NEW BERN, CRAVEN COUNTY, N. C., TUESDAY, OCTOBER 28, 1902.—FIRST SECTION.

NUMBER 60

THE STATE FAIR.

Preparations Active For Its Opening This Week.

Atwater Talks Confidently of Congressional Prospects. Great Apple Exhibit Diversified Crops Mean Prosperity For Farmers.

RALPH, Oct. 25.—Little else is talked of here except the State Fair. Decorators are busy making the streets gay, while workmen are building floats and decorating carriages, bicycles, and automobiles, for the floral division of the parade on Wednesday.

There will be ten companies of the State Guard at the fair, these being from Winston, Dusham, Lumber Bridge, Warrington, Henderson, Franklinton, Goldsboro, two, and Raleigh two. These will spend one day here.

It is certain that the general interest in the fair was never greater. Eastern North Carolina was never so prosperous as at present and people want to enjoy themselves.

John W. Atwater, the independent candidate for Congress in this district, when asked this morning how his canvass was progressing replied: "The rural districts are for Atwater. You can say that. Down in Nash county where I had audiences of 125 to 200 Ed. Poir had only 6 and 28, and at the place where there were only 6 he did not speak."

Atwater when asked if the Republicans had endorsed him yet replied no, and added that he did not care whether they did or not.

The military company at Wilson has been mustered into the State Guard and its officers commissioned.

President George T. Winston of the Agricultural and Mechanical College says that, by reason of lack of room he is daily turning down applications for admission. He says most of these applicants are working boys, who want to be mechanics.

Twenty-five barrels of carefully selected apples arrived today at the agricultural department for the apple show at the State Fair. These are all from that wonderful apple region, Yancey and Haywood counties. From Haywood G. L. McFeters sends 30 varieties, W. B. Ray 40, and from Haywood, J. A. May sends 55, John Farrior 4, and J. E. Hall 7.

State Superintendent of Public Instruction Joyner says letters from the County Superintendents show that all of them except one will attend the State convention of superintendents next month.

Nothing more is heard of the scheme to effect a merger of the electric power plant at Millburn, near here, and the electric railway and lighting company of this city. There is some fear that the arrangement will fall that there will be no extension of the system of railway.

Observant gentlemen from eastern North Carolina say that, thanks to the diversification of crops in that section the farmers are in better plight now than in 40 years; that more mortgages have been canceled and more old debts paid than ever before.

Fine Cotton Weather.

Special Journal, New York, Oct. 25th.—The Chronicle says:—Reports by telegraph from the South indicate generally the weather has been very favorable for gathering the cotton crop. Little or no rain in most districts, and the temperature satisfactory. Consequently picking has made rapid progress as a rule.

JACOBS' Raleigh Rye Whiskey is the best. Middle street.

A Punned Youngster.

Harry is the youngest of the family, the only boy among several girls, and sometimes the superior advantages of girls seem to weigh heavily on his youthful mind. The other day he heard him say thoughtfully to himself: "Women always first. I wonder why God didn't make 'em first, but he didn't. He made Adam first."

Life and Death.

Life, after all, is a masquerade, says a writer in the Pittsburg Press. We fear to show our tenderness and our love. We habitually hide our best feelings lest we be judged weak and emotional. Sometimes it needs death to show us ourselves and to teach our friends our deep and unsuspected kindness.

Punition.

Punition warns and interrupts the judgment. He that can reply calmly to an angry man is too hard for him. Plato, speaking of passionate persons, says they are like men who stand on their heads—they see all things the wrong way.

A Bad Scrape.

The Barber—Did you hear about the bad scrape Jagsby got into yesterday? The Victim—No. Did you shove him?

We sometimes despise a man's greediness for taking, because he had the first chance, what we had intended for ourselves.—Washington Times.

The Kind You Have Always Bought

Beware the Signature of

TELEGRAPHIC BREVITIES.

Senator Hanna started his stumping tour in Indiana Thursday.

The volcano of Isalco, in Salvador, is reported in violent eruption.

Secretary Shaw has received so far \$14,988,000 of the \$15,000,000 in bonds he was promised by the New York syndicate.

The Kentucky Confederate Veterans' Home, at Petree Valley, was dedicated Thursday.

President Roosevelt will speak before the New York Chamber of Commerce December 11.

A legislation at Washington, D. C., with R. S. Lopez as Minister, is to be established by Salvador.

Rev. Washington Gladden, of Ohio, was re-elected yesterday as president of the American Missionary Association.

The city of Rome was shaken by an earthquake Thursday.

Frank Munsey, the owner of Munsey's Magazine, has purchased the Boston Journal. He now owns 6 daily metropolitan newspapers and four monthly magazines.

Reports from registration throughout the State indicate a full white vote. Negroes generally have failed to qualify.

Frank Norris, a well known novelist and newspaper man died Saturday at San Francisco from the result of an operation for appendicitis.

Joseph M. Terrell, Democrat, was inaugurated Governor of Georgia yesterday.

Secretary of the Navy Moody starts today for a stumping tour of New England.

Secretary Root will make a political speech in Cooper Union, New York next Thursday.

The Press building of the Louisiana Purchase Exposition at St. Louis, Mo., was dedicated yesterday.

General Lew Wallace yesterday started a 1904 boom for Roosevelt and Mitchell as the Republican ticket.

For a country seat, Robert T. Lincoln of Chicago, Ill., has bought 2500 acres of land at Manchester, Vt.

Former Vice President Stevenson left Bloomington, Ill., Saturday for New York, to speak Tuesday at a Democratic rally.

Water was turned into the new power canal of the consolidated Lake Superior Company, at Sault Ste Marie, Mich., yesterday.

Magistrates Meeting.

As per notice given there was a meeting of the magistrates of Craven county yesterday noon.

Chairman K. R. Jones called the meeting to order and stated the object for which the magistrates were called together, namely, to levy a tax to cover the expenses attendant upon vaccination and the necessary matters connected with the small pox cases.

The chairman told what had been done and what was proposed to be done by the health board, also made a statement of the expenses incurred, and an estimate for future contingencies.

After discussion the motion was made and carried that a special tax levy of 15 cents on property and 45 cents on the poll be made.

Death of Graham Daves.

Rev. T. M. N. George received a telegram yesterday from Asheville, announcing the death of Major Graham Daves, of this city.

No particulars were given, but it is presumed that the remains will be brought here for interment.

Education for Farmers.

Every young farmer in North Carolina has an opportunity to get the foundation training in his work. The winter courses in Agriculture and Dairying at the N. C. A. & M. College are practical courses designed entirely for young men and women who can leave the farm only during the winter time.

The cost of the whole course is but thirty dollars which includes, board, room and books. The lectures and practical work are devoted to stock raising, dairy farming, butter making, milk testing, feeding and breeding farm animals, veterinary medicine, entomology, soil study, stock judging and farm crops.

The value of these courses to a young man or woman who is interested in agriculture cannot be estimated in words. The expense of attending will be paid by increased profits due to better farming, a hundred times. Besides the financial value of the courses there is the educational value of training and education that makes the man the master of his work.

A circular of information will be sent to any one asking for the same. Also any information regarding any of the agricultural courses will be given by addressing the professor of agriculture, Charles W. Burkett, Raleigh, N. C.

CURE FOR SMALL POX

A Simple Remedy Which Will Work Wonderful Cures in Small Pox or Scarlet Fever Cases.

The following is said to be a sure cure for small pox. One man speaking of it says:

It is as unfailing as fate, and conquers in every instance. It is harmless when taken by a well person. It will also cure scarlet fever; here it is as has been used successfully in small pox cases:

Sulphate of zinc, one grain; foxglove, (digitalis), one grain; half teaspoonful of sugar mix with two table spoonful of water. When thoroughly mixed add four ounces of water. Take a spoonful every hour. Either disease will disappear in 12 hours. For a child smaller doses may be given according to age.

If counties would compel physicians to use this remedy there would be no need of pest houses. If you value advice you will use this medicine for this terrible disease.

Market Letter on Cotton.

By private wire, J. E. Latham & Co.

NEW YORK, Oct. 25.—

Temperatures are higher than usual at this season of the year and this has a great deal to do with the absence of speculation. To this absence is to be attributed the failure of prices to advance on an estimate of 10,000 bales at Houston Monday, as compared with 21,000 last year. The movement is small enough to put the market up, but it does not go up. The movement the coming week will compare with 550,000 bales last year and will lose from 50 to 60,000 bales. If the market will not go up on small receipts, we are beginning to be afraid it will go down when receipts increase. At least we would advise caution at the moment, and would buy and sell for turns rather than buy to hold at the level. There is very little trade and this at the present season is likely to cause a sagging market. Today the market was dull in the extreme but the tone ruled steady.

New York, Oct. 27.—All things considered the market was weak. There were rains and frost predicted in some sections. There was an advance in Liverpool and light receipts and yet the price was lower than on Saturday most of the time. A spurt was made by early selling followed by general selling and then traders stood around watching for some one to put the market up, but it seems that no one can accomplish it. We may fall behind 90 or 100,000 bales. On this showing, market should go up. During the next few weeks the movement will compare with a sharp falling off and this leads to fear of a break in prices. Average reports coming from the south show improvement in the crop. Planters are busy picking and as spinners are not active buyers, both factors operate against heavy receipts. Later the movement is likely to show up better. Some of the best traders in the city are out of the market. Cotton is not attractive and unless bought at a sharp decline and sold on the first advance it shows no immediate chance for speculators.

Death of an Aged Lady.

Wilmington Dispatch, 25th.

Mrs. Lavinia L. Duguid, relict of the late Wm. H. Duguid of New Bern, died at her home, 311 MacRae street, this city, today in the 86th year of her age. Mrs. Duguid was a woman of saintly life, beautiful character, a devout Christian and faithful member of the First Baptist Church. She leaves one devoted daughter and a number of friends and relatives to mourn her departure. The funeral will take place from the home Sunday morning at 9:30 o'clock.

Federal Court Convenes.

The regular Fall Term of the United States Circuit and District Court for the Eastern District of North Carolina will convene this morning at 10 o'clock a. m. His Honor, Judge Parnell, presiding.

There are a number of important cases to be heard during the term. The Criminal Docket while not large embraces several cases of interest.

Aside from the usual violations of the Internal Revenue Laws such as "illicit distilling," "retailing liquors without payment of Special Tax" &c, there is also a case of Counterfeiting, one for embezzling of Post Office funds, one for escape of United States prisoner, one for conspiracy and one for perjury.

On the Civil Docket in the Circuit Court there is a very important case to be heard relative to the infringement of a patent on a ventilated truck barrel.

On the Admiralty Docket there are several cases for salvage, seamen's wages and the like.

Court will probably hold until Saturday morning.

The Criminal part of the docket will in all likelihood be concluded by Thursday afternoon.

Judge Parnell and Marshal Dockery arrived last night, United States Attorney, Harry Skinner, has already proceeded there.

BOARD OF EXAMINERS

Of Public Institutions in Session.

Gov. Aycock Pleased With Campaign Andubon Society Chartered. State Fair Begins Well. Case of King vs. Seaboard Air Line. Supreme Court Hearing Arguments For Appeals.

RALPH, Oct. 27.—The State board of examiners of public institutions arrived here today from a visit to convict camps in the west. It visited the camps on the railway which is being built through Mitchell county to connect the Southern railway with the Tennessee mines, via Johnston City. It is said this new line will end at Marion. Work is done and trains in operation from Johnston City to a point about four miles from Baker-ville. There are 350 convicts at work.

These are in two camps. About 25 miles of road have been graded, to a place named Tolcan, where Cane creek empties into Tar river. The condition of the convicts was found to be good. The board also inspected the convict camp on the Wilkesboro-Jefferson turnpike, where 55 are at work. About 5 miles of the turnpike is finished.

The board left today to inspect the negro State Normal school at Franklinton and will go to that at Fayetteville. Then it goes to the convict camp at Douer, and will finish its work by inspecting the penitentiary and the State farms. It will not inspect the agricultural department, as that is a State department on a footing with the Auditor's department or any other.

Governor Aycock spent yesterday here. He is particularly well, though somewhat fatigued by quick travel and many speeches. He was delighted with his tour in the extreme mountain region, campaigning in the 10th district. The weather was wonderfully fine, the scenery beyond any description.

The State today authorized the York furniture Company of Concord to issue \$80,000 preferred stock.

The Andubon Society of North Carolina, which was chartered last Saturday, will be made of great value to the State. Its purpose is to protect the birds. The latter destroy insect pests. The annual loss to farmers from insect pests is one-tenth of the crops. It will be a surprise to read the statement that last summer 46,000 marsh hens and jackdaws were killed in Currituck county alone and shipped north for use by millinery houses; that the gulls and terns along the North Carolina coast are nearly exterminated. These are protected in other states, but not here, and so the feather dealers send their agents here to get them. The theft of the nests of mocking birds, to get birds for caging is making them scarce in several sections. Scores of thousands of birds are being killed annually, each one of which would eat its weight of food daily. The buzzard, a very useful bird, is being killed so that its wing feathers can be used for ladies' hats. The bull bat and the martin kill mosquitoes and other pests and in so doing contribute greatly to the public health, yet 1200 martins were killed at Rocky Mount, merely for the shooting, and the bullbats are killed by thousands.

A great many exhibits for the State Fair arrived yesterday and today. There were several thousand people at the grounds yesterday afternoon, to see the fairs build the mid-way. Today there was a drizzle of rain but the work of arranging exhibits never stopped for an instant. It is a fine Fair, Tomorrow Gov. Aycock opens it. There will be a parade, music by several bands, choral singing by 200 voices, etc.

The Supreme Court devotes this week to appeals from the 10th district.

In the Superior Court today the \$40,000 damage suit of Robert O. King of Raleigh against the Seaboard Air Line was taken up.

PERSONAL PARAGRAPHS.

Judge Thos R. Parnell, arrived here last night.

Mrs. R. F. Bumpas, left for Raleigh, yesterday.

Mr. A. E. Hibbard, has returned from Elizabeth City.

Mr. Tom C. Daniels, returned last night from Seven Springs.

Mr. and Mrs. T. G. Hyman returned Sunday, from a visit in New York.

Captain and Mrs. Slan, have returned after several weeks absence in the north.

Mr. and Mrs. J. S. Basnight and Miss Nina Basnight left for Wilson, N. C., yesterday, to attend the annual sessions of the State Missionary convention of the Christian Church.

BEAUFORT.

Oct. 27.—This is beautiful weather and the fishermen are making good use of it.

Small pox is reported at Stewart's Point.

Messrs H. D. Willis and Lee Brewer and Misses A. J. Simpson and Lula Williams went to Russell's Creek Saturday and report a fine time.

GERMAN GLEANINGS.

Two torpedo boats of the Imperial German navy will always be stationed in future on the Rhine.

Germany's receipts in the government telegraph and postal systems last year exceeded the expenses by nearly \$10,000,000.

Berlin expects its fire brigade to perform a variety of duties. The men were recently called out to have several swarms of bees which had escaped from their owners.

Only thirty conversations a day are carried on the long distance telephone connecting Paris with Berlin. On the Berlin-Frankfurt line there are 471 daily conversations.

A fragment of a calendar, the earliest piece of Gutenberg's printing that can be proved, has been discovered at Wiesbaden. The astronomical calculations show that it was intended for the first four months of the year 1468.

The authorities of the Prussian town of Hellsberg have adopted an original way of treating the question of women's rights. In case of a fire alarm every independent woman is called upon to appear at the station and be ready to assist.

The latest statistics prove that the twin habit is not as popular in Germany as generally supposed. Among the 2,000,000 births in Berlin during the last seventy-five years there were only 23,441 twins, 220 triplets and 3 fourlets.

Always Tired.

Tired Tatters—Here's a piece in dis paper wot's a insult to de profesh.

Wearly Walker—Wot's it say?

Tired Tatters—It sez dat a feller ortn't ter eat nuttin' when he's tired.

Wearly Walker—Well, wot's de matter wid dat item?

Tired Tatters—Wot's de matter wid it? Say, do youse want er feller ter starve ter death?—Exchange.

Cedar Point.

Oct. 27.—With the exception of a very light "scrapping" cotton is all gathered.

The corn crop has proved to be a very fair one.

Peanuts are short, due to exceedingly dry weather.

Mr. Koscle Bell keeps seriously ill. He is very highly esteemed by his neighbors as is attested by the continuous calls of his many friends. We would be very glad to see him better.

Miss Mary Hurst of near Maysville and her uncle "Bob" are here visiting relatives.

Mr. L. B. Ennett who left a few days ago for Richmond to take a course in medicine was compelled to return home on account of important business on the farm. He hopes to get his business arranged shortly so that he may resume his studies.

Sunday was the regular appointment at Bethlehem Church and notwithstanding the weather was perfect the attendance was very small. Possibly small pox scare kept many away. If one goes to New Bern he is a suspect for several days and if he has a fever the case is reported to be genuine small pox. When afraid it easy to see ghosts when there be none.

Fast River Trip.

The Sapho, the launch of Messrs. G. N. Ives & Son, made the run last week, from one mile up South Creek, to this city, in three hours and a quarter.

This is the fastest run on record for that distance on the Neuse, the average being twelve miles an hour.

Cuticura

Resolvent

PILLS

CUTICURA RESOLVENT PILLS

(Chocolate Coated, 60 doses, 25c.) are a new, tasteless, odourless, economical substitute for the celebrated liquid CUTICURA RESOLVENT, as well as for all other blood purifiers and humour cures.

Each pill is equivalent to one teaspoonful of liquid RESOLVENT. Put up in screw-cap pocket vials, containing 60 doses, price, 25c.
