Town Without Cemetery. Personals. Precinct Primary.

May 19.—Mayor Blandford and family spent Tuesday in New Bern.

Messames. B. R. Taylor, Beth West, L. Hargrave and N. T. Baker are off to Kinston today.

Our town authorities are having the streets put in good order and we are beginning to look more towny than ever. Crops are looking nicely through this section and the farmers seem to be pretty well up with their work.

Mr. T. E. Exheldge went to Goldboro Saturday and will return this morning. We had two colonels in town one day last week. Col. Pollock who was down on business and Col. Davis while between trains.

Prof. Hargrave will soon move into the building that Mr. B. H. Parrott has recently completed on Lake View Avenue.

Dover Precinct primary was held Saturday. Quite an enthusiastic gathering of our citizen were present. Mr. Beth West was made chairman pro-tem.

Messrs. J. F. Tyndal, G. K. West, B. O. Kamegay, Dr. Ray Pollock, and G. V. Richardson were elected delegates to the County Convention. Mr. Beth West was made chairman of our executive committee for the next two years.

Hon. C. R. Thomas was unanimously endorsed for renomination and our delegates instructed to favor delegates who would support Mr. Thomas in renomination. These were the only instructions given to our delegation.

Dover is the only town we know of but what has a cemetery. Reason let us have a healthy locality, and we have a good doctor. Now we don't intend to convey the idea that it is impossible for you to die here.

POLICE KILLED BY NEGROES.

Fierce Fight Resulting in Nine Deaths. State Troops and Artillery Out.

Special to Journal.

Atlanta, Ga. May 17.—Four policemen and five negroes were killed this morning in a battle which followed an attempt to capture several negroes, one of whom had killed the policemen.

The Georgia State troops went out with artillery to attack the houses where the negroes had gathered and entrenched themselves.

The entire police reserves are on duty. The officers burned the house barricaded, but the negroes managed to escape to one adjoining, a second house was burned in an attempt to capture the negro, but he escaped to a barn.

A Tragedy Repeats Itself.

WILMINGTON, May 16.—A few years ago Harkness Green, of Brunswick county, lost three children by drowning within a few yards of Navassa factory, four miles from Wilmington, at the mouth of a creek, which enters the river at that point. He was in a boat with his children at the time of the accident and miraculously escaped himself. Today at about the same spot he and his son Darry, aged about 19 years, were in a boat, which capsized and the young man was drowned. The father again barely escaped.

The Bells.

Upon twelve bells there can be played 470,091,000 changes.

The Cheese Fly.

The common cheese fly is only a tenth of an inch long. It deposits about 250 eggs in the cracks of cheese, though it is not able to find this substance it readily selects another.

New England Superstitions.

A New Hampshire cure for sore throat is to wear about the neck a stocking in the toe of which a potato has been tied. According to a Maine belief, a nutmeg pierced and hung on a string around the neck prevents boils, croup and neuralgia.

Irrigation.

It has been found that, even where the rainfall is normal, the production of the soil can be increased threefold by a proper system of irrigation.

RALEIGH.

Report Small Pox Outbreak in Camden County.

No Superintendent of Health in Camden. State Charters. Rains and Cool Weather. Awards Received at Charleston Exposition.

RALEIGH, May 17.—Dr. Richard H. Ewells is advised of an outbreak of small pox at South Mills, Camden county, and of a death from it. He has sent the State's small pox expert there to investigate and report.

Camden is one of the three counties in the State whose county commissioners openly violate the law by failing to elect a county superintendent of health. The two other counties are Pamlico and Tyrrell. The law is mandatory in requiring such officer to be elected and notice is now sent the commissioners of Camden by the State board of health that they will be indicted if they longer fail to do their duty. Only the county superintendent of health has authority to arrange for the control of such outbreaks.

The State charters the Oberon cotton mill, at Graham, capital \$200,000, of which three fourths is taken by C. S. Parish of St. Joseph, Mo., G. H. Fraker of St. Louis and J. V. Pomeroy, of Graham.

A charter is also granted to the Montgomery Mining Company, of Camden Montgomery county, capital \$500,000, stockholders George R. Galtner and R. H. Ridgely of Baltimore, and Robert N. Page, of Camden. The company will conduct a general mining business, operate smelters, etc.

General rains set in this morning. The weather this week has been rather cool for cotton, which, however, looks extremely well.

The Democratic Judicial Convention for the 4th district is called to meet at Rocky Mount June 26.

Carrie Nation at Home Again.

Topeka, Kan., May 16.—Mrs. Carrie Nation was today sentenced to 30 days in prison and to pay a \$100 fine, by Judge Hazers, in the district court, for smashing bar fixtures stored in a vacant barn in this city in February, 1901. She will not appeal the case and has gone to jail.

McDuffie's Witch Hazel Foot Healer

One of the finest baby powders known, cures prickly heat and gives instant relief. 25 cents at F. S. Duffy's.

Dew falls on a yellow surface more readily than on green. On red and black it will not usually form.

Our Atmosphere.

If great cold turned our atmosphere to liquid air, it would make a sea thirty-five feet deep over the surface of the whole globe.

A New Money Scheme.

A plan to simplify the postoffice money order system is now proposed. The scheme is to reprint all one dollar, two dollar and five dollar treasury notes, coin or silver certificates now in circulation and have the faces of the new bills provided with blank lines and spaces. This would be the primary money of the day. Then, when one wishes to send money by mail he takes such a bill from his pocketbook, writes on its face the name of the person or firm to whom it is to go, the city and state and affixes a two cent stamp in the square indicated, canceling it, with his initials and date, and signs his name on the back. The bill, which previously was negotiable money, is instantly transformed into a personal check on the United States government, as safe for transmission as any bank check. This is included in a letter to the person or firm desired and can be collected by the receiver upon identification at the postoffice named.—Argonaut.

Bern Precinct.

The Democratic primary of Bern precinct was held at the Reel House at 8 o'clock last night. A. J. Gaskins, chairman of the Ward Committee, called the meeting to order.

The following delegates were elected to the county convention: Wallace Rose, J. P. Rodman and J. W. Duke.

J. P. Rodman, Wallace Rose, J. W. Watson, E. W. Shipkins, and Walter Fulford were elected Ward Committee.

RALEIGH, May 19.—The base ball cranks here are delighted at the great game of base ball Saturday between Charlotte and Raleigh by far the greatest game ever played in North Carolina.

Today the diplomas, 49 in number, awarded to North Carolina exhibitors at Paris, arrived and will at once be distributed, by the agricultural department.

The State today authorized the Shaw Harness Co., of Charlotte to increase its capital stock to \$50,000.

On account of the ill health of Fletcher Battle of Nash and Moses West of Orange, Gov. Aycock pardons them. The condition of these men, who were serving 18 months terms, is such as to endanger the other prisoners.

President Wilson of the Agricultural and Mechanical College here is devoting this week to a tour in which he will speak on education and good roads.

The Supreme Court devotes this week to the docket of appeals from the 16th district.

Very few rains fell Saturday night. Never was the farming outlook brighter.

The weather report for this State for April, issued today, says the mean temperature was 56.9 degrees, or 1.4 degrees below normal. The average rainfall was 2.44 inches, which is 1.38 below the normal. The average snowfall was only one tenth of an inch. Snow really piled in measurable amounts west of the Blue Ridge and in the Piedmont plateau.

Gov. Aycock left tonight on an educational tour.

William and the English Throne.

A glance at the list of royal personages in the direct line of succession to the British throne reveals some interesting facts. How many people know that there are only two adult males between Emperor William and King Edward? It is, however, surprising it may be, a fact that the German emperor is the third male successor over twenty-one. He stands twenty-fourth in the list, but most of those before him are women or children. Only two are men of full age—the king's only son, the Duke of Cornwall and York, and his only living brother, the Duke of Connaught.

A GENTLE HINT.

In our style of climate, with its sudden changes of temperature,—rain, wind and sunshine often intermingled in a single day,—it is no wonder that our children, friends and relatives are so frequently taken from us by neglected colds, half the deaths resulting directly from this cause. A bottle of Boschee's German Syrup kept about your home for immediate use will prevent serious sickness, a large doctor's bill, and perhaps death, by the use of three or four doses. For curing Consumption, Hemorrhages, Pneumonia, Severe Coughs, Croup or any disease of the Throat or Lungs, its success is simply wonderful, as your druggist will tell you. Get a sample bottle free from F. S. Duffy, Reg. U. S. Pat. Office. Get Green's Special Almazas.

MAN BEFORE BREAKFAST.

More Ill Nourished Than Women, Says an Obviate Restaurant.

"Of course," said an avenue restaurant keeper, "I think my business gives me the best opportunities in the world for judging human nature. My observations have led me to the conclusion that women, as nervous as they are supposed to be, are more good natured than men. The test for this trait comes at breakfast time. Now, I suppose that my customers are about as cheery as frequent any restaurant in the city. A good many of them are newspaper men, who, as a usual thing, take life as it comes without much complaint. If you take them in the evening or late at night, you will find them the most companionable lot imaginable. But let me tell you there is a difference in the morning.

"As friendly as I am with most of the men who come in here, there is not one whom I would care to provoke before he gets his breakfast. Most of the 'ticks' are made concerning the first meal of the day. The waiter is too slow; the steak is too rare; the steak is too well done; the eggs are not fried properly or are boiled too little or too much. But by the time the average man has had a good meal and a cup of hot coffee 'Richard is himself again.' 'Now, with women it is different. I don't know whether it is because they wake up less hungry than men or whether an empty stomach affects their nerves to a less degree, but those who get their breakfast here seldom annoy us with complaints.'—Washington Post.

Don'ts For Literary Beginners.

Don't tell the editor what your family or friends or literary acquaintances say of your manuscript. Don't urge the editor to buy your manuscript because you need the money to help you in contributing to the support of your family or in making your way through college. Don't assume a jaunty, sarcastic or insistent tone with the editor. Don't covet ask him to "permit this literary dove to nest in your olive tree or else return it to the ark at the above address."

Don't try to temper the severity of his judgment by sending him pressed flowers with your manuscript or to impress him with your literary power and experience by telling him that you "write on the spur of the moment and never correct."

Bear in mind, in short, that the best way to submit a manuscript is simply to submit it and let it speak for itself.—Franklin R. Wiley in Ladies' Home Journal.

Snow in Venice.

"I saw Venice once under unusual circumstances," said a traveler. "At the time of which I speak that sunny, smiling land was wrapped in snow. Our folks were a bit surprised, but the natives were amazed. To the real Venetians snow is a thing they do not know how to deal with. Many persons remain all day in bed indulging in hot drinks and pass their time in doing nothing. The children, to their extreme satisfaction, are not sent to school, as the streets and squares are covered with snow. Those courageous persons who venture abroad only walk at the slowest pace. To cross a bridge is considered hazardous, if not foolhardy. St. Mark's square is entirely deserted. Even the pigeons are invisible."
