RALEIGH.

Report of Penitentiary Directors Ready.

Important Case for Federal Court. Marriage. Charter Granted. New Bern Incorporators. Additional Delegates to Charleston Exposition.

RALEIGH, May 7.—The penitentiary directors adjourned today and completed their annual report. This will be given to Gov. Aycock upon his return here next Wednesday or Thursday. Good progress is being made at the penitentiary farm. The lands subject to overflow having been abandoned, there is no longer any chance of flood damage. Nearly 500 convicts are building rail-ways. This is profitable employment. The total number of convicts today was 852. Of these only 123 are in the penitentiary proper. Of the 125 no less than 54 are females. The latter are all employed in the garden, the laundry and the sewing rooms. No other work is going on in the prison; as practically no able bodied male convicts are there.

At the approaching term of the Federal Court here there is a case of some interest. This is a case against F. B. Arnold, who was general manager of the penitentiary, for "escape," that is in permitting the escape of a Federal convict. The latter was a "trustee" and was sent out to bring in some cows. He never came back.

Good rains fell near here last evening, but the drought is beginning to make itself unpleasantly felt in many sections.

At the Church of the Good Shepherd this morning Mr. William Smith, son of Mr. W. W. Smith and grandson of the late Chief Justice W. N. H. Smith, was married to Miss Nell Liston, of this city formerly of Charlotte.

The "Nine O'clock Cotton Club" gave its first dance this evening at the assembly room in the Haney Memorial Library Mr. John H. Andrews led.

Insurance commissioner and Mrs. Jones Richard Young arrived this morning having ended their bridal tour.

Prof. Carlyle of Wake Forest college says an organization of students there to press the work of improving rural public schools has been affected and that 60 counties are already represented. He says Gov. Aycock will soon address this association.

State Auditor Dixon today sent out the blanks on which the holdings of bank stock are to be sworn to.

A charter was granted today to the North Carolina Industrial College Company, New Bern; one to the Clayton Mumber Mfg. Co., of Clayton, capital \$50,000, and one to the Williamson Milling and Ginning Co.

Commissioner of Agriculture Patterson says: "I find there will be very little, if any, difference between sales of fertilizers last spring and this spring. There is a decrease of cotton fertilizers, made up however by sales of tobacco fertilizers."

Wednesday and Saturday at the Battery Park hotel, Asheville, the alumni of Wake Forest college will have a banquet. Among the speakers will be E. M. Post of Philadelphia, Rev. Thomas Dixon of Va., J. L. White, of Macon, Ga., Rev. C. S. Farris of Stetson University, Florida.

Gov. Aycock appointments an additional delegates from this State to the Charleston Exposition on "German Day" C. S. Tanner of Carolina; W. E. Ervin of Durham; L. H. Outler of New Bern.

A commission is issued to Baxter R. Hunter of Shelby as assistant surgeon general of the State Guard with the rank of Major.

Salter Path Notes.

Mr. Meajah Adams has just launched and rigged his new sloop, "Trace". She is a pretty boat and a good sailor. Mr. Damon Guthrie has one about half finished now, some larger than Mr. Adams'. These people are great boat builders, they have some fine ones, and good sailors.

Our garden and truck patches are fine some of them have corn knee high, and garden vegetables can't be beaten in the State. Messrs. D. I. Cluser, Ramsey Ed. Wain, Adams Willis, Cooper Adams, Ed. Gaskins and Damon Guthrie, have Irish potatoes, onions, turnips, peas, radishes, etc. in abundance. This land is adapted for vegetables and fruit trees, and if

these people would devote more of their time farming, instead of fooling away their time in the water and woods with their guns, they could make a good living. They generally plant their gardens and corn patches, then leave them, that is, the most of them do so. Right now they are soft crabs, every one, big and little, young and old, men, women and children, are in the sound from morning until night, catching crabs.

It is real odd and right funny to see the married women, and young ladies too and girls from 5 years old up, in the water up to their knees and waists, sometimes with their crab nets scooping and dragging for soft crabs and pulpers or busters as called, their negligees at half mast, or dresses drabbling in the water, barefooted of course, for all go barefooted now men, women and all, would seem curious to people not used to such. Then to see them using tobacco and snuff with pipes to match, is the more stranger as the parents allow their children to use snuff, smoke and chew, little girls, some of them very good looking, chewing tobacco and using snuff he slides smoking the pipe, and the young ladies seem not to mind going barefooted and bare legged right before you, or in the water after clams, crabs or oysters. Such is habit in life, we guess we could use ourselves to most anything.

One of the principal sports here now is shooting sea loons as they fly over the ocean going north, every morning now from day light till two hours by sun, nearly every man and boy, that can hold a gun, is at his post on the beach, and the continuous noise of the pop, boom, bang, goes on like the small arms in a big battle, but we don't kill all we shoot at, quite, we venture the assertion that last Saturday and Monday after two kegs of gun powder and ten bags of shot were thrown away at the loons, the number killed was five, so we lessened. These people love to shoot, kill or no kill.

Since our last notes things are not materially changed for either better or worse as we see much, though we continue to learn more and more of the dispositions manners and customs.

We have found that nearly all of them, don't take particular pains to confine themselves strictly to the truth in all things nor at all times, though they profess to be good church members, and some of them profess to be even good christians; yet if you go among them they will treat you well as they know how to do, they are good people in their way, and we are sorry they are so illiterate and uneducated, and they will never have any education, unless you compel them to send their children to school, which ought to be done, as there are some bright children here that need education, we know whereof we speak, we have tried them.

Our school will close the first of June, the teacher has had a hard time trying to teach these children, he has had no co-operation from parents, while they say they want their children to learn, they don't show it only by saying so. Some of the most prominent ones don't visit the school or show any interest in it. We don't see any use of the State appropriating money for schools under these circumstances.

Last Sunday was our preaching day, we had two preachers, J. F. Ussey and J. W. Wheeler, Ussey was our pastor here, but he and Wheeler have exchanged circuits, the latter has been at Ocracoke, we don't know the cause of the exchange but understood it was by mutual consent of both parties and by consent of the P. E. and Supt.

A big picnic and banks party came off last Saturday, 1st Saturday in May from Swansboro and surroundings. Some of our Saltier Fathers participated, one young man especially, Mr. A. W. took it in to himself right. Now he says he is to be called Mr. W. hereafter. There were about 400 people there from several counties, and from all parts of Onslow county.

We were very sorry to hear while there, of the sudden death of Mrs. Nancy Hattell, wife of Bryan Hattell of Swansboro. She was in fair health Saturday morning, ate her breakfast and walked out in the garden as usual, and fell to the ground with something like a paralytic stroke, and died almost without a struggle. She was about 65 years old and leaves a large family of children and grand children, besides a husband to mourn her death. She was a member of M. E. Church South, and had been for 20 years.

This makes three old and prominent women, that have died in Swansboro in the last 12 months, all leaving husbands and large families.

Mr. W. C. Murdoch closed his school on these banks last week so we heard. We don't know how he got along with his children, we never heard of his being sick, except for clam-raked, like we were when we were there. Well, we guess he had better stop for fear of the W. B. H. Y. Z.

McDuffie's Turpentine & Mutton Suet Lung Plaster

is a certain cure for whooping cough, easy and comfortable, works while you sleep. 25 cents at F. S. Duffie's.

Cola Headache Powders

Contains no Antipyrine, Morphine or other injurious drugs. They do not depress—but stimulate the stomach and increase its secretions. Guaranteed cure for Headache and Sour Stomach. Price 10c. Made and sold by Bradham's Pharmacy, corner Pollock and Middle Sts.

RALEIGH.

Grand Council of Red Men in Session.

Study of Electric Power of Neuse River. Matter of Masonic Temple. Special Terms of Court Raleigh. Hooley Works to sell to Combination.

RALEIGH, May 8.—The class in electrical engineering at the Agricultural and Mechanical college here spent the day at Millberns, on the Neuse river, 6 miles from here, examining and studying the electric power plant there which will supply power here. The class in surveying is making a survey for a railway branch 4 or 5 miles in length from Wake Forest to the Falls of Neuse, for the Seaboard Air-Line. This work will require perhaps a week.

The Grand Council of Red Men met in annual session here today, Great Sachem Hill E. King of Raleigh presiding. All the councils are well represented. There were special exercises at Occochee hall, Joseph E. Pogue calling the assemblage to order as master of ceremonies; prayer was offered by the Great Prophet, W. L. Liddell, of Charlotte, and address of welcome made by J. W. Hindsdale, Jr., of Raleigh; a response by W. L. Liddell; an address on "The Primitive Red Man," by Claude M. Bernard of Raleigh; another on "Redmanism in North Carolina," by Hill E. King; the degree work was exemplified by T. P. Sale and C. B. Green of Durham in behalf of an orphanage. Impromptu talks by members of the order followed.

At the State fair grounds at 10 o'clock tomorrow a barbecue will be given the Red Men.

It is learned that at Oxford on St. John's Day, June 24, the Grand Lodge of Masons will formally take up the matter of building a temple. It appears to be the opinion that the location will definitely be agreed on. There is no difference of opinion as to the need of a temple.

The special terms of court for Rutherford county were ordered today by the Governor; each for 2 weeks, and both for civil cases.

The stockholders of the Raleigh Hooley Yarn Mill at a meeting decided to fully endorse the action of the directors favoring entering a combination and selling the plant to Henry E. Fries of Salem.

It is learned here that two well known citizens of the State are very sick, one being Jas. D. McNeill, of Fayetteville; the other Louis A. Carr, of Durham, the president of the Inter-State telephone company.

The base ball season here opened very auspiciously. There was a parade to the grounds, in which the pennant won in 1901 was displayed. Mayor Powell tossed the first ball.

DOBBS

A Pheasant Picnic. A Large Wedding. Personals.

May 8.—The tobacco farmers are having a bad time getting out their tobacco, on account of such dry weather.

Mr. Claude Lancaster spent Sunday in Pitt county.

Mrs. W. H. Griffin of Dover, is visiting relatives here.

Mr. Dan Brewer who has been under treatment of Dr. Jones, of New Bern, for fish poison in the hand, came up Saturday, looking o. k.

Miss Emma Wilcox of Bellair, is visiting Miss Bonnie Willis.

Mr. and Mrs. Duffy Lathinghouse of Vanceboro, spent Sunday here.

Miss Lizzie Lancaster went to New Bern yesterday to spend a week or two.

The picnic Saturday at Cowpen Landing was a most enjoyable occasion, and though it was advertised only a few days, there was a large crowd present.

Misses Minnie Gaskins and Cattie Foy and Messrs. W. E. and T. D. Gaskins of New Bern were here Saturday and Sunday, greeting their relatives and friends. They have scores of friends here who are always glad to welcome them.

Miss Amanda Sprull attended the picnic at Cowpen Landing and spent Sunday with friends in this town.

The Rev. Mr. Newton filled his appointment at Ellsworth church Sunday, and preached an interesting sermon to a large congregation. Mr. Newton preaches sound doctrine and is rapidly winning his way into the hearts of our people. He was accompanied Sunday by his little son, Graham.

Our young J. P., H. C. Lancaster was called upon Sunday to unite in matrimony, Mr. Ad Hill, of Jasper, and Miss Belva Anderson, of Gaddy. The ceremony was performed at the home of H. C. Lancaster in the presence of many friends of the young couple, all of whom wish them a prosperous journey through life.

There will be a grand picnic at Janiper School House, near Vanceboro, on Saturday May 17th. This is the closing of H. C. Lancaster's school, and some noted speakers will be present to give educational talks. Everybody cordially invited to come and bring well filled baskets. WARDENBURG WILKINSON.

THOMAS' GOOD WORK.

Countinues. Rural Free Mail Delivery. Inspection, Fish to Stock Rivers. Special to Journal.

WASHINGTON, D. C., May 7.—Congressman Charles R. Thomas has secured Rural Free Delivery routes and the Government Inspector will in the first week in June, examine Jones and Craven counties and other routes in the Third Congressional District.

The United States Fish Commissioner advises that 750,000 shad have been furnished for the Neuse and Trent rivers, also that larger supplies of shad will be sent for these and other rivers of the District.

POLLOCKVILLE.

Less Cotton Planted. Horse Runaway. House Lost By Fire. Personals.

May 6.—Warm dry weather, what we are having just a little too much of just now.

Farmers report the outlook good for a crop, if it will just rain a little occasionally.

There is less cotton planted in this section this year than there has been for many. The farmers are letting their lands rest this year which we think a good plan to adopt.

Mr. T. S. Bender and family left last Tuesday for an extended visit in Onslow county to his parents and friends, near Wards Mill.

A horse runaway from the steamer warehouse here last Saturday, breaking the cart and spilling the load, but fortunately no one was hurt as the streets were given to the running team with full right of way.

Mr. E. A. Heygins of Florence, S. C., is visiting friends at this place, on his way home from Va.

Mr. Richard Franks and wife of New York was on the streets here last Monday. Mr. Franks is a native of this county and was on his way to Trenton via steamer Howard. We hear they had a cool accident on arrival at Trenton.

Yes Mr. Plucky, we are just 13 miles behind your great metropolis further down the Trent, that's all.

Mr. Newton White, who lives 1 mile from this place, had the misfortune to lose his house by fire last Sunday morning about 9:20 o'clock. When discovered the dining room and kitchen was on fire and before assistance reached him all was lost except some furniture.

There has been 15 or 20 horses lost in this vicinity by some unknown disease since the fall; it is all called the staggers but it's a strange kind of staggers. Daniel W. Murrell lost one last Tuesday morning in 8 hours from time of the discovery of a sign of sickness. If this is staggers it must be a new kind.

I Know One Sure Remedy for an obstinate cold. Its name is Fry-Balsam.

COVE.

May 7.—Trade in town has boomed considerably for the past few weeks.

Farm work is progressing nicely and crops are looking well though small owing to the late spring.

Mr. A. D. Hawkins will open a grocery establishment here in a few days and solicits the patronage of his friends.

Mr. T. H. White has accepted a position with the A. & N. C. railroad at New Bern, and contemplates moving his family there in the near future.

Miss Lula and Janie Ipoek spent Monday at Dover.

Mrs. C. D. Lane and Miss Jessie Taylor visited New Bern last Friday.

Mr. Otis Eubanks made Trenton a visit Monday.

Mr. Lane and family have moved in Mr. L. F. Taylor's residence recently vacated by Mr. George Avery.

Misses Pattle and Essie Nelson, of New Bern spent Sunday at Mr. E. D. Avery's.

The beautiful weather caused several of our young people to be interested in a long stroll towards Dover Sunday evening.

The musical entertainment at Mr. E. D. Avery's Monday night was greatly enjoyed by all attendants.

The Free Will Baptist held their quarterly meeting here last Saturday and Sunday. Elder Cunningham conducting the services both days. The weather was fine and the members were all present.

YOU KNOW WHAT YOU ARE TAKING

When you take Grove's Tasteless Chill Tonic, because the formula is plainly printed on every bottle showing that it is simply iron and quinine in a tasteless form. No cure—no pay. Price 50c.

LESS WORRY.

Children will play and get over-heated get their feet wet, expose themselves in dozens of ways, and you can't prevent it. All you can do is to keep them as free from exposure as possible and always have in the house a Cough Remedy that can be depended upon. Anway's Croup Syrup will fill every requirement. It is guaranteed to cure Coughs, Colds and Croup or the price 25 cents will be refunded by any dealer selling it. Sold by Davis, Henry's, and Bradham's Pharmacy.

Celery Headache Powders.

There is not any better remedy for headache than these powders. They never fail to relieve. Made and sold only at Davis' Prescription Pharmacy.

DAN GROSVENOR SAYS:

"Peruna is an Excellent Spring Catarrh Remedy—I am as Well as Ever."

HON. DAN A. GROSVENOR, OF THE FAMOUS OHIO FAMILY.

Hon. Dan A. Grosvenor, Deputy Auditor for the War Department, in a letter written from Washington, D. C., says:

"Allow me to express my gratitude to you for the benefit derived from one bottle of Peruna. One week has brought wonderful changes and I am now as well as ever. Besides being one of the very best spring tonics it is an excellent catarrh remedy."—DAN A. GROSVENOR.

In a recent letter he says:

"I consider Peruna really more meritorious than I did when I wrote you last. I receive numerous letters from acquaintances all over the country asking me if my certificate is genuine. I invariably answer, yes."—Dan A. Grosvenor.

A County Commissioner's Letter.

Hon. John Williams, County Commissioner, of 617 West Second Street, Duluth, Minn., says the following in regard to Peruna:

"As a remedy for catarrh I can cheerfully recommend Peruna. I know what it is to suffer from that terrible disease and I feel that it is my duty to speak a

good word for the tonic that brought me immediate relief. Peruna cured me of a bad case of catarrh and I know it will cure any other sufferer from that disease."—John Williams.

Miss Mattie L. Guild, President Illinois Young People's Christian Temperance Union, in a recent letter from Chicago, Ill., says:

"I doubt if Peruna has a rival in all the remedies recommended to-day for catarrh of the system. A remedy that will cure catarrh of the stomach will cure the same condition of the mucous membrane anywhere. I have found it the best remedy I have ever tried for catarrh, and believing it worthy my endorsement I gladly accord it.—Mattie L. Guild.

A Congressman's Letter.

Hon. W. F. Brownlow, Congressman from Tennessee, writes from Washington, D. C., the following:

"I have suffered from catarrh of the stomach for several years, and for the past twelve months was in an exceedingly critical condition. My attention was called to your Peruna, and I began to use it, and my improvement was noticeable after the first three days. I have taken three bottles of the medicine and I feel satisfied that I am now almost, if not permanently, cured. In connection with the Peruna, I have used your Mucilago for biliousness and torpid liver. I regard it as the best medicine for this purpose that I have ever used. Having been benefited so much myself, I give you this statement, that others may be likewise benefited."—W. F. Brownlow, M. C., Jonesboro, Tenn.

Mrs. Elmer Fleming, orator of Honor-vol Council No. 103, Northwestern Legion of Honor, of Minneapolis, Minn., writes from 2205 Polk street, N. E.:

"I have been troubled all my life with catarrh in my head. I took Peruna for about three months, and now that I am permanently cured, I believe that for catarrh in all its forms Peruna is the medicine of the age. It cures when all other remedies fail. I can heartily recommend Peruna as a catarrh remedy."—Mrs. Elmer Fleming.

Treat Catarrh in Spring.

The spring is the time to treat catarrh. Cold, wet winter weather often retards a cure of catarrh. If a course of Peruna is taken during the early spring months the cure will be prompt and permanent. There can be no failure if Peruna is taken intelligently during the favorable weather of spring.

As a systemic catarrh remedy Peruna eradicates catarrh from the system wherever it may be located. It cures catarrh of the stomach or bowels with the same certainty as catarrh of the head.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

"I doubt if Peruna has a rival in all the remedies recommended to-day for catarrh of the system. A remedy that will cure catarrh of the stomach will cure the same condition of the mucous membrane anywhere.
