

SUBSCRIPTION RATES:

Two Months, \$1.00; Three Months, \$2.50; Six Months, \$5.00; Twelve Months, \$10.00.

Advertising rates furnished upon application at the office, or upon inquiry by mail.

The Journal is only sent on pay-in-advance basis. Subscribers will receive notice of expiration of their subscriptions and an immediate response to notices will be appreciated by the Journal.

Entered at the Postoffice, New Bern, N. C. as second-class matter.

Section Two, Friday June 13, 1903

UNPROFITABLENESS OF STRIKES

United States Commissioner of Labor, Carroll D. Wright, gives it as his opinion that labor conflicts have come through increased intelligence.

The records for the past twenty years, from 1881 inclusive, are his basis. In the strikes of that period the aggregate wage loss of the strikers was \$257,863,478, against a loss to employers of \$123,731,121.

But however startling in magnitude these figures are, they only represent the losses to those immediately concerned in the strikes, namely, employers and employes.

To the outsiders, to the general public, no approximate estimate can be made of the losses inflicted by strikes.

There is only one course in the case compatible with our national honor, with our national interests, and with that national common sense upon which Americans plume themselves.

That is to enact a straightforward measure of reciprocity which will open our ports on easier terms to the chief products of Cuba and will give our merchandise corresponding advantages in Cuba.

The American people have long been paying heavy tribute to the various Sugar Trusts and rings. They are in no humor to increase such tribute in the form of a bounty on Cuban sugar, especially while at the same time the Sugar Trusts are causing American merchandise to be excluded from the Cuban market at the rate of dozens of millions of dollars a year.

The farmers and manufacturers of this country want to supply the Cuban market, instead of having their European rivals do so. They are not in a mood to be longer prevented from doing so by the machinations of a selfish Trust which not only shuts them out of Cuba, but demands to be paid for working them that injury.

Reciprocity is the one true policy, and it will be gratifying to commend the President for fighting it out upon that line, "If it takes all summer."—N. Y. Tribune.

TO WHAT PURPOSE?

At this stage of the political situation in North Carolina, it would seem as if further opposition to Judge Walter Clark's nomination, was beyond the wisdom of any Democrat.

vention for Walter Clark's nomination to the Chief Justiceship.

Criticism of proposed party nominees from those within the party, is perfectly legitimate, before any formalized party action has taken place.

The State press has pretty generally given expression to the local and sectional views regarding Judge Clark's candidacy.

And yet no adverse criticism to Judge Clark has seemed to affect a most general expression in his favor from a large majority of the Democratic conventions.

This would indicate his coming nomination at Greensboro, and yet in some quarters there are rumors that such a nomination would call for a bolt from the minority opposing Judge Clark.

If a bolt, to what purpose or good end? While no political enemy to Democracy is apparent in the coming North Carolina campaign, there are possibilities within the ranks of the State Democratic party, which might breed animosity and strife, which could in another campaign bring ruin to the party's interests in this State.

It is this foe within the party, of bitterness over nominations, which threatens Democratic interests, and not political enemies without.

Judge Clark may be made such a party contention, as to start the strife, leading to party disaster, but before such a contention shall be started, is it not wisdom for the Democratic party members to study the situation carefully, and determine that such a contention shall not be started?

STATE OF OHIO, CITY OF TOLEDO, Lucas County.

FRANK J. CHENEY makes oath that he is a senior partner of the firm of F. J. CHENEY & CO., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay ONE HUNDRED DOLLARS REWARD for each and every case of CATARRH that cannot be cured by the use of HALL'S CATARRH CURE.

FRANK J. CHENEY. Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1888.

A. W. GLEASON, Notary Public.

Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces of the system. Send for testimonials, free.

F. J. CHENEY & CO., Toledo, O. Sold by all Druggists. Hall's Family Pills are the best.

COCONUT PALMS.

There are by careful computation about 300,000,000 coconut palms in the world in full bearing.

A Sprained Ankle Quickly Cured.

"At one time I suffered from a severe sprain of the ankle," says Geo. E. Cary editor of the Guide, Washington, Va. "After using several well recommended medicines without success, I tried Chamberlain's Pain Balm, and am pleased to say that relief came as soon as I began its use and a complete cure speedily followed." Sold by F. S. Duffy & Co.

The Filipino.

The Filipino, whether he be an educated or an uneducated person, is temperate. I do not remember to have seen a single Filipino drunk except my own coachman, whom I had to dismiss, and he was a very good coachman. They drink a great many of them, but they drink moderately. They drink the vino, which they purchase at small shops that are not loafing places as our saloons are, but are only shops. I have lived two years in Manila, and there are now, I believe, 450 shops, a reduction from 2,500, the estimated number in the Spanish times. But I have never seen a vino shop to know it, which is an indication that there is no publicity about it or any gathering of a crowd in its neighborhood. The few American saloons, fifty or sixty in number in Manila, one can see a long distance off, but not so a vino shop.—Governor William H. Taft in Independent.

Spring Fever.

Spring fever is another name for biliousness. It is more serious than most people think. A torpid liver and inactive bowels mean a poisoned system. If neglected, serious illness may follow such symptoms. DeWitt's Little Early Bitters removes all danger by stimulating the liver, opening the bowels and cleansing the system of impurities. Safe pills. Never gripe. "I have taken DeWitt's Little Early Bitters for torpid liver every spring for years," writes R. M. Evers, Moundsville, W. Va. "They do me more good than anything I have ever tried." F. S. Duffy.

An Ingenious Present.

A very ingenious wedding present has been received by a French bride from one of her relatives, who is a geographer. The present is a silver sugar bowl in the design of a terrestrial globe, the upper hemisphere forming the cover. The map of the earth has been elaborately engraved on the outside, and the route taken by the newly-wedded pair is indicated by a line of lapis lazuli, the names of the towns at which a stay was made being inscribed in enamel.

Ready to Yield.

"I used DeWitt's Which Hated Salve for piles and found it a certain cure," says S. R. Meredith, Willow Grove, Del. Operations unnecessary to cure piles. They always yield to DeWitt's Which Hated Salve. Cures the disease, all kinds of hemorrhoids. Accept no counterfeits. F. S. Duffy.

Kodol Dyspepsia Cure

Digests what you eat.

This preparation contains all the digestants and digests all kinds of food. It gives instant relief and never fails to cure. It allows you to eat all the food you want. The most sensitive stomachs can take it. By its use many thousands of dyspeptics have been cured after everything else failed. It prevents formation of gas on the stomach, relieving all distress after eating. Disting unnecessary. Pleasant to take. It can't help but do you good.

Prepared only by E. O. DeWitt & Co., Chicago. The 81. bottle contains 24 times the 5c. size.

F. S. DUFFY & CO.

THE BEAR.

The only really surprising feature about the revolt of the peasants in some of the provinces of the Russian empire is that it did not occur long since. It will be equally surprising if it does not spread in spite of all the forcible efforts which the government will undoubtedly put forth to suppress it.—Washington Times.

There may be developing a great upheaval of the Russian people unless wise counsels prevail in the bureaucracy and concessions are made to the demand for reforms. The present policy of the empire is raising up a domestic radicalism of the socialistic and revolutionary sort that may in time convulse the land.—Springfield (Mass.) Republican.

Filthy Temples in India.

Sacred cows often defile Indian temples, but worse yet is a body that's polluted by constipation. Don't permit it. Cleanse your system with Dr. King's New Life Pills and avoid untold misery. They give lively livers, active bowels, good digestion, fine appetite. Only 25c at C. D. Bradham's drug store.

A Monster Petition.

The biggest petition ever presented to the English parliament was the Chartists' petition in 1848. It bore 5,700,000 signatures.

The Rose Tree Record.

Six thousand is the record number of roses produced by one tree at a time. This was in Holland, on Mme. Regnew's land. A Marechal Niel at Whigley has had 3,500 blooms on it at the same time.

Happy Time in Old Town.

"We felt very happy," writes R. N. Beville, Old Town, Va., "when Buckler's Arnica Salve wholly cured our daughter of a bad case of scald head." It delights all who use it for Cuts, Corns, Burns, Bruises, Bolls, Ulcers, Eruptions. Infalible for Piles. Only 25c at C. D. Bradham's drug store.

Cheap Labor.

Labor in Freetown, West Africa, costs only about \$5 a head per month.

Shaving the Beard.

It is believed that the custom of shaving the beard was introduced at Rome in the year 300 B. C. According to Pliny, Scipio Africanus was the first Roman who shaved daily.

Call at F. S. Duffy & Co's drug store and get a free sample of Chamberlain's Stomach and Liver Tablets. They are an elegant physic. They also improve the appetite, strengthen the digestion and regulate the liver and bowels. They are easy to take and pleasant in effect.

CUBA LIBRE.

Cuba is free. The United States has set to the nations of the earth a high example of honorable fidelity to promise by withdrawing from the Island.—New York Journal.

If President Palma exercises the proper amount of wisdom, he will not stray too far from the safety valve. There is a powerful head of steam on in Cuba.—Washington Post.

Cuba has at last realized the day dreamed of by her patriots for many a weary year. Let us hope the fulfillment will permanently prove more precious than the dream.—New York Tribune.

Virulent Cancer Cured.

Startling proof of a wonderful advance in medicine is given by druggist G. W. Roberts of Elizabeth, W. Va. An old man there had long suffered with what good doctors pronounced incurable cancer. They believed his case hopeless till he used Electric Bitters and applied Buckler's Arnica Salve, when treatment completely cured him. When Electric Bitters are used to expel bilious, kidney and microbe poisons at the same time this salve exerts its matchless healing power, broods diseases, skin eruptions, ulcers and sores vanish. Bitters 50c, Salve 25c at C. D. Bradham's.

Queer Coronation Custom.

One of the most extraordinary gifts made on the coronation day of Edward I. was that of 600 horses, which had been used by the royal princes and other personages in the procession to Westminster abbey. These horses, all richly caparisoned and harnessed just as they were, were led into the very midst of the mob after the banquet in Westminster hall that always succeeded a coronation in those days. The people in the streets were permitted to catch the animals, and to him who caught a horse it and its appointments belonged.—London Chronicle.

You may as well expect to run a steam engine without water as to find an active energetic man with a torpid liver and you may know that his food or feels dull and languid after eating often has headache and sometimes dizziness. A few doses of Chamberlain's Stomach and Liver Tablets will restore his liver to its normal functions, renew his vitality, improve his digestion and make him feel like a new man. Price 50c. Sample free at F. S. Duffy & Co's drug store.

RALEIGH.

Ex-Postmaster Corbett of Selma Appeals His Case.

North Carolina Peaches on the Market. Poisoned Well Water Kills Horace Haywood. Hoyt E. Moore, a 20 Year Convict, Paroled.

RALEIGH, June 10.—Ex-postmaster J. T. Corbett of Selma, who was convicted in the federal court of stealing registered and other letters, and who was to have been sent to the penitentiary today, appeals to the United States Circuit court of appeals. Under the rule he is given a month in which to perfect his appeal. Every particle of the evidence is dead against him.

Prof. J. L. Keeler, of the chair of science in the Baptist Female University here, goes to a college at Georgetown, Kentucky.

Raleigh has now four orchestras at its many points in the State, these being Wrightsville, Morehead City, Asheville, and Waynesville.

Among today's arrivals was E. F. Ayd left of Elizabeth City.

At appears now that the water in the well at the home of Horace Haywood was poisoned. This water was used in making the biscuit which poisoned all the family and killed Haywood.

Governor Aycock left today for Pitt county, and speaks at Farmville tomorrow. He then goes to the Teachers' Assembly at Morehead City.

Peaches from Newport, Carteret county, are now on sale here but are as yet small. Blackberries have for this week been shipped from Southern Pines. The crop is large. So is the peach crop and the grape crop there.

J. F. Whitty, from Wilson county who for some time had been an inmate of the Soldiers Home is dead. Another inmate was today sent to the hospital for the insane line.

Gov. Aycock pardons Hoyt C. Moore of Pitt county, who had served 4 years of a 20 year sentence for manslaughter. Judge Hoke specially recommended the pardon. The case is of more than usual interest because Gov. Aycock, then at the bar, prosecuted Moore. A policeman was killed at Bethel by one of Moore's sons. Moore was present and took a small part in the affair. He tried to get his son to leave. The son submitted to murder in the 2nd degree, and Moore to manslaughter.

Mr. W. S. Whedon, Cashier of the First National Bank of Winterset, Iowa in a recent letter gives some experience a carpenter in his employ, that will be of value to other mechanics. He says: "I had a carpenter working for me who was obliged to stop work for several days on account of being troubled with diarrhoea. I mentioned to him that I had been similarly troubled and that Chamberlain's Colic, Cholera and Diarrhoea Remedy had cured me. He bought a bottle of it from the druggist here and informed me that one dose cured him, and he again at his work." For sale by F. S. Duffy & Co.

Suspended Vitality in Plants.

A German chemist has prepared a fluid that has the power, when injected into the tissues of a plant near its roots, of anesthetizing the plant. As a result of this injection the plant does not die, but stops growing, maintaining its fresh, green appearance, though its vitality is apparently suspended. Changes in temperature seem in no wise to affect the foliage, for the plant blooms in the open as well as in the most carefully constructed hothouse.

Leads Them All.

"One Minute Cough Cure beats all other medicines I ever tried for coughs, colds, croup and throat and lung troubles," says Dr. Scott Curran of Logan, Pa. One Minute Cough Cure is the only absolutely safe cough remedy which acts immediately. Mothers everywhere testify to the good it has done their little ones. Croup is so sudden in its attacks that the doctor often arrives too late. It yields at once to One Minute Cough Cure. Pleasant to take. Children like it. Sure cure for grip, bronchitis, coughs. F. S. Duffy.

Snow Crystals.

There have been noted 151 different forms of snow crystals.

Like Nile Mud.

The Nile mud, which renders Egypt a habitable country, is said to bear a striking resemblance to that which every year is brought down by the Mississippi.

\$100.—Dr. E. DeWitt's Anti-Diarrhetic may be worth to you more than \$100 if you have a child who soils bedding from incontinence of water during sleep. Cures old and young alike. It arrests the trouble at once. \$1. Sold by C. D. Bradham, Druggist.

Olive Oil.

A puzzling question has been asked frequently and does not appear to have been answered convincingly. It is this: "Why does olive oil cost so much in this country?" California has olive orchards which rival the best of those in Italy, Spain and France. The demand in the United States for choice olive oil is constant and large. Why is it that the price is still so high? Why cannot California furnish all that is asked for?

YOU KNOW WHAT YOU ARE TAKING

When you take Grover's Tasteless Chill Tonic, because the formula is plainly printed on every bottle showing that it is simply iron and quinine in a tasteless form. No cure—no pay. Price 50c.

Kodol Dyspepsia Cure

Digests what you eat.

Supreme Court Opinions.

Special to Journal.

Raleigh, June 10.—The Supreme Court filed the following opinions today:

Phillips vs Railroad from Beaufort, no error. State vs Hicks, from Vance, no error.

Lumber Co. vs Iron Works, from Pender, affirmed. Bank vs Yana, from Wake reversed.

Taylor vs Huff, from Wayne, error. Railroad vs Railroad, from Wayne, error.

Stating vs Fitzgerald, from Durham, petition allowed new trial. Hunter vs Telegraph Co. from Galloway, new trial.

Willard vs Tany, from Durham, error. Sharps vs Railroad, from Iredell, new trial.

Jervia vs Lewellin, from Surry, reversed. Grater vs Ryan, from Forsythe, error.

Lian vs Cotton Mills, from Gaston, reversed. Bingham vs Railroad, from Mecklenburg, error.

Rrr vs Tel. Co. from Mecklenburg, new trial. Gwaltney vs Ins. Co. from Catawba affirmed.

State vs Peak, from Polk, reversed. Collier vs Burgin from McDowell new trial.

The Panston case from Burke, reversed. Canfield vs Owens, from Rutherford, no error.

State vs Summer, from Macon, new trial. Following were disposed of per curia order.

King vs Cooper, from Pitt, partition to revert dismissed. Fleming vs Railroad, from Iredell, appeal dismissed.

Scott vs Furniture Co. from Surry, affirmed. Hood vs Tel. Co. from Mecklenburg, affirmed.

Clothing vs Railroad, from Gaston, affirmed. Cotton Mills vs Larence from Gaston, affirmed.

Williams vs Holt from Mecklenburg, affirmed. Dover vs Railroad, from Mecklenburg, affirmed.

Edney and Byers, from Henderson, affirmed.

A GENTLE HINT.

In our style of climate, with its sudden changes of temperature,—rain, wind and sunshine often intermingled in a single day,—it is no wonder that our children, friends and relatives are so frequently taken from us by neglected colds, half the deaths resulting directly from this cause. A bottle of Boschee's German Syrup kept about your home for immediate use will prevent serious sickness, a large doctor's bill, and perhaps death, by the use of three or four doses. For curing Consumption, Hemorrhages, Pneumonia, Severe Coughs, Croup or any disease of the Throat or Lungs, its success is simply wonderful, as your druggist will tell you. Get a sample bottle free from F. S. Duffy, Regular size, 75cts. Get Green's Special Almanac.

All Souls' College, Oxford.

Perhaps the most expensive education in the world is enjoyed by the undergraduates of All Souls' college, Oxford. There are usually but four of them in residence, all of them on the foundation, with just enough to keep them comfortably in their rooms aloft over the college kitchens. The college revenues approach £15,000 a year, which should give an excellent education to four young men. But All Souls' devotes its money mainly to the support of fellows and the cult of good living, and the undergraduates get their education by arrangement from other colleges.—London Chronicle.

Saved From an Awful Fate.

"Every body said I had consumption," writes Mrs. A. M. Shields, of Chambersburg, Pa. "I was so low after six months of severe sickness, caused by Hay Fever and Asthma, that few thought I could get well, but I learned of the marvelous merit of Dr. King's New Discovery for Consumption, used it, and was completely cured." For desperate Throat and Lung Diseases it is the safest cure in the world, and is infallible for Coughs, Colds and Bronchial Affections. Guaranteed bottles 50c and \$1.00. Trial bottles free at C. D. Bradham's.

Wild Bananas Have Seeds.

Wild varieties of bananas have been found in Cayton, Cochinchina and the Philippines. These of course have seeds, but they are inferior in the long cultivated varieties. The banana is cultivated by suckers, and it is in this way that the plant is perpetuated indefinitely.

A Real Friend.

"I suffered from dyspepsia and indigestion for fifteen years," says W. T. Strider of Merry Oaks, N. C. "After I had tried many doctors and medicines to no avail one of my friends persuaded me to try Kodol. It gave immediate relief. I can eat almost anything I want now and my digestion is good. I cheerfully recommend Kodol." Don't try to cure stomach trouble by dieting. That only further weakens the system. You need wholesome, strengthening food. Kodol enables you to assimilate what you eat by digesting it without the stomach's aid. F. S. Duffy.

A Big Skeleton.

As late as 1851 a human skeleton nineteen feet long was discovered at Rome, France. The skull, which was perfect with the exception of the under jaw, hid over a bushel of wheat.

CASSELL'S

THE GREAT PEPPERMINT CURE

Mexican Mustang Liniment advertisement featuring an illustration of a woman and text describing its benefits for sore muscles and lameness.

Bilin' Hot and still a heating. At Smith's 99 Middle Street. Advertisement for cooling garments.

OUTING SUITS advertisement for J. G. Dunn & Co., Men's & Boy's Wear, 57 Pollock Street.

TUCKER BROS. advertisement for Marble and Granite Monuments, 310 North Front Street, with an illustration of a monument.
