AROUND AND ABOUT.

The Schooner Mary Huffman, Captain Fulcher sailed light last night for Hunting Quarters.

In the primary held in the first township recently, D. L. Ward received a unanimous vote for solicitor.

The Sunday School of the Disciple Church had a pleasant picnic at Spring Garden yesterday. The scholars went on the steamer Howard.

The uniforms for the New Bern team arrived last night. The suits are of a steel gray color and with the red caps will make a fine show up.

Dr. Barron will preach this afternoon at four o'clock at the First Baptist church. Services again at eight o'clock. The public cordially invited to all services.

Large shipments of cabbage continue from here. Beans are appearing on the tables but no shipment have made yet. A few baskets will be ready to ship today or tomorrow.

The work of putting in lights is still going on. Griffith street was being wired yesterday and what was once the darkest street in town will hereafter rejoice in a profusion of light.

A small brick structure supposed to be intended for the base of a drinking fountain was started to be built last fall on Griffith street. Work on it for some cause stopped and it was left whether for an ornament or a plaything for children is not known at this writing.

The concert given by the children of the Masonic O. Phans at the Opera house last evening was highly enjoyed. Sixteen children participated in choruses, solos and recitations. They gave their performances with much credit and a large audience thoroughly enjoyed the entertainment.

The residence building recently purchased by the Ice Company adjoining their plant on Griffith street is being repaired by the company who will probably rent it out when completed. The building had become very dilapidated and the repairs will make quite an improvement in the looks of the property.

Rev. Dr. A. C. Barron, of Charlotte, commenced a series of revivals in the First Baptist church last evening. His sermon last evening was to church members particularly and was on the text "Have Ye received the Holy Ghost?" Dr. Barron is a strong, convincing and pleasing speaker. The meetings have fair attendance.

H. W. Jewell of this city has been appointed United States Deputy Marshall for the Eastern District of North Carolina by Marshall H. C. Dockery in place of John Thompson resigned.

Heavy shipment of cabbage are being made daily. The pea season is over and the market for beans is open with a prospect of a large crop. Potatoes will probably be marketed next week of which there is promise of a large crop.

Warm weather with thermometer ranging from 88 to 89 prevailed this week. Much needed rains have occurred. De Voes forecast for the period from 22nd to 24th of May is that a storm will form over the Gulf of Mexico and move up the Atlantic Coast States causing heavy rains in its track.

County Magistrates.

The Board of County Magistrates of Craven county will meet at the Court house in this city on the first Monday in June, it being June 2nd, for the purpose of making a tax levy, electing a Board of County Commissioners, and to transact such other business as may come before the Magistrates.

Fannie Belle Disoway. Entered into Life Eternal on the night of May 20 at the residence of her parents No. 708 Chestnut st., Kinston, N. C. Fannie Belle, the infant daughter of Mr R. J. and Mrs. Lulu M. Disoway, aged 15 months.

The remains were brought to this city yesterday for interment in Cedar Grove Cemetery. Services were held at the Rev. T. M. N. George officiating, assisted by Rev. J. H. Griffith, Jr. of Kinston.

We, the undersigned, believing Dr. SETH ARNOLD'S BALSAM to be a reliable Remedy for Bowel Complaints, hereby guarantee a twenty-five cent bottle to give satisfaction or money refunded. T. A. Henry.

Retire Them to Private Life. There are several demented, half-crazy old women that are allowed to roam around the streets, that are oftentimes annoying in their advances and familiarity to strangers who are less easy going and patient than the average New Bernian. An illustration of the nuisance was seen yesterday at the A. & N. C. station. An old habitue of that locality is an old woman, whose familiarity challenges respect, and whose powers of speech are something wonderful. This creature accosted a gentleman who was carrying a bunch of fish, and by her gestures and wild language sufficiently alarmed the man to cause him to draw his knife in defense.

The poor old crazy soul is probably perfectly harmless as far as doing any one bodily harm, but her wild looks and bold speech is calculated to provoke and excite strangers who, resenting as they might think, an attack, is likely to do the old creature harm.

Such people are best off in the asylum where they would be quieter and their unsettled nerves would have chance to rest. It is no injustice to take them up and keep them off the streets, but is a real kindness to these unfortunate.

Al Davis. Go to Davis for mouth balls, 5c paper, instant powder, pills of 10c in case for discharging, etc.

A CLOSE GAME.

Gettig Twirls the New Bern Team to Victory, Well Supported by his Team Mates.

One little run, and that was a present, won the game yesterday at Athletic park.

Gettig pitched a mastery game, holding the Durham team down to three hits. Only eighteen men faced "Our Henry" in the first six innings.

New Bern's only run was made in the fifth inning, Adolph Wind the first batter up made a clean hit over second base, immediately stole second and went to third on Curran's wild throw to catch him. Foster the next hitter fanned the atmosphere. Gettig then stepped to the plate and patted a beauty to center, and Wind scored after the fly was caught.

New Bern had men on bases in several innings but Stockdale's good pitching kept our boys from completing the circuit.

It was a pretty game throughout, while no sensational plays were seen.

The following is the score and summary.

We are sorry to learn of Laughlin's injury. He made a two bagger but through the umpire's injustice it bore no fruit.

We hope President Baabes will see Froude's work with an impartial eye, and act accordingly.

It is hard to have a winning team, and then be blocked off by an incompetent umpire.

Let's hope and root for a victory this afternoon also for a new umpire.

The results by innings of the Raleigh and New Bern game will be announced at the game this afternoon at the Park. So be sure to go and enjoy the two events at one price of admission.

Must be Protected. The destruction of the little shade trees that were set out this season, by horses being turned loose to graze upon them at will, is shameful, and some steps should be taken at once to protect the trees, and punish the people who carelessly allow their horses to bite and destroy them.

The expenses of planting the trees was a considerable item and to let them be destroyed is not to be thought of for a moment.

Let the police be strictly charged to arrest any person who allows his horse to injure a tree regardless of who the person may be and a very few examples will be sufficient to correct this evil. If the authorities will take a positive stand in this matter the streets will in a few years be nicely shaded.

MAYSVILLE.

Good Crop Weather. Village Elections. Building Boom.

May 21.—Nobody can kick about the weather, unless it's some old habitual kicker, that can't help it.

Sunday's rain just exactly fixed up things. We suppose the tobacco people were the most glad to see it, as they were transplanting all day Monday.

From all present appearances it seems that there will be an abundance of fruit this year, especially apples and peaches.

Irish potatoes seem to have withstood the recent dry weather very well, and with a few more showers like the one Sunday p. m. we will be shipping soon.

Mr. K. R. Hay has begun work on a new dwelling for himself at his farm on the hill here. Contractors Hender son and Watson are doing the work.

Mr. Herbert Ward has about completed his residence and is now painting it.

Mr. A. C. Focuse has improved the looks of his dwelling very much by an application of paint. Why don't all of our people paint their buildings? It would be a great improvement.

Mr. Lewis Whitly is having material prepared to build a store on his lot on Railroad street.

Town election last Tuesday. The following officers were elected: E. L. Matlocks, Mayor; Lewis Bynum, J. E. McCutchin, J. H. Waters, W. B. Smith and A. C. Focuse Commissioners; J. R. Oakley, Constable. We hope they will do "some business."

Mr. McGeorge of Baltimore is in this section buying old furniture.

Mrs. Jones and children, of New Bern is here visiting her sister, Mrs. W. B. Smith.

Mr. L. T. Gillet spent Sunday at Cedar Point and Swansboro.

A number of our young people went to preaching at Tabernacle Sunday p. m.

Mr. S. S. Waters made a business trip to New Bern last week.

Messrs. R. S. Weeks and G. H. Jenkins spent Sunday p. m. at Stella.

Mr. J. R. Oakley and John Watson went angling Monday, they had fine luck.

PINFATHERS. A variety of food should always be given to hens in small yards.

As the weather becomes warmer more care is necessary in keeping the quarters clean.

There is no difference in any respect between chickens hatched under hens and those hatched in an incubator.

The hardy, wide rangers, birds clean of limb and having small combs, are the kind of fowls wanted by the farmer.

When the fowls have bowel disease, change the food for a day or two and change the grit. Much of the trouble is from lack of sharp, hard grit.

Put a well matured cock, not over two years old, with the laying pullets and a fully matured, well developed cockerel with the old hens and better results in hatching will be secured.

The Palate Lock. A woman who had solved the servant girl question by importing a haxson young colored girl from Virginia went out to give her orders for dinner one day and was astounded to see the negro sitting on the floor with her hair, or wool, standing out around her head in a black and shiny nimbus.

Not hearing the approach of the mistress, the servant went on with her occupation, which was pulling first one curly lock and then another in a way that suggested that she had either lost a fortune or "got religion." The madam stared a moment and then exclaimed: "For goodness sake, Betty, what are you doing?"

The maid hurriedly scrambled together feet and answered: "Oh, nothing, ma'am. I've got a sore throat and was just trying to find the lock what would pull my hair up and cure the tickle."—New York Times.

Saxony's Forests. Saxony possesses one of the best regulated systems of forestry in the world. The forests of Saxony serve not only the purpose of giving the state a substantial annual revenue, but they add a thousandfold to the scenery of the country, thus attracting many tourists to the most important feature of the forests, however, is the fact that they keep forever alive the fountains of water which spring from the highlands of the Erzgebirge, and Saxon Switzerland.

The forests furnish the material and the water—the motive power to hundreds of pulp, paper and sawmills, which, in turn, give employment to thousands of men, women and children.
