ARAPAHOE.

January 13.

We are having continuous bad weather, so much that our swamp land farmers will be late in preparing their land for this year's crop, but they are consoling themselves with the hope of a good crop year.

And a good crop year is apt to follow a cold winter.

Some of the farmers were hauling their high price cotton to the gin yesterday. Of course they are not feeling bad over the price if they are over the quantity.

Mr John Hardison of Alliance is teaching our public school at Arapahoe. Mr W R Tingle of Arapahoe is the assistant teacher.

They have up to date 100 on the roll. There are about 125 belonging to the district.

Mr Joseph M Reel and his bride returned home from their wedding tour Saturday.

Saturday night our young men gave them a decent little send-off which they took in good humor.

Raleigh, Jan. 13.—At today's session here of the North Carolina Grand Lodge of Masons a committee was appointed to arrange for the opening of a Home for aged and indigent Masons.

The Grand Lodge declined to recognize Masonry in the District of Columbia.

It increased the per capita tax of members from \$1 to 75 cents.

Swansboro Notes.

January 13th.

All well in town this week, Dr Blount says. He likes a resting spell sometimes.

Mrs Katie Midyette who has been visiting her parents and friends here for three weeks, returned to her home at Oriental last Monday. Her sister, Miss Daisy Pittman and sister-in-law, Mrs C S Pittman and child accompanied her home. They will make a visit of a week or two.

Mr David Sanders, son of Sheriff Sanders, is at work here, learning the saw filing business under Mr T M Woodhull.

The Masonic fraternity meet here next Saturday 16th inst. (3rd Saturday) their usual lodge day, at which time they will install their newly elected officers.

Rev U S White, M E church will preach here next Sunday the 17th at 11 a m and at 7:30, D. V.

Mr D H Russell killed 52 fat hogs last week, he had a very snowy time of it.

Mr E W Hill, who has been in New London, Conn., at work for Uncle Sam for six months, returned home last Friday, looking well.

Mr John Holland who has been in Texas for years, came to his old home near Swansboro, last week on a visit to his brother and friends. John is not looking well, and still unmarried.

Masters Frank and Cannon Prettyman of New Bern after going and staying home for a couple of weeks, have returned to their work here.

Only half a dozen commercial drummers seen here this week. Davis of New Bern and Daily of Norfolk among them.

Mr Henry Canada and wife from the country, have moved into our berg this week.

Mr D G Ward, Sr., has just bought himself a fine horse from Hahn & Co., coal black in color.

Mr West Stanly, one of our good farmers near here, went one better on David, and bought himself a coal black mule, but it only takes two persons to drive Dave's horse, and takes four to pay any losses, being a fraud of the first water.

The Seaboard Air Line is building a very large coal elevator here, the work being done by the Fairbanks Scale Company. The building is 75 feet high and will hold 1,700 tons of coal, being so arranged that two tenders can be filled with coal at once. The system of construction is the most novel ever seen here, numbers 8 x 3 inches being used entirely.

As yet the offices of the Bell and Interstate Telephone companies here have not been consolidated. The Interstate has been constructed by the new telephone combination known as the Capital City Telephone Company, to press the work of building its line to Lillington and will do so as soon as the weather opens.

Great interest is felt here in the beginning of work on the Raleigh & Pamlico Sound Railway, the date of which is to be January 20th. It is understood that the road will come into Raleigh at the Johnson Street station of the Seaboard Air Line.

Last year General John B Gordon of Georgia paid his first visit to the old home of his grandfather and father at North Wilkesboro in this state and spent two or three days there as the guest of Richard N. Hockett. The Hocketts and the Finleys are cousins of the general, and was General James B. Gordon of that county.

Though but little snow has fallen here, yet there has been no less than eight snow falls so far this winter. This being a record breaker.

The Masonic Temple here is not to be begun until all the funds are in hand. \$12,000 more is wanted, in fact the debt is really for \$22,000.

A very large bald eagle arrived today for Commissioner H H Brimley of the State museum. It came from Topton, Yancey county, and is in a large, home made cage with it being a couple of hens all three being on very friendly terms.

Mr W H Haywood left this week for Norfolk, to purchase a lot of horses and mules for the livery of Heritage, Haywood & Co. Is expected to return Saturday.

Seems it is getting time that the church bells have a different calling. It is rumored such will happen ere long, will give further notice as the time approaches.

Mr C C Smith will close business here this week, says he will open store near Olivers. The store will still be completed on his removal as vacant dwellings and stores, Trenton is known not to possess.

A man was heard to say last week that on his stay of two weeks at Trenton, he had not seen a drunken man. Shows what a dispensary is good for. Although the dispensary has shown good sales, it causes us to think that the effect is most likely seen after leaving town.

The street hands have commenced work again. In the last few months much improvements has been seen on our streets.

Mr D Jones is on a trade for a gasoline launch to place on Trent River to ply between Trenton and New Bern. If such is procured and will run at stated time, possibly a small fortune could be made. It would enable us to go and return from New Bern the same day without night being on us as it is by going to the station at Dover to board the train. Much success is hoped for Mr Jones in this, much needed convenience.

On account of some of the players not knowing their parts fully, the band concert and show was postponed this week till Saturday night, under the management of Prof J W Fortis, for the benefit of the Trenton Cornet Band, a first class Brass Band and orchestra will play, composed of the following ladies and gentlemen—Misses Eunice May, Mamie Leonard, Fannie Haywood, Nellie Fortis, Lucy Fortis, Messrs A H Coble, R L May, Jr., S H Haywood, Q F Haywood, E J Meadows, E H Smith, H L McDaniel. Uncle Sam says it's all right

Uncle Sam, in the person of ten of his government officials, is always in charge of every department of our distillery. During the entire process of distillation, after the whiskey is stored in barrels in our warehouses, during the seven years it remains there, from the very grain we buy to the whiskey you get, Uncle Sam is constantly on the watch. We have not taken a gallon of our own whiskey from our own warehouse unless he says it's all right. And when he does say so, that whiskey goes direct to you, with all its original strength, purity and flavor, carrying a UNITED STATES REGISTERED DISTILLER'S GUARANTEE OF PURITY and AGE, and saving the drinkers' incomes from the hands of the unscrupulous. That's why it is preferred for other uses. That's why we have over a quarter of a million satisfied customers. That's why YOU should try it. Your money back if you're not satisfied.
