It does not appear that there is the least prospect of forcing Judge Purnell to pay income tax on his salary. There were only about 8 persons present at the Farmers State Association meeting yesterday. It was a flat failure. The farmers will not turn out to attend these voluntary meetings. The only thing to do is to effect an organization by counties, these organizations to send delegates to the State organization, but the latter not to control the county organizations. The reason for this is that it is feared that a complete and powerful State organization might drift into politics just as the Farmers' Alliance. These are the views of a well known agriculturist who has given the matter thought, and he adds not only by means of such county organizations of farmers cause farmers' institutes be made to reach the people and be of real value.

"PE-RU-NA NECESSARY TO THE HOME."

[Says Prof. Talford Smith, of Georgia.]

PROF. TALFOURD SMITH.

Professor Talford Smith, Principal Siloam High School, Siloam, Ga., writes: "With much pleasure I recommend Peruna to all who may be suffering with any trouble of the respiratory organs. I have been using it in my family for the past five or six years and find it to be almost a household necessity. Peruna is truly a grand catarrh remedy and general tonic and will do all that is claimed for it by the manufacturers."

---PROF. TALFOURD SMITH.

Catarrh is inflammation of the mucous membrane. It may be in the mucous membrane lining the eyes or the pelvic organs, throat, stomach, liver, bowels or kidneys.

Catarrh is catarrh wherever located. Peruna cures catarrh wherever located. Peruna is an internal remedy; not a local application.

Catarrh is a systemic disease, not a local disease. If Peruna will cure catarrh in one place it will cure it in any other place, because Peruna is a systemic remedy. It reaches the disease through the circulation in each organ. It eradicates the disease by eradicating it from the system.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

There were excellent tobacco breaks at the Planters warehouse yesterday and the farmers all expressed entire satisfaction at the prices received.
