praise and promises is all we are offered and it does seem that if our people are so anxious for our votes that we might at least for once in the history of the County be rewarded by a candidate elected from our section.

We ask the Democrats of New Berr and Craven County to aid us in obtaining this recognition and if the failure to nominate Mr. Biddle is a reflection on him the failure to nominate Mr. Ernul is not only a reflection on him but on our entire section as well.

We are working and will work to support the candidates offered by New Bern as none are in this race from the country and we ask in return that our candidate shall receive the support from New Bern and other 'sections of this County, that we are giving to the New Bern Candidates.

How Girls Play Ball.

The Chicago Stars, female base ball team, played the New Bern team at Athletic Park, yesterday afternoon, easily 18 to 4.

As an exhibition how girls can be taught to play base ball, yesterday's game was a surprise to the boys who played against them, and to those who had doubted the ability of a girl to "put 'em over the plate" or "line 'em across

to first base."

Except for the first inning when the Stars scored nine runs, the game was a good one.

There was a large crowd out, many dies being present. There was not an objectionable fea-
