Incorporation of Haviland Warren Lumber Company.

Reorganization of the Raleigh Baseball Team. United States Circuit Court Judge Farnell's Appointment of Deputy Clerks.

RALEIGH, June 14.—A charter was granted this morning to the Haviland Warren Lumber Co., capital \$25,000. The principal office is to be at 238 St.ump sound or Folkstone near Wilmington. The incorporators are Frederick Haviland, Isaac W. Warren and Julius Davis.

After a meeting of the directors of the Raleigh Athletic Association last night continuing until past midnight it was given out that R. C. Rivers had resigned and a committee of ten of Raleigh's staunchest baseball retainers had agreed to take the Raleigh team and do what they can with it, appealing to the people of Raleigh for more liberal support. It was decided further this morning to elect W. J. Andrews president, Vance Scott Secretary and Treasurer and make Capt. Barney Kahn manager of the team. Material improvements in the team are promised.

Judge Farnell of the United States Circuit court has issued reappointments to deputy circuit court clerks. They are Geo. L. Zonoff, Raleigh; John P. Overman, Elizabeth City; George Green, New Bern and W. H. Shaw, Wilmington. This action was made necessary by the resignation of Mr. Reddick as clerk for the Eastern district and the appointment of H. L. Grant in his stead. Reddick had been clerk for 35 years.

Trial of Oyster Inspector.

RALEIGH, June 14.—State Attorney General Gilman, left for New Bern tonight, to appear for an oyster inspector, indicted before the Federal Commissioner for an assault on the captain of a schooner in the waters of Pamlico Sound.

Why suffer pain and severe sickness from Bowel Complaints, when ARNOLD'S BALSAM stops one and cures the other. It has been successfully used for fifty years. Warranted to give satisfaction or money refunded by T. A. Henry.

King Edward Sick.

London, June 15.—King Edward was suffering today from a chill, which prevented him from attending the church parade of the Aldershot Garrison. The chill came as a result of the King's prolonged stay outdoors last night, upon the occasion of the torchlight tattoo at Aldershot. The chill is a slight one, accompanied by symptoms of lamboago.

Seventy Seven Convicts in the Penitentiary.

North Carolina Naval Militia May Get a New Vessel. Surveying for New Railroad Lines.

Southern Ry Acquires a Branch Road.

RALEIGH, June 16.—The officials here are notified by the Navy Department that the auxiliary Cruiser Hornet will be sent to Norfolk for complete repairs. After these are finished it is understood that if desired, the North Carolina naval militia can again have the vessel. But it is understood she will not be asked for, as the State desires a vessel of lighter draught, able to navigate the sounds and many of the streams. The Hornet has been of no use save to the Wilmington division of the naval militia.

There are now only 77 convicts in the penitentiary here. All the negro female convicts are now at the Caledonia farm, save a number sufficient to operate the laundry.

Gov. Aycock pardons Garrett Plinix of Buncombe county, who five years ago was sent to the penitentiary for larceny, to serve three years. Two years later he escaped, went to Tennessee, and there married. An enemy betrayed his whereabouts, and he was rearrested. There were earnest pleas for pardon by the judge and others.

The State charters the Rankin Coffin and Casket Company of High Point, capital \$50,000. A. M. Rankin being the chief stockholder.

Very fine rains have fallen here, and the drought is relieved. Cotton is the only flourishing crop. Early corn is hurt.

Arrangements are made for the improvements of the Academy of Music, to cost \$4,300, these including the raising and draping of the stage, a new roof and a new entrance, together with fire escapes. There is no provision for any increase in the seating capacity.

The loss by the burning of the plant and lumber at Cary of the Cary lumber company is found to be only \$25,000, and the insurance \$11,775. The lumber loss is \$10,000, that on the plant \$15,000.

Curator Brimley of the State Museum has returned from the Charleston exposition, with all the State exhibit. The latter will under an entire re-arrangement, be replaced in the State Museum.

For a month past A. J. Latta, who was for many years an assistant engineer on the Atlantic Coast Line, has been making a reconnaissance for a railway from Rutherfordton through the Hickory Nut Gap to Asheville and also to Columbus, Polk county. Next Thursday the running of the preliminary lines will begin. The locating party will be under Mr. Latta. This is a very important road. It is said ample capital is behind it.

It is understood that July 1st, the Southern railway will take over the South Carolina and Georgia Extension railway. The latter now has 450 convicts working in Mitchell county, towards the Tennessee line. This road has been known as the "Ohio River and Charleston and as the "Three C's."

HOW IT IS DONE.

The first object in life with the American people is to "get rich"; the second, how to retain good health. The first can be obtained by energy, honesty and saving, the second, (good health) by using Green's August Flower. Should you be a despondent sufferer from any of the effects of Dyspepsia, Liver Complaint, Appendicitis, Indigestion, etc., such as Sick Headache, Palpitation of the Heart, Sour Stomach, Habitual Constiveness, Dizziness of the Head, Nervous Prostration, Low Spirits, etc., you need not suffer another day. Two doses of the well-known August Flower will relieve you at once. Go to F. S. Duffy and get a sample bottle free. Regular size, 75c. Get Green's Special Almanac.

A Card.

To the Editor:—I take this means of informing my friends in Pamlico county that I am not opposed to the issue of bonds in Pamlico for the building of the proposed railroad from New Bern to Pamlico, the county that is most dear to me. The report that has been circulated that I was opposed to this great enterprise is not based upon truth. I was opposed to the calling of the election for bonds to be held so early, but that does not signify that I do not heartily endorse the issue to the fullest extent, notwithstanding the greatest portion of my property is in Pamlico and would be subject to taxation should there be a special tax. But viewing the whole affair from a strictly business point, I do not hesitate to state there will be no special tax.

I am now a citizen of New Bern, but the burden of my heart is for the up-building of the kind-hearted people of my native county.

I would say to my fellow citizens of Pamlico, the land for which God has done so much, that on the 28th of June you will have in your hands the key that will unlock and forever throw wide the flood gates of prosperity for you, and for your noble sons and your fair and lovely daughters. May heaven teach you to make no mistake.

Respectfully yours,
L. G. DANIEL.

PAMLICO COUNTY.

What A. B. Packer Saw in a Recent Trip. Railroad and Crops.

We are always glad to rejoice with those who have cause to rejoice, and we have been permitted to rejoice to our hearts' content for the past few days.

A trip through Pamlico county last week was very interesting and pleasant to us, if we say nothing of the very warm weather. The crops are the finest we ever saw, and the farmers are in the finest of spirits. Corn is far advanced, some tasseling, while cotton is looking well also, young cotton is small, but has a good color and promises a good crop. The dry weather hurt the oat crop to some extent. A good many fields of sweet potatoes, were noticed, that showed up fine.

Irish potatoes, well, the whole country is covered with them, we never saw the like before, whole fields were white with them, where the diggers had turned them up from the rich, loamy soil, fifty to seventy barrels to the acre, being no uncommon yield. Several farmers told us they had dug fifty barrels of prime potatoes from the acre, average, besides fifteen or twenty more barrels of very good quality, thousands of barrels being grown on a single farm.

Potatoes for potatoes have been good all along, and everybody seems to have made money on the crop.

The people of Pamlico are to be congratulated, indeed, on their great success so far this year, and it is to be hoped that the later crops will harvest as great as they now promise, but they deserved to succeed, for last year the failure of their crops was not only discouraging, but hundreds of them lost their hogs and horses, which was almost heart-breaking.

Politics is not cutting very much figure in the county yet. Very few candidates were heard of. The leaders of the factions seemed to be the only ones interested much. They are quietly laying their plans and the fun will take place later on.

The most popular subject of conversation down there now is the railroad project. Some opposition has developed to the scheme, but the promoters of the road are quietly and steadily pushing their plans with a determination that is admirable. A canvass for the interest of the road will begin this week, and will continue until June 28th, when an election will be held to vote bonds for the building of it. This railroad will be a great thing for Pamlico county, in fact it is hard to see how the people can do without it. With the very rich lands and the enormous crops raised on them, there is a demand for quick and efficient transportation that cannot wisely be ignored. The people should well consider this railroad matter, for it is known that railroads are more than apt to be paying investments and if the people build and control this road, then all the benefits derived, will be theirs.

Pamlico is a great county and has a great future ahead of it. The people are all good, honest, kindly folks, and it is delightful to come in contact with them either in a business way, or socially.

PITH AND POINT.

The better the food before him, the bigger bite a man takes.

The prejudices of people may be wrong, but they are worth considering. A stately stride and a short skirt were never intended for the same woman.

GUM BRANCH.

Fatal Accident to a Colored Man.

June 16.—Showery today and very badly needed.

Ye scribble took a trip through the upper part of Onslow and Jones counties and found crops looking very fine indeed with the exception of tobacco which is small and very uneven.

We learned while in Jones county that Mr. Jas. Small, fell from the top of a tobacco barn on which he was at work for Mr. Frank Brown, and got hurt very badly, but Dr. Denny says that he will recover.

Mrs. Katie Pro was laid to rest last Sunday. She leaves a host of friends to mourn their loss.

Last Thursday a negro named Joe Spencer while working on a mill for Messrs. Frank met with death very strangely. The horse he was driving while going down hill became frightened at the cart running up on him, and dashed down the hill throwing him out and instantly killing him.

John Adams over in Jones county is a tenant on Mr. Isaac Brown's land has cotton knee high, and also is done plowing corn.

Frankie Koonce is also done laying for corn.
