs touch the wellsprings of our patriotism and humanity and flood us with gentle and inspiring recollections.
But in the long list of American multimillionaires are a few names that have little or no significance to the average reader. Inconspicuous among these is the name of Marshall Field. It is seldom heard outside of Chicago, except in mercantile circles, yet Marshall Field is the greatest merchant in the world and possibly the third richest man in the United States.
"As an individual he exists only to a very limited number of business associates - friends, cronies and relatives. To the masses of the people, even to those of his home city of Chicago, he is simply a gigantic business emporium - Richard Lathrop in Albee's."

In the Baseball War.
There's war in baseball circles, and lovers of the national game are awaiting in fear and trembling the outcome of the contest between Andrew Freedman of the New York club and the anti-Freedmanites. A. G. Spalding at present is the leader of the element opposed to Mr. Freedman, and the commanders of the two forces have been for several weeks engaged in serving up to each other a most bewildering

Andrew Freedman.
collection of insobots, outcurves and deadly drops. Mr. Spalding is an old hand in the pitcher's box, and thirty years ago he was the initial end of the battery that did business across the plate for the Chicago White Stockings. Since those days Al has made "oodles" of money furnishing supplies for the game, and now he gets back into the actual game "to save it from destruction," as he says. "Mr. Freedman must be wiped out of the baseball map!" also says Mr. Spalding. "You're another!" retorts Mr. Freedman. "Such is the game of baseball in 1902."

Tom Dunn to Retire.
On account of ill health Tom Dunn, the famous golfer, will retire shortly as professional at the new Hanger Hill club, near London.

A Good Cough Medicine for Children
"I have no hesitancy in recommending Chamberlain's Cough Remedy," says F. P. Moran, a well known and popular baker, of Petersburg, Va. "We have given it to our children when troubled with bad coughs, also whooping cough, and it has always given perfect satisfaction. It was recommended to me by a druggist as the best cough medicine for children as it contained no opium or harmul' drugs." Sold by F. S. Duff & Co.

PULPIT AND PEW.
A coadjutor bishop to assist Archbishop Bourne of the Anglican diocese of Montreal will be elected on March 4. It is generally understood that Dean Carmichael of Montreal will be chosen.
Respecters of the venerable and the historic will welcome an official contradiction of the report that the old St. John's church in Richmond, made memorable by Patrick Henry, is to be sold and torn down.
Bishop Theburn of India makes this striking statement in discussing methods and principles of evangelistic work in heathen lands: "I have not preached against idolatry, so far as I know, for twenty years. I have not the time to do so. I am here to preach Christ."
The Roman Catholic cathedral in London, now in course of erection, is 300 feet long and 150 feet wide. Apart from the site it has already cost \$750,000. The material used is red brick, with Portland stone courses, and its oriental decorative features suggest a mosque rather than a cathedral.

A BASKET OF EGGS.
The yolk of an egg well beaten is a very good substitute for cream in coffee. An egg will season three cups.
Eggs boiled twenty minutes are more easily digested than if boiled ten minutes. They are dry and mealy and are readily acted upon by the gastric juice.
Hoarseness and tickling of the throat are relieved by a gargle of the white of an egg beaten to a froth, with a tumbler of warm, sweetened water.
Beat an egg fifteen minutes with a pint of milk and a pint of water, sweetened with granulated sugar, bring to a boiling point and when cold use as a drink. It is excellent for a cold.
Put coffee into the pot, add the white of an egg and stir well before pouring on any water. Leave the yolk in the shell, to be used in a similar manner another time. This makes a strengthening morning drink.

Beauty Triumphs.
No woman objects to being beautiful. Beauty is a woman's charm, joy, pride and strength. The world has always patted and adored the beautiful woman. A pretty woman dreads maturity for fear of losing this power and influence. What can be done to perpetuate the race and keep women beautiful? The answer is found in the use of cultured and uncuttingly used by the world's women in the most successful and safe manner. It is a simple name by which this invaluable remedy is known. It will diminish all pain allied to motherhood, used throughout pregnancy it will dispel morning sickness, cure sore breasts, make elastic all tendons and fibres called together in position, ease the expanding burden. Muscles soften under its soothing influence and the patient anticipates favorably the issue in the comfort thus bestowed.
Mother's Friend is a liniment for external application. Women's own pretty fingers apply it to the parts so severely taxed, and it is instantly absorbed and so lubricates the parts.
Your druggist sells it for \$1 per bottle. You may have our book "Motherhood" free.

Forewarned, Forearmed.
The liability to disease is greatly lessened when the blood is in good condition, and the circulation healthy and vigorous. For then all refuse matter is promptly carried out of the system; otherwise it would rapidly accumulate - fermentation would take place, the blood become polluted and the constitution so weakened that a simple malady might result seriously.
A healthy, active circulation means good digestion and strong, healthy nerves.
As a blood purifier and tonic S. S. S. has no equal. It is the safest and best remedy for old people and children because it contains no minerals, but is made exclusively of roots and herbs.
No other remedy so thoroughly and effectually cleanses the blood of impurities. It builds up the weak and debilitated, and renovates the entire system. It cures permanently all manner of blood and skin troubles.

SSS
At the same time it attacks upon the weak and debilitated, and renovates the entire system. It cures permanently all manner of blood and skin troubles.
Mr. E. E. Kelly, of Urbana, O., writes: "I had Eosin on my hands and face for five years. It would break out in little white pustules, crusts would form and drop off, leaving the skin red and inflamed. The doctors did me no good. I used all the medicated soaps and salves without benefit. S. S. S. cured me, and my skin is as clear and smooth as any one's."
Mrs. Henry Stigfried, of Cape May, N. J., says that twenty-one bottles of S. S. S. cured her of Cancer of the breast. Doctors and friends thought her case hopeless.
Richard T. Gardner, Florence, S. C., suffered for years with Boils. Two bottles of S. S. S. put his blood in good condition and the Boils disappeared.
