C. S. Rhoads, Indianapolis, Ind., writes:
"For the past two years I have hardly known what it was to have a sweet, restful night's sleep. Cares and overwork seemed to weigh me down more than lowed to list her taxes, she having been it should or would had I been able to get my proper rest. My doctor was unable to help me and ordered me South for a complete rest and change. As this was simply out of the question, and as I had heard several of the men under me speak of how much Peruna had helped them. I decided to try it and am glad indeed that I did. Six bottles made a new man of me. I eat well, sleep well and get up feeling refreshed and rested.

"My official duties are not half so hard and I certainly have good reasons to heartily endorse Peruna."-C. S. Rhoads.

Peruna never fails to prevent systemic catarrh or nervous prostration if taken in time. Peruna is the most prompt and permanent cure for all cases of nervous prostration caused by systemic catarrh known to the medical profession.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.
