NUMBER 65.

WINCHESTER

"TAKE-DOWN" REPEATING SHOT GUNS

These guns are a high-class production at a low-class price. For strong shooting and lasting qualities, they are in a class by themselves. They are made in 12 and 16 gauge, in full cylinder or modified choke for brush and field shooting; or full choke for trap and duck shooting. They can be taken down instantly without any tools. To get the best results always use Winchester Factory Loaded Shells in these guns, as one is made for the other.

WINCHESTER REPEATING ARMS CO., NEW HAVEN, CONN.

THE NEWS IN A NUTSHELL.

Former Senator J. O. Fritchard, of North Carolina, now a judge of the Supreme Court of the district of Columbia, was quietly married to Miss Lillian Baum at her home in Washington, D. C.

A new religious creed has been incorporated in Canton, Ohio, under the name of the First Biospherical Church Grand Unity of the World, with power to organize subordinate associations.

At the Charleston meeting of the Daughters of the Confederacy, Mrs. Augustine T. Smythe of Charleston was elected president over Mrs. Henderson of Mississippi. St. Louis is selected as the place for the meeting of the order next year.

A woman recently arrived from Russia who had spent her life in a small interior town, after a few weeks in New York City became demoted because of the noise in New York City.

A rear end collision on the Illinois Central Railroad, near Kentwood, La., resulted in killing twenty negroes. Ten other negroes and three white men were injured.

Cotton is coming into Wilmington, N. C. with a rush, and big ships have come to take it away.

Sentiment in Washington among members of Congress is turning towards Parker as the Democratic candidate for the Presidency, who is most likely to be able to defeat Roosevelt, who, it is conceded, will be the man named by the Republicans.

At Paris the Lebaudy brothers have achieved a great triumph in dirigible ballooning, their airship covering 46 miles in one hour and thirty five minutes.

The news of the session of Panama has excited great indignation in Colombia. At Cartagena and Barranquilla mobs formed, crying "Down with Americans."

The czar has sent General Dragomoff to his estates in disgrace because he fired on rioters at Kiev, killing several hundred.

Pope Pius X has held his first public consistory. Five cardinals, including the papal secretary of state, Merry del Val, received their red hats.

The question of the eligibility of Reed Smoot, the Mormon, to a seat in the Senate has been discussed.

Two heavy freight trains, one of them a double header, collided in a dense fog near New Hope, Ky., on the Knoxville division of the Louisville and Nashville. Engineers Graves, Conner and Sturgis and firemen Reynolds, Leyden and Leach were killed. Head brakeman R. E. Hume fatally injured and brakeman Abner Winkler badly hurt.

The latest Austro-Russian note to the Porte declares that failure to accept the reform scheme may wreck the Ottoman empire.

Just One Trip.
"What? Going out again tonight?" began Mrs. NAGE.
"Oh, no; just this once," replied her husband, with aggravating cheerfulness. "It will be too late when I get back to go out again."—Philadelphia Ledger.

A Well Preserved Badge.
Referring to an article in Sunday's Journal entitled an Old Campaign Souvenir, describing a handkerchief which was used as a political emblem in the W. H. Harrison campaign in 1840, Mr. George Green showed the reporter a white silk badge of the same time. It is well preserved and shows a quality both in material and the art is superior to the same kind of work today.

The badge is commemorative of William H. Harrison's candidacy for the presidency in 1840 and his victories in the war of 1812 have a prominent part on the ribbon. The log cabin which had the same prominence in the campaign of 1840 that "Grandpa's hat" had in 1892 was clearly figured on the badge.

A & M Victorious:

Special to Journal.
Raleigh, Nov. 14.—The foot ball game here today between the A & M and U of C, resulted in a victory for the A & M College team. Score 5 to 6.

Negro Ravisher Jailed.

Special to Journal.
RALEIGH, November 14.—Joseph Battle, a negro aged nineteen was placed in jail here to prevent lynching. He outraged a white woman at her home in Edgecombe county last August and fled. He was captured at Manchester Va. Mob had formed in Edgecombe to lynch him. Sheriff brought him here last night.

To Break the Trust.

Washington, D. C., Nov. 14.—Representative Hopkins, of Kentucky, has introduced a bill allowing the grower of tobacco to stem and twist it before selling. He says he is confident that this will break the tobacco trust.

State Pensions.

RALEIGH, November 14.—The State Auditor says that the amount which Confederate pensioners are to receive in the various classes, this year will be as follows: First class \$50, second class \$45, (a reduction of \$1 from last year); third class \$35, and fourth class, including widows \$14 (a reduction of 50 cents from last year.) The total amount will be about \$202,000, but about \$2,000 is an annual return to the Auditor on account of the death of pensioners to whom warrants have been issued.

New Building at State Fair Grounds

Raleigh, Nov. 14.—New buildings have been completed at the Poultry experiment station here, which is now west of and adjoining the State Fair grounds, being really a part of that property. An incubator house, two stories high with cellar, has been built, and also a house for the setting fowls, this being some seventy feet in length.
New poultry houses have been built while an orchard has been fenced so as to give ample space for the fowls, of which there are hundreds; all the best of breeds being represented. Mr. Jeffrey, a graduate of the Agricultural College at Ontario, Canada, is in charge and has done a great deal of work.

"Gets at the joints from the inside," that's the method of cure by Rheumicide. You'll find it is your druggist's pride.

The Passing of Vagrancy.

The city authorities are keeping up the vagrant hunt much to the disgust of the weary part of New Bern's population. The poor, tired mortals who have heretofore been unable to get further than the first groggery or wharf log are now forced to dodge and chase around all day to keep out of sight of the officers.
The enforcement of the vagrant law has long been needed here, and it was a happy thought of the city administration when they decided to enforce it. Because of the ease with which a living can be picked up in this section, hundreds of ideal, worthless people have flocked here and from idleness they soon drift into criminals. Heretofore the police courts have been burdened with them, on account of their poverty no fines could be collected and imprisonment only suited the lazy wretches, the better.
The present administration early determined to get rid of the nuisance and when fines imposed could not be collected, the offender was made to work on the streets. This action had a good effect, but there were still many idlers who made a nuisance of themselves, while not being really law breakers except vagrants. Now the city says the idlers must either go to work or leave.
Some have gone to work, but many are skulking around keeping out of the way until the hunt is over.
A certain saloon man drowsy crowd of loafers from his place yesterday and forbade them coming in again. If all the saloon keepers would do the same, great assistance might be rendered the officers in their work.

WILL USE CONVICT LABOR.

The A & N C Railway Company have Engaged 50 Convicts to Cut Wood.

Fifty convicts have been engaged from the State by the A & N C Railway Co. for the purpose of cutting their wood. They have about 80,000 cords to cut and have decided upon this means to have the work done.

Five shanty cars have been fitted up for their convenience and they will be housed in them while in service of the company. They will commence the work tomorrow.

Swamp Lands in Demand.

Raleigh, Nov. 14.—The demand for the State's swamp lands seems to be greater than heretofore this being due to the pressing need for timbers of all kinds.

HARLOWE AND N HARLOWE.

Nov. 14.—Quarterly meeting last Saturday and Sunday was well attended and the large congregations were highly entertained and profited by the able sermons preached by Dr. Swindell.

Mr. John Hewett of Newport, was our visitor last Sunday and was giving his best attention to one of our fairer.

Miss Lola Dickinson died at Core Creek yesterday. She has for many years been a constant sufferer.

Mrs. A. E. Bell after a weeks visit to her sister in New Bern returned home last Friday with her son, Jas. R. Bell, Esq. who spent the day in New Bern.

The department at Washington, D. C. has just finished Mr. J. S. Morton a supply of young chubs to be placed in his pond.

We were glad to have the following attendance at our Quarterly meeting: Mr. David McCain and Misses Elliot and McCain of Newport; G. L. Harrison and daughter, Miss Carrie of Thurman Messrs. Jas. L. Taylor and A. J. Whitehead of Bachelors; with many other others from other parts of the circuit.

Mrs. James J. and J. A. Morton. Mr. Clyde Morton, Mrs. Caroline Bangert and Messrs. Albert and E. D. Bangert accompanied the remains of Mrs. Barbara Bangert to New Bern Saturday a. m. where the funeral services were held at the St. Paul's Catholic church, and where the body was interred in the Cedar Grove Cemetery. She had only lived among us a few years but she was one of those rare christian characters who brighten and make sweeter the lives of others even in passing, and those of us who know her even now when she has gone feel the impress of her touch, and know that we are better for her having passed our way. While we recognize our lives still we feel assured that after her long years of suffering she has reached a heaven where there is no pain, and where she may live forever in the beauty of His presence.

Quite a number of our people followed Edwin Swindell to Oak Grove Sunday afternoon where they again enjoyed this eloquent discourse.

Mr. E. D. Bangert, Mrs. J. S. Morton and Miss Besse Morton spent Thursday in New Bern making purchases.

Mrs. Geo. D. Conner of Riverdale, made a visit to her relatives here last week.

Mrs. H. W. Bell of New Bern is spending the day with us.

A new line of fine Smoking Pipes at McCortley's.

Peanut and Coconut Brittle at McCortley's.

A. B. Baxter's Cotton Letter.

New York, Nov. 16.
Crop news was generally of a bullish character today and while the weather news was generally regarded as of no importance, a low temperature in the South must have convinced the bears that so far as adding to the crop the recent cold weather must have effectually put an end to it. How prices may yet be carried remains to be seen. Even now the shortness of the yield is not recognized, but when it is present prices it is believed, will appear ridiculously low. Cables were rather weak today and this led to more or less liquidation. The only surprise in that profit taking has not been general since the bullish sentiment has extended to all sections, and the whole world is looking for cotton to be sold at considerably higher figures. Receipts today amounted to 70,000 against 58,000 last year. The opening was at a decline 16 to 20 points. Transactions were larger. Cables were 6 to 8 points lower. The demand for cloths in Manchester was improving. Local shorts got soared as the day advanced although smaller holders were nervous. The New York stock is now down to 49,000. The outside interest in the market is increasing. A good investment to buy cotton around eleven cents.

Dispensary Talk.

Raleigh, Nov. 14.—There is a great deal of talk here about the dispensary soon to be established. It is very freely said by many people that the liquor men are really to have charge of the whole matter.
Two of the dispensary men have gone to Darlington, S. C. to study the dispensary there, while the third has gone to Louisville.

Farmers Attention!

The American and Imperial Tobacco Companies have instructed their buyers to refuse all tobacco not properly graded. This order is effective every where and will be obeyed to the letter. The grading by the farmers will insure them better prices and will make the handling at the local market and by the manufacturer much easier.
Tobacco growers should heed this suggestion and act accordingly.

FIFTY MILLIONS

Increase of Assessed Value of State Property.

Portrait Presented. Textile Mills. A. & N. C. Lease Question. Easy State Treasury. Stedman Favorite For Governor. Division Among Meth odists.

RALEIGH, November 16.—In an interview with chairman McNeill of the corporation commission he was asked what he thought the increase on the assessed value of real and personal property will be. He replied that about 75 counties had been heard from, and their returns filed, these showing an average increase of about half a million dollars to the county. This will make something like \$50,000,000 for all the counties, and the increase in the State on a basis of 25 cts. on the \$100 valuation will yield something like \$125,000 more tax, from that is, real and personal property. Chairman McNeill thought earlier in the year that the increase would be somewhat larger, say about \$75,000,000, but it now seems reasonably certain it will run considerably under that figure.

An oil portrait of Col. William H. Check, who commanded the First N. C. Cavalry during the latter part of the Civil War, has been presented to the State Library by his family.

It is learned at the office of the State Labor Commissioner, upon inquiry as to the number of textile mills in operation in this State, that there are 241 cotton, 48 knitting, 14 woolen and 3 silk. A total of 301, which shows a considerable increase over last year. The increase in the number of spindles and looms will be even greater than the increase in mills will indicate, so many additions additions having been made to old mills.

From what can be gathered, it does not appear that the Council of State has as yet changed its mind in regard to the lease of the Atlantic and North Carolina railway. Six weeks ago, upon a vote by the council, it was unanimously against a lease. Of course it is merely the advisor of the Governor in such matters.

The State officers will no doubt enjoy their Thanksgiving as so to speak they are on "Easy Street," in a financial way, last year having been greatly bothered by the excess of expenditures over receipts, but this sort of thing is happily at an end, and the balances in the Treasury will no doubt be gratifying. Of course it is not yet known what the balance will be, but it will hardly fall under \$40,000.

The feeling here in regard to the matter of the Raleigh dispensary does not at all abate, and it is very freely said that if a vote is going to be taken now, the town would go for prohibition with a whoop. It is further said that if the dispensary is not properly managed the town will go absolutely dry whenever the next election is held.

In the course of a chat with a prominent North Carolinian from the Piedmont section, he was asked what the people were talking about and replied that they were talking quite a good deal about State politics, and most of all about who was to be the next Democratic nominee for governor. He declared that if a vote were now to be taken, Charles M. Stedman would win in a walk, but that Robert B. Glenn was certainly very strong, and no body could tell what would happen.

The very sharp division among the Methodists in this State in regard to Dr. Kilgo and the Presidency of Trinity College was never more pronounced than it is just now. A Methodist says that this controversy has affected the church colleges, not only Trinity, but the other ones too, and he added that Trinity which now has but a small attendance ought to have thrice as many students.

There were about 300 persons summoned as witnesses in the Ernest Haywood murder trial here in October, by both sides, and it looks as if about 60 of these will not get any pay for their attendance, the judge having ruled that a number of them, on both sides were not entitled to any compensation.

Persons calling for the above letters will please say advertised and give date of list.
The regulations now require that (1) one cent shall be collected on the delivery of each advertised letter.

SISTERS OF CHARITY

RELY ON PE-RU-NA TO FIGHT CATARRH WHEREVER LOCATED IN THE SYSTEM.

MISS BEATRIX CALLAM.

Interesting Letters from Catholic Institutions.

In every country of the civilized world the Sisters of Charity are known. Not only do they minister to the spiritual and intellectual needs of the charges committed to their care, but they also minister to their bodily needs. With so many children to take care of and to protect from climate and disease, these wise and prudent sisters have found Peruna a never-failing safeguard.

A letter recently received by Dr. Hartman from Sister Beatrix B. Callam, 410 W. Thirtieth street, New York, reads as follows: "I cannot say too much in praise of Peruna. Eight bottles of it cured me of catarrh of the lungs of four years' standing, and I would not have been without it for anything. It helped several Sisters of coughs and colds and I have yet to find one case of catarrh that it does not cure."—Sister Beatrix.

From a Catholic institution in Central Ohio comes the following recommendation from the Sister Superior. "Some years ago a friend of our institution recommended to us Dr. Hartman's Peruna as an excellent remedy for the influenza of which we then had several cases which threatened to be of a serious character. "We began to use it and experienced such wonderful results that since then Peruna has become our favorite medicine for influenza, catarrh, cold, cough and bronchitis."

Another recommendation from a Catholic institution of one of the Central States written by the Sister Superior reads as follows: "A number of years ago our attention was called to Dr. Hartman's Peruna, and

since then we have used it with wonderful results for grip, coughs, colds and catarrhal diseases of the head and stomach. "For grip and winter catarrh especially it has been of great service to the inmates of this institution.

SISTERS OF CHARITY
All Over the United States Use Pe-ru-na for Catarrh.

Dr. Hartman receives many letters from Catholic Sisters all over the United States. A recommendation recently received from a Catholic institution in the Southwest reads as follows: "A Prominent Mother Superior Says: "I can testify from experience to the efficiency of Peruna as one of the very best medicines, and it gives me pleasure to add my praise to that of thousands who have used it. For years I suffered with catarrh of the stomach, all remedies proving valueless for relief. Last spring I went to Colorado, hoping to be benefited by a change of climate and while there a friend advised me to try Peruna. After using two bottles I found myself very much improved. The remains of my old disease being now so slight, I consider myself cured, yet for a while I intend to continue the use of Peruna. I am now treating another patient with your medicine. She has been sick with malaria and troubled with leucorrhoea. I have not a doubt that a cure will be speedily effected."

These are samples of letters received by Dr. Hartman from the various orders of Catholic Sisters throughout the United States.

The names and addresses to these letters have been withheld from respect to the Sisters but will be furnished upon request.

One-half of the diseases which afflict mankind are due to some catarrhal derangement of the mucous membrane lining some organ or passage of the body.

A remedy that would act immediately upon the congested mucous membrane restoring it to its normal state, would consequently cure all these diseases. Catarrh is catarrh wherever located, whether it be in the head, throat, lungs, stomach, kidneys, or pelvic organs. A remedy that will cure it in one location will cure it in all locations.

If you do not receive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.
