NEW BERN, CRAVEN COUNTY, N. C., FRIDAY, JULY 31, 1903.—SECOND SECTION.

NUMBER 35.

## HUMANE SOCIETY NEEDED.

An Official Agent to Arrest and Assist in Prosecuting Every Person Guilty of Cruelty Necessary.

A few gentlemen were discussing the need of a society for the prevention of cruelty to animals in this city. It is the best means of bringing into prosecution the drivers who have been seen unmercifully beating their horses or mules. Incidents were related where draymen had driven their animals which had very bad sores on the back which were irritated by the saddle of the harness. Often the animals are driven out and beaten into a run when they were so lame that they had to stop every few steps, the lameness was so painful.

This wanton abuse of dumb animals is very common in this city and some means should be taken to stop it. Complaints through the Society's agents will be vigorously prosecuted and when drivers have paid a few stiff fines they may learn the lesson that inhuman treatment of their faithful beasts does not pay.

## "She Fetched Him Home."

An amusing fight occurred near the depot Tuesday evening. A rather portly negro woman made an appearance from somewhere and began to enquire for a person, who it turned out was her other half.

The delinquent husband was found. He was entreated to return to a home that mourned his absence. The home the better half was spurned by the ebullient lord and master. The woman insisted, the man objected.

Argument being of no avail the dusky dame "caught her hand in her man's collar" as she expressed it, and after shaking him, and boxing his jaws, she showed him she could "fetch him home."

## All Have an "Itch" in Them.

"Speaking of Serbian names," said an observant man, "they are not so bad when you once get used to them, nor are they so hard to pronounce. You no doubt have noticed that all Serbian names end with a syllable having some resemblance to the English word 'itch.' Some of the names end in 'ich' or just with 'ich.' Sometimes it is 'ich' or 'itch' or 'tch,' and so on. It makes no difference how the name ends, you will make no mistake if you give the sound of 'itch' to the last syllable. That will be the proper Serbian sound, for Petrovich or Petrovich would be correct, and in both instances the word would be pronounced in the same way, by sounding the 'tch.' Serbian names are all right when one gets used to them, but they are strange and shocking when put into the columns of English newspapers."—New Orleans Times-Democrat.

## TO CURE A COLD IN ONE DAY

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.

## BELLAIR.

July 29.—We are resting and feasting on melons, cantaloupes, peaches, etc., by testing we mean working less.

This protracted dry weather has enabled farmers to kill grass, and catch up Corn and cotton are doing their best though some of each would be benefited by a good shower. Some showers that passed quiet near us recently did not even lay the dust, while only four miles away an inch of rain fell, but we think we'll get it in time to make as good crops as we did last year and if we do, a constant psalm of thanksgiving and praise should rise from the hearts of farmers about here.

We have ripe field peas and will pick some this week, a variety that will make a second crop planted the first of August.

Some farmers who are raising tobacco are as busy as ever curing grading etc., and with them there will be but little rest time, for soon haying and fodder saving will come.

This scribble has just returned from the western end of Craven attending quarter meeting, and while the crops about Bellair are very good, we see straw along the road some fine crops of cotton in the vicinity of Ft. Barwell, corn looks to have suffered some with drought and it is evidently drier there than here.

A few of the farmers met at the Beech Grove cemetery to clean up the grounds and improve the looks and condition of the cemetery. Of course some forgot to turn out that made it heavier on those who did go.

Guy S Lane is at home now for his summer vacation.

There has been a number of sick ones around here, but all seem much better now.

We wonder if the road overseers have all forgotten that early in August they have to report the condition of their roads and how much they have worked, how many hands etc. Now is the time to put the roads in order so the clay will bake and not be soft next winter. We all remember passing through clay in abundance last winter, and farmers and road workers should profit by such experience.

## Harlowe And North Harlowe.

Misses Rosella Mason and Bessie Morton spent a day in Morehead city last week. I suppose they went to view the soldiers.

Mrs B. R. Willford with her son B. R. Willford and smaller children of Kings Mountain and Mrs D. Willie Jenkins and children of Atlanta, Ga are here to spend a month or so with their mother Mrs A. F. Bell and other relatives.

John S. Morton Esq. went to New port last Friday to meet the attorney who is taking evidence in the matter of his father's claim against the government.

Mr Raymond Mason is spending the week at Morehead city.

Mr J. C. Long who is now at work at Wit after a few days at home left Monday morning to resume his duties there.

Mr and Mrs J. S. Morton spent Sunday in Beaufort.

Mr K. F. Dickerson now employed at New Bern with Blades Lumber Company came home Saturday and returned today.

Mrs F. S. Becton and Miss Mamie Becton of Beaufort spent Monday in our burg.

Miss Made Bell left Saturday for Morehead city, suppose to assist the governor in reviewing the soldiers.

## Another Grab.

Washington, D. C., July 27.—Another pension grab is planned for the coming session of Congress, one that will add perhaps \$50,000,000, perhaps only \$10,000,000. The Grand Army at the encampment in San Francisco will be asked to give the scheme its support and force the bill through Congress.

## Charlotte's Game Sports.

The Charlotte News has the following:

The great big slump in stocks has caught several Charlotte business men. In fact, The News man was told this morning by one who knows that a pile of money has been lost by those who have been dealing in these watered articles.

But Charlotte dealers are brave losers. The outside world never knows when things go wrong with a Charlotte sport. He keeps his troubles to himself and does not parade his winnings or losses before the world.

The Charlotte sports may be game losers in stocks, like they are in base ball, that is, let the other fellow hold the bag with their losses, while they put on a bold front.

It is an easy game to be "game" in.

## BLADES.

July 29.—The O G Blades, Capt. Davis is again loading at this wharf.

The McElvane, Capt. Bramon is at Neuse River Mill.

Miss Ruth Howard who has been away several weeks visiting at and near Swapsboro has returned to her home, bringing with her the sunshine which is invariably characteristic of her presence.

It is reported that Mr John Bowen of N. R. Mill is confined to his bed with hemorrhagic fever but we hope the report is incorrect.

A little grand daughter of Mr A. H. Whitehead who has come from Wilmington to visit her grand parents is very sick of diphtheria.

Mrs Grace B. Conner and little son, Master Max Brinson, spent a portion of last week in Pamlico County visiting Mr J. J. Brinson and family.

Mr Ken Dickenson formerly of this place but now of New Bern, has been down here visiting his friends and relatives for the last few days, but returned to New Bern today.

Mrs Jordan and daughter, Miss Penie, spent last week visiting Mrs Jno. Dowdy of this place.

Mr Mitchell of N. R. Mill had the misfortune to lose one his children last week.

Mr Claude Taylor is taking in the excursion to Washington City this week.

Mrs Mary Jackson and Miss Fannin Bell are spending this week in New Bern.

## House Incomplete Without It.

O. P. Shell, of Dunn, N. C., writes: "Worthington's Remedy for all bowel troubles can't be excelled. I sold it in my drug store fifteen years ago, and have used it repeatedly in my family with satisfactory results. The household is incomplete without it."

A full and complete line of fancy cakes and crackers at J. R. Parker Jr's.

## TUSCARORA.

July 29.—The weather is hot and dry, but crops look very well. Cotton in this section is better than it was last year. Corn is about the average.

Mr. Jarvis Daugherty of Dover was the guest of Mr W. H. Wetherington Sunday.

Mrs C. H. Griffin returned to her home at Dover Sunday.

Rev J. A. Ringgold and family were guests of Mr J. H. Wetherington Sunday. He preached Sunday and Sunday night at Gethsemane church.

We are sorry to learn that Mr J. H. Register has typhoid fever in his family. It is reported that he has three children down with it.

## DOVER.

July 29.—Rev F. E. Dixon returned to his work on Straits circuit this morning. His family will remain here until September.

Rev H. M. North of Morehead City lectured here last night to the Summer Normal teachers, and quite a number of our citizens went out to hear him. His address was very interesting and instructive.

A rain that was very much needed fell here Monday evening. This section had been to be very dry and in much need of a good rain.

The Summer Normal will close next Friday. This school for the public school teachers of Craven county has been in session for six weeks. There has been a splendid attendance of our teachers which is very encouraging to those who are interested in the educational development of our county. These teachers will go away from here better prepared, and the results of their attendance will not be confined to this county alone but the whole State will feel the results.

It does seem after these teachers having applied themselves so faithfully in preparing to render better service that their compensation should be enhanced commensurate to the arduous and important duties they are called upon to perform and we have faithfully promised these young ladies in the event of our election to the next general assembly we will see that our school law is so arranged as to provide for better salaries.

Mr William Rhem one of our oldest and best citizens was buried near here on the 24th. He left quite a large family behind to mourn after a faithful husband and father. We extend our condolence to the grief stricken family.

Mr Jim Wooten who has been so seriously sick for several days is improving rapidly. So is Mrs Blandford.

The whooping cough is still raging among the children.

## VOICE OF THE PEOPLE.

### MY POSITION AGAIN.

Lake Butler, Fla., Special.—A negro tramp named Adams, who assaulted a negro woman near this place a day or so ago, was captured by a mob of negroes and lynched in Santa Fe swamp. The body was cut into shreds by the mob, and severely disfigured. The lynching was carried out by the negroes entirely, and there was no white man in the crowd. Danville, Ill., July 25.—A race war has broken out here tonight. A mob of 600 lynched an unknown negro refugee from Evansville, Ind. The mob then went on to the county jail after James Watson, a Bloomington, Ill., negro, whose lynching is regarded as certain to come. Wilson has confessed to assaulting a farmer's wife at Alton Ill. north of here. Three other negroes have been attacked by the mob and badly beaten up.

The unknown negro was lynched for shooting to death Henry Gatterman, white, a member of the mob, while the mob was on its way to lynch the negro Wilson.

To The Editor, Journal.—The Colored Press has heretofore held that the way to stop lynching was to give the aggressor the rapist a fair trial in the courts. I have held the position taken by the colored press to be in error and that the only way to stop lynching was that the aggressor cease from committing the crime calling out the lynching angry mob.

Now since colored people have begun to lynch one another for the same old offense. And since lynching has been and is on the increase, I wonder what position the colored press will take now it is so strange to my mind that so often that fine mind fail to reason from the cause to the effect.

I know you say the mob ought not to take the law in its own hands, true but why not say the aggressor the rapist the first law breaker ought not to have taken the law in his own hands.

Then again why not reason logically from the mandates the divine law and not theoretically. In substance, it plainly reads: Woe unto him from whom cometh offenses.

(Signed) Isaac B. Smith  
New Bern N. C.

## CASTORIA

For Infants and Children.  
The Kind You Have Always Bought

Bears the Signature of J. C. Watson

Stephenson's Birthplace.

Ind. had tied two story house on the road between Newcastlo and Hexham, England, was born George Stephenson, the inventor of the first practical locomotive, on June 9, 1781. He earned his first regular money—a shilling a week—for looking after cows, and he was eighteen before he learned to read. His modeling of engines in clay was his favorite occupation as a boy, and when he grew up toward manhood he had charge of engines in their improvement. At last, in 1814, he produced his first locomotive, which he called a traveling engine. Lord Ravensworth was called a fool for advancing money for the construction of a locomotive. A few years, however, proved that Lord Ravensworth was not so foolish as people supposed, for in 1825 the Stockton and Darlington line was opened for traffic.

## SWANSBORO GLEANINGS.

Mr Oscar Jarman of Jacksonville, was down again last Saturday and Sunday.

Mr Paul Koonce of Trenton, Dr J. W. Sanders of Bogus, Mr G. N. Ennett of New Bern, J. C. Wynne "Tote" Dr W. J. Montfort and Miss Eliza Hyman of Wards Mill, Misses Lizzie Cassaday, and Janie Lewis, and Captain Walter Lewis and brother, of Sneads Ferry, Misses Daisy Marline, and Blanch Moore of Swansboro's arrivals and visitors this and last week. Oh! for a hotel.

Captain Dan H. Ward of Florida, came in last week on a short visit to his father and relatives, he came principally after a sharp "The Lula" he had bought here for the fish trade in Florida and left here last Friday 24th inst. for Punta Gorda Fla. with Floyd Sewell and Albert Mattocks, as his crew, a distance of 1,000 miles or more water route.

Mr S. B. Holland and Mrs Sallie Webb and brother of Cedar Point, were in town last Saturday selling watermelons and buying goods.

Mr L. C. Holland and sister, Eliza of Rock Spring near here, took a trip in Jones County last week on a pleasure visit.

Schooner "Ben Russell" three master, Capt. Thomas, is in port now loading with lumber for New York we believe.

Rev. C. E. Edwards filled his regular appointments here last Saturday and Sunday to large congregations on Sunday morning, he preached to the children especially.

Rev. B. H. Matthews is fast progressing in his academy here, thinks he will be ready to open his school in September on time.

Mr Fred Pittman is boss angler now, he caught 160 fine fish last Saturday in about 14 hours.

Mr Ed Littleton and brother caught 1,400 fine mullet fish last Thursday, the biggest catch of the season so far. Mr D. G. Ward Jr. caught 110 flounders, 28 stone crabs, 4 sheepshead, 6 large red drum fish, besides many other smaller ones, one night last week striking in our waters, Dave uses "monkey liver" for striking purposes, do you know what that is? If not ask him he'll tell you.

Mr Geo T. Duffy, who for eight or nine years, has been at work with the Lumber Company here, severed his connection with the Company last Saturday, and will go to New Bern for the purpose of learning saw filing. He goes recommended highly by his late employers. We know George from a boy, he is a good boy, and we hope he will do well. He is a son of the late Capt. Geo T. Duffy, of the 24th N. C. Regiment, in the late war between the States, and has many relatives in New Bern, whom we hope will help him to succeed in his undertaking.

Mrs Mamie Franck, closed her school here last Friday and will go to her home in Richlands leaving many friends. Her school was well attended and the pupils advanced wonderfully, those who attend regularly, especially Misses Pearl and Ida Ward, Zulu Rogers, Bessie Heady, Sada Furlong, Julia Bloodgood, Jesse Blount, and Masters Guy and Lee Jones Alphonse Moore and others. Miss Mamie is a first class teacher in most every way. We hope the committee will see fit to employ her again, unless per chance she does like Ex-Supt. Cooper said the young ladies usually did when they quit teaching, get married. We trust if she does that, she will get some one that is at least, one half as deserving as she is.

We were all surprised last Sunday evening, when Mr Abram Bell, one of our citizens, came driving in town with what we supposed, was Miss Mollie Rogers of Hubert, but lo and behold it was Mrs Abram Bell with "thanks to you." Abe was cute, so was Mollie, they didn't want any one to see or know what was going to take place. Miss Mollie was down on a visit to friends and relatives, and Abe hurt his finger, claimed excuse for not being able to work, hired a horse and buggy, and said he was going in the country a little way for pleasure. Guess Abe told the truth that time, anyway he took his girl to ride, and went straight to Jacksonville, arriving there about 10 p. m. Friday July 24th inst., saw Register Capps in haste, procured necessary papers, and then went to look for Mayor H. O. Canady, who was sick in bed, it was then past 11 p. m. The police Judge wasn't able to get off the bed, but arose enough to sit on side of bed and tied the old knot that makes so many happy and miserable people, but in this case we believe they will be truly happy. May the Lord bless them be our prayer.

Mr J. A. Baggert and Miss Minnie Wynne of Piney Green, were married last Sunday at the home of the bride by Rev O. L. Edwards and this was a surprise to our people down here. Miss Minnie was once a good pupil in our school, and we liked her much, but guess she didn't like us enough to ask us to her wedding. We don't care, as we can wish her good luck and plenty of it, just long as she lives and she can't help herself, and if nobody won't ask us to her wedding, guess we can have one of our own, and reckon we will go to that may be, see, just so, and so long "til next time."

## HORSES AND HORSEMEN.

Nancy Hanks, 2:04, is to be bred to an outside sire this year.

Anacanda, 2:01½, continues to train to Fred Noble's satisfaction.

Sport on the Buffalo speedway is reported very lively these days.

Tuesdays and Fridays are the "regular" work out days at Charter Oak park, Hartford, Conn.

A green trotter by Homeward, 2:13½, is said to have shown a quarter in 30½ seconds at Fresno, Cal., recently.

Bessie Bonehill, 2:05½, the erratic gray pacing mare of checkered history, is in training at New Milford, Conn.

There is a fast green trotter at Stockton, Cal., called Monochrome, by McKinney, 2:11½, out of the dam of Monterey, 2:04½, and Montana, 2:10½.

Geers has already broken a record this season. His campaigning stable has been made up, and there is not a Village farm horse in it. However, District Hal, 2:04½, soon returns to it.

## CYNICISMS.

Some signs lie—"No trouble to show goods," for instance. Good advice usually says that everything you do is wrong. You can't tell by a man's hand shake how much he thinks of you. The man who says he will give his last dollar to a friend seldom has a cent. Every one who thinks he is unlucky can find something happening every day to prove it. Remark to a woman that her husband is good to her, and her reply is that he has to be.

After an angel reaches thirty-five and wears an old wrapper across the alley to borrow butter from a neighbor she looks pretty tough.—Aitchison Globe.

CASTORIA. The Kind You Have Always Bought Bears the Signature of J. C. Watson

Have you seen the newest four-hand tie, extra long and narrow, new patterns and bright colors, the prettiest line of reversible neckwear in the city for 25c. We are not very far down the street. Come on.

E. W. ARMSTRONG.

## THE HALL OF FAME.

Rear Admiral Melville, U. S. N., goes on the retired list in August.

Dr. Charles H. Beard of Chicago owns an original Turner picture of the Grand canal, Venice.

Captain Alfred Johnson, who was the first man to cross the ocean in a small boat in 1876, is still living at Gloucester, Mass.

Senator Bailey of Texas is at the Thousand Islands. With him are his wife and two young sons, of whom he is most remarkably proud.

Dr. Andrew Angille Common, the well known English astronomer, and a past president of the Royal Astronomical society, has just died at Balling.

Evan Hedin is an accomplished linguist. He speaks Turkish and Mongolian besides his native language and German, French, English and Persian.

Sir Frederick Pollock, the famous English lawyer, will read a paper before the annual meeting of the American Bar association at Hot Springs, Va., Aug. 26.

For the first time in the history of Spain a workman has been elected a member of the cortes. His name is Jaime Angles. He is a cooper by trade, and he represents Barcelona.

H. R. Sheldon of Middlebury, Vt., owns some interesting war relics in the form of pay rolls used at the time several companies of the soldiers of the war of 1812 were mustered out at Burlington.

John Vaughan, who as a lad of fourteen was a bugler at the battle of Waterloo, is still living at Rotherham, Yorks, England, and despite his 102 years is able to eke out his pension by hawking.

Probably the oldest physician in France is Dr. David, who lives at Montpellier, aged 103. He has been severely ill twice in his life. At seventy-three he had typhoid fever and at ninety-three pneumonia.

The late Albert M. Knight, former burser of the Massachusetts Institute of Technology, left his books and manuscripts to the public library at Fitzwilliam, N. H., in memory of Jonas Knight, his grandfather.

Ex-Governor J. Proctor Knott at the age of seventy-three has settled down for the remainder of his life, as he hopes, in a new house built by him in Market street, Lebanon, Ky., his native town. A fine country home which he had just beyond the city limits was burned a little while ago.

## MODES OF THE MOMENT.

Drawn work, lace applique and insertion are certain features of white stocks and collars.

The blouse that buttons in the back and has the collar built on it is the best liked model for a trimmed waist. We do not hear much about silk mitts, but the wearing of them is permissible this summer. They come in eight and twelve button lengths.

Shirts of fine India linen to be worn under the fine white summer gowns are marvels of elaboration and are richly trimmed with lace, ribbon ruffling and tucks.

Oyster white is the latest oddity in names for tints of color. It is that peculiar gray hitherto seen in floor linens, and irregularly woven flaxen products displaying it are now used for shirt waists and costumes.

Linens of all kinds are still the favorites for both morning and simple afternoon summer gowns, but old fashioned French percale, which is one of the most serviceable cotton materials ever made, is being widely employed for tub dresses.

## NEW SKIRT GOODS JUST IN.

All wool Black Navy, Oxford and Green, just the thing for the beach, 58 inches wide, only 50c the yard.
