TRUST'S BIG LOT.

Seeks Monopoly of Western Lands and World's Supply Beef.

OMAHA, Neb., April 20.—Several seeming peculiarities exist in the claims of the Beef Trust regarding a necessity for the present high prices for meat. A careful survey of the Western situation discloses what is apparently the nucleus for the most gigantic combination yet undertaken by capitalists, one which comprehends not only a meat monopoly but a land monopoly.

For several years Western livestock interests of large calibre have been seeking to centralize stock raising.

The first step taken was an attempt to secure Congressional legislation permitting the leasing of the semi-arid lands in the Western States, and to this end a succession of bills have been introduced.

Senator Warren is associated with Governor De Forest Richards, of Wyoming, who is probably the largest individual sheep owner in the West.

Bartlett Richards, late of South Dakota, and now of California, another large owner of livestock, is a brother of Governor Richards.

Bartlett Richards is the author of the bill introduced by Senator Millard, providing for the leasing of the government lands at the nominal rental of two cents per acre per annum.

The land-leasing bill has died in committee again this session, because of the intense opposition which exists to it in the Western States affected by the bill.

Defeated in this particular, these same livestock interests have besought the aid of President Roosevelt and Congress to permit them to maintain fences on Government lands, a condition which is now prohibited by Federal statute, and against doing which heavy penalties are imposed.

Hundreds of thousands of acres are now under fence, notwithstanding the laws against fencing. Only a few instances have prosecutions been brought each of which has resulted in conviction and the imposition of the prescribed penalties.

In this particular the livestock interests have also been defeated. Under the protests which have arisen against any amelioration of the conditions existing under the present laws, the Secretary of the Interior has by direction of President Roosevelt its understood notified the parties guilty of sustaining fences on Government lands that they must come down. April 15 was set as the date for the removal of all fences, but this date has been extended until some time in June at the earnest solicitation of the livestock interests.

RALEIGH.

Tobacco Dealers Welcome Imperial Tobacco Company.

Corner Stone Laying. Marry or Not Marry. State Charters. Important Meeting Corporation Commission. Soldiers' Home.

RALEIGH, April 19.—Great interest is manifested in the entry into this State of the Imperial Tobacco Company. Its attorneys here when asked whether it would do a retail business, said he did not know; that he only knew it would buy leaf at all points where there are warehouses and would be an active and complete competitor of the American Tobacco Company. Of course the latter is the most cordially hated of all the trusts which do business in the State. Hence the growers and the sellers of leaf will be delighted at the entry of the big English company, which proposes to put up so great a fight.

J. Richard Young, insurance commissioner, leaves for New Orleans tomorrow. He is to be married there next Wednesday. J. Crawford Biggs, who is to be his best man, accompanies him.

Tomorrow afternoon at Nazareth, two miles from here, the corner stone of the "Church of the Holy Name of Jesus" will be laid by Rt. Rev. Leo Hald, O. S. B., D. D., Vicar Apostolic of North Carolina. The church will form part of the group of buildings at the Roman Catholic Orphanage. The corner stones of two other buildings, one a school, will also be laid. Contractor Jacob S. Allen is at work on all these. The orphanage is admirably located and is on a hill which looks down on Raleigh. There are 400 acres of land in the tract.

A very amusing incident occurred at the Supreme Court this morning. A young man not over 20, over 6 feet high, and weighing about 135 pounds, with shoes of at least No. 12 in size, made his appearance, accompanied by an equally gawky woman, fully twice his age, and said he wanted a marriage license. The marshal of the court told him he must go to the court house. This the young man could not understand. The direction of the court house was pointed out. He said "I am thinking of marrying." The woman giggled. Then he said "we've walked 100 at least. As he was going out the door he said "well I don't care much whether I marry or don't."

The State charter the Rhodes School Company of Kinston, capital \$5000; one of the Whitaker-Harvey Tobacco Company of Winston-Salem. The latter will deal in leaf tobacco and make and sell plug and smoking tobacco. Its capital stock is \$250,000. W. A. Whitaker and William L. Harvey are its principal stockholders.

The corporation commission will have an important session on Wednesday. At this several cases will come up for hearing.

Arrivals: S. B. McLean, Maxton; A. W. McLean, Lumberton; G. B. Patterson, Maxton; H. L. Lyon, Whitesville; Walter Brown, Charlotte; Donnell Gilliam, Tarboro; J. K. Corbett, Wilmington.

A gentleman from Kinston who arrived here today says that yesterday a member of the naval militia there, named Newborne, took a cartridge from a one pound rapid fire gun to a tinmer named Moore, to see what was in it. They both made the discovery and

RALEIGH.

Moore is minus all the fingers of one hand. Newborne had cut the metal part away from the shell. From the base of the latter a little pin projected and Moore was trying to find out what this pin was. He was striking it with a hammer. The shell exploded. One part tore off his fingers, while a fragment cut Newborne's face. One part went through a wall, another through a window and into a wall.

The Soldiers Home today had 108 inmates. By May 1 twelve more are to be admitted. It can give room to only 150 at the most.

Chicago World's Fair Dividend.

CHICAGO, April 18.—The \$450,000 which remains in the treasury of the World's Columbian Exposition Company probably will be divided next week among the 20,000 shareholders.

The dividend, it is estimated, will be about 45 cents a share. Shares were sold for \$10. About one-fourth of the 20,000 stockholders held one share each. The city will get about \$450,000 as its dividend on the \$5,000,000 bond issue.

Split Among Boer Leaders.

London, April 18.—Serious differences it is said, have arisen between the Transvaal and Free State delegates who are discussing peace terms at Pretoria. General Botha and acting President Schalk-Burger, it is reported, have given the Free State representatives until April 21 to come to a decision, threatening that thereafter the Transvaal delegation will continue the peace negotiation independent of the Free State delegates.

It is further declared that Botha and Schalk-Burger had practically agreed upon terms for surrender prior to their visit to Klerksdorp; but out of consideration for their allies they insisted on a conference, though with slight hopes that their views would be shared by General De Wet and the other Free State leaders.

Today 12 new rural free libraries were allowed. This brings the number up to 350.

A female convict from Wayne county was brought to the penitentiary today to serve 5 years.

A switch opened by a boy at Dewitt, last evening partially wrecked a S. A. L. train. The tender and 3 cars were derailed.

Veterans Gathering at Dallas.

Dallas, Tex., April 20.—The advance guard of the United Confederate Veterans reached Dallas last night, and since that hour train after train carrying old soldiers, their relatives, friends and visitors has been arriving to attend the Confederate Veterans' reunion, which will begin next Tuesday. Dallas is gaily decorated in honor of the veterans and every arrangement for their comfort pleasure has been made. Estimates by leading railroad men place the expected attendance at 150,000. Delegations from the Southern States are due to-night. General Gardner and Adjutant Mooreman are expected to-night. General Joe Wheeler and General Fitzhugh Lee will be in attendance. The main body of the Confederate veterans will be quartered in tents at the fair grounds, where the main exercises will be held.

Saved Many a Time.

Don't neglect coughs and colds even if it is spring. Such cases often result seriously at this season just because people are careless. A dose of One Minute Cough Cure will remove all danger. Absolutely safe. Acts at once. Sure cure for coughs, colds, croup, grip, bronchitis, and other throat and lung troubles. "I have used One Minute Cough Cure several years," says Postmaster C. O. Dawson, Barr, Ill. "It is the very best cough medicine on the market. It has saved me many a severe spell of sickness and I warmly recommend it." The children's favorite. F. S. Duffy.

Killed On Rail Road.

Washington, April 18.—The Interstate Commerce Commission has issued a bulletin showing for the three months ended September 30, 1901, a grand total of 725 persons killed and 2,822 injured in train accidents of all kinds in the United States.

The total number of train collisions was 1,247 and derailments 1,008, causing damage aggregating \$1,248,234 to cars, engines and roadways, exclusive of damage to merchandise.

Cuban Planters Sugar Loaded.

Washington, April 18.—The Secretary of War today sent to the Senate a communication from General Wood again asserting that the planters and Cuban sugar dealers hold the bulk of Cuban sugar.

The amount held is so great, he says, that they must unload very soon. He says this large amount, when thrown on the market, will greatly reduce the price and that delay of action toward reduction of the duty on sugar in the United States is playing directly into the hands of the sugar combine.

RALEIGH.

Ceremony Attending Corner Stone Laying.

Governor Goes to Good Roads Convention. No Damage to Fruit. U. S. Clerk Resigns, Here Rural Free Libraries.

RALEIGH, April 21.—

A thousand persons assembled at Nazareth, two miles from here, yesterday afternoon to see the laying of the corner stone of the church at the Roman Catholic Orphanage. Archbishop Hald performed the ceremony, assisted by father Stapleton, Griffin, Irvin, O'Brien and Price. The archbishop made an address in which he said that this charity, now in its infancy will grow to be a source of pride to Raleigh and to North Carolina. He told of the wonderful work his order, the Benedictines, had done in this country.

Gov. Aycock and Commissioner of Agriculture Patterson went to Fayetteville today. Both will speak there at the "good roads" convention and the educational rally. From there Governor Aycock goes to Athens Ga., to attend the Southern Educational Conference. He will return here Saturday.

Capt. B. P. Williams of Raleigh, after a careful examination of fruit trees, says no damage has been done but that the prospect is very promising.

Clerk N. J. Riddick of the United States Court here, has tendered his resignation, by reason of failing health. He has held this office since 1896 and has made an excellent officer.

Today 12 new rural free libraries were allowed. This brings the number up to 350.

A female convict from Wayne county was brought to the penitentiary today to serve 5 years.

A switch opened by a boy at Dewitt, last evening partially wrecked a S. A. L. train. The tender and 3 cars were derailed.

HOT WAVE IN THE WEST.

Temperature of 91 Degrees in Kansas City and 95 in Omaha.

Omaha, April 20.—Today was the hottest April day in 15 years. The thermometer at 5 p. m., reached 95 degrees, the previous record being 91. The intense heat was more oppressive owing to the excessive cold weather experienced up to Saturday night, overcoats being required for comfort during the past week. This torrid temperature was responsible for several attacks of illness, two occurring in one church during the day. A continuation of the hot weather will prove dangerous to growing grain.

Kansas City, April 20.—The highest temperature to-day was 91 degrees. A furious hot wind, such as might be looked for in August, was blowing.

Topeka, Kans., April 20.—A dry hot wind has swept over Kansas since early morning, doing much damage to vegetation of all kinds. Some reports say that the wind has done incalculable harm to wheat. Unless rain shall come within two days the wheat crop will amount to very little. The ground is becoming dry and hard.

Long Pleads For Big Navy.

Washington, D. C., April 19.—The Secretary of the Navy was before the House Committee on Naval Affairs this morning and repeated recommendations in his annual report for two battleships, two first-class cruisers and a number of small cruisers. The estimates of the Secretary were about \$98,000,000, but the committee has made a deep cut, and the bill will probably carry not more than \$78,000,000. This may be increased by the House, however, when the bill is reported the first of next week.

College Game Base Ball.

Special to Journal.

RALEIGH, April 21.—In the game here today between Richmond College and the Agricultural and Mechanical College club, the score was:

Richmond College 4 runs, 8 hits, 3 errors.

A. & M. College, 3 runs, 6 hits, 8 errors.

The Chicks.

The creature having the greatest number of distinct eyes is the chiton, a species of mollusk, in the shell of which has been found as many as 11,000 separate and distinct eyes.

Poultry Test.

To find out whether poultry is tender or otherwise pinch the skin. If it adheres to the flesh, the bird is tough; if it leaves the flesh, it is tender.

The Skin.

The fatty material secreted by the sebaceous glands of the skin may be normal, excessive or deficient in quantity. When normal, the skin is supple, but not greasy; when excessive, the greasiness is apparent; when deficient, the skin is dry.

Fagots For Heretics.

A church in London still possesses an income originally given to it for the purpose of buying fagots for burning heretics.

Plenty of Clocks.

There are 250 clocks in Buckingham palace, and it is a work of no small importance to keep them going. Some of them are as old as the time of Louis XVI, and the works are still in good order.
