When Abhaham Lincoln was a young man, his prodigious strength and his skill in wrestling were matters of note throughout central Illinois. Few indeed were the men who could boast of naving laid him on his back.

Somewhere along in the thirties there was a case on trial in one of the circuit courts in that section in which an effort was made to impeach the testimo ny of one of the witnesses. The evidence was conflicting. Some would believe the witness on oath and others would not.

MAY DAY SPEECH

I answer, 'tis a "May Day" gathering, where friends meet friends and renew awaken an interest in the beauties of friendships. "Tis a day to welcome springtime and its beautiful flowers, and listen to the joyous songs of the birds. Yes, 'tis a time honored custom of "Our Beloved Carolins," the home of ludustry, culture, truth, honesty and jus-

Yes, on the ever memorable 20th day of May 1775, she announced her independence, in the now flourishing Olty of Charlotte, Mecklenburg county, "adages" "Love thy neighbor as thy North Carolina. and assumed the grand title of "The United States of America." At that time, there were only thirteen States, today there are forty-four States, that "the stars and stripes"triumphantly float over, yes, over "the land of the free, and the home of the brave."

Permit me to repeat a few lines of the grand song, written years ago, by the very eminent Judge William Gaston, of New Bern.

"Carolina ! Carolina ! May Heavens' blessings attend her, While we live, we'll Love, Cherish

and defend her." I'll add. "Is there a soul so dead, as ever to itself hath said, This is my own,

my native land ?" After this prelude, doubtless I am expected to make a so-called speech. Of course, I'll not attempt to make an oratorical display, (as I might fail,) espectally in the opinion of those present, whose ears have often been delighted by practical orators, preachers, lawyers, politicians, etc.

I may vary my theme, for your enterainment, yet, my chief purpose, today,
