Temperature Falls to Freezing Point.

Odd Fellows Fiscal Year. Regimental Assignment Trying to Get Large Hotel Accommodations. Counties Fail to Establish Libraries.

RALEIGH, April 2.—The temperature this morning here was 32, the freezing point. The air was very dry and there was wind all night. As a result the weather bureau said no frost had been reported, though there was a heavy frost at Wilmington and New Bern and some at Charlotte. The dryness of the air saved this section, as it did during the severe cold snap late in March, when the temperature fell to 19 degrees.

The fiscal year of the Odd Fellows ended Monday and the Grand Secretary B. H. Woodell, has turned over to the Grand Treasurer, R. J. Jones of Wilmington, \$11,137.92, as the year's receipts. This is over 10 per cent increase as compared with the previous year.

Maj. P. T. Jones is assigned to the command of the battalion of the Third Regiment in the provisional regiment which goes to the Charleston Exposition next week, taking the place of Maj. T. J. Winston. Assistant Surgeon Harrell of the 2nd Regt., Tarboro, is ordered to go with the regiment.

Governor Aycock and State Superintendent J. Y. Joyner are invited by Robert O. Ogden, the president of the Southern Conference of Education, to attend the fifth annual meeting at Athens, Ga., April 24-27. They have accepted, and both will attend. The conference last year was held at Winston-Salem.

An earnest movement to give Raleigh better and larger hotel accommodations was put on foot yesterday by the business men. It is probable that the majority of the stock will be taken here, though some may be taken by persons at other points. Special care is to be taken in the selection of a site and also of the design. It is currently reported that one site has been bought by persons who oppose the building of a hotel because of interest in present ones.

George A. Grimley of Greensboro, chairman of the library committee of the State Library and Historical Society calls on the committee to meet at Greensboro April 4. It is to consider the best way to aid in giving libraries to rural public schools, to mill villages and to cities and towns.

The State Association of Music Teachers met this morning at the Baptist Female University, where there was a musicale. This afternoon it held a business session, to elect officers for the year and to select a place for the next annual meeting.

Thus far 25 counties have failed to establish any libraries for rural public schools. In the other 73 counties, almost 500 such libraries have been established. The State appropriation of \$5000 for this purpose is nearly exhausted.

The Dramatic Association of the State Agricultural and Mechanical College here will play "The Rivals" at Goldsboro and Durham. The presentation of the play here made a decided hit.

Funny-Balloon Stops the Tickling, and quickly allays inflammation in the throat.

No White Slave Trade.

WASHINGTON, April 1.—The State Department has received from the French Ambassador notice of a proposed congress for the international repression of the white slave trade, to be convened at Paris on June 16 next.

The first congress of this character, held in London in June, 1899, expressed the desire that an international agreement might be effected in order to inflict, as far as possible, the same degree of punishment for the enticement or kidnapping of women or girls by fraud, abuse of authority or violence, and for their admission and retention in houses of ill repute, and to permit the extradition of guilty parties by international treaties.

COVE.

April 1.—We understand that Mr. Dunkin Ispock will soon move his board down the road and probably his trunk later on.

Mr. E. J. Hines of New Bern was the guest of Capt. C. E. Hines Sunday.

Miss Beale Davis, one of Perfection's most fair and lovely daughters spent last week with relatives here.

After lingering for many weeks with heart droopy, Mrs. M. W. Jenkins died at her home near here Sunday evening. She leaves a husband, five children and a host of friends to mourn their loss. She was resigned to God's Will and was willing to go. A good woman has gone forth to seek her reward.

Miss Annie Avery of New Bern has been here on an extended visit of late and will probably make Cove her future home.

Mrs. Augustus Leppan left last week for New York to spend the spring and summer there.

Mrs. C. D. Lane spent Sunday and Monday in New Bern.

Miss Leslie White left Saturday to visit relatives and friends at Havelock.

Congratulations to Mr. and Mrs. George Avery. It's a pretty little girl.

NORFOLK, VA.

Street Car Strike Over. Loss To Wage Earners. Tunnel Bill Signed. Work to Commence.

April 2.—The strike of our street car men is over at last and all boycotts are to be raised. This has been a most disastrous affair, particularly for the strikers, who have lost every point for which they contended, and have also lost their positions with the company, as their places have been filled by other men. The company will take back only such men as are desirable, and only when vacancies occur. The car men's union is broken up, and several of its members in jail, or penitentiary, for crimes committed against person and property.

Thus ends another contest between capital and labor, which would never have assumed such proportions, as it did, but for the aid and encouragement of the paid agitators, who are undoubtedly the drones in the human hive of industry, and are waxing fat and plethoric through the credulity of the wage earner.

When will the working man recognize a demagogue and relegate the plausible scoundrel to the oblivion from which he can never emerge? How mentally blind must this class of men be, when they fail to observe that we are living in a competitive age, and that the fittest will surely survive, and the strong prevail.

How dull must be the preceptions of so-called organized labor, when it acts the dog-in-the-manger, without even the power of the dog. How ignorant pugnacious and combative must a man be to refuse to perform work under conditions which thousands of others are willing to do, and then try by intimidation and outrage to prevent these men from earning an honest living for their families. Exit of the whole absurdity surrounded by the odium justly earned and generously bestowed.

Progression is the watchword of the business men of our community. Innovation on innovation, and enterprise on enterprise, attests the energy of our citizens.

The bill introduced in the Virginia Legislature to enable H. L. Page and his associates to construct a tunnel or tunnels to connect Norfolk, Portsmouth and Berkley, has been signed by the Governor, and work will begin within ninety days, and we are promised cars and other vehicles running under the rivers within one year. The untiring energy and splendid executive ability of H. L. Page knows no bounds or limits. This Englishman has done enough for his birth and an honor to the country of his adoption.

The deplorable accident that occurred to Capt. Bragg and party of Ocracoke was deeply regretted by many here who knew him. Capt. White of this city who was drowned at the same time, leaves a wife and several children. It was undoubtedly a terrible error of judgment to attempt to take the old vessel that had been on the beach to Norfolk, via the outside course, she being broken in the middle and too old and rotten to stand the gales so common in March.

Immense Flood Losses.

Nashville, Tenn., April 1.—Authentic reports have been received from every county in middle Tennessee and the damage done to property is conservative. It is estimated at over \$5,000,000. Twenty-five persons lost their lives in the flood.

Gorman for National Chair.

WASHINGTON, April 2.—The defeat of Senator James K. Jones, chairman of the Democratic National Committee, for re-election at the Arkansas primaries, which means his retirement on March 3 next, brings forth expressions of regret among the Senator's associates. Senator Gorman will assume the chairmanship of the National Committee upon the withdrawal of Mr. Jones, and will occupy his old position of party leader. Mr. Gorman will be given the place without controversy or dissent.

McDuffie's Witch Hazel Foot Healer is one of the finest baby powders known, cures prickly heat and gives instant relief. 25 cents at F. S. Duffy's.

Stockholder Charges Fraud.

New York, April 2.—W. C. Davis, who claims to have been the holder of 400 shares of the common stock of the American Tobacco Company before that corporation was merged in the Consolidated Tobacco Company, has brought suit in equity in the Supreme Court of this county to recover these shares, on the ground that he was induced by fraud and misrepresentations on the part of the directors of the American to part with his stock for bonds of the Consolidated. He says he was assured by the directors that the earning power of the American was not more than eight per cent on its common stock, while they know it to be considerably more. The directors informed him, he alleges, that a majority of the stockholders had consented to the exchange, while, he asserts the directors themselves did not exchange their stock, but withdrew it, thereby getting the benefit of the greater earning power ever since.

Elks Circus Parade Upsets Court.

Special to Journal. RALEIGH, April 3.—Elks circus parade today did remarkable things. It stopped the Supreme Court right in the middle of the Gattis-Kilgo case argument. Lawyers hurried to the windows, while the judges turned their heads enough to see the amusing sight.

Fruit Damaged in Tennessee.

Chattanooga, Tenn., April 2.—Heavy frost occurred last night in this vicinity doing some damage to fruit. Up to last night the damage by previous frosts had been from 25 to 50 per cent in southern Tennessee and it is feared the heavy frost last night will cause an average of 50 per cent loss to fruit growing sections.

RALEIGH.

Governor Up All Night Account Edenton Affair.

Greensboro To Get Republican State Convention. Gold Brick Case State Charter. North Carolina at Charleston Exposition.

RALEIGH, April 3.—Governor Aycock sat up last night until 3 o'clock and Adjutant General Royster until 5 o'clock, in order to be in touch with the situation at Edenton, where the local troops were on duty to prevent a lynching. The last news they had was that one attack on the jail had been repelled and that another was expected.

The penitentiary directors expected to make their annual report yesterday, but deferred it.

The news that the Republican State Convention is to be held at Greensboro will cause yet more stir in Raleigh, where all the political parties have heretofore held their conventions. All say they will not hold them here until there are more ample hotel accommodations.

Nearly all of today's session of the Supreme Court was devoted to argument in the noted damage and libel suit of Gattis against Kilgo. There was a large array of prominent attorneys on each side.

Director General J. H. Avirill of the Charleston Exposition was here today to see Gov. Aycock in regard to the latter's "day" at the exposition, and suggested next Thursday as the date. It is proposed to have the exercises in front of the building in which this State's very handsome exhibit is installed. By the way George Kennan, the world famous traveler, says in the last number of the Outlook that this State's exhibit is the most meritorious at the exposition. This is high praise.

Arch director Huske of this Episcopal diocese resigns, on account of impaired health and has gone to the far northwest for a long stay.

Another survey for the government's boulevard from this city to the National Cemetery has been made. This is for a route which passing by the Soldiers' Home will go 300 yards east of it and then turn straight south, passing the entire front of the cemetery. It is the purpose to have the boulevard 50 feet wide.

The trustees of the Baptist Female University here met Tuesday. The following day will be observed as "Benefactor's Day," when addresses will be delivered by chairman W. N. Jones of the trustees and president Charles E. Taylor of Wake Forest college.

The State chartered the Charlotte Coca Cola Bottling Company, with capital \$4,000. It will manufacture and bottle.

The State is notified that next Monday the counsel for Hawley, Daly and Howard, the three gold brick swindlers, will make a motion in the United States Supreme Court to advance the case. This case is before that court on habeas corpus and also in a writ of error. The contention made by the attorneys for the gold brick swindlers is that the liberty of the citizens is involved.

At the church of the Good Shepherd this morning Mr. James O. Litchford, teller of the Raleigh Savings Bank, and Miss Lucy West, daughter of N. W. West, a prominent citizen were married.

Negroes Threaten To Lynch

New York, April 3.—Fifty or more infuriated negroes last night chased a white man, threatening to lynch him, from Seventh avenue and One Hundred and Twenty-fourth street to Third avenue and One Hundred and Twenty-sixth street, where the fugitive took refuge in a drug store.

The white man, when arrested and locked up in the East One Hundred and Twenty-sixth Street Station, said he was Jacob Bellinger, 21 years old, of 230 West One Hundred and Twenty-eighth street, a piano salesman. He was charged with assaulting a young mulatto Mary Poindexter, of 239 West One Hundred and Twenty-fourth street.

During the pursuit Bellinger passed the One Hundred and Twenty-sixth Street Station, and the noise of the crowd outside crying "Stop, thief!" was so great that half a dozen policemen tumbled on the street of their own accord. When they caught the man in the drug store the crowd threatened to kill him.

PHILADELPHIA, April 1.—A New York dispatch to the Philadelphia North American says:

"John Philip Sousa, the bandmaster today signed a contract with George C. Tilyou to play at Atlantic City five summer seasons in consideration of the sum of \$350,000.

"Sousa has three concerts to be given in this city during the coming week.

"The new contract means that heretofore he will play only at Atlantic City on this side and go abroad during the winter season."

A PASTOR WHO WAS BEFRIENDED BY AN EMPEROR SAVED BY PE-RU-NA.

Rev. H. Stubenvoll, of Elkhorn, Wis., is pastor of the Evangelical Lutheran St. John's Church of that place. Rev. Stubenvoll is the possessor of two bibles presented to him by Emperor William of Germany. Upon the fly leaf of one of the bibles the Emperor has written in his own handwriting a text.

This honored pastor in a recent letter to the Peruna Medicine Co., of Columbus, O., says concerning their famous catarrh remedy, Peruna:

Gentlemen: "I had hemorrhages of the lungs for a long time, and all despair of me. I took Peruna and was cured. It gave me strength and courage, and made healthy, pure blood. It increased my weight, gave me a healthy color, and I feel well. It is the best medicine in the world. If everyone kept Peruna in the house it would save many from death every year."

Yours very truly, REV. H. STUBENVOLL.

Thousands of people have catarrh who would be surprised to know it, because it has been called some other name than catarrh. The fact is, catarrh is catarrh wherever located; and another fact which is of equally great importance, is that Peruna cures catarrh wherever located.

Catarrh is an American disease. Fully one-half of the people are afflicted more or less with it in some form. Previous to the discovery of Peruna, catarrh was considered well nigh incurable. Since

the introduction of Peruna to the medical profession thousands of cases are cured annually.

Mr. W. D. Smith, a well-known grocer of Port Huron, Mich., writes:

"By following your instructions and taking Peruna and Manalin I am cured of catarrh. I had catarrh for twelve years and quite a bad cough so I could not sleep nights. I do not have any cough now, and if I feel anything in the throat I take a swallow of Peruna and I am alright."—W. D. Smith.

C., in order to encourage the cultivation of Rice on a larger scale than has heretofore been done is now prepared to make contracts with planters in North Carolina for their crops of rice they may raise during the year 1902 on the most liberal terms.

Parties interested, who wish to avail themselves of this offer, can communicate with us and we will take pleasure in giving full particulars.

SEED RICE will be quoted on application.
