July 14.
Crops seem to be improving very rapidly since the warm weather set in about ten days ago.
Several parties here are housing and curing tobacco this week. Mr. E. B. Elliot cured two barns last week.
Farm labor is scarce and higher around this section of the State than it has ever been before since can be remembered, were it not for the women and children there would surely be a famine. All the boys and men are in the woods.

Messrs. Harry Marks and Arthur Land were visiting the young ladies of this place last Saturday evening.

Mr. Emmett Bender received a painful hurt last Thursday morning while loading a log carriage the lever getting loose striking him a heavy blow on the back of his head which rendered him senseless for a few minutes; he went to New Bern, had his wound dressed and is now out of danger.

Wonder why the ice manufacturers of New Bern are letting Wilmington get their ice trade from here. The dealers here say they can get better ice for ten cents per one-hundred pounds less delivered here at the railroad depot, than that of New Bern only twelve miles against seventy-four to Wilmington.

Mr. and Mrs. T. S. Bender returned home to-day after a visit of several weeks in Pitt, and adjoining counties to friends and relatives.

TUSCARORA.

ARAPAHOE.

Plenty of ice in town now. It is imported however.

Mr. Henry Banks returned from Fort Monroe, Va., yesterday.

The boys have organized a base ball team and will be heard from soon. Look out Alliance and Reelsboro we are after you.

The weather for ten days has been very favorable for crops.

Cotton doing much better, but still showing effects of the cold spring and recent heavy rains.

Catching croakers is the leading pastime now. They bite well.

Plenty of tomatoes and huckleberries in market now. Apples and peaches are very scarce.

Balds Creek bridge is up for repairs. Much inconvenience is caused the traveling public.

The Telephone Co., have at last laid their cable and completed connection with the New Bern exchange.

Mothers, Quakers, Heesters and Leggets all flake 10c. package at J. R. Parker, Jr's.

As Told on the Street.

What might be termed a free fight occurred on the wood yard wharf off lower Middle street yesterday morning, all on account of the over zealous enterprise of the representatives of New Bern's two bottling establishments.

A boat came in from down the river somewhere, and long ere she reached the dock, watchful ones discerned certain boxes on deck that were at once taken for packages that are used for bottled stuff.

The rumor went abroad, two bottling men made their appearance, all was still, a crate was hoisted ashore, then another. Hands were laid on a package, it was a pull, next a tug, a push, a shove, and the performance began. Blows rained fast and heavy. Friends rushed in. The show was on, the show was over. Two minutes, four seconds, was the time. Three black eyes was the result.

The smallest of the fun makers succeeded in getting a crate, along with a black eye, and made off as fast as his indignant pug could shuffle away.

During the progress of the entertainment, a valiant spectator must needs take a hand in or perhaps it was a stick, one mighty blow did he give them he blew away. Later on it was said a spectator was found hanging out over the dock.

Another act of the performance of a different character will be given this morning at the City Hall. At least three of the stars will appear on the boards.

SWANSBORO GLEANINGS.

Mr. Fred Mitchell and wife, of Boston Mass., are visitors here this week, also Mrs. Ed Market, mother of Mrs. Mitchell, Mrs. Market and daughter, were former residents of Onslow county, but have been living in Boston since the marriage of her daughter, to Mr. Mitchell several years back.

Mr. J. R. Parker, Sr., of New Bern, has been a visitor here for a week. Mr. Parker was born in Swansboro, and is the father of your thriving merchant, J. R. Parker, Jr.

Rev. D. T. Johnson, Episcopal minister of Gastonia, Gaston county, is a visitor here for his health, stopping at Mr. G. R. Young's.

Mrs. M. Wardie Montgomery and child ren, of Wilmington, are in town for a while visiting. Mrs. Montgomery was once a resident of our town, and this is her first visit in several years.

Mr. J. F. Freyman, and family, have moved from New Bern to this place to spend the summer we believe. Mr. Freyman, wife and daughter, little Miss Janie, are stopping at Mr. J. W. Woodhull. Masters Frank, Cannon and Manny at Mr. J. M. Jones.

Dr. O. J. Bender, of Pollocksville was in town last week on professional, as well as pleasure business.

Misses Julia Sanderson, of Pollocksville, Bessie Gibson, of Mayville, Laura Koonce and Leah Franck of Richlands, Lulu Maudie and Mabel Fucose of Fowle Blanche Moore of Marine, Viola Weeks of Fallstons, and Miss Ruth Howard of Harlowe, were some of the many visiting young ladies here last, and this week; also many married ladies, among them were, Mrs. Bettie Piner, and E. B. Laughlin, of Wilmington, S. A. Starling of Hubert, and Mary E. Weeks of Stella.

Mr. Will Montfort of Wards Mill was down last week and lost his heart, and never did find it. He came to Swansboro about 14 times in as many days, finally went to Jones Co., and we haven't heard yet whether he found it there or not. The preschers, doctors and widowers carry high hands among the girls, our prescher has three or four strings to his bow, and Will, he is a widower you know, has gone the prescher or two better so it is said.

One of our young bloods had a long face the other day, when asked what was the matter, said Doctor B. had stolen his gal.

The steamer Vancoboro arrived from New Bern yesterday, she will take the place of the Fawn, lately sold by the mill company here.

We are glad to note that Mr. Walter Thompson is our county superintendent we hope he won't get the big head like some of the others before him, and not be ruled by the big bosses.

The same about our new school committee, they are all right, but we like to lose them so said by an outsider from another district, recommending others for the places without authority, we suppose they had a policy but slipped up on it.

We have good rains now and our crops are looking upward, watermelons are sorry so far but the price is high, selling from 15 to 50c each, small, but the small boy don't care for that, if he has the quarter.

The new saw mill will be in operation soon. Oh for a hotel and railroad, visitors can't come here because of nowhere to stay at night.

Beetles That Walk Erect.

Legs of several sorts can walk and run easily on their hind legs. The Australian water lizard, which is three or four feet in length, keeps quite erect when traveling long distances on land. It is found in the neighborhood of river banks, and passes much of its time in shallow water.

The frilled lizard of Queensland also travels on its hind legs on level ground, keeping the frill folded when running. When attacked it expands this fold of skin, which stands out like a ruff at right angles round the neck, giving it a most formidable aspect, so that dogs that attack and kill larger lizards will often retreat before a frilled lizard at bay.

There is also a tree lizard in Australia that moves in a similar way. All these species walk on all fours when merely moving about or going short distances.

Children Do Lie.

Do children lie? Yes; constantly, persistently and universally, says the Kindergarten Magazine. A child does not tell the truth because he could not. He does not know the truth, and his approximation to the truth is very much vaguer than ours. And there are certain qualities of his mind which make it inevitable that he should pervert the truth. In the first place, truth is synonymous with knowledge. He does not know what truth is. In the second place (and it is the same with us), children gradually approximate the truth. They have their ideas of truth. In the third place, the child's imagination drives him often to tell what is not true.

MRS. BLAINE DEAD.

They were married at Pittsburg and later went to Augusta where Mr. Blaine became editor of the Kennebec Journal. She leaves one son, James G. Blaine, two daughters, Mrs. Harriet Beale and Mrs. Walter Damrosch, of New York, who were at her bedside during her last sickness. She was seventy-six years of age.

Used Cancelled Stamps.

Curran Foster is under arrest for violation of Postal Laws. Curran Foster, a colored youth of nineteen years, living in this city, is in the county jail on the charge of having violated Section 1585 of the United States Postal Laws. This particular section is relative to the defacing of postage stamps and providing the punishment therefor.

Foster was arrested Wednesday on a warrant sworn out by F. W. Davis, post office inspector and issued by U. S. Commissioner C. B. Hill.

Foster's case was tried by Commissioner Hill yesterday morning and he was held for trial at the next term of the United States Court under \$100 bond.

Being unable to furnish security he was committed to the county jail.

A DRAMATIC LAWYER.

Effective Climax That Resulted in Settling a Murderer Free.

Lachaud, the great French advocate, was renowned for deliberate but telling dramatic improvisations, as it were, upon the original theme.

At one time, for instance, he was defending a murderer on Dec. 24. All day long he harassed witnesses, recalling them, causing delay after delay before getting his final address to the jury. It was well on in the evening before he commenced. Then suddenly, at the height of his passionate appeals for the prisoner, the slow, solemn bells of the cathedral next door pealed for the midnight mass—the first mass of Christmas morning. Lachaud stopped as if overwhelmed by a sudden warning.

"Do you hear?" he said solemnly after a moment's silence, and his manner conveyed that all his own glib eloquence had been shattered by the divine interruption of Christ himself. "The Redeemer comes to amend our pitiable endeavors. Which of us would dare now, on this great day of mercy and forgiveness, to condemn another human being and, above all, to condemn one whose culpability is more than doubtful?"

The prisoner was acquitted without the least difficulty, though his death sentence ten minutes before had been regarded as certain. The actual sound of the pealing bells had been too much for nerves already strained to snapping point by the fatigue of a long day's sitting.

But nobody guessed, except the few who knew Lachaud intimately, that he had been maneuvering from the time the court opened in the morning to get that one stirring effect. The prisoner was a dead man without it and saved on a certainty if it could be brought off successfully.—Kansas City Independent.

Never Heard a Complaint.

B. W. Hargrave, one of the leading druggists of Wilson, N. C., writes: "Gentlemen—Unsollected, I offer you this testimonial concerning your 'Worthington remedy.' I can and do say that the same was used in my father's family from my birth, and in my own ever since I have been housekeeping, as a panacea for all kinds of bowel troubles, both for adult and infant. As a druggist I have recommended and sold it for twenty years, and have never had a customer complain of its failing to come up to the claim made for it."
