A Nurse Says: "Peruna is a Tonic of Efficiency."

MRS. KATE TAYLOR.

*Mrs. Kate Taylor, a graduated nurse of prominence, gives her experience with Peruna in an open letter. Her position in society and professional standing combine to give special prominence to her utterances.*

CHICAGO, ILL., 427 Monroe St.— "As far as I have observed Peruna is the finest tonic any man or woman can use who is weak from the after effects of any serious illness. "I have seen it used in a number of non-venereal cases, and have seen several other tonics used, but I found that those who used Peruna had the quickest relief. "Peruna seems to restore vitality, increase bodily vigor and renew health and strength in a wonderfully short time."  
—MRS. KATE TAYLOR.

In view of the great multitude of women suffering from some form of female disease and yet unable to find any cure, Dr. Hartman, the renowned specialist on female catarrhal diseases, has announced his willingness to direct the treatment of as many cases as make application to him during the summer months, without charge. ### SUPPLIES FOR SECOND

Regiment to be Sought in New Bern. Three Years on Public Roads For Embezzling.

SPECIAL TO JOURNAL.  
RALEIGH, July 18.—The National Guard officials in this State have been interested in knowing how the war department intends to ration troops on duty in camp.

A telegram from the Secretary of War today directs that army rations be provided, and that these supplies be purchased in open market or otherwise, and that duplicate bills be kept.

Commissioner General Gallert is ordered to go to New Bern at once to purchase supplies for Second regiment for encampment at Morehead City.

Issues will be made in regular army style, and as the allowance is very fair the troops will be well fed.

In the Superior court here today Charles O McDonald was sentenced to three years labor on the public roads for embezzling \$1,200 from the Supreme Lodge Knights of Honor. He appealed.

### GRATFUL PORTUGUESE.

The Portugal Government Expresses Thanks to Americans, Through Legate at Washington.

The following note of thanks for kindnesses rendered the crew and passengers of the wrecked barkentine, Vera Cruz, by the American people, has been handed to the Department of State at Washington, by the representatives of the government of Portugal, and transmitted to the Governor of North Carolina by Secretary Hay. The correspondence will explain itself.

July 15, 1903.

His Excellency, the Governor of North Carolina, Raleigh, North Carolina.

Sir:—I have the honor to enclose copy of a note from the Portuguese Charge d'Affaires ad interim at this capital, expressing the thanks of his government for the kind and humane treatment accorded to the Portuguese subjects on the wrecked barkentine Vera Cruz VII.

I have the honor to be, Sir, Your obedient servant

John Hay.

Enclosure: from Portuguese Charge, July 13, 1903.

Lagaco de Portugal nos Estados Unidos.

Washington, D. C., July 13, 1903.

Sir:—This Legation, in transmitting to Lisbon all the information regarding the wreck of the barkentine "Vera Cruz VII" occurred a few months ago on the territorial waters of North Carolina, could not omit the kind and humane steps taken by the local authorities, for the welfare and comfort of the sick and crew and immigrants transported by her.

Such action having been highly appreciated there. I am directed to express, on behalf of His Most Faithful Majesty's Government, its deep gratification and thankfulness, for the assistance extended to Portuguese subjects by the American Authorities.

Therefore, I have the honor to request Your Excellency to be so good to convey to said authorities, the feelings of the Portuguese Government on the subject.

I have the honor to be, Sir, Your Excellency's most obedient servant,

Ignacio da Costa Duarte.

Hon. John Hay.

### PLAGUE OF HOT WEATHER.

Sunday's Sun Glowed With Intense Ferocity.

Doubtless if our friend Leon, with whom we are all well acquainted, had been in New Bern Sunday, he would have been heard to ask "Why, oh, why did I leave that dear old Nome City, Alaska?" The cooling breeze of that far northern city would have been a salable article at almost any price in this section.

The thermometer registered 94 degrees and the sun beat down with merciless fury. There was very little breeze stirring thus making the condition worse.

In spite of the heat and the excursions to Morehead the attendance at the churches was very good and they seemed to be as cool as any other place in the city.

A good many citizens availed themselves of the opportunity to go to Morehead and got the benefit of the cooling sea breeze which was delightfully fresh on that day even if it did come from the salty sea.

The usual reaction of the superheated atmosphere set in about six o'clock Sunday evening and we had a thunderstorm which cooled off the air and the suffering populace breathed easier. Two storms occurred, the last one taking place about one o'clock Monday morning.

### SUNDAY MORNING FIRE.

Good Work by Firemen Prevents A Destructive Fire.

A trash heap in the rear of M. E. Whitehurst's store was set on fire Sunday morning and the fire was discovered about 3 o'clock.

The fire communicated to E. B. Hackburn's warehouse and a lively blaze was the result.

But for the rain and for the absence of wind it would have been hard for the firemen to control the flames as they had got a big start before being discovered. The work of the firemen was very effective in putting out the fire in the warehouse.

The loss sustained by Mr Hackburn was \$500 to stock and \$100 to buildings; stock insured.

There is a strong belief among those affected by the recent fire that incendiaries are at work in the city. Several places in the State have suffered severely on account of fire which was traced directly to incendiary origin. If New Bern has a firebug there is no telling where or when these affairs will end unless the guilty person is discovered.

We are offering this week a beautiful line of new embroideries and lace at about one half what they are worth.

### Shipping Commissioner Appointed.

Mr C C Clark, Jr., has received notice of the appointment of Shipping Commissioner for this port. The appointment comes from the treasury department at Washington.

The duties of this office, are to keep a register of the names of all sailors and laborers aboardships for the convenience of ship masters. He also has authority to arbitrate differences between masters and sailors in cases affecting wages where it is mutually agreed to settle such differences by arbitration. His decision in such cases is final.

### GALILEE.

July 17.—Two of Galilee's most popular young people, Mr Alexander A. Price and Miss May A. Thomas, were married Thursday evening July 16th at the residence of Mr F P Rowe Esq. who officiated. We wish the happy couple a pleasant and prosperous journey through life.

### Universalists to Organize.

It is learned that an effort will be made to organize a congregation of Universalists somewhere in this immediate section, perhaps at Thurman.

There are very few of that denomination around here, but in some places in the State, they have quite a large congregation. The purpose is to engage a State pastor who will visit the several congregations as often as convenient, and assistants will be provided as are needed.

The Universalists have been heretofore unorganized as a State body, and each congregation must needs procure a pastor as best it could, one visitation of the pastor during the week being as much as could be expected by some.

### AN INGENIOUS BURGLAR.

How He Opened a Safe Without Tools or Explosives.

An extraordinary account is given of how a safe was opened by a robber who had at his disposal no instrument of any kind, but operated merely with his finger nail. The person who accomplished the feat revealed his intention to be the cousin of the hotel proprietor.

As a matter of course the proposed scheme to rob was revealed to the owner of the hotel, and a little before midnight, when it was to be put into execution, a couple of detectives were concealed behind the office counter.

A short time afterward the robber entered the office gently, without either tools or explosives wherewith to open the massive iron receptacle, the combination of which it was evident he did not know. He had, however, resorted to an ingenious plan of his own.

He had pared the nail of his index finger on the right hand until the blood vessels were exposed. Then by placing the sensitive wound on the combination lock he could distinguish the movements of the tumblers as they fell. For more than an hour did he work, and at last there came a sharp click, and he swung back the doors of the safe.

He was in the act of filling his pockets with the valuable papers it contained when a dumper was thrown upon his activity by the sudden grasp of the detectives, under whose escort he was taken to prison.—London Tit-Bits.
