RALEIGH, July 19.—Director Crosslands of the penitentiary, who has returned from a visit to the State farm near Weldon says the crops are very fine. The rains there are reasonable.

The amount of excess of appropriations made by the last Legislature over the actual receipts under the new revenue law for 1901-2 is \$450,000. It had been estimated as high as \$700,000.

John S. Cunningham of Person county, of the board of Agriculture says the tobacco crop is a good one, and that extra care is being given it. He says the quality of the leaf is high. He looks for good prices, as there is a small stock left over, the demand is increasing all the while, and there will be competition by four of the great buying and manufacturing companies. He says there is a growing scarcity of labor and that improved machinery must be used to take the place of this labor as far as possible.

MAYLAND, Fla., October 10th, 1901. The Hancock Liquid Sulphur Co., Baltimore, Md.

Gentlemen:—I have had Eczema over thirty years, have tried many remedies prescribed by various physicians, but to nothing has the disease yielded so readily as to LIQUID SULPHUR. I think if used properly it is undoubtedly a specific for Eczema. I have prescribed it for others with most satisfactory results. I consider it the best remedy for cutaneous affections I have ever known, and regard it as the greatest medical discovery of the age.

Respectfully yours, W. A. HEARD, M. D. For sale at F. S. Duffy's.

W. B. Lane for Legislature. Ninth Township, Craven Co. Mr. Editor:—Since the time appointed for our Democratic primaries is drawing near, I desire to suggest W. B. Lane, Esq., as a candidate for the Legislature. He is well known to the entire people of our county, is popular, and magnetic, possessed of fine judgment, has had some experience in legislative bodies, and in fact is possessed of the many qualifications essential to a good law maker. Furthermore he has heretofore been the custom of our party to select a representative for the General Assembly from outside of our city and it is certainly not the proper time now to depart from that custom.
