## RALEIGH.

### Opinion Handed Down on Rockingham Bankruptcy Case.

Corporation Commission Gives Out Railway Assessments Peculiar Situation in State League. 251 inmates in Hospital Orphanage.

RALEIGH, July 12.—The corporation commission today gave out the assessment of railway properties, this being as follows: Southern \$15,885,677; Atlantic Coast Line \$12,978,449; Seaboard Air-Line \$5,712,732; Miscellaneous roads \$4,195,526. The total is \$43,702,384, which is \$160,715 more than it was last year. This does not include steamboat lines, canals, street railways, etc.

A charter was granted today to the Blue Ridge Lumber Company of Woodlawn, McDowell county, capital \$100,000, John R. Cockran and others owners.

Judge Parnell today filed an opinion in a bankruptcy case from Rockingham, in which he said some very plain things about lawyers who try to get exorbitant fees out of bankruptcy cases. A lawyer in this case wanted a \$500 fee on \$650 assets. The judge says an attorney in a bankruptcy case must make a statement which will show plainly what he has received from his client. Another matter on which the judge dwells in the opinion is that persons cannot claim personal property exemption in cases in which they have sent property out of the State or attempted other frauds.

There is a new and rather sensational feature about the base ball situation. Charlotte voted itself out of the State League, but president Busbee of the League said today: "The league will hold onto the Charlotte players. Charlotte is trying to sell them all around, but they must be kept here and allotted to the clubs which are in the league. The constitution of the State League is plain on this point."

Mrs. Ellen Von Herrmann, mother of C. F. Von Herrman, weather observer here, is dying.

James Pittman, who cut his cousin's throat at the Soldiers' Home is bound over to the Superior court, on his own recognizance. Pittman Harris, who was cut, was bound over in the same way.

There are now 231 inmates of the Baptist orphanage at Thomasville. There are forty boys in the Dennis Simmons memorial building. Mr. Simmons bequest to the orphanage is \$76,000. Part of this will be used to make the memorial building accommodate 70 boys. The interest on the remainder of the fund will be used to maintain all the boys in the building.

It is asserted by some observant people that the democratic convention next week will nominate Clark for Chief Justice, Connor and Elatt D. Walker for associate justices, Joyner for State Superintendent and Blindingfield for corporation commissioner.

### Atlantic Coast Line Earnings.

The Atlantic Coast Line Railroad reports for May as follows: Gross earnings \$846,763; operating expenses and taxes, \$508,088; net earnings, \$338,675. The gross earnings show an increase of \$131,763, and the net earnings an increase of \$124,113. The gross earnings for eleven months were \$7,833,030; operating expenses and taxes, \$4,608,065; net earnings, \$3,224,965. Gross earnings increased \$469,856; net earnings, \$383,186.

## OLYMPIA.

### Warm Weather and Fine Rains. Damaging Fires.

July 14.—We are having very warm weather now, which will occasionally a shower of rain make crops grow.

The corn crop in our section this year is the finest for some time. Cotton crop medium.

The people at Olympia have been endangered and damaged by the woods fire last week, there are several who are sick from the intense heat of the fire. We believe Mr. M. O. Holton has been the worst off of any, he became over heated in the woods from inhaling fire and has been in bed for the past week, but we are glad to know he is much better at present date.

The Baptist brethren held their usual meeting at Olympia Sunday, there were quite a number of people attended from Truitt's.

Mrs. and Mrs. Hugh Wynne attended church in Reelboro Sunday.

Mr. W. E. Nixon, of Core Point, visited Olympia last week.

Mr. Willie Warren of Edwards, attended Children's Day Exercises last Sunday.

The Exercises were a grand success and very nice in every part. Contributions were liberal.

Next thing in view is a picnic.

## TELEGRAPHIC BREVITIES.

Three children were bitten at Asheville by a mad dog. The dog was killed and the children have been sent to New York for treatment.

Archbishop Patrick A. Feehan of Chicago, is dead. He was born in Ireland, 1826, came to this country in 1853, and for 46 years has been a leader in the Catholic priesthood of the West.

Lord Kitchener the British war god, has arrived in London and was given a reception, that would have turned the old time Roman conqueror blue with envy.

Mr. J. A. Durham, a business man of Charlotte, will build a dormitory for the Thompville orphanage that will accommodate forty boys. He will make the gift in memory of his mother.

Mrs. Annie Alexander Hector, novelist, who wrote under the name of "Mrs. Alexander," is dead. She died in London, July 10th, at 72 years of age.

The carelessness of a colored boy with a can of gasoline resulted in the burning of a large drug store and two saloons in Charlotte, Saturday. The boy escaped harm.

A. C. Lattimer, a Congressman and ex-Gov. Evans, rival candidates for the United States Senate, from South Carolina, caused each other and tried to "scrap" at a political meeting at St. George, S. C., Saturday. Practicing up for future Senatorial distinction, as it were.

Haiti is still in a state of unrest, politically. The commissions of the high officer have been revoked, and President General Simon Sam has been banished. If the remaining Samboes there could banish themselves, permanently, how restful it would be to civilization.

At last reports 113 bodies had been recovered from the wrecked mine at Johnstown, Pa. No positive estimate can be made of the number of lives lost in the horrible catastrophe. The burned and blackened condition of the bodies, prevented many from being identified.

And now Uncle Sam and little Japan is bristling up at each other over the possession of a little island in the Pacific, Uncle Sam claims the island by right of discovery in 1898, while the Japs discovered its valuable guano deposits, and with the thrift that has gained for them the title of the "Yankees of the East," proceeded to realize at once on their find.

After a hard fight requiring 1208 ballots Mr. R. N. Page was nominated for representative from the 7th Congressional district by the democrats at Monroe, N. C. Friday.

Hon. Chas. E. Price is elected president of the State Bar Association which met at Asheville.

Prof. N. C. Newbold has been elected superintendent of the public schools in Roxboro, N. C.

The work of rescuing the imprisoned miners at the Johnstown mine is being carried on as rapidly as possible. 45 have been taken out alive and 143 dead bodies recovered there are still a few of the miners missing.

Cows Worse Than Bulls. It is said that the Spanish bullfighter refuses to face a cow, as being so much more dangerous. A bull makes a blind rush at his assailant, and this a little knowledge and experience will soon enable an active man to avoid, but a cow fences with her horns with a skill and quickness unexpected in such an apparently clumsy animal, and a man must be active indeed who can avoid the repeated attacks of an angry cow.

The bull, in a state of nature, fights to obtain the mastery of the herd and not to kill, but the cow only to protect her offspring, and, in her case, there is no quarter given. It would not be to the advantage of the herd that the bulls should kill each other in determining which was the stronger, and therefore they do not use their horns as lethal weapons, but it is, on the other hand, greatly to the advantage of the calves, and hence of the future of the herd, that antagonism that dare to attack them should be slain.

## INDUSTRIAL NORTH CAROLINA.

Carolina Colony Co. has been organized at Concord for colonization purposes. Capital, \$500,000.

Vernon Cotton Oil Co. has been organized at Lattimore. Capital, \$13,000.

A factory for the manufacture of high grade chairs is to be established at Lexington soon.

The southern Glass Works Co. at Lexington has fitted its plant at Lexington with new machinery and will manufacture cabinet hardware and replate silverware.

Charles D. Fuller of Kalamazoo, Mich. has purchased 75,000 acres of land near Murphy and will develop the same. Paper pulp will be one of the specialties of his manufacture.

Farmers Oil Mill Co. at Nashville was established last week with a capital of \$100,000.

A. D. Bealson is arranging to erect a \$50,000 Knitting Mill at Tryon. The main building will be 40 by 100 ft.

The following item was taken from the Manufacturer Record, published at Baltimore: Just before the adjournment of Congress Hon. John H. Small of the first district of North Carolina submitted, under the rules of the house of Representatives, some remarks which ought to have a wide influence for the welfare of his State. The remarks were quite extended and were a splendid description of the resources of North Carolina. With a great deal of palps Congressman Small had gathered and arranged in attractive and comprehensive form an array of facts about the climate, the people, the agriculture, the manufactures, the forest, mineral and timber resources, the fisheries and the educational conditions in the state. Circulated already in the Congressional Record in all parts of the country, the speech is to be scattered broadcast in North Carolina and other States. It is really a condensed guide to the investor and homemaker, and ought to direct greater attention than ever to the opportunities in North Carolina, and to encourage the people of that State and of other States to avail themselves promptly of those opportunities.

We, the undersigned, believing Dr. SETH ARNOLD'S BALSAM to be a reliable Remedy for Bowel Complaints, hereby guarantee a twenty-five cent bottle to give satisfaction or money refunded. T. A. Henry.

## The Mayor's Court.

Saturday night and Sunday disturbers of the peace were not very numerous at the Mayor's court Monday morning and they were let off easy. Nathan and Sallie Conway, white, had a family row Sunday morning and quite a portion of their unhappiness was given in court. As there was no criminal evidence against the man he was dismissed; the woman was made to pay cost for cursing and swearing.

William Henry Reddick, a colored orderly was assessed the costs and dismissed.

The policemen were arraigned before his honor, Mayor Patterson, yesterday and he gave them a good lecture, not unkind at all but told them firmly if they had any grievance to report to the Mayor or Marshal; he said that grumbling to each other would not be tolerated and any sign of dissatisfaction would be cause for reprimand and if the case was very aggravated it would amount to a dismissal for the officer or officers interested.

The Mayor also wishes this statement published:

"For the benefit of the public I wish to state that a policeman may always be found on the beat at the corner of Middle and Pollock streets ready to answer any call from any part of the city where their services may be required. The telephones in the McSorley store is maintained at one half expense of the city and is put there that the police may be summoned handily whenever there is need. An officer is not required to get orders from the city hall or from the Marshal but is empowered forthwith to render what assistance he can in case of trouble.

F. T. PATTERSON, Mayor.

## Vacations.

Upon you rests the responsibility of getting your full allotment of brightness from your vacation. A vacation without Kodak is a vacation wasted. Kodak's there's some but Eastman's cost from \$1. to \$15. every one good, add this to cost of films makes a total of from \$3. to \$17. which will be repaid by the nice pictures brought home as reminders of a pleasant outing. Come in and let us show these Kodaks—any child can take pictures with them. See our windows this week.

BRADSHAW'S PHARMACY, Agent for Eastman's Kodaks.

## ATTEMPTED SUICIDE.

Young Man Cuts His Wrist and Throat.

Increased Pay For United States Jurors. Case of Engineer Davis. Pilgrimage To Roanoke Island. Firemen's Tournament. Political Aspirants.

RALEIGH, July 14.—The jurors in the Federal Court have up to this time been paid \$3 a day, but hereafter will be paid \$2. There will now be an even greater desire to "get on the jury."

Yesterday morning a young man here, who is addicted to strong drink, cut his wrist and throat in a desperate attempt at suicide. For a week or more he had been watched, for fear of suicidal mania, and this morning he went up stairs in his house, his three little children going with him. They all sat down in one room for a moment and then he said as he stepped into another room that he would call them in a moment. In that moment he slashed himself with a knife. Then he called them. They entered and saw the always terrible sight of a madman, a knife and blood. A doctor was very near and was on hand in a minute. Later in the day there was a commission of lunacy and the would-be suicide was placed in the Hospital for the Insane.

It is learned that the Supreme Court of South Carolina has settled the case of Engineer Davis, of the Southern Railway. He was killed in that State in a wreck and \$10,000 damages awarded. There was an appeal and a new suit, and on a second trial the jury gave \$11,000 damages.

July 24 stands as the date when the pilgrimage is to be made to Roanoke Island. There was some sort of an effort to defer it.

Ex-Congressman John W. Atwater will find his candidacy as an independent candidate for Congress in this district what the New Englanders graphically term "rough sledding." He wants a joint canvass with Congressman Pon.

His main ground of opposition to the latter appears to be that he "wasn't in the war" and is not a farmer.

The Democratic congressional convention is called by Chairman James Richard Young to meet here July 15th. It is a foregone conclusion that Pon will be re-nominated.

The firemen here will give the visiting firemen all the fun and excitement they are looking for at the tournament. It is said that the hook and ladder competitors are to be treated to a real fire and a real rescue. In other words a house has been secured which will be set on fire. Inside it will be two boys. They will be on the second floor. The laddermen will rescue them. No possible danger can befall the boys, as they are both red-headed and freckled; so there need be no fear for them in any case.

The news from C. G. Latta, of Raleigh injured in New York, is that his left side is entirely paralyzed. There are kidney complications and the chances of recovery very small and are diminishing.

## Suspected Lyncher Jailed.

SPECIAL TO JOURNAL. SALISBURY, N. C., July 14.—Tom Sparrell was committed to jail today without bond on the charge of being a lyncher. The hearing will be concluded next Friday before Judge Neal.

## OSBORNE IDENTIFIED.

The Norfolk Suspected Wife Murderer Said to be Guilty of Another Murder.

SPECIAL TO JOURNAL. RALEIGH, N. C., July 14.—A special from Norfolk says Sheriff Hesser, of Oklahoma, today identified Chas. F. Osborne as Charles F. Hiatt, the man he wanted. Virginia authorities will turn Osborne over to the Oklahoma sheriff as soon as requisition papers arrive; Osborne's counsel object to this.

## W. B. Lane for Legislature.

Ninth Township, Craven Co. Mr. Editor:—Since the time appointed for our Democratic primaries is drawing near, I desire to suggest W. B. Lane, Esq., as a candidate for the legislature. He is well known to the entire people of our county, is popular, and magnetic, possessed of fine judgment, has had some experience in legislative bodies, and in fact is possessed of the many qualifications essential to a good law maker. Furthermore he has heretofore been the custom of our party to select a representative for the General Assembly from outside of our city and it is certainly not the proper time now to depart from that custom.

Brothers, we call, and earnestly ask every good Democrat in the county to vote for W. B. Lane on the third day of September and elect him and we will always be proud of our selection.

DEMOCRAT.

The Tricking Waters. It is very interesting to note with what steadiness the public work is conducted. It is possible to accomplish any undertaking by keeping eternally at it. This steadiness and determination to accomplish an object has been well illustrated by the preparations to build a fountain at the junction of Craven and Middle streets.

Some weeks ago it was remarked that a few hundred bricks had been gotten to gether at the place mentioned, for the intention of building a drinking fountain. Since then other materials have been slowly accumulating, yesterday a board, the day before a barrel, the day before a hood, and the day before something else needed, all along since the bricks were first delivered. Work had progressed sufficiently yesterday to warrant the bricking of ground for a foundation, and a flowing fountain is expected, against "the robins nest again."
