## PAID FOR BURNED BAGGAGE

### First Time Passengers Knew Of Extension Fire On Steamer.

New York, April 18.—Directed by officers of the steamship Marco Mindelli, the crew of the steamer took from her hold to-day a quantity of burned baggage belonging to the 805 storage passengers who departed from the vessel yesterday on her arrival. The taking out of the baggage was the first intimation the passengers had that their lives had been in peril from fire when the ship was one day out of Naples, from which port the vessel sailed March 23.

Some hay was on fire in one of the forward compartments of the hold. The passengers saw the smoke, but were told the ship was being fumigated. This said they, and the officers and crew kept the real cause a secret. The fire burned 18 hours before it was brought under control.

### To Sail To North Pole.

Chicago, April 16.—In the workshop of the McDonnell Odometer Company here engines and framework are being constructed for three big airships, in which Patrick E. McDonnell hopes to reach the North Pole next summer, says the Chronicle. He is confident that his machines will work, as the model has proved successful.

The airships will be built on the dirigible balloon plan and will be more than 400 feet long. It is said that several Chicago capitalists are interested in the venture, the cost of which is expected to be within \$50,000.

## Hill Boomed For Governor.

New York, April 15.—As a result of David B. Hill's speech at the harmony meeting at the Democratic Club every well-informed Democratic politician is convinced that Mr. Hill will take the nomination for Governor.

Mr. Hill is in close touch with the Democratic situation all over the State, and it is regarded as significant that all of his friends are saying positively that the delegates to the State Convention will be elected without instructions for any candidate for any office. There is apparently no one to question the suggestion that Mr. Hill will control the convention. He will organize it, write the platform and name the ticket. If the delegates are uninstructed, a majority of them will be carefully selected adherents of the Hill faction.

## The Best Prescription For Malaria.

Chills and Fever is a bottle of Grov's FEVER-KILLING TONIC. It is simply iron and quinine in a tasteless form. No cure—no pay. Price 50c.

## British and German Government Dislike Philippine Tariff.

Washington, April 16.—Not only the British, but the German Government, has lodged a strong protest with the State Department against the application of that part of the Philippine tariff act recently enacted and just ordered into operation which authorizes the rebate of a portion of the export duties on Philippine products imported into the United States. The greatest matter of complaint is hemp, which is imported into England and Germany in vast quantities from Manila.

## RALEIGH.

### North Carolina Leads in Rural Free Delivery Routes.

### Official Weather Report for March. Important Social Marriage. Vegetation Generally Backward. A. & M. College to Play.

RALEIGH, April 17.—The official report on the weather in this State during March was issued today. It says the mean temperature was 54 degrees, of 1.5 degree above normal rainfall 8.81 inches, or 89 of an inch below normal. The lowest temperature was 4 degrees above zero, at Lenoir.

Dr. Truman J. Beckins, president of Teachers Institute, Brooklyn, N. Y., will deliver the commencement address at the Agricultural and Mechanical College here May 27.

President Winston of the A. & M. college spoke at Burlington this evening, on an industrial feature in the public schools. Burlington will adopt this plan.

Gov. Aycock and State Superintendent Joyner spoke this evening at the closing of the public school at LaGrange.

This morning, in the Church of the Good Shepherd, Miss Anne Purnell, daughter of Judge T. R. Purnell, was united in marriage to Dr. Herbert R. Drewry of Norfolk. Miss Della Purnell was the bride, was maid of honor and Mr. Patrick Drewry, a brother of the groom, was best man. Mr. Drewry is a first cousin of Mr. John C. Drewry of Raleigh, grand secretary of the Grand Lodge of Masons.

Today the State paid the \$55,000 semi-annual interest on its 6 per cent bonds. It is said that vegetation was never so backward here as it is this year.

It is officially stated that more rural free delivery routes are now being laid out in this State than in any other. Two special agents are in the State at work on this line.

Bishop Leo Hald will in a few days lay the corner stone of three new buildings at the Roman Catholic Orphanage here.

The dramatic club of the Agricultural and Mechanical College, aided by several Raleigh ladies, will play "The Rivals" at Charlotte. The club made a hit here in this play.

### Shipment of Supplies Against Struggling Boers.

New Orleans, April 16.—Colonel Crowder, the United States officer assigned by the government to investigate the reported maintenance of an alleged British supply camp at Port Chalmers, today examined the charges declaring that munitions of war were being shipped from Chalmers to South Africa.

All the recent evidence is understood to have been largely in support of the charges made by Governor Heard, and some portions are said to have gone far beyond any allegations submitted to Secretary Hay by the Governor.

### Bradham's Anti-Bilious Liver Pills.

are purely vegetable and act by stimulating the liver, causing increased flow of bile and producing natural movements of the bowels. They do not produce griping or sick stomach. Sure cure for Constipation, Flatulency, Heartburn etc. Price 35 cts. Manufactured by C. D. Bradham, wholesale and retail druggist.

## BEEF TRUST UNEASY.

### Don't Like Government Interference With Their Business.

Kansas City, Mo., April 15.—The local packers showed evidence of alarm to-day over the instructions from the Department of Justice to United States District Attorney Warner to begin proceedings against the Beef Trust.

For the first time in over a year, they failed to-day to issue a uniform schedule of prices. The Cudahy Packing Company, Schwarzschild & Sulzberger, the Armour Packing Company and Nelson, Morris & Co. all increased the price of beef in the carcass a cent while the Fowler Packing Company and Swift Packing Company made no change.

The same concerns which raised beef a cent raised provisions—that that is ham, bacon, lard, etc., a cent while the other two faired no new schedule of prices.

The butchers believe that it is merely a ruse for the purpose of making the public believe that there is no agreement regarding the prices, and think that Fowler and Swift will soon follow in the footsteps of their competitors.

United States District Attorney Warner is still secretive on the method of the fight against the Beef Trust. A confirmation came from Washington yesterday of the report that Major Warner has been instructed to make a fight to break up the Trust but the District Attorney declines to make any statement which would indicate what measure of relief may be hoped for by the public.

"The Grand Jury will be in session in two weeks," said the Major, "and it would be unwise for me to say whether the jury will or will not take up the so-called Beef Trust."

### Confessed He Killed Mail-Carrier.

Cincinnati, April 15.—Mumford Craft, alias "Jack" Collins, aged 19, was brought from Wise, Va., to Covington, Ky., today, and later confessed that he and a companion, whom he refused to name, killed a rural mail-carrier in Magoffin county, Kentucky, January 29, and secured \$300 in rifling the mail-sack.

### Another German Courtesy.

Washington, April 15.—An invitation has been received from the German Emperor asking that three army officers be detailed to witness the summit maneuvers of the German Army. Secretary Root will accept the invitation. Adjutant-General Corbin probably will be one of those assigned. The courtesy has never before been extended this Government.

### Confederate Camp Flags.

The Confederate stars and bars were in 1863 supplemented by the camp flag. This was in size and shape like the other, except that it was white, with no stripes, and the battlement in the upper corner next the staff. It was found deficient in actual service in that, displaying so much white, it was sometimes apt to be mistaken for a flag of truce, and on Feb. 24, 1865, it gave place to the last flag of the Confederacy, the outer half being a red vertical bar. Appearing so late in the war, it was not so familiar as the other—in fact, it was comparatively little known.

### LESS WORRY.

Children will play and get over-heated get their feet wet, expose themselves in dozens of ways, and you can't prevent it. All you can do is to keep them as free from exposure as possible and always have in the house a Cough Remedy that can be depended upon. Anway's Croup Syrup will fill every requirement. It is guaranteed to cure Coughs, Colds and Croup or the price 25 cents will be refunded by any dealer selling it. Sold by Davis, Henry's, and Bradham's Pharmacy.

## RALEIGH.

### Gossip on Associate Justiceship Nomination.

### Negro Mass Meeting a Failure. Great College Game of Base Ball. Republican Claims. Penalty too Severe.

RALEIGH, April 16.—The State mass meeting of negroes held here yesterday was a flat failure in point of numbers. Only a dozen or so were here from other places. Senator Pritchard was, as predicted, roasted for allowing so many, in fact almost all, the negro postmasters in the State to be removed. Once there were scores of them; now there are only half a dozen.

The negroes say that all the talk of the white Republicans about the benefit that will result from the dropping of the negro is mere boab; that the white Republicans claim that with the negro eliminated their party will get white voters to join it, but that this will not happen, and that the negroes have really created and kept alive the white Republicans.

Auditor W. Q. Cole of Mississippi is here. He was asked why his State had few or no cotton mills and said it was because the banks made so much money and the interest rate is unaffordable. He says some banks pay 65 per cent dividends a year and that there is no state supervision of them.

One of the special events of this week here will be the base ball game between the University of Virginia and the University of North Carolina next Saturday. It will be played at the State fair grounds. All the games here this season are to be played at the fair grounds. The Republicans say they have no chance of carrying the State this year. From Greensboro eastward there is practically no organization.

So far no one but Walter Clark is in the field for the democratic nomination for chief justice, but it can today be said to be entirely probable that he will have opposition before the date of the State convention.

As to the associate justiceships it is asserted by people on the inside that H. G. Connor will defeat George H. Brown for the nomination for what may be termed the "western judgeship." For the "western judgeship" there are four aspirants, all with a strong following, these being Platt D. Walker, J. A. Lockhart, C. H. Arnold and C. A. Moore.

Walter W. Mills of Bisbee, today gave the Methodist orphanage here \$1000.

The Supreme court returns to the Superior court the case of Ed. S. Battle who was sentenced to the roads for assaulting Mayor Powell, of Raleigh, holding that the penalty imposed was too severe.

### Insurance Men Quit Vicksburg.

Vicksburg, Miss., April 15.—The special agents of all the fire insurance companies doing business here met today, and later all the local fire agents reported that they had suspended business. The trouble grows out of the failure of the city to reorganize the Fire Department, which it is claimed is incompetent.

McBottle's Little Blue Liver Pill make blue people bright, cleanses the system of all the deleterious and unhealthy matter and makes a new person of you. 25 cents at F. S. Duffy's.

### Kodol Dyspepsia Cure

Digests what you eat.

## DISGUISED CATARRH.

### A Stealthy, Insidious, Weakening Enemy to Women.

REV. HARRIET R. EDWARDS, CLINTON, IA.

Rev. Harriet R. Edwards in a recent letter from Mt. Pleasant Park, Clinton, Ia., writes: "I have found that Peruna is a wonderful medicine to use in diseases peculiar to women. It quickly and permanently restores health and vigor and acts as a natural tonic to a worn-out system. I have so far never observed a case which was not greatly aided by its use."—REV. DR. H. R. EDWARDS.

THERE are a multitude of women, especially housewives, and all other women obliged to be on their feet constantly, who are wretched beyond description, simply because their strength and vitality is sapped away by catarrhal discharges from the pelvic organs. These women get up in the morning almost drag themselves through their daily duties tired, only to go to bed at night as tired as before.

Peruna is such a perfect specific for each one that when patients have once used it they can never be induced to quit it until they are permanently cured. It begins to relieve the disagreeable symptoms at once. The backache ceases, the trembling knees are strengthened, the appetite restored, the digestion made perfect, the dull headache is stopped and the weakening drains are gradually cured. These results certainly follow a course of treatment with Peruna.

Joe B. Crowley, Congressman from Illinois, writes from Robinson, Ill.: "Mrs. Crowley has taken a number of bottles of Peruna on account of nervous troubles. It has proven a strong tonic and lasting cure. I can cheerfully recommend it."—JOS. B. CROWLEY.

## Mrs. Wm. Hetrick, Kennard, Washington county, Neb., writes:

"I am fifty-six years old and have not felt well since the Change of Life began some years ago. I was in misery somewhere most of the time. My back was very weak, and my flesh so tender it hurt me to lean against the back of a chair. I sometimes wished myself out of this world. Had hot and cold spells, dizziness, and trembling of the limbs, and was losing flesh all the time. "After following your directions and taking Peruna I now feel like a different person."—Mrs. Wm. Hetrick.

Barbara Alberry, corner Seventh and Walnut streets, Appleton, Wis., writes as follows in regard to Peruna:

"For years I have suffered with backache and severe pains in the side. I doctored so much that I became discouraged.

"A school friend told me how very much Peruna had benefited her and I sent out for a bottle, which did more to relieve me than all the other medicine I had ever taken. "I used it faithfully for two weeks and it completely cured me. I have not had any pains since, anywhere, but feel like a new woman. I am truly thankful for what Peruna has done for me."—Barbara Alberry.

Mrs. D. W. Mason, 605 Dauphin street, New Orleans, La., writes:

"I have been taking your Peruna and Manalin and can cheerfully recommend it to all those suffering with the same trouble that I was. I have been suffering for the past two years with female weakness, palpitation of the heart, stomach, kidney and liver disorder, and above all a dreadful cough with smothering spells. I was completely run down. "After I had taken one bottle of Peruna and a few doses of your Manalin, I could sleep soundly, my heart was better, my cough left me, it acted immediately upon my nerves, and after taking four bottles according to your directions, I was entirely cured of all my troubles.

"I can truthfully say that there is nothing to equal your Peruna and Manalin. I was a different woman after taking the second bottle. It is without a doubt the best medicine in the world. Language fails to express my gratitude for this cure. May God bless you."—Mrs. D. W. Mason.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.
