

Letters from Women

Cured by the use of Kodol are received daily. Their troubles nearly all begin with indigestion or other stomach disorder.

Kodol Cures

This famous remedy puts the stomach and digestive organs in a healthy condition so that rich, red blood is sent coursing through the veins and arteries of every muscle, tissue and fiber throughout every organ of the entire body, and by Nature's law of health, full strength and vigor is soon restored to each.

Kodol cures indigestion, dyspepsia and all stomach disorders.

I have taken Kodol for nearly two months after each meal and it is the only remedy that gave relief from the terrible pains I endured.

All persons having accounts with the Farmers and Merchants bank are requested to hand their books to the receiver, Mr. Thomas Daniels, that they may be balanced.

A report reached this city yesterday that a child was killed by a train at Curawara yesterday, both legs being cut off.

There were hundreds of water melons offered here yesterday, the largest ones seen this season. Large, they were simply huge, immense. Some weighed 45 pounds and sold for 25 cents.

The sales of tobacco Monday and yesterday were very good at the ruling prices. There has been no demonstration here against the American Tobacco Co., and every load brought to this market has been sold.

It is rarely that we have a more beautiful electrical display than we had last night. It was such as frequently follows a hot day but was of a brilliancy and frequency seldom seen.

The Oaks Market is one of the best lighted business houses in town. The light used is an improved gasolene burner, of unusual brilliancy, and can be burned for the small sum of one cent an hour.

For the information of Universalists who live in this section, this announcement is made, that Rev. Dr. B. Clayton, Universalist, will preach at Woodington, Lenoir county, Sunday, August 16.

Neuse to Come off Ways. Norfolk Virginia Pilot, 11th.

The steamer Neuse, of the Norfolk & Southern Railway company's fleet, will be discharged from Smith & McCoy's marine railway in a few days, after having undergone a thorough overhauling and repairing.

Beautiful Thoughts. The sweet, pure breath of the babe is suggestive of innocence and health.

Mother's Friend. Is a popularly used. It is a liniment, easily administered and for external use only.

THE WOMEN'S ASSOCIATION.

For the Betterment of the Public School Houses in Craven County North Carolina

In the wave of progress that is sweeping over our State in educational lines, the Women's Association for the Betterment of the Public School Houses of North Carolina is taking a prominent part.

Plans are being made by these associations for work picnics, entertainments, debates and other gatherings in the interest of the work of the association.

We hope that each association will send in report to the JOURNAL from time to time in order that we may keep in touch with and also aid each other in this work.

MARIE C. BUYS. Rec. Sec. of State Association.

RESOLUTIONS OF RESPECT

To Our Deceased Brother S. T. Hancock, Adopted by Eureka Lodge, No. 7, I. O. O. F.

Whereas, God in His infinite wisdom has called from among our number, Bro. S. T. Hancock; and,

Whereas, By his death Eureka Lodge No. 7, I. O. O. F. has sustained a great loss.

Therefore be it, Resolved: I. That while we bow in humble submission to His will, we will miss him, for he was ever faithful in his attendance upon the meetings of this Lodge.

II. That we re-dedicate the loss to his home, for he was a man of devotion in his family.

III. That we tender to his wife our loving sympathy; and while the future may seem desolate without his daily presence in the home, may God comfort his wife, and may the family circle be renewed in our Father's house.

IV. That a copy of these Resolutions be spread upon the minutes of our Lodge, a copy sent the family, and one to the New Bern Journal for publication.

J. B. DAWSON, W. T. BISHOP, C. M. DOCKHAM, Committee.

ARAPAHOE.

August 10. — Business in Arapahoe is moving on very nicely. The crops are fine considering the set back they had by the heavy rains we had some time ago.

Last Friday the Christian Sunday School at Arapahoe had their annual picnic at the monte of Dawson's Creek.

Rev. S. W. Summerell preached at Arapahoe the first Sunday in this month and Sunday night at the Christian Church he being our regular pastor.

Prof. O. J. Rock is with us again teaching school at Arapahoe. All our boys and girls seem to like him as a teacher.

Mr. Dixon who still continues confined to his bed, we hope he is on the mend now.

CROPS IN PAMLICO.

Farmers Happy And Contented. Well Pleased With The Prospects of Late Crops.

Mr. W. D. Barrington returned this week from a trip through Pamlico Co. and reports that the crops in that section were never so fine as they are this year.

The farmers in that section feel the effect of the suspension of the Farmers and Merchants bank very much. The majority of them were heavy depositors and are waiting with anxiety the report of receiver Daniels. They hope to be assured of the return of a good per cent of their deposit.

Kodol Dyspepsia Cure. Digests what you eat.

MODES OF THE MOMENT.

Electrical Cookery. The advantage of cooking by electricity as summed up by housekeepers who are using it are these: There is no smoke, flame or heat of course no ashes or the dust arising from them.

A new glove which is growing in popularity has a loose wrist and no buttons. It differs from the old time blarney by its short wrist only.

The summer wardrobe is hardly complete without one or two white linen or mohair skirts. These have almost entirely superseded the once popular plique skirt.

White muslin trimmed with narrow black valencienne lace innumerable fillings and readings is a mangle mixture which is very striking and becoming to fair women.

A gorgeous box is in a flat stole shape and is very long. It is made of fine black ostrich feathers, with white marabout almost as airy as swan's down for a lining.

It is often impossible to remove a trunk to the storeroom, and those whose surroundings are always artistic will plan some means of concealing the useful but unsightly affair.

The name of "zodiacal light" has been given to a singular appearance frequently witnessed soon after sunset or just before sunrise.

Violent Attack of Diarrhoea Cured by Chamberlain's Colic, Cholera and Diarrhoea Remedy, and Perhaps a Life Saved.

"A short time ago I was taken with a violent attack of diarrhoea and believe I would have died if I had not gotten relief," says John J. Patton, a leading citizen of Patton, Ala.

Stages of Life. It is a queer coincidence that the matrimonial word "united" also spells "untied." Birth, marriage and death are the three stages of man, or, rather, they need to be.

Cholera Infantum. This disease has lost its terrors since Chamberlain's Colic, Cholera and Diarrhoea Remedy came into general use.

What a True Scholar Is. The scholar in the true sense is the man or woman for whom the schools have done their best.

De Witt Is The Name. When you go to buy Witch Hazel Salve look for the name DE WITT on every box.

Pineapple Lemonade. Pineapple lemonade is refreshing and is prepared with very little trouble.

De Witt Is The Name. When you go to buy Witch Hazel Salve look for the name DE WITT on every box.

Taste For Color. Our hero beat his young wife until she was black and blue.

Asked and Answered. Irate Father—Ah! How is it that I catch you kissing my daughter, sir?

FOR THE HOUSEWIFE

HINTS FOR FARMERS

Sulphur as a Plant Food. Sulphur is one of the six necessary constituents of protoplasm. Without it, therefore, there can be no healthy, active life either of plants or animals.

A new glove which is growing in popularity has a loose wrist and no buttons. It differs from the old time blarney by its short wrist only.

The summer wardrobe is hardly complete without one or two white linen or mohair skirts. These have almost entirely superseded the once popular plique skirt.

White muslin trimmed with narrow black valencienne lace innumerable fillings and readings is a mangle mixture which is very striking and becoming to fair women.

A gorgeous box is in a flat stole shape and is very long. It is made of fine black ostrich feathers, with white marabout almost as airy as swan's down for a lining.

CRUSHES OUT THE LIFE

The most loathsome and repulsive of all living things is the serpent, and the vilest and most degrading of all human diseases is Contagious Blood Poison. The serpent sinks its fangs into the flesh and almost instantly the poison passes through the entire body.

Send for our home treatment book and write us if in need of medical advice or special information. This will cost you nothing.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

TRAINING A LION.

A Daring Performance That Had a Very Simple Explanation. Not long ago a lion tamer who was exhibiting in a German circus in England attracted immense crowds of people every performance by doing what appeared to be the most daring of acts in the lions' cage.

At the end of three weeks the trainer announced that he was ready, and the process of starving the lion began.

The Englishman kept guards posted around the cage day and night, making certain that not a morsel of food should be given to the animals.

At the expiration of the three days all the spectators rushed to the street. The lion, who had been starved with hunger, as any one could see and hear, for they roared continually, and their attempts to break through the bars showed how angry they had become.

The trainer stooped, lifted the beef and tossed it to them again, and in a moment the lions were in a great tearing, rending and snarling and beef was being hurled over the cage.

Every farmer should have a berry patch for home use; not only strawberries, early and late, but black and dew berries.

Heliolebe For These Worms. The currant and gooseberry worms that consume the leaves, leaving the bushes so much that the berries will not ripen, even the bushes being sometimes killed.

Lime on Clover Hay. D. James, Langstaff, Ont., writes to Practical Farmer: "I have heard that air slacked lime placed upon green clover when hauled into the barn will preserve it and not injure the stock."
