Weekly Crop Bulletin.

For week ending Monday, July 29, 1902.

Despite scattered showers about the 23rd of the week, which were heaviest in the west, drought now prevails over most of the State, especially throughout the Piedmont Plateau and the Coastal region, and crops in many sections are suffering severely for lack of sufficient moisture. The week on that account was unfavorable for the best progress of crops, though otherwise weather conditions were nearly normal. The mean temperature for the week was 76° to 75°, the days were quite warm, but without excessively high temperatures, and the nights were agreeably cool; the amount of sunshine was abundant. The local rains on the 23rd were very beneficial where they occurred, but the only station receiving an amount sufficient to thoroughly soak the soil was Charlotte; even where local showers fell crops are again needing rain badly. There can be no question that crops have deteriorated rapidly in many counties in the central-east portion of the State, while in the central-mountain section the staple crops are still in excellent condition.

SCHOOL MONIES

To be Regulated According to Need of Districts.

Great Pressure on State Treasury. Failure to Keep Agreement. Child Factory Labor. Free Libraries Rural Public Schools.

RALEIGH, July 31.—State treasurer Lacy says the pressure on the treasury, which has so far this year been very great, will be relieved in September. He says that sheriff back taxes have been paid in more closely than heretofore and that only three or four sheriffs now owe such taxes, the balance in each case being small.

The supreme court's decision in the case from Greenville, that school fund must be apportioned per capita, among whites and blacks, is not an opinion but merely a dictum by the chief justice. The constitution does not say that the school fund shall be apportioned per capita. The decision does not affect things at all. The school officials will go ahead and apportion the taxes according to the needs. It will readily be seen that this is the only just way. The negro schools can be of course well maintained at much less cost than those of the whites. The plan of using the funds as needed is not only just but constitutional as well.

Today your correspondent asked State Commissioner Varner if this rumor was true. He replied: "I regret to say that a number of the mills which signed that agreement have not lived up to it." The state of affairs may have an important bearing in the legislature next winter.

There are up to date 363 free libraries for rural public schools, to each of which the State has given \$10, the district \$10, the county \$10. CONGRESSMAN CROWLEY

Uses Pe-ru-na in His Family For Catarrhal and Nervous Affections.

Hon. Joseph B. Crowley, Congressman from Illinois, writes from Robinson, Ill., the following praise for the great catarrhal tonic, Peruna. Congressman Crowley says:

"After giving Peruna a fair trial I can cheerfully recommend your remedy to anyone suffering with coughs, colds and la grippe, and all catarrhal complaints.

"Mrs. Crowley has taken a number of bottles of Peruna on account of nervous troubles. It has proven a strong tonic and lasting cure. I can cheerfully recommend it."—J. B. CROWLEY.

No other remedy invented by man has ever received as much praise from men of high station as Peruna. Over forty members of Congress have tried it and recommended it to suffering humanity. They use it themselves to guard against the effects of the intense strain of public life; to ward off the ill effects of the changeable climate of Washington. They keep it in their homes for family use, and they do not hesitate in public print to declare their appreciation and endorsement of this greatest of modern remedies.

It is exactly as Congressman Crowley says: "Peruna is a swift and sure remedy for coughs, colds and la grippe and all catarrhal complaints. It is an excellent remedy in all nervous troubles. It never fails to prove itself a powerful tonic and a lasting cure." This is what Congressman Crowley says, and this is what thousands of other people are saying all over the United States.

Congressman Romulus Z. Linney from Taylorville, N. C., writes: "My secretary had as bad a case of catarrh as I ever saw, and since he has taken one

bottle of Peruna he seems like a different man."—Romulus Z. Linney.

Congressman A. T. Goodwyn, Robinson Springs, Ala., writes: "I have now used one bottle of Peruna and am a well man today."—A. T. Goodwyn.

U. S. Senator W. N. Rosch from Laramore, N. D., writes: "I have used Peruna as a tonic. It has greatly helped me in strength, vigor and appetite."

Congressman H. W. Ogden from Benton, La., writes: "I can conscientiously recommend your Peruna."—H. W. Ogden.

Congressman H. W. Smith from Murphysboro, Ill., writes: "I have taken one bottle of Peruna for my catarrh and I feel very much benefited."—Geo. W. Smith.

Congressman David Meekins from Napoleon, O., writes: "I have used several bottles of Peruna and feel greatly benefited thereby from my catarrh of the head."—David Meekins.

Senator Mallory, of Pensacola, Fla., writes: "I have used your excellent remedy, Peruna, and have recommended it both as a tonic and a safe catarrh remedy."—Stephen R. Mallory.

Senator M. C. Butler, ex-Governor of South Carolina, writes: "I can recommend Peruna for dyspepsia and stomach trouble."—M. C. Butler.

Senator W. V. Sullivan from Oxford, Miss., writes: "I take pleasure in recommending your great national catarrh cure, Peruna, as the best I have ever tried."—W. V. Sullivan.

Senator J. M. Thurston from Omaha, Neb., writes: "Peruna entirely relieved me of a very irritating cough."—J. M. Thurston.

Congressman H. G. Worthington from Nevada, writes: "I have taken one bottle of Peruna and it has benefited me immensely."—H. G. Worthington.

Congressman Howard from Ft. Payne, Ala., writes: "I have taken Peruna for la grippe, and I take pleasure in recommending Peruna as an excellent remedy."—M. W. Howard.

Congressman Willis Brewer from Haynesville, Ala., writes: "I have used one bottle of Peruna for la grippe, and I take pleasure in recommending it."—Willis Brewer.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.
