THE OLD RELIABLE

ROYAL BAKING POWDER

WHO IS JUDGE

To Preside at Haywood Trial? No Judge Wants It.

Special to Journal. RALEIGH, March 4.—Last week Judge H. R. Bryan who was scheduled to the term of court at which the trial of Ernest Haywood for the murder of Ludlow Skinner is set, wrote to Judge Shaw, saying, that as uncle of Skinner, he could not preside, and asking Judge Shaw to exchange courts with him.

Today Judge Shaw wrote he could not exchange. It is now understood that Judge Justice will be asked to exchange.

The Attorney General said Judge Justice appears to be the only available Judge, and that if he does not agree to this exchange, it does not seem that the trial can be held in March.

Thousands suffer and hundreds die every year in this country from some form of Bowel Complaint. The best remedy for these diseases in children or adults is Dr. SETH ARNOLD'S BAL-SAM. Warranted to give satisfaction by T. A. Henry.

NOT EXCESSIVE.

Appropriations Expected Only Slightly Larger Than Receipts

Special to Journal.

RALEIGH, March 4.—In an interview this afternoon with the chairman of the joint committee on appropriations, the latter said the result of appropriations being prepared will be decreased in the aggregate appropriations, amounting to \$201,000 as compared with those for the years 1901 and 1902. The aggregate appropriation made based on the revenue for the fiscal year 1903, will be within \$10,000 of the expected receipts.

This estimate allows nothing for expected increase in the revenue through the present revenue and machinery act.

SORE HANDS

Itching, Burning Palms, Painful Finger Ends,

With Brittle, Shapeless, Discolored Nails,

As Well as Roughness and Redness,

ONE NIGHT TREATMENT

Soak the hands on retiring in a strong, hot, creamy lather of Cuticura Soap. Dry and anoint freely with Cuticura Ointment, the great skin cure and preservative of emollients. Wear, during the night, old, loose kid gloves, or bandage lightly in old, soft cotton or linen. For red, rough and chapped hands, dry, fissured, itching, feverish palms, with brittle, shapeless nails and painful finger ends, this treatment is simply wonderful, frequently curing in a single application. In no other way have Cuticura Soap and Ointment demonstrated their astonishing curative properties more effectually than in the treatment of the hands, especially when tormented with itching, burning and scaly eczema. Complete local and constitutional treatment for every humor of the skin, scalp and blood, with loss of hair, may now be had for one dollar. Bathe freely with hot water and Cuticura Soap, to cleanse the surface of crusts and scales, and soften the thickened cuticle. Dry, without hard rubbing, and apply Cuticura Ointment freely, to allay itching, irritation and inflammation, and soothe and heal, and, lastly, take the Cuticura Resolvent Pills, to cool and cleanse the blood. This treatment affords instant relief, permits rest and sleep in the severest forms of eczema and other itching, burning and scaly humors, and points to a speedy, permanent and economical cure of torturing, disfiguring humors from infancy to age, when all other remedies and the best physicians fail.

WEDNESDAY'S LEGISLATION.

Increased Dispensary State Tax. New Bills Introduced. Bills Passed.

Special to Journal.

RALEIGH, March 4.—The bills passed were, for roads in Greene; to incorporate Core Point, Beaufort county; to establish a graded school at Roper; to provide for hall and storm insurance companies being incorporated.

In the House bills were introduced, to incorporate Union Loan and Trust Co., of Greenville, and to exempt legacies left to charitable institutions from the inheritance tax.

Bills were passed to secure supervision of all insurance companies doing business in the State; to better protect people where corporations act as trustees or guardians; to regulate milling in transient state.

There was a sharp fight over the bill requiring the stamping of the proper weight on packages of fish, flour, meal and other food stuffs. Amendments were offered exempting about one half the counties. The bill was finally recommended to the sub-committee to draft and report a proper bill.

Bills were introduced in the Senate to provide a stenographer for each judicial district; to repeal the poll tax feature of the constitution; to amend the insurance law relative to insurance through brokers.

The Senate went into committee of whole on the revenue bill. Section 65 was so amended that dispensaries shall pay the State an annual tax of 5 per cent of gross receipts, instead of 2 per cent.

Big Elizabeth City Charters.

Special to Journal.

RALEIGH, March 4.—Four charters were today granted to the same men, David B. Banks and M. W. Offut of Baltimore, and C. M. Ferebee, of Elizabeth City, these being to the Elizabeth City Light and Power Co., capital \$100,000; the Elizabeth City Gas Co., capital \$75,000; the Elizabeth City Sewerage Co., capital \$100,000 and the Elizabeth City Water and Power Co., capital \$100,000.

Craven Magistrates.

Special to Journal.

RALEIGH, March 4.—This evening the joint legislature committee on Magistrates concluded its work of selecting.

The following are those for Craven, 3rd township, Luby Harper, 8th A. T. Wetherington, Henry L. Hale.

No Cruelty to Convicts.

Special to Journal.

RALEIGH, March 4.—The report of the legislative joint committee to investigate charges of cruelty to convicts near Marion, finds that the charges are not sustained, and entirely exonerates superintendent Mann and supervisor Lashley.

IS OVER BURDENED.

Agricultural Department Has Many Initiations to Provide For.

RALEIGH, March 4.—This legislature is taking pains to force or try to force the agricultural department, which already has many burdens to build all sorts of institutions, for example to build a \$80,000 agricultural building at the A. & M. College here, and then to pay \$10,000 a year for the maintenance of that college.

It was remarked today that it was a wonder the legislature, which has been considering a resolution looking to the extension of the capitol, did not pass a bill directing the agricultural department to pay "out of any surplus revenues" the expenses of erecting such addition to the building.

The agricultural department has been maintaining 100 students at an expense of some \$2,000 and has expended as much to pay for work done by agricultural students.

THE HAYWOOD CASE.

Number of Witnesses is Large. No Habeas Corpus.

RALEIGH, March 4.—The search for witnesses in the great murder case here continues with unabated zeal. It is said that there will be in all some 75 or 80 witnesses. There is no falling off of interest in this notable crime.

There was a story a day or so ago about habeas corpus proceedings being about to be instituted, but attorneys said there was nothing in this statement, that they had not authorized it, and that no conclusion had been arrived at.

Monuments for Guilford.

Special to Journal.

RALEIGH, March 4.—Governor Aycock this evening decided to recommend to the Secretary of War that the National monuments to the Revolutionary General Nathaniel and Davidson, be located on the battle grounds of Guilford County.

PENITENTIARY FOR HOSPITAL

Building Can Be Changed Easily and Cheaply.

Raleigh, March 4.—Early this morning representatives Graham and Rick of the house committee to consider the question of utilizing the immense penitentiary building here as a part of the hospital for the insane visited the penitentiary and looked carefully at the building from that viewpoint.

Your correspondent interviewed them upon their return and they said they found that the building could be easily and economically arranged for occupancy by the male insane, so as to accommodate 800; that this could be done at an expense of \$25,000, to \$30,000 by fitting up the west and what is known as the administration building.

The east wing is fitted with cells, but these can be removed and that wing fixed so as to make it usable; and by these means at least 500 to 600 insane can be accommodated. Representatives Graham and Rick added that the work of alteration can be very largely done by convicts, and thus a considerable saving be effect.

MANY BILLS.

Keep Legislature Going. Bond Issue and Loan.

Special to Journal.

RALEIGH, March 5.—In the Senate today, bills were passed to incorporate the North Carolina and Tennessee railways; to raise revenue; to incorporate Roanoke Island Celebration Co. (with all appropriations stricken out); to enable the agricultural department to build and equip an agricultural building at the A. & M. College here. Amended that nothing in the bill shall give the board of agriculture power to pledge the credit of the State. A bill was passed to protect and promote the oyster industry of North Carolina.

Bills were introduced in the House to allow the commissioners of Craven county pay for extra services. The bill passed its final reading; to incorporate the Bank of Aurora, Beaufort county; to work Pitt county's roads; to amend Kinston's charter; to incorporate Southport and Northwestern railway, and North Carolina and Ohio railway; to authorize an issue of \$300,000 of ten year State bonds to pay off the deficiency, and to borrow \$100,000 to pay the school fund debt; to regulate sale of salt fish, meal, flour and food stuffs, by requiring packages to be stamped with weights; to amend laws regulating State Guard and changing its name to National Guard of North Carolina; to consolidate the seven colored normal schools now maintained by the State into three, and empower State board of education to say where they shall be located.

New School Law Fair.

RALEIGH, March 4.—Some persons have complained that the new school law which passed last night would work an injustice to city schools, and would be partial towards the country schools.

The Superintendent of this county says this is not true, and that the bill does not benefit the rural schools so much as the present law, does. State Superintendent Joyner said that this was true; and that the city schools had wanted to be given their per capita from the county fund and also utilize all their own funds, and yet bear no part of the expenses of the county system including salary of superintendent, etc.

ASKINS.

March 4.—Rev Mr. Petree will fill his regular appointment at this place next third Sunday morning, and will preach at Broad Creek in the evening.

The farmers are all quite busy around here preparing for the summer work. Many of the farmers have decided not to plant tobacco this year.

Jacob Wiggins an old and respected negro died at his home at Pettifers last week of small pox.

We have had several cases of measles in our neighborhood, but are glad to say all are getting along nicely.

We are sorry to say Miss Maggie Tucker's school closed last Friday. Had quite an interesting game of ball in the afternoon, and a very enjoyable party at night.

Mr. Eugene Tucker of New Bern Miss Maggie's brother came over with his magic lantern and entertained the company for quite a time with his pictures. Mr. Alpheus Fulcher furnished music with his phonograph, all seemed to enjoy it very much. Just before returning home the company was treated to candy. We were very sorry to have Miss Maggie leave us, she is the best teacher we have ever had, and she has won the love and admiration of the entire community. We earnestly hope to have her with us again next year.

State Charters Granted. National Guard Uniforms. Can Hold But One Office. Surprise at Bills Being Knocked Out.

RALEIGH, March 5.—A charter was granted today to the Atlantic Shingle Co. and Veneer Co. of Fayetteville, A. H. Stocumb and others stockholders, paid up capital \$15,000 with leave to increase to \$100,000. Another charter was granted the Teachses Bell Telephone Co., capital \$5,000 to operate lines in Duplin, Sampson, Pender, Cumberland and Bladen and adjoining counties.

The legislature in an appropriation bill directs that the department of agriculture shall pay out of the tax on fertilizers \$10,000 annually for the maintenance of the Agricultural and Mechanical College. The chairman of the board of agriculture said today that the board cannot pay for the current expenses of the college out of the fertilizer tax. There are restrictions imposed by the Federal Court upon the use of that tax fund, of which of course, most of the legislators know nothing whatever.

Khaki uniforms are now being very rapidly shipped from the State arsenal to the various infantry companies of the National Guard of this State.

Today J. B. Coffield resigned as a member of the State board of agriculture. He does this under a recent decision by the attorney general that no one can hold two offices. For more than 12 years he has been chairman of the board of commissioners of Martin county. He has served as long or longer on the board of agriculture, and has always been zealous and efficient.

Cotton went to 10 cents here, and yet a number of the farmers would not sell. Some of them were heard to say that they were holding their crop for 15 cents. It is learned that for the first time a number of farmers here, as at other places, where there are bucket shops are gambling in futures. They will lose their money just as the town folks are doing.

The unfavorable report upon the bill to allow the removal of the court house of Robeson county was quite a surprise to the petitioners for the change. The crowd of people to hear the argument was one of the largest assembled here this session. Another surprise was the knockout last night of the bill to extend Asheville's corporate limits.

Capt. F. E. Phelps, U. S. A., retired, is re-appointed for another year as inspector of military tactics at the Agricultural and Mechanical College here. He has been perhaps the best inspector the college has had.

Harlowe and North Harlowe.

Dr. and Mrs. Dr. C. N. Mason, went to Beaufort Sunday afternoon to visit his father J. H. Mason Esq., they returned home Monday.

Capt. A. J. Foster of Swansboro was a caller at our sanctum last week while on the mud flats of Clubfoot Creek.

It is very necessary that the approaches to the canal should be dredged out.

Quite a number of our young people attended the Floral party at Oak Grove Monday night and reported a pleasant evening. It was a success and a nice little sum for the benefit of the building was cleared.

Messrs. Herbert Barber of Swansboro and Mr. Ernest Windley of Trenton while paying a visit to their brother Mr. Donna Barber at North Harlowe have added much to the pleasure of some of their friends whom they have visited by their musical entertainments with their guitar and Mandolin.

The residence of A. L. Becton Esq., now occupied by M. C. D. Taylor is being very much improved by the new fence which surrounds it and other improvements to the place.

Miss Birdie M. Adams of North Harlowe is boarding at Mr. W. F. Becton's and is attending the Harlowe Academy school which numbers now 35 pupils and is constantly increasing.

J. S. Morton and Joshua Adams Esqrs., were in New Bern last Monday attending to educational and other matters.

Mrs. Elizabeth R. Martin who has taught at North Harlowe for the past four months closed her term last Friday and left at once by the way of Havelock for her home in Wayne county.

Messrs. W. E. Moore and G. L. Coner, were in New Bern on business last Friday.

Messrs. W. E. Moore and W. Hasket of Newport were both here this week with double seated transfers of drummer's among whom were Mr. Thomas Lindsey, of New Bern, it seems to be a big week for them.

Messrs. W. N. Bell, W. F. Taylor, and Alex. Forman our stewards all attended quarterly meeting at Newport last Saturday. There also passed through en route for the same place quite a number of our Oak Grove friends among whom were Messrs. Mammie Becton Lisle Bell and Lena Smith.

FOR TWENTY-ONE YEARS

Catarrh Remedies and Doctors Failed—Pe-ru-na Cured.

MR. A. E. KIDD.

ELGIN, ILL.—In a very recent communication from this place comes the news that Mr. Arthur Ernest Kidd, a well-known architect of that city, has made complete recovery from catarrh of the head from which he had suffered for nearly a quarter of a century. He writes from 15 Hamilton ave.:

"I am 42 years of age, and have had catarrh of the head for over half of my life, as a result of scarlet fever, followed by typhoid fever. I got so bad that I was almost constantly coughing and clearing my throat. The catarrh greatly impaired my eyesight, and the hearing in one ear, and reduced my weight to 110 pounds.

"I tried nearly every catarrh remedy advertised, besides a great many different physicians' treatments, all of which failed.

"I had heard and read of Peruna, and finally decided to try it two months ago. I have now taken seven bottles, and weigh 172 pounds. Never felt happier or merrier. Feel up top."—A. E. KIDD.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

DISTILLERY CONTESTS.

Discussion on Incorporating Whiskey Still. Closing Hours For Saloons.

Special to Journal.

RALEIGH, March 6.—The bill to incorporate the town of Shore which is a whiskey distillery in Yadkin county, came up.

An amendment was offered by Murphy, that no liquor be sold at Shore.

Watts offered an amendment that no liquor be manufactured there, and declared he would use and exhaust all parliamentary tactics to defeat all these bills to incorporate whiskey stills.

Murphy retorted that some other important legislation might be defeated by similar tactics.

Murphy's amendment was adopted. Watts lost. The bill passed second reading by a vote of 51 to 40.

The bill requiring all saloons to close at 8 p. m. and not open until 6 a. m. was considered. Morton said he was sorry such legislation was attempted, and it was another stab at the rights of local self government. King said the bill was another temperance measure like the anti-jug law, which had been voted down. Graham said the bill was a most salutary measure, and would tend to break up much of the evils of social drinking. The bill passed second reading by a vote of 59 to 21.

FOR SALE—One large canoe, suitable for fishermen's use. Apply to Mrs. J. P. Vollva, No. 2 Spring street.

We have just in a fine stock of Mens boys and childrens shoes, neck wear hats, clothing collars, etc. All in the latest style and cheaper than any first class store in the town ever thing guaranteed.
