Chapel Hill, June 2, On Wednesday, June 4, the com-assessment azercises of the University of North Carolina were held in the Me stefully draped in white and blue, the stors of the University. The senior s, attired in caps and gowns sat in a body on the large platform. Seated also on the platform were the faculty with gowns which showed the degree attained by the wearer, Gov. In his senior year he won the Hume medal for the best senoir thesis.

Next fall Mr. Duffy enters Johns Hopkins University, Baltimore, to begin the study of medicine. The New Bern people should be proud of Mr. Duffy's achievements and wish him success in his future career.

Gettig pitched a good game, except for one inning, the eighth, when over anxiety and too much haste, assisted the visitors to three runs. He struck out nine men Pastor and Soffle the Heavenly Twins, sure hitters, going down three and two times respectively.

In fielding, Daum's back stop work was first class, four difficult foul fly catches being features. Devlin at second was fast and accurate, with eight ac-

cepted chances, no errors. For the visitors, Pastor caught a good game, both White and Leonard being wild in their deliveries.

SNAKE DISTURBED THE PEACE.

There was great excitement at Bishops ware house yesterday. It was 4 p. m. and "E. K." was sitting in his chair taking a nap, and dreaming of some charming spot where he might take himself to spend the summer and be free from business cares and the wiles of the sum-

These dreams hereby instructed to withdraw all pro-ceding to collect the same. heard in the doorway, and as each of the dreamers popped open an eye, two awful shricks of distress were heard throughout the first ward. Claypoole took a commanding position on top of the safe, and Bishop jumped through a window carrying the sash with him, and rushed breathlessly to Whitty's store trying to borrow a cannon or anything else that would shoot. Finally he se cured a shot gun and handing it through the window the brave Claypool who had stood his ground through such trying moments shot the intruder's head off.

It proved to be a water moccasin that measured over four feet in length, and for the balance of the afternoon the two heroes were busy exhibiting his snakeship and telling just how it all hap-

Moonshine Alley Event.

"Moonshine Alley" was the scene of disturbance Monday night as it has been oftimes hitherto and probably will be many times henceforth.

Pete Flemming, a dusky female who has a police record equal to any, and surpassing most, rap amuck with a deadly weapon, dear to every colored person's heart-"the razzer." There was a mixture of colors in the fracas but there was no discount on the lovely time they vere taken into the Mayor's court, Wednesday morning. The Flemming woman was bound over to the Superior court on the charge of assault with a deadly weapon, the others were assessed fines and costs for disorderly conduct.

Another Umpire Gone Wrong.

A communication was handed the mule editor yesterday by a promising specimen of Young America, who rejoiced in being a "tiger", with a request that it be published.

After a considerable wrestle with the "copy", it was figured out that a game of ball had been played at some place the secret of which location the communica-tion did not reveal. One of the opposing teams were "Tigers" while the other was styled "D. T. Jr." which initials the mule editor decided stood for another breed of tigers.

Everything seems to have moved along lovely until the ninth inning, at which time the score stood: "Tigers" 6,, "D. Tigers, Jr." 9. The "Tigers" were greatly displeased at the score and much growling resulted. Another luning was agreed upon, and played, which didn't certally change the result. And now both sides charge the umpire with robbery, and that much abused person is re-quested by the "Tigers" to spend a few days in retirement.

A Waist of Crepe de Chine. Trimmin of Lace Straps.

A very novel waist is here illustrated made of folds of crope do chine in took effect and trimmed with lace straps and

a deep lace yoke. Black chiffon bands are very artistically disposed and a large rosette of the same is placed at the left side. The sleeves are remarkable for their novelty and oddity. All the stitching is done with Corticelli silk.

For shirt waists pongee is especially recommended and it is very fetching made up with bands of ecru embroidery, or over a color with a heavy lace yoke. This material is particularly suitable for the Gibson and Duchess waists, the former giving the broad-shouldered effect so much sought after just now, in the shape of folds or tucks extending over the shoulder, the latter fastening under a double fly and showing fronts richly embroidered with Corticelli wash embroidery silk. The favored color in pongee is the natural ecru tint, although it can also be procured in different shades. Mercerized fabrics of all kinds will be extensively worn, the proces having been vastl improved since it was first brought up on the market, and all sorts of sitk and inen mixtures are
