### VOICE OF THE PEOPLE.

#### Will Gulon Accept.

ED. JOURNAL.—We desire to know whether Mr. Owen H. Gulon, if nominated for the legislature, will accept. I see from the different precincts that they all favor him, and understand that nearly every Democratic voter in the city is for him also. COUNTRYMAN.

#### A Runaway Accident.

Pollockville, Aug. 8.—A bad runaway occurred here this morning at 11:30 o'clock. Mr. Jack Dixon of Trenton was driving a horse hitched to a buggy on the street at this place when the horse became frightened at some cattle, he dashed up the street, made a short turn throwing Mr. Dixon out of the buggy, he struck a tree in front of Dr. Koonce's office when the buggy was smashed, tore down a picket fence in front of Mr. C. H. Bryan's house, ran through his piazza smashing several pieces of furniture knocking out several piazza posts and came so near falling on Mrs. Bryan as to brush her dress as he fell on the floor of the piazza.

#### BRAIN-FOOD NONSENSE.

Another ridiculous food has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain another for muscles, and still another for bones. A correct diet will not only nourish a particular part of the body, but it will sustain every other part. Yet how ever good your food may be, its nutriment is destroyed by indigestion or dyspepsia. You must prepare for their appearance or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aid digestion, stimulates the liver to health action, purifies the blood, and makes you feel buoyant and vigorous. You can get this reliable remedy at F. S. Duffy—Get Green's Special Almanac.

#### Dear Death For Him.

Unrequited love drove a young man to commit suicide in a St. Petersburg hotel. It transpired that he had asked a little girl in the street to choose one of two pieces of paper which he handed her. On one was written "Life" and on the other "Death." The girl chose "Death."

### The Human Lottery

"Ah, if only I were beautiful how happy life would be."

Many a fortune maid has said this as she looked into the mirror. For beauty women have sacrificed home, love and friends. It is the one possession in the lottery of human life which woman would not refuse.

### BRADFIELD'S Female Regulator

For young girls on the threshold of womanhood, has been invaluable. When they become pale and languid, the eyes dull, aching head, feet and hands cold, appetite gone or abnormal, obstructed periods and painful menses, and their systems generally run down, they need building up, and their blood needs cleansing. Bradfield's Female Regulator for women is particularly valuable and useful owing to its tonic properties to build up the system, and act as a regulator of the menstrual flow. Painful, obstructed and suppressed menstruation permanently relieved, and all diseases peculiar to her gender cured by its use.

Of druggists \$1.00 per bottle. Perfect Health for Women in 60 days and will be mailed on receipt of address. THE BRADFIELD REGULATOR CO. ATLANTA, GA.

### BEAUTIFUL LANTERN DRILL.

#### Grotesque and Pretty Designs Seen at Academy Green.

The academy green presented a lovely and animated scene last night. One might have thought himself in a fairy land or surrounded by little disciples of Momus with their lanterns, some weird, some grotesque and some beautiful. When in a mass the lanterns, made a very pretty scene.

The occasion was a lantern drill, gotten up in the interest of the Methodist Sunday school. The first of these drills in this city occurred last year and the idea became so popular that there was scarcely any trouble to find participants in the entertainment.

At eight o'clock the little folks assembled on the green to display the product of their ingenuity.

There were about 125 children in line and led by police officer Montague they marched from the green around two squares and on their return gave a very pretty drill which was greatly enjoyed.

The judges chosen to pass upon the merits of the lanterns were Messrs S. M. Brinson and Wm. Watson; Misses Leah Jones and Lillie Ives. Their task was not as easy as might be supposed, for there were many pretty and odd designs to decide upon, and required some thought to make a decision.

There were about 800 people on the green to witness the maneuvers of the little folks and they were regaled by ice cream which was not an unwelcome feature of the entertainment.

Following are the names of those who got prizes. 1st prize, Mary Berry, 2nd prize, Pauline Barrington, 3rd prize, Eula Ewell. Special prizes, Sarah Richardson, Mamie Hancock, Katherine Stewart, Lovena Arendell, Robert Hancock, Katherine Pittman, Louise Barrington, Beattie Hyman, Nathan Edwards, Herbert Thornton, Lola Hancock, Charlotte Howard, Ella Gaskins, Julia Parker.

#### Flowers of the Cranberry.

One of the daintiest of wild flowers of June is the blossom of that time honored concomitant of roast turkey, the cranberry. While, however, everybody knows the berry, few are acquainted with the flower, for the past boughs where it blooms in the choice fellowship of the stately pitcher plant and the golden club and of many rare orchids are quite remote from the beaten paths of travel. The cranberry plant is a small, slender, somewhat trailing shrub, with the nearest of evergreen leaves, from amid which a few threadlike stalks lift their nodding flowers. When fully expanded, the pink lobes of each corolla are curled back like a lily's, and from the heart of them the compressed stamens protrude in the shape of a spear point or beak. The imaginative may see in this long beaked little blossom a resemblance to a tiny crane's head, whence some hard pressed etymologist has thought to derive the word cranberry—that is, crane-berry—"Country Life in America."

#### Only Natural Ode.

Early yesterday morning, the office boy discovered that the air in the vicinity of Church alley was heavily laden with the fumes of sulphur, strong enough indeed, as to be very offensive and annoying. In the simplicity and guilelessness of youth he figured it out, that if fumes were being used, there was evidently a cause for it, and satisfying himself that the fumes were coming from somewhere up the alley, and knowing that small pox had been discovered at Havelock, and other points way off, it occurred to him that a case could happen in New Bern.

All these were idle thoughts of an idle fellow. The presence of small pox in Church alley, or the possibility of such a thing was very positively and stonily denied, and now the poor misguided youth must believe that the fumes of brimstone is a natural odor that hovers over the alley. Perhaps it is so.

### County Commissioners.

The sanitary board met at 10:30 o'clock pursuant to a recess made to consider the small pox situation.

Present Commissioners, Jones, Baxter, Wadsworth, Wood, Fulcher and Drs. Duffy and Hughes.

On motion it is ordered that commissioners K. R. Jones and J. J. Baxter be and are appointed a committee to confer with Dr. N. H. Street, the Superintendent of Health in regard to the care and attention of the small pox cases and arrange and consider methods and means of meeting the situation raised by the outbreak of small pox.

Ordered by the County Sanitary Board that it shall be unlawful for any person or persons in Craven county to refuse to be vaccinated when the County Superintendent of Health shall advise that such person or persons be vaccinated. Any person violating this rule shall be fined not exceeding \$50 or imprisoned not exceeding 90 days.

Ordered by the Board that the County furnish such vaccine virus as may be needed to the County Superintendent of Health and in all cases where vaccinations is compulsory or desired, and in compulsory cases no charges to be made by the County Superintendent of Health.

Sanitary Board adjourned.

The Board of Commissioners met in regular session.

Present Commissioners, Jones, Wood, Baxter, Wadsworth and Fulcher.

The bill of W. A. Wilcox for \$83.25 for keeper Street's Ferry and extra work on the Ferry house was allowed.

Board took recess.

Board met at 3 p. m. pursuant to recess.

Present Commissioners, Jones, Wood, Wadsworth, Fulcher and Baxter.

Whereas, at the meeting of the Board in May 1901, the County Commissioners at the request of many magistrates of the county adopted the provisions of chapter 50, laws of 1901, the same being the road law for Craven county, and whereas, now various other magistrates request the repeal of the law, it is ordered by the Board that the former order of the Board adopting the law be and the same is hereby reconsidered and repealed.

Commissioners Baxter, Wood and Fulcher and Wadsworth voting to repeal.

Commissioner Jones voting against repeal.

The bill of G. V. Richardson for furnishing rations to Furney Hawkins for five months, being \$12.50 was allowed.

Ordered that Ed Ballenger be requested to furnish \$1.50 per month in rations to Geo. Bizzell.

The bill of E. K. Bryan, list taker of No. 8 township was allowed, a balance of \$96.00 for work on tax list which was accepted and turned over to the Register of Deeds.

The Board proceeded to draw a jury to serve as a term of Superior Court to be held on the 2nd Monday after the first Monday in September being the 15th day of September.

MAITLAND, Fla., October 10th, 1901.  
The Hancock Liquid Sulphur Co., Baltimore, Md.

Gentlemen—I have had Eczema over thirty years, have tried many remedies prescribed by various physicians, but to nothing has the disease yielded so readily as to LIQUID SULPHUR. I think if used properly it is undoubtedly a specific for Eczema. I have prescribed it for others with most satisfactory results. I consider it the best remedy for cutaneous affections I have ever known, and regard it as the greatest medical discovery of the age.

Respectfully yours,  
W. A. HEARD, M. D.

#### An Important Action.

To the People of North Carolina:  
At the annual convention of the N. C. Branch of the International Order of The King's Daughters and Sons held in Raleigh May 13th-15th, it was unanimously resolved by the delegates (all women) that a Reformatory for white boys be established as the State work of this Branch.

That the need of such an Institution exists, needs only the affirmation of one fact, namely: That at present in our State Penitentiary young offenders are confined with hardened criminals as companions.

Several states having such Reformatories write that the results are entirely satisfactory, and that boys discharged from them make good citizens. So these schools may be regarded as important factors in the education of the young which is the great question of the day.

The information is also given that the expense of a boy for 12 months is \$100, and that a sheriff is allowed that sum for feeding a prisoner. A good and faithful servant by investing this amount in such an Institution, would be commended for his well-doing, as his talents would serve the manifold purpose of training heart, mind and body of one of God's creatures.

The first duty of all circles is the relief of suffering nearest them, so that local charities consume much of their means. But generous philanthropic citizens of North Carolina—fathers, sons, brothers, do not let us be deterred in our undertaking by want of money. We need the moral support of men and women throughout our commonwealth in this matter, and pledges of financial aid from all who can make them. After securing such pledges we will petition the legislature for an appropriation for this much needed Institution.

Some great man, himself an interested worker, has said, "The cause is just, the object is all right, now bring in your fanatics to carry it out."  
"We mothers, wives, sisters, fanatics though we may be deemed, ask you to uphold us to success, by spoken word and material aid."  
The following chosen committee of ways and means, bespeak your interest and help; solicit responsive letters and invite you to the privilege of the loving service "In His Name."

#### The smallpox situation yesterday, was said to be under perfect control. No new cases have been reported and the old ones have been isolated and are doing well.

#### The store near the corner of Pollock and Craven street, formerly occupied by Mr. L. E. Bryan is being fitted up for the brokerage firm of Murphy and company.

#### The city authorities have been fortunate enough to purchase a lot of shells, with which to repair the streets. These repairs would have been made sooner but for the scarcity of shells.

#### A complaint has been made that hogs are being kept in pens, right in the heart of the city, which may account for the offensive and nauseating stench that greet one's nostrils, in the early morning. It is said that the police are fully aware of this violation of a city ordinance.

#### One of the prettiest places in town is the grounds surrounding the church and offices of the Presbyterians, on New Street. The grass which is kept closely cropped, the beautiful shady walks, and the sleek Jersey cows grazing on the lawn, complete a scene quite pastoral, while the stately church and well kept offices give grandeur and dignity to the surroundings.

#### It Needs a Tonic.

There are times when your liver needs a tonic. Don't give purgatives that gripe and weaken. DeWitt's Little Early Risers expel all poison from the system and act as a tonic to the liver. W. Scott, 531 Highland ave., Milton, Ill., says: "I have carried DeWitt's Little Early Risers with me for several years and would not be without them." Small and easy to take purely vegetable. They never gripe or distress. F. S. Duffy.

#### Jones County Primaries.

To the white voters of Jones county:  
At a meeting of the Democratic Executive Committee of Jones county it was ordered that the primaries for the precincts be held at the voting place of each precinct on August 10th, 1902 at 3 o'clock p. m., and that the county convention for nominating county officers and member of legislature be held at Trenton, N. C. on August 25th, 1902.

Let there be a full attendance of the people at these meetings in order that their wishes may be known.  
Every white voter who wishes to aid in continuing good Democratic government in our county and State, and intends to support and work for the success of the Democratic nominee is cordially invited to participate.

## AN OLD SORE

Will sour the sweetest disposition and transform the most even tempered, lovable nature into a cross-grained and irritable individual.  
If impotence or fault-finding are ever excusable it is when the body is tortured by an eating and painful sore. It is truly discouraging to find after months of diligent and faithful use of external remedies that the place remains as defiant, angry and offensive as ever. Every chronic sore, no matter on what part of the body it comes, is an evidence of some previous constitutional or organic trouble, and that the dregs of these diseases remain in the system; or, it may be that some long hidden poison—perhaps Cancer—has come to the surface and begun its destructive work.

The blood must be purified before the sore will fill up with healthy flesh and the skin regains its natural color. It is through the circulation that the acrid, corroding fluids are carried to the sore or ulcer and kept irritated and inflamed. S. S. S. will purify and invigorate the stagnant blood when all sediment or other harmful materials are washed out, fresh rich blood is carried to the diseased parts, new tissues form, and the decaying flesh begins to have a healthy and natural look; the discharge ceases and the sore heals.

Several years ago, my wife had a severe sore leg and was treated by the best physicians but received no benefit. Our druggist advised her to try S. S. S., which she did. Fourteen bottles cured her and she has been well ever since.

### SPOTTED COACH DOGS.

The Breed Has Become Practically Extinct in This Country.

What has become of the old black and white spotted Dalmatian dog, better known as "coach dogs," that were so numerous and popular throughout the United States from 1800 to 1880 inclusive? The breed appears to have become extinct in this country, having like the Newfoundland, which has shared the same fate, gone out of style and are no longer popular. These dogs were white in color and spotted over every part of the body with small black spots the size of a dime.

They were first brought to England from the Austrian province of Dalmatia, and are still popular to a certain extent in that country, from which the first specimens were brought to the United States shortly after the civil war. One of the reasons why this dog disappeared so quickly was no doubt the fact that he had no particular use other than to pull a carriage or coach and attract attention by his striking color and markings. Aside from this the Dalmatian dog was completely worthless. He could neither hunt, serve as a watchdog, catch rats, fight, or do anything else that other dogs are capable of doing, and for this reason, no doubt, he died out.—Washington Post.

#### Reason and Instinct.

A certain north country miner was particularly proud of a clever little dog he possessed. At times he was apt to claim a little too much for his pet, and one morning a neighbor was endeavoring to point out the difference between instinct and reason when an amusing interruption occurred.

A seedy looking tramp, turned the corner, and the dog, without so much as a word from his master, sprang into the road and offered battle.

"There you are," laughed the miner as the dog snarled and snarled round the heels of the tramp "I've don't like the look of the chap. That's instinct." Suddenly the tramp turned and kicked the dog into an adjacent field.

"There you are," ejaculated the miner's friend grimly. "The chap don't like the look of the dog. An' that's reason."—London Tit-Bits.
